Effective: 08/01/94

Approved by: *R. H. A.*

REQUIREMENTS FOR BUILDING PERMIT FOR UNDERGROUND TANK INSTALLATION

PERMIT REQUIREMENTS:

1. A Building Permit is required.
2. If plumbing, mechanical and electrical works are proposed, separate permits will be required for these works.
3. A clearance from the Orange County Fire Department is required.

PERMIT FEES:

- | | |
|------------------------|---|
| 1. Permit Issuance Fee | \$ 12.00 |
| 2. Plan Check Fee | \$ 78.00 |
| 3. Inspection Fee | \$110.00 |
| 4. Zoning Review Fee | \$129.92 For tank located
in Irvine Business Complex
(IBC) area
\$ 54.92 For tank in other
area in the City |

PLAN SUBMITTAL REQUIREMENTS:

1. Three sets of plans showing location of the proposed underground tank to be installed, including any adjoining structures and/or existing tanks and their distance from the proposed tank. Plans shall be signed by the person who prepared them.
2. Tank Data such as construction, type, capacity, size and depth of tank bottom.
3. Tank tie down details and design. Tie downs are required to prevent uplift due to buoyancy. Tie down design shall be made by a civil or structural engineer, licensed to practice engineering in the State of California.
4. Either specify "P" gravel as backfill or submit geotech certificate of backfill.
5. Plumbing, mechanical and electrical works as proposed.
