In accordance with Irvine Grading and Excavation Code and the requirements of the Building Code, I certify approval of the project described above. Precise grading and installation of Water Quality Management Plan (WQMP) Low Impact Development and Treatment Control features have been completed in conformance with approved precise grading plan and associated WQMP for this project and in full compliance with said Codes. Certification includes construction, installation and/or horizontal and vertical control for (initial or indicate N/A):

- _____ Drainage devices,
- _____ Building pad corners and property corners,
- _____ Slopes, and/or berms,
- _____ Positive building pad drainage and on-site paving,
- _____ Street crowns,
- _____ All elements within the accessible path of travel comply with the approved plans and California Building Code,
- _____ Site configuration per WQMP site design, all source control, treatment control and/or LID BMPs as specified in the WQMP.

This certification does not include approval of the placement and compaction of earthwork within the purview of others.

The volumes of earth materials moved to date are: cut _____ cubic yards; natural fill _____ cubic yards; borrow _____ cubic yards.
