CHIMNEY PLAN SUBMITTAL

References: Sections 106 and 3102, Uniform Building Code

All chimney plans shall contain the following information:

1. Plot plan showing location of chimney. Dimensions from property lines.
2. Details of chimney construction, including seismic anchorage, chimney height and chimney termination above roof.

Every chimney shall be terminated in accordance with the manufacturer's recommendations, and shall extend a minimum of two feet above any part of building within 10 feet of the chimney.

3. Material specifications of chimney construction.
4. For chimney of masonry and/or concrete construction, chimney design calculations prepared by a licensed civil or structural engineer will be required to be submitted, and all plans shall bear the signature of such engineer.
