APPENDIX A. PUBLIC ENGAGEMENT

APPENDIX A: PUBLIC ENGAGEMENT

Introduction

Pursuant to California Government Code Section 65583(c)(9), local governments are required to "make a diligent effort to achieve public participation of all economic segments of the community in the development of the housing element." To meet these requirements, the City of Irvine has organized multiple activities to engage with all ages and economic segments of the community through the following: a community outreach survey, two focus groups, three community workshops, a Planning Commission study session, a City Council scoping session, stakeholder meetings with property owners and special interest groups, and additional public meetings and adoption hearings.

To promote the community engagement activities and events, the City used its City website, social media accounts, mailers, and public email system. The City also provided outreach materials in English and seven additional languages: Chinese (Traditional and Simplified), Korean, Vietnamese, Japanese, Farsi, Arabic, and Spanish to ensure the outreach materials reached many diverse segments of the community.

The City gathered feedback from outreach activities and summarized the findings to identify the issues and topics that were most pressing to the Irvine community. The City then used this information to develop goals, policies, and proposed activities for the planning period.

Public Engagement Plan

The Public Engagement Plan summarizes the strategies and process the City of Irvine and the consultant team, Harris & Associates, used to engage the public and other stakeholders in preparation of the 6th Cycle Housing Element Update. The Public Engagement Plan identifies the goal and strategies for public engagement, followed by summaries of specific outreach methods the planning team used during the planning process for the Housing Element.

The purpose and goal of the Engagement Plan is to ensure residents, businesses, community-based organizations, and public agencies (collectively referred to as "stakeholders") are aware of, and actively involved in, updating the City's Housing Element. Engaging the community in the planning process and incorporating feedback is essential to ensuring that the Housing Element reflects the priorities of the community it serves and that the strategies for achieving those goals are feasible, equitable, and can be implemented with support from the community.

The Engagement Plan consists of several strategies that create awareness of the Housing Element, provide opportunities for stakeholder input, and maximize participation from all

economic and cultural segments of the community. Listed below are components of the Engagement Plan:

- A. Outreach Coordinator
- B. Housing Element Update Webpage
- C. Social Media and Email Outreach
- D. Print Media
- E. Community Outreach Survey Summer 2020
- F. Focus Groups January 26 and 27, 2021
- G. Stakeholder Meetings with Major Property Owners
- H. AB 52 and SB 18 Tribal Consultation
- City Council Scoping Session February 9, 2021
- J. Planning Commission Study Session February 18, 2021
- K. Future Housing Sites Outreach Letters
- L. Focused Community Workshop 1 on Future Housing Sites March 16, 2021
- M. Stakeholder Meeting with Irvine Unified School District April 1, 2021
- N. Stakeholder Meetings for Affordable Housing
- O. General Community Workshops 2 and 3 April 22 and 29, 2021
- P. At-Risk Affordable Housing Outreach
- Q. Draft Housing Element Release to Public (July 2021)
- R. ALUC Review (TBD)
- S. 6th Cycle Housing Element Adoption Hearings (anticipated Winter 2021/2022)
- T. Ongoing Engagement

Each component of the Engagement Plan is described in further detail below, including the outreach activities the City performed in chronological order.

A. Outreach Coordinator

The City designated Outreach Coordinators to ensure the outreach process aligned with the public engagement goals described above. The role of the Outreach Coordinator was to serve as a central contact for the planning team and stakeholders with respect to public engagement. The Outreach Coordinator was also responsible for press releases as well as posting webpage and social media content through the City's website and other channels as appropriate. The contact information for the Outreach Coordinators are listed below:

- **Kristina Perrigoue**, Public Information Officer, City Manager's Department, KPerrigoue@cityofirvine.org; 949-724-6212-5028
- **Justin Equina**, Senior Planner, Community Development Department, **JEquina@cityofirvine.org**; 949-724-6364
- Melissa Chao, Senior Planner, Community Development Department,
 MChao@cityofirvine.org; 949-724-6395

B. Housing Element Update Website

In September 2020, the City created a webpage (cityofirvine.org/HEUpdate) that serves as a 24/7 on-demand resource for the Housing Element Update (HEU) with translation capability available for 81 languages through an easy-to-use drop-down menu. The landing page provides an overview of the Housing Element, including:

- What is a Housing Element?
- What does the State Require?
- Project Timeline Table
- Upcoming and Past Meetings

In addition, the landing page includes click buttons that lead to individual pages with more specific information, such as "RHNA: Who Decides How Much Housing is Needed and Why?" and "Housing Element Benefits: Why This Matters." These click buttons define terms like "RHNA", explain the RHNA process, and how the housing units are distributed among local jurisdictions. Additionally, the website feature links to workshop announcements, Zoom links, video recordings, presentations, and informational handouts. As of June 9, 2021, the HEU website has 1,456 visits (i.e., single browsing session).

City staff regularly maintains and monitors the webpage to provide up-to-date information and to field submitted questions and comments through the anonymous comment in-box and a dedicated email account at GPUpdate2035@cityofirvine.org. See corresponding Appendix A-B for reference.

C. Social Media and Email Outreach

The City, in coordination with the Public Information Office, has created content to promote the Housing Element Update workshops and public meetings on its social media accounts (i.e., Facebook, Instagram, Twitter, and Nextdoor). The City posts social media content approximately two weeks prior to workshops to provide ample notice to the public followed by a secondary reminder several days before. As of June 9, 2021, analytics for City accounts show 90,429 social media impressions (i.e., the number of times the post was displayed to a

user) and 1,161 engagements (i.e., the number of times users engaged with the post, such as reacting to, commenting on, sharing, or clicking on the post).

The City publicized the Housing Element Update community workshops through our weekly Community Link Newsletter, which is emailed to 17,176 recipients.

The City also advertised the Housing Element Update work efforts through email, which was sent out to our project interest list with over 5,200 email addresses of various stakeholders, including, major land owners, Building Industry Association of Southern California, Greater Irvine Chamber of Commerce, school districts, utility providers, residents, and other interested parties. See Appendix A-C for social media posts and related analytics, and notification list.

D. Print Media

The City advertised the Housing Element Update in Inside Irvine, the official magazine and activity guide for Irvine that is published quarterly. Additionally, fliers were created and translated in seven additional languages, Chinese (Traditional and Simplified), Japanese, Korean, Vietnamese, Spanish, Farsi, and Arabic announcing the communitywide workshops consistent with Irvine's Limited English Proficiency plan (2019-2020 through 2024-2025) for the Community Development Block Grant (CDBG), Emergency Solutions Grant (ESG), and HOME Investment Partnerships Programs. The fliers were also featured on both the City's HEU webpage and disseminated via the City's social media accounts. See Appendix A-D for print media.

E. Community Outreach Survey

As part of the City's General Plan Update, a separate ongoing effort, the City administered a statistically valid and demographically representative Community Outreach Survey in summer 2020 to a random sample of 1,253 adults who reside in the City of Irvine. The sample profile matched the City's US Census American Community Survey 2018 estimates for ethnicity, age, home ownership, child in the household, and senior in the household. The on-line survey included questions focused on housing issues to support the Housing Element public engagement effort. The survey was also conducted in five languages: English, Spanish, Chinese, Korean, and Farsi. See Appendix A-E for the survey questions and results related to housing.

Subsequent to the survey, staff conducted focus groups to analyze housing in the City. The focus groups allowed for dedicated discussion that highlighted residents' perspectives on housing topics, including state-mandated housing and where such housing will be compatible in the City.

F. Focus Groups

On January 26 and 27, 2021, the City conducted two evenings of focus groups to obtain qualitative data to augment the survey results, specifically housing. To accomplish this, staff collected data on residents' opinions about the City, with an emphasis on existing and future housing.

Due to the COVID-19 pandemic, the focus groups were administered through an online platform called Discuss IO. There were a total of four focus groups with 16 participants (four people per group), and the duration of each meeting was approximately 90 minutes. Each focus group consisted of participants with diverse age, gender, ethnicity, home tenure, and length of residence. See Appendix A-F for focus group takeaways.

G. Stakeholder Meetings with Major Property Owners

City staff, with their consultant, Harris & Associates, coordinated stakeholder meetings with major property owners in the City to discuss potential opportunity sites for the Housing Element.

On January 28, 2021 and March 18, 2021, the City held meetings with the Irvine Company to solicit input in meeting Irvine's RHNA and provide ongoing updates on the work effort. City staff presented the final RHNA numbers and HEU requirements to the Irvine Company and shared potential strategies and opportunity sites for affordable units. Potential strategies included residential overlays, converting market rate housing to affordable housing, extending the term of affordability on units due to expire, and mixed-use developments. As the site inventory

On February 17, 2021 and March 30, 2021, the City also held meetings with FivePoint to solicit input in meeting Irvine's RHNA. Similar to the Irvine Company, City staff shared potential strategies and opportunity sites for affordable units. Potential strategies included increasing density near transit, updating the Inclusionary Ordinance requirements and in-lieu fees, and density bonus incentives.

On May 6, 2021, the City held a follow-up meeting with FivePoint and the Irvine Company to continue discussions regarding potential housing policy considerations and the State mandated site inventory requirements.

On June 24, 2021 and June 25, 2021, the City met with the Irvine Company and FivePoint, respectively, to share progress on the site inventory.

H. AB 52 and SB 18 - Tribal Consultation

To ensure compliance with Assembly Bill 52 (Chapter 532, Statutes of 2014) and Senate Bill 18 (Gov. Code Section 65352.3(a)(1) and Section 65562.5), the City contacted the Native

American Heritage Commission to obtain the Tribal Consultation List. On February 8, 2021, City staff mailed letters to all California Native American tribes from the consultation list and City's AB 52 notification list notifying everyone about the 6th Cycle Housing Element Update.

Staff did not receive any letters of concern. See Appendix A-H for sample letter, mailing list, and responses received.

I. City Council Scoping Session (February 9, 2021)

On February 9, 2021, the City held a City Council Scoping Session for the Housing Element Update in accordance with the General Plan amendment procedures in City Council Resolution No. 87-108.

The purpose of the Scoping Session was to introduce the 6th Cycle Housing Element Update and identify issues that should be addressed during the update process. During the Scoping Session, the City provided an overview of the update, which consisted of the draft 2021-2029 Regional Housing Needs Assessment (RHNA), potential Housing Element strategies, project timeline, and public outreach strategies.

The City advertised the scoping session through a citywide public meeting notice, which was posted at the public bulletin boards and published in the Irvine World News (IWN) on January 21, 2021.

See Appendix A-I for references to the HEU Scoping Session Presentation, staff report, and , public bulletin boards posting notice, and affidavit of publication, meeting agenda, and input received.

J. Planning Commission Study Session (February 18, 2021)

On February 18, 2021, the City held a Planning Commission study session to introduce the project. Similar to the City Council Scoping Session, the purpose of the study session was to give an overview of the Housing Element Update process and requirements. The presentation consisted of the draft 2021-2029 RHNA, potential strategies, project timeline, and public participation efforts.

The City advertised the Planning Commission Study Session through press releases, social media accounts, email interest lists, the HEU website, and a citywide public notice. The citywide public notice was also published in the Irvine World News on January 21, 2021.

See Appendix A-J for references to the Study Session HEU PowerPoint Presentation, staff report, email interest list, press release, public notice, affidavit of publication, meeting agenda, and input received.

K. Future Housing Sites Outreach Letters

In preparing for the Sites Inventory Analysis, City staff identified potential opportunity sites and mailed outreach letters to those property owners. The purpose of these letters was to gauge interest of property owners in either converting their site for residential purposes or developing residential homes in combination with their existing use, within the next eight years. The general and opportunity sites letters were translated in seven additional languages, including Chinese (Traditional and Simplified), Korean, Vietnamese, Japanese, Spanish, Farsi, and Arabic.

City staff mailed the outreach letters on the following dates:

- March 1, 2021 The City sent out general outreach letters to 2,278 unique property owners in Planning Areas 32 through 36 (Irvine Spectrum and Irvine Business Complex areas).
- March 9, 2021 The City sent out 30 additional opportunity sites letters targeting specific property owners of commercial offices, commercial recreation centers, manufacturing and industrial uses.
- March 26, 2021 The City sent out letters to 100 religious institutions to gauge their interest in developing residential units in combination with their existing religious institution.
- May 3, 2021 The City sent out 28 letters to hotels to gauge their interest in developing residential units on specific floors or the entire hotel, or policies to house hotel workers on-site.

See Appendix A-K for Outreach Letters and related mailing lists.

L. Focused Community Workshop #1 (March 16, 2021)

As a follow-up to the future housing sites outreach letters, the City held a virtual community workshop on March 16, 2021 to present the 6th Cycle Housing Element Update. The workshop targeted stakeholders in the Irvine Business Complex (IBC) and Spectrum areas, specifically property owners, commercial real estate brokers, the Building Industry Association (BIA), Irvine Chamber of Commerce, and the general public. The City advertised the community workshop through an email notifications and the HEU website. All attendees were required to register prior to attending the workshop, and 29 attendees participated in the meeting.

The meeting was hosted over Zoom and featured a PowerPoint presentation summarizing the Housing Element Update process and work effort focusing on gauging property owner interest in being designated as a future housing site (i.e., opportunity site) as a precursor to developing the site inventory analysis. The workshop also consisted of a live Question and Answer (Q&A) segment. The City posted the PowerPoint presentation and Q&A handout on the City's HEU website. See Appendix A-L for further details, which also includes all correspondence with

property owners/representatives expressing interest in their property being included for consideration in the housing element site inventory.

As a follow-up on May 4, 2021, City staff met with key IBC stakeholders in a smaller group setting to discuss potential housing strategies under consideration and next steps in the update process.

M. Stakeholder Meeting with Irvine Unified School District (April 1, 2021)

On April 1, 2021, the City held a stakeholder meeting with the Irvine Unified School District (IUSD) to provide an overview of the project. The meeting included a robust discussion about the City's final RHNA allocation and its potential impact on school facilities and services. As a result, IUSD staff provided a presentation on the HEU/RHNA to the school district board at their special facilities study session meeting on May 18, 2021. Refer to Appendix A-M for further details.

N. Stakeholder Meetings for Affordable Housing (April and May 2021)

City staff with their consultant, Harris & Associates, held meetings with various Affordable Housing developers to discuss housing policies that would encourage affordable housing in the City.

Staff met with the several developers on the following dates:

- April 22, 2021 Related California
- April 29, 2021 -- Bridge Housing, Impact Housing, C&C Development, and Orange County Community Housing Corporation.
- April 29, 2021 Innovative Housing Opportunities
- May 6, 2021 -- Jamboree Housing
- May 12 and May 20, 2021-- Irvine Community Land Trust (ICLT)

During the meetings, the City provided an overview of the Housing Element, which included the final RHNA allocation, potential site opportunities, and the Affirmatively Furthering Fair Housing (AFFH) requirements. Additionally, staff asked a series of questions related to the strategies, constraints, and challenges of providing affordable housing in the City to facilitate a broad and open dialogue. The meeting discussion guide included:

a) What are some challenges and opportunities you face as a developer while trying to develop affordable housing in Irvine?

- b) Are there any constraints with obtaining loans (construction and/or permanent) for a project in Irvine?
- c) Have you encountered any programs, procedures, or incentives in other cities that have significantly facilitated housing development?
- d) Is funding for affordable housing severely limited and not sufficient for the need, what types of things can the City do to incentivize affordable housing projects (e.g., zoning, fee deferrals, streamlining, etc.)?
- e) Have you considered a project in Irvine within the last 3 years? Why or why not?
- f) In your opinion, what are some creative housing solutions that would help a city like Irvine develop more affordable housing? Would implementing a by-right affordable housing development overlay help?
- g) Are you interested in potentially partnering with a church or religious institution for a project (per recently passed AB 1851)? What could the City do to assist?

See Appendix A-N for a summary of the discussions from the affordable housing stakeholder meetings. The summary is aggregated to maintain anonymity as requested by some participants.

O. General Community Workshops #2 and #3 (April 22 and 29, 2021)

On April 22, 2021 and April 29, 2021, the City held virtual community-wide workshops to present the 6th Cycle Housing Element Update. The purpose was to capture all segments of the community including economic, cultural, age, and special needs.

The City advertised the community workshops through press releases, social media announcements, email notifications, the HEU website, and a flier, which was translated in Chinese (Traditional and Simplified), Korean, Japanese, Vietnamese, Spanish, Farsi, and Arabic. Copies of the community workshop fliers are included in Appendix Section A-D.

Additionally, Mayor Khan announced the upcoming workshops at the April 13, 2021 City Council meeting. Additional workshop announcements were made at various commissions and committee/board meetings such as the Senior Citizen Council and Sports Committee during their regular meetings in early- to mid-April 2021. Attendees registered on the City's HEU website prior to attending the workshop. However, attendees were also able to access the workshops via the link provided on the City's website. As an alternative, a phone dial-in option was offered.

On April 22, 2021, 105 participants attended the 10 a.m. workshop and on April 29, 2021, 92 participants attended the 5:30 p.m. workshop. Both meetings were hosted over Zoom and featured a PowerPoint presentation summarizing the Housing Element Update process and work effort. Additionally, the workshop allowed attendees to participate in live polling and a

Q&A segment. The City also posted the PowerPoint presentations, meeting recordings, and polling results on the City's HEU website, www.cityofirvine.org/HEUpdate. See Appendix A-O for further details.

P. At-Risk Affordable Housing Outreach

City staff mailed letters to all affordable housing providers (non-Irvine Company) identified as having affordable units expiring during the eight-year planning period (2021-2029) associated with the 6th cycle Housing Element. Five letters were mailed as follows: Families Forward (2), Harvard Manor, Jamboree Housing, and Orange County Community Housing Corporation.

As a result of these mailers, on May 20, 2021, City staff met with Families Forward representatives. There was a broad discussion about potential ways to preserve existing affordable housing by extending affordable housing covenants and related legal agreements. Additionally, at the time of preparation of this document, staff scheduled a June 30, 2021 meeting with Jamboree Housing. City staff will continue the dialogue with Families Forward and other providers in the coming months. See Appendix A-P for more details.

Q. Draft Housing Element Release to Public

City staff hosted several public meetings to introduce the draft Housing Element to appointed officials as well as to the public as follows:

<u>Planning Commission</u>:

- July 1, 2021: Public meeting to review 6th cycle Housing Element requirements including public outreach efforts, housing needs assessment and RHNA, site inventory analysis, constraints, Housing Plan with goals, policies, programs, and quantified objectives, and review of past programs in the 5th cycle Housing Element. Additionally, highlight the draft site inventory and goals, policies, and programs.
- July 9, 2021: Release date of draft Housing Element document to Planning Commission members via email. Posted draft Housing Element document online on July 12, 2021 to commence public review.
- July 15, 2021 and August 5, 2021: Return to request that the Planning Commission review and authorize submittal of the draft 2021-2029 Housing Element to HCD for initial review.

CEQA documentation:

• Fall 2021 (anticipated): Release of Notice of Intent to adopt Initial Study/ Negative Declaration (IS/ND) and commence 30-day public review period.

All copies of the staff reports and presentations that were available at the time of publication of this document are included in Appendix A-Q. Additional documents will be added as they become available.

R. ALUC Review (TBD)

Staff anticipates presenting the draft HEU to the Airport Land Use Commission for Orange County (ALUC) on TBD, consistent with California Public Utilities Code Section 21676(b) requirements.

Appendix A-R includes the staff report, presentation, meeting agenda (not available at the time of publication, but will be added when the documents become available), and ALUC letter.

S. 6th Cycle Housing Element Adoption Hearings (anticipated Winter 2021/2022)

Subsequent to the completion of the mandatory 60-day pre-submittal review to HCD, staff anticipates presenting the final HEU and IS/MND in accordance with California Environmental Quality Act (CEQA) Guidelines and requirements. The draft IS/MND along with comment received during the public review period, will be considered by the City in conjunction with the project adoption review/approval process.

- Planning Commission review and recommendation hearing for adoption
- City Council hearing for adoption

Appendix A-S includes the staff reports, presentations, public notices, IWN affidavit of publications, and meeting agendas (not available at the time of publication, but will be added when the documents become available).

T. Ongoing Engagement

City staff anticipates ongoing engagement to engage the public and stakeholders in the implementation of the housing element as follows:

Description of Effort	Frequency	Audience
Housing Division hotline at	During City Hall office hours:	On demand for public
949-724-6114	Monday-Thursday: 7:30 a.m. – 5:30 p.m.	
	Friday: 8 a.m. – 5 p.m.	
Notifications of affordable housing-related news and updates		Public by subscription via govdelivery system
Irvine's affordable housing webpage:	On-going	24/7 on demand for public

cityofirvine.org/affordable- housing		
Annual progress reports to track implementation of the programs	Yearly	Decision-makers and the public
Participation in SCAG Regional Council meetings.	Monthly	Staff
Participation in OCCOG Technical Advisory Committee and Board of Director meetings	Monthly	OCCOG members

lessage	

3. HEU Comment Box Comments Analysis

Anonymous Comments and Questions Received (as of June 9, 2021)	How Comment was Addressed in HE
Create many opportunities for low-income families to buy houses in Irvine.	The policy and program under Goal 6 of the Housing Plan chapter encourages homeownership through educational programs and resources.
In order to serve those Irvine residents with developmental disabilities, it will be important to increase the Inclusionary Housing percentage from 15 - 20%. More units in the 25-35% median income range would also greatly benefit this group of Irvine residents. Enabling families to plan, long range, for their disabled children and allow this group to stay in Irvine would be a tremendous gift that benefits the entire city. Thank you for your consideration. Carol	Program PP-E.3, Inclusionary Housing Ordinance Update, of the Housing Plan chapter involves conducting a feasibility study to support increasing the existing inclusionary housing requirement from 15% (5% very low, 5% low, and 5% moderate) to 20% inclusionary where 15% will be split between very low and low income levels (TBD) and the remaining 5% for moderate income levels. Additionally, the Inclusionary Housing Ordinance reflect the 20% requirement, corresponding updated inlieu fee (paid if affordable units are not provided on-site) to reflect current land and construction costs, and other related updates.
	Additionally, Program PP-I.3 will leverage all funding options to ensure housing options include reasonable accommodations and supportive services for people with disabilities.

4. General Project Correspondence including GPUpdate 2035@cityofirvine.org emails

August 17, 2020

Dear City of Irvine:

St. Joseph Hospital is an acute-care not-for-profit faith-based hospital founded in 1929 by the Sisters of St. Joseph of Orange, located in the City of Orange, California. St. Joseph Hospital has 465 licensed beds, 379 of which are currently available, and a campus that is approximately 38 acres in size. The hospital's Primary Service Area includes the cities of Orange, Santa Ana, Tustin, Anaheim, Garden Grove, Villa Park, and Westminster. Major programs and services include cardiac care, critical care, diagnostic imaging, emergency medicine, obstetrics and behavioral/psychiatric services. St. Joseph Hospital dedicates resources to improve the health and quality of life for the communities it serves, with special emphasis on the needs of the economically poor and vulnerable.

Over the past two years, St. Joseph Hospital along with 13 other Community-based Organizations have been working together to address the issues of Economic Development, Housing, and Mental Health. In Central Orange County. The goal is to impact systemic change and determinants of health. In addition, St. Joseph Hospital has identified Homeless & Housing as one its key priorities of focus over the next three years. We will develop strategies to address lack of affordable housing under the framework of equity and racial disparities. We firmly believe that in order for communities to thrive, there must be equitable systems in place that support social consciousness, economic stability, and diverse development.

As you are aware, Housing Elements for the 6th cycle period (2021-29) are due to the California Department of Housing and Community Development by October 2021. St. Joseph Hospital understands the importance of each city's Housing Element in guiding housing programs, policies, zoning, and funding, as well as in reducing current obstacles to affordable housing development. We also understand the importance of Housing Elements in addressing racial equity in housing, particularly with the new statutory requirements mandating the inclusion of programs that affirmatively further fair housing in 6th cycle Housing Elements.¹ Together with local housing advocate groups, we support their efforts on ensuring that each jurisdiction increases affordable housing opportunities by implementing proven strategies, policies, and incentives that encourage affordable housing development.

St. Joseph Hospital seeks to ensure that jurisdictions engage the public in revising their Housing Elements. Public engagement is a necessary component of the Housing Element process as California Housing Element law states: "The local government shall make a diligent effort to achieve public participation of all economic segments of the community in the development of the housing element..." Broad participation and true engagement of the public increases the likelihood that the community members involved in the discussion and planning processes will support new housing strategies and housing developments. Public engagement should include participation from residents of diverse communities, housing consumers, service providers, and advocates.

As the City embarks upon the 2021-29 Housing Element update, St. Joseph Hospital requests that the City include us and our local housing advocates in the upcoming Housing Element review and evaluation of the current 5th cycle planning period goals, policies, and accomplishments.

St. Joseph Hospital further requests that the City conduct a robust public participation process for the 6th cycle Housing Element update and that it incorporate St. Joseph Hospital, affordable housing advocates, and residents of low-income communities in this process. We believe that you will achieve a stronger Housing Element update through diverse community participation, outreach and community planning process.

To ensure adequate public participation St. Joseph Hospital recommends the following:

- 1. The City should engage community participation and feedback at all stages of the Housing Element review and update. Participation should not be limited to public hearings.
- 2. The City should allow for various methods of engagement to encourage public participation. For instance, for members of the public who may not have access to the internet or a computer, or who are unable to use video applications, consistently provide an adequate telephone option available in multiple languages and generally ensure that members of the community who lack adequate technology can participate in meetings in multiple languages.
- 3. The City's public participation and outreach opportunities should be meaningful and create various platforms (for example, virtual, written, workshops, webinars, community meetings, and public hearings) for the engagement of community members who reside in lower-income communities, affordable housing partners, Legal Aid organizations, and advocates.
- 4. The City should create a diverse Housing Element Working Group to evaluate the current Housing Element policies and accomplishments. This Working Group could help create policies and recommendations for the new Housing Element update to ensure that you meet the housing needs of those who are most vulnerable in the City.
- 5. The City should include affordable housing advocates in any anticipated Housing Element Work Group and provide the opportunity for them to provide their analysis on 5th cycle RHNA progress and be a part of geveloping policy recommendations on the 6th cycle update.
- 6. The City should engage community organizations representing and advocating for families and individuals residing in lower-income communities to ensure that members of these communities can directly participate and that the City considers their perspective as part of the evaluation and creation of policies that create affordable housing.

We would appreciate the City giving us notice of any public meetings regarding the Housing Element. We look forward to working with the City to encourage effective housing policies that will help create balanced housing development and create much-needed affordable housing in our local communities. If you have any questions, please feel free to contact me at (714) 771-8000 Ext. 17535 or Cecilia.Bustamante-Pixa@stjoe.org.

Sincerely,

Cecilia Bustamante Pixa

Cecilia Bustamante Pixa, MPH, MHCML Director, Community Health Investment

City of Irvine 1 Civic Center Plaza Irvine, CA 92606-5207

Dear City of Irvine:

The Kennedy Commission (the Commission), a broad-based coalition of residents and community organizations, advocates for the production of homes affordable for families earning less than \$20,000 annually in Orange County. Formed in 2001, the Commission has successfully partnered and worked with Orange County jurisdictions to create effective housing and land-use policies that have led to the new construction of homes affordable to lower-income working families.

As you are aware, Housing Elements for the 6th cycle planning period (2021-29) are due to the California Department of Housing and Community Development by October 2021. The Commission understands the importance of each city's Housing Element in guiding housing programs, policies, zoning, and funding, as well as in reducing current obstacles to affordable housing development. We also understand the importance of Housing Elements in addressing racial equity in housing, particularly with the new statutory requirements mandating the inclusion of programs that affirmatively further fair housing in 6th cycle Housing Elements. Our work focuses on ensuring that each jurisdiction increases affordable housing opportunities by implementing proven strategies, policies, and incentives that encourage affordable housing development.

Further, the Commission seeks to ensure that jurisdictions engage the public in revising their Housing Elements. Public engagement is a necessary component of the Housing Element process as California Housing Element law states: "The local government shall make a diligent effort to achieve public participation of all economic segments of the community in the development of the housing element..." Broad participation and true engagement of the public increases the likelihood that the community members involved in the discussion and planning processes will support new housing strategies and housing developments. Public engagement should include participation from residents of diverse communities, housing consumers, service providers, and advocates.

As the City embarks upon the 2021-29 Housing Element update, the Commission requests that the City include us in the upcoming Housing Element review and evaluation of the current 5th cycle planning period goals, policies, and accomplishments. The Commission further requests that the City conduct a robust public participation process for the 6th cycle Housing Element update and that it incorporate the Commission, affordable housing advocates, and residents of low-income communities in this process. We believe that you will achieve a stronger Housing Element update through diverse community participation, outreach, and community planning process.

To ensure adequate public participation the Commission recommends the following:

¹ California Government Code § 8899.50 (Assembly Bill 686).

Housing Element Update Recommendations July 30, 2020 Page 2 of 2

- 1. The City should engage community participation and feedback at <u>all</u> stages of the Housing Element review and update. Participation should not be limited to public hearings.
- 2. The City should allow for various methods of engagement to encourage public participation. For instance, for members of the public who may not have access to the internet or a computer, or who are unable to use video applications, consistently provide an adequate telephone option available in multiple languages and generally ensure that members of the community who lack adequate technology can participate in meetings about the Housing Element review.
 - 3. The City's public participation and outreach opportunities should be meaningful and create various platforms (for example, virtual, written, workshops, webinars, community meetings, and public hearings) for the engagement of community members who reside in lower-income communities, affordable housing partners, Legal Aid organizations, and advocates.
 - 4. The City should create a diverse Housing Element Working Group to evaluate the current Housing Element policies and accomplishments. This Working Group could help create policies and recommendations for the new Housing Element update to ensure that you meet the housing needs of those who are most vulnerable in the City.
- 5. The City should include The Commission in any anticipated Housing Element Working Group and provide the opportunity for the Commission to provide its analysis on 5th cycle RHNA progress and be a part of developing policy recommendations on the 6th cycle update.
 - 6. The City should engage community organizations representing and advocating for families and individuals residing in lower-income communities to ensure that members of these communities can directly participate and that the City considers their perspective as part of the evaluation and creation of policies that create affordable housing.

We would appreciate the City giving us notice of any public meetings regarding the Housing Element. We look forward to working with the City of Irvine to encourage effective housing policies that will help create balanced housing development and create much-needed affordable housing in our local communities. If you have any questions, please free to contact me at (949) 250-0909 or cesarc@kennedycommission.org.

Sincerely,

Cesar Covarrubias
Executive Director

Melissa,

Could you add them to our interested parties list for the HEU? I don't think it needs to go any farther than that. We have a consultant to help us with the HE site inventory and don't need another consultant doing that work. They can provide their input at the public hearings.

Marika

Hello Marika,

My name is Brittany Irvin and I am writing to you about potential residential and mixed-use development opportunities in your City to satisfy your RHNA objectives. I work for the Province Group, which has been in business for 30 years and has an extensive entitlement and development track record of high quality for-sale and for-rent projects.

With the publication of Regional Housing Needs Assessment numbers, we are meeting with cities to identify and develop housing opportunity sites. I was hoping to set up a call or meeting with you to discuss your RHNA process and opportunities you may have. Do you or one of your senior staff members have any availability for a meeting or call with us over the next few days?

Also, if you have started the process to update your Housing Element for the new RHNA numbers, we'd appreciate being added to your public participation

list to receive notices of meetings, documents, etc. Could your staff please add us to the list? $\ensuremath{\rho} p^r$

Please feel free to reach out to myself or Dean Maners. Also, you can visit our webpage at www.ProvinceGroup.com for more information on our company. I look forward to hearing from you.

Thank you.

Brittany Irvin

Hi B. Smith

We anticipate releasing a draft Housing Element Update for public review in Summer 2020. The State deadline for submitting our Housing Element for certification is October 15, 2021. I will check with my colleagues on when the 6^{th} cycle HEU becomes effective and get back to you. My understanding is that any residential building permits issued on or after July 1, 2021 are counted towards the 6^{th} cycle RHNA allocation.

For more information, please go to <u>www.cityofirvine.org/housingelementupdate</u>. We will update the webpages with more specific dates as work progresses and get closer to completing each task.

Would you like to be added to the project email notification list?

6th Cycle Housing Element Update -

Virtual Meeting on Future Housing Sites March 16, 2021 at 3 p.m.

The City of Prvine is preparing an update to its Housing Element for the 2021-2029 planning period. Under State mandate, Irvine must plan for a significant number of future housing units, including affordable housing. We must identify potential sites that may accommodate future residential development. All California cities and counties are required to update their Housing Element every eight years for State certification. The State deadline for Irvine is October 15, 2021.

This meeting will provide an overview of the Housing Element Update (HEU) and primarily focus on the process of identifying opportunity sites for developing the draft housing element site inventory. Additionally, the meeting will offer the opportunity for participants to ask questions and offer input. Any and all ideas are welcome and not a commitment. This event is open to the public. Feel free to send this to others who may be interested.

For more information and/or if you are unable to attend the virtual meeting and would like to discuss this opportunity, please contact Charles Kovac, Housing Administrator, at ckovac@cityofirvine.org or 949-724-7452 and/or Melissa Chao, Senior Planner, at mchao@cityofirvine.org or 949-724-6395.

To be added to the HEU interest list, please email mchao@cityofirvine.org.

Learn more about the Housing Element Update by visiting www.cityofirvine.org/housingelementupdate.

Join Us for a Virtual Meeting

His my company builds unsubsidized low- and moderate-income housing. We have done some research to see what cities have reported significant numbers of moderate-income housing production in the current RHNA cycle and were surprised to find that Irvine has reported 13,000 units this cycle. I'd like to gain a better understanding of the composition of that housing stock and to know how the numbers were calculated.

Is there someone I can speak to about this?

Unfortunately I cannot view these workshops, but am very interested in them. If there are any 4-22nd and 4-29th brochures, etc, kindly send some to me. I am a long time resident of Irvine since the early 70's and love Irvine. I feel that many of us are now seniors and we need new housing here for us too, such as senior apartments, senior independent living and on up to new Assisted Living places, too. I am hopeful that your committees will consider these places as well.

Thank you, Shirley Marcum shirlmar88@gmail.com

ENANCE TRAVE

Housing Element Update: Virtual Community Workshops

We Need Your Input

The City of Ivine Housing Element is one of the seven mandated elements of the City's General Plan. It sets forth Irvine's strategy to preserve and enhance the community's residential character, expand housing opportunities for all economic segments, and provide guidance and direction for local government decision-making in all matters related to housing.

The City is currently updating the Housing Element for the 2021-2029 planning period, as required, to meet the housing needs of everyone in our community. We encourage all Irvine residents and stakeholders to help us plan the City's future housing needs and priorities.

Our interactive virtual workshops will provide a detailed overview of the Housing Element and update process, and ask for feedback on various topics including what the Housing Element Update goals should be for the 2021-2029 period.

To register for a virtual meeting and for additional information on the Housing Element Update, visit cityofirvine.org/HEUpdate or call 949-724-6395.

Virtual Workshops

Dates and times via Zoom.

April 22, **2021** 10 a.m.-noon

April 29, **2021** 5:30–7:30 p.m.

Workshops will be presented in English and include a presentation on the Housing Element and a discussion about the update. These meetings will be interactive and conducted online. Meeting participants can join by desktop, tablet, or phone. If you need language assistance, please email *mchao@cityofirvine.org* by April 30 to schedule an individualized meeting.

Date: Tuesday, April 13, 2021 1:25:16 PM

Good afternoon MJ,

Thank you for reaching out. I've listed information on how to qualify for affordable housing, apply for affordable housing and information on developments under construction. Note that there is a lengthy wait time and the City of Irvine does not play a role in placing people into units. You will need to contact the apartment complexes individually to inquire about availability and to put your name on to the waitlist.

To qualify:

It is based on HUD assigned income limit (2020) and household size.

To apply:

The City of Irvine does not have any application as the City does not own any affordable units, or manage the waitlist and does not play a role in placing people into units. To obtain an application or inquire about availability, you will need to contact the existing rental properties in Irvine with affordable units individually. You can access detailed information on the property (i.e. phone number, address, number of units, etc.) by using the affordable housing interactive map or the affordable housing guide. Note that there's a pretty lengthy wait time for the existing properties with affordable units.

Developments under construction:

Currently there are no open interest lists. Once developers near construction completion of the upcoming developments, an interest list will become available and prospective tenants will be selected from the interest list through a lottery selection. For future interest lists, you can sign up to receive notifications of an interest list being available by subscribing here or checking thy City's affordable housing website for updates. A list of the upcoming developments can be found here.

If you're amenable to living in a City besides Irvine, please review the Orange County comprehensive listing which can be found here.

Subject: Housing Element Update Site Inventory

CAUTION: This email originated from outside of the organization. Do not click links or open attachments unless you recognize the sender and know the content is safe.

Good Morning,

I'm interested in Irvine's new site inventory for the upcoming sixth cycle housing element update, but I can't find any clear guidance on the website, do you have anything that shows the inventory a little more clearly that you could send my way? Thank you!

Best, Brian

Hi Melissa,

contre the

Good morning.

I would like to check if there is any update info regarding the housing element. According to previous meetings and mentioned time lines, the public review of draft housing element should be around June 2021. Please correct me if I am wrong with the timeline. Also, if you have any updated info, please let us know.

Thank you,

Emily Yau

Housing Element Update Virtual Community Workshops

The City of Irvine is updating the Housing Element for the 2021-2029 planning period and will be hosting two virtual community workshops in April. All Irvine residents and stakeholders are encouraged to attend the virtual workshops to help plan the City's future housing needs and priorities.

The workshops will be held April 22, from 10 a.m. to noon; and April 29, from 5:30 to 7:30 p.m. via Zoom. Visit Cyofurvine.org/HE/Update to register for a meeting, view program material in eight languages, and learn more. If you need language assistance, please email mchao@cityofurvine.org by April 30 to schedule an individual meeting.

Participate in the National Mayor's Challenge for Water Conservation

Mayor Farrah N. Khan is joining mayors across the country for the 10th Anniversary of the National Mayor's Challenge for Water Conservation by asking residents to make a long-term commitment to manage water resources more wisely.

The annual challenge, April 1-30, is a nonprofit national community service campaign that encourages leaders to inspire their residents to make a series of simple pledges to use water more efficiently, reduce pollution, and save energy. Visit mywaterpledge.com to take the pledge.

City of Irvine Announces Sixth Cycle Housing Element Update
For October 2021 to October 2029

IRVINE, Calif. (Feb. 10, 2021): The City of Irvine is required to adequately plan and meet the housing needs of everyone in the community by updating its Housing Element every eight years. In the update, the City must identify enough potentially developable land suitable for residential use to meet Irvine's new Regional Housing Needs Assessment (RHNA) allocation.

The Housing Element is Irvine's "housing plan" and a required chapter in the General Plan. Irvine, along with all California cities and counties, is required to adequately plan and meet the housing needs of everyone in the community. The Housing Element must provide goals, objectives, policies, and implementation programs demonstrating how Irvine will meet its existing and future housing needs for all income levels. The Housing Element must also address recent housing legislation adopted in response to the state's housing crisis.

All cities and counties are required to update their Housing Element every eight years for State certification. The City's last Housing Element update, referred to as the Fifth Cycle Housing Element covers October 2013 to October 2021.

Although the City does not build the housing, the Housing Element does create a plan and regulatory framework, which provides opportunities for the private sector to do so, where market conditions determine when and where housing is built.

The Housing Element Update team will be holding virtual community workshops in spring 2021. The next meeting will be held:

Planning Commission Study Session Date: Thursday, February 18, 2021

Time: 5:30 p.m.

For more information on the Housing Element Update, including an anticipated project timeline, please visit *cityofirvine.org/housingelementupdate* or email *GPUpdate2035@cityofirvine.org*.

Since its incorporation in 1971, Irvine has become a nationally recognized city, with a population of 281,707 that spans 66 square miles and is recognized as one of America's safest and most successful master-planned urban communities. Top-rated educational institutions, an enterprising business atmosphere, sound environmental stewardship, and respect for diversity all contribute to Irvine's enviable quality of life. This family-friendly city features more than 16,000 acres of parks, sports fields and dedicated open space and is the home of the Orange County Great Park. For more information, please visit cityofirvine.org.

2. Inside Irvine Summer 2021 Article

The City of Irvine is in the process of updating its housing plan. Known as the Housing Element, it is a chapter in the City's General Plan and it is required by the State to be updated every eight years. The current update, referred to as the 6th Cycle Housing Element, is for October 2021 through October 2029. Learn more about the Housing Element Update and what it means for our community.

What is a Housing Element?

Irvine, along with all California cities and counties, is required to adequately plan for and meet the housing needs of everyone in the community. In the Housing Element Update, the City must identify enough potentially developable land suitable for residential use to meet the Regional Housing Needs Assessment (RHNA) allocation outlined by the State.

What are the benefits of the Housing Element?

Providing housing to meet the needs of all income levels is critical to the long-term social, environmental, and economic health of Irvine. By planning for future housing, the City can work to protect the quality of life we enjoy in Irvine.

Who decides how much and what kind of housing is needed?

The Regional Housing Needs Assessment (RHNA) is mandated by State Housing Law as part of the periodic process of updating the Housing Element. RHNA determines how many housing units are needed within each jurisdiction during specified planning periods.

During each Housing Element Update cycle, the California Department of Housing and Community Development (HCD) estimates each region's housing need for all income groups for the upcoming eight years.

HCD has determined the housing need for the Southern California region to be 1.3 million units. In turn, the Southern California Association of Governments (SCAG), which is the Metropolitan Planning Organization serving Orange, Imperial,

Los Angeles, Riverside, San Bernardino, and Ventura counties, has taken this number and allocated each city and county in the region with its share using a developed methodology.

How many housing units is Irvine required to add?

The City of Irvine's portion of SCAG's RHNA for the 2021–2029 Housing Element is 23,610 units.

How is the City planning for the number of units that need to be built?

The Housing Element Update plays a vital part in the City's planning process. Through this effort, the City is conducting an assessment of where future housing could exist in Irvine and identifying constraints to housing production.

How can I participate in the Housing Element Update process?

Sign up to receive emails about the Housing Element Update and stay informed of upcoming meetings and developments.

Project briefings will be provided to the Planning Commission and City Council in June. The draft Housing Element Update will be available for the public to review in the summer before it goes to the City Council for approval in fall. •

3. Communitywide Workshop Flier

We Need Your Input

The City of Irvine Housing Element is one of the seven mandated elements of the City's General Plan. It sets forth Irvine's strategy to preserve and enhance the community's residential character, expand housing opportunities for all economic segments, and provide guidance and direction for local government decision-making in all matters related to housing.

The City is currently updating the Housing Element for the 2021-2029 planning period, as required, to meet the housing needs of everyone in our community. We encourage all Irvine residents and stakeholders to help us plan the City's future housing needs and priorities.

Our interactive virtual workshops will provide a detailed overview of the Housing Element and update process, and ask for feedback on various topics including what the Housing Element Update goals should be for the 2021-2029 period.

To register for a virtual meeting and for additional information on the Housing Element Update, visit cityofirvine.org/HEUpdate or call 949-724-6395.

Virtual Workshops

Dates and times via Zoom:

April 22, 2021 10 a.m.-noon

April 29, 2021 5:30–7:30 p.m.

Workshops will be presented in English and include a presentation on the Housing Element and a discussion about the update. These meetings will be interactive and conducted online. Meeting participants can join by desktop, tablet, or phone. If you need language assistance, please email *mchao@cityofirvine.org* by April 30 to schedule an individualized meeting.

住宅要素更新: 虛擬社區研討會

徵求您的意見

爾灣市住宅要素是本市整體規劃的七大規定要素之一。此為爾灣市提出的策略,內容旨在保護與加強社 區居住特色、為各個經濟階層擴大住房的機會,以及 為當地政府在所有住房相關的決策上提供參考與指 引。

本市目前正在更新 2021-2029 年度計畫期間的住宅要素,力求符合社區內所有人的住宅需求。 我們鼓勵所有關灣市居民與利益相關者協助參與規劃本市未來的住宅需求與優先項目。

我們的互動式虛擬研討會將提供詳細的住宅要素概 覽及更新進度,徵求多種不同主題的意見反應,包含 2021-2029 年期間的住宅要素目標。

若要加入虛擬會議,瞭解住宅要素更新的其他資訊, 請造訪 <u>cityofirvine.org/HEUpdate</u> 或致電 949-724-6395。

虛擬研討會

透過 Zoom 進行,日期與時間如下:

2021年4月22日 早上10:00至中午12:00

2021年4月29日 下午5:30至晚上7:30

研討會將以英語進行並提供住宅要素報告與討論更新進度。會議將以互動方式於線上進行。與會人員可以透過桌上型電腦、平板電腦或電話參與。如果您需要翻譯協助,請在4月30日前傳送電子郵件至mchao@cityofirvine.org,以便安排個人會議。

住宅要素更新: 虚拟社区研讨会

征求您的意见

尔湾市住宅要素是本市整体规划的七大规定要素之一。 此为尔湾市提出的策略,内容旨在保护与加强社区居住 特色、为各个经济阶层扩大住房的机会,以及为当地政 府在所有住房相关的决策上提供参考与指引。

本市目前正在更新 2021-2029 年度计划期间的住宅要素,力求符合社区内所有人的住宅需求。我们鼓励所有尔湾市居民与利益相关者协助参与规划本市未来的住宅需求与优先项目。

我们的交互式虚拟研讨会将提供详细的住宅要素概 览及更新进度,征求多种不同主题的意见反应,包含 2021-2029 年期间的住宅要素目标。

若要加入虚拟会议,了解住宅要素更新的其他信息,请 造访 <u>cityofirvine.org/HEUpdate</u> 或致電 949-724-6395。

虚拟研讨会

通过 Zoom 进行,日期与时间如下:

2021 年 4 月 22 日 早上 10:00 至中午 12:00

2021 年 4 月 29 日 下午 5:30 至晚上 7:30

研讨会将以英语进行并提供住宅要素报告与讨论更新进度。会议将以互动方式于在线进行。与会人员可以透过桌上型计算机、平板计算机或电话参与。如果您需要翻译协助,请在4月30日前传送电子邮件至mchao@cityofirvine.org,以便安排个人会议。

به روز رسانی لمان مسکن: کارگاه های مجازی جامعه

به بازخورد شما نیاز داریم

بخش مسکن شهر Irvine یکی از هفت المان اصلی «طرح عمومی شهر» است. این المان عنوانکننده راهبرد Irvine در حفظ و ارتقای هویت مسکونی جامعه است، ضمن اینکه باعث فرصتهای تأمین مسکن برای کلیه بخشهای اقتصادی شده، و رهمودهایی برای تصمیم گیری دولت محلی در کلیه مسائل مرتبط با مسکن فراهم میکند.

شهر بنا به الزامات مقرر درحال بهروزرسانی المان مسکن برای دوره برنامهریزی 2021-2029 است تا نیازهای همه افراد جامعه ما در زمینه مسکن مرتفع گردد. ما از کلیه ساکنان و سهام داران Irvine دعوت می کنیم در برنامه ریزی نیازها و اولیت هایی شهر در زمینه مسکن به ما کمک کنند.

کارگاههای مجازی و تعاملی ما علاوه بر ارائه خلاصهای دقیق از المان مسکن و رویه بهروزرسانی، بازخورد افراد را در موضوعات مختلف جویا می شود، از جمله اینکه چه اهدافی باید برای به روز رسانی المان مسکن دوره 2021-2029 تعیین شود.

برای ثبتنام در جاسات مجازی و کسب اطلاعات بیشتر در زمینه به روز رسانی المان مسکن، به آدرس (cityofirvine.org/HEUpdate یا با شماره 949-724-7395 کماس بگیرید.

کارگاههای مجازی

22 آوريل 2021

10 صبح تا ظهر

29 آوريل 2021

5:30 الى 7:30 عصر

کارگاهها به زبان انگلیسی برگز ار خواهد شد و در برگیردده ارائهای در زمیده المان مسکن و گفتگری در مورد می باشد. به روز رسانی ها این جلسات بهروشی تعاملی و بهصورت آندین صورت خواهد گرفت. شرکتکنندگان می تواندد با رایانه، تبلت یا تلفن همراه در جلسات شرکت کنند. اگر نیاز به خدمات کمک زبانی دارید، لطفأ تا 30 آوریل به انفرادی برایدان تعیین شود. اشرای براید تا یک جلسه انفرادی برایدان تعیین شود.

تحديث حول بند الإسكان: ورش عمل مجتمعية افتراضية

نحن نحتاج إلى إسهاماتك

بند الإسكان في مدينة إيرفين هو واحد من البنود السبعة المكلف بها في الخطة العامة للمدينة. و هو يُحدد استراتيجية إيرفين المتبعة للحفاظ على الطابع السكني للمجتمع وتوسيع فرص الإسكان لجميع الشرائح الاقتصادية وتوفير الإرشاد والتوجيه لصناعة القرارات الحكومية المحلية في جميع الأمور المتعلقة بالإسكان.

وتقوم المدينة حاليًا بإجراء تحديثات على بند الإسكان لفترة التخطيط بين عامي 2021 و2029 حسب المطلوب، وذلك من أجل تلبية احتياجات الإسكان للجميع في مجتمعنا. ونحن نشجع جميع سكان إيرفين وأصحاب المصلحة على مساعدتنا في التخطيط للاحتياجات والأولويات المستقبلية المتعلقة بالإسكان لدى المدينة.

إن ورش العمل الافتراضية التفاعلية لدينا ستقدم نظرة عامة مفصلة على بند الإسكان وعملية التحديث، وستطلب تقديم الإسهامات والأفكار حول موضوعات متعددة تتضمن الأهداف التي ينبغي وضعها لتحديث بند الإسكان للفترة بين عامي 2021 و2029.

للتسجيل من أجل انعقاد اجتماع افتر اضى وللحصول على مزيد من المعلومات حول تحديث بند الإسكان، يُرجى زيارة <u>cityofirvine.org/HEUpdate</u> أو الاتصال على 949-724-6395

ورش العمل الافتراضية

التواريخ والأوقات عبر Zoom:

22 أبريل 2021

10 صباحًا حتى الظهيرة

29 أبريل 2021

5:30 إلى 7:30 مساءً

ستُقدم ورش العمل باللغة الإنجليزية وستتضمن عرضاً تقديمناً حول بند الإسكان وإجراء نقاش حول التحديث وستكون هذه الاجتماعات تفاعلية وسيتم إجراؤها عبر الإنترنت يمكن المشاركين في الاجتماع أن ينضموا إليه عبر أجهزة الكمبيوتر المكتبية أو الأجهزة اللرحية أو الهواتف إذا كنت بحاجة إلى مساعدة لغوية، فيرجى التواصل عبر البريد الإلكتروني مساعدة لغوية، فيرجى التواصل عبر البريد الإلكتروني أجل mchao@cityofirvine.org بحلول 30 أبريل من أجل تحديد موعد لإجراء اجتماع فردى.

住宅基本計画の更新について: 地域バーチャルワークショップ

ご意見をお寄せください

アーバイン市住宅基本計画は、報告義務を負う7つの基本計画です。これは、地域の住宅の性格を維持・強化し、すべての経済セクメント向けに住宅の取得(入居)をより一層促進し、住宅に関連する様々な項目において地方自治体の意思決定のためのガイダンスとその方向性を示すためにアーバイン市の戦略として定められたものです。

市は現在、すべての住民の住宅ニーズを満たすよう、必要に応じて2021~2029年の住宅計画期間の基本計画を更新しているところです。アーバイン市のすべての住民や利害関係者の皆さまに、市の将来の住宅ニーズと優先順位付けに関する計画立案にご協力ください。

対話的なパーチャルワークショップでは、住宅要素と更新手続きの詳細な概要を紹介し、2021~2029年の住宅基本計画の更新における目標を含め、さまざまなトピックについてのご意見を求めます。

仮想会議へのご登録や、住宅基本計画の更新に関する追加情報については、cityofirvine.org/HEUpdateにアクセスするか、または電話: 949-724-6395でご確認ください。

バーチャルワークショップ

Zoomによる開催日時:

2021年4月22日 午前10時~正午

2021年4月29日 午後5時30分~午後7時30分

ワークショップは英語で開催され、住宅基本計画に関するプレゼンテーション、およびその更新に関するディスカッションが行われます。この会議は対話形式であり、オンラインで開かれます。会議には、パソコン、タブレット電話からご参加ください。言語サポートが必要な場合は、4月30日までに mchao@cityofirvine.orgにメールを送り、個々に会議をご予約ください。

주택 요건 업데이트 가상 커뮤니티 워크숍

귀하의 의견을 알려주세요.

City of Irvine 주택 요건은 시의 일반 계획가운데 일곱 가지 필수 요소 중 하나입니다. 이는 커뮤니티의 거주 특성을 보존하고 강화하며, 모든 경제적 계층에 거주 기회를 확장할 뿐만 아니라, 주택과 관련한 모든 사안에 대한 지방 정부의 의사 결정에 대해 지침 및 방향성을 제공하는 Irvine의 전략을 제시합니다.

현재 시에서는 커뮤니티 모든 구성원의 주택 요구를 충족하기 위해 2021~2029년 계획 기간에 대한 주택 요건을 업데이트 중입니다. 모든 Irvine 주민과 이해 당사자 여러분이 시의 미래 주택 요구 및 우선순위 계획을 도와주시기 바랍니다.

상호형 가상 워크숍에서는 주택 요건에 대한 자세한 내용 및 업데이트 절차를 제공하고 2021~2029년 기간에 대한 주택 요건 업데이트 목표에 무엇이 들어가야 하는지를 포함하여 다양한 주제에 대한 피드백을 요청드릴 예정입니다.

가상 회의에 등록하고 싶거나 주택 요건 업데이트에 대한 추가 정보가 필요한 경우.

cityofirvine.org/HEUpdate 에 방문하시거나 949-724-6395 번으로 전화해주십시오.

가상 워크숍

Zoom 날짜 및 시각:

2021-04-22 오전 10시-정오

2021-04-29 오후 5:30~7:30

워크숍은 영어로 진행되며 주택 요건 프레젠테이션과 업데이트에 대한 토론으로 구성될 예정입니다. 이 회의는 상호형으로 이뤄지며 온라인으로 진행됩니다. 회의 참가자는 데스크톱, 태블릿, 휴대전화로 참가할 수 있습니다. 언어 지원이 필요한 경우, 개별 회의를 예약할 수 있도록 4월 30 일까지 mchao@cityofirvine.org 에 이메일을 보내주시기 바랍니다.

Cập Nhật Những Yếu Tố Nhà Ở: Buổi Hội Thảo Cộng Đồng Qua Trực Tuyến

Chúng Tôi Cần Thông Tin Từ Quý Vị

Yếu Tố Nhà Ở của Thành Phố Irvine là một trong bảy yếu tố bắt buộc trong Quy Hoạch Tổng Thể của Thành Phố. Yếu tố này đề ra chiến lược của Thành phố Irvine nhằm bảo tồn và nâng cao đặc điểm dân cư của cộng đồng, mở rộng cơ hội nhà ở cho mọi phân khúc kinh tế, đồng thời cũng đưa ra hướng dẫn và định hướng cho việc ra quyết định của chính quyền địa phương trong tất cả các vấn đề liên quan đến nhà ở.

Thành Phố hiện đang cập nhật Yếu Tố Nhà Ở cho giai đoạn quy hoạch từ năm 2021-2029 theo yêu cầu nhằm đáp ứng các nhu cầu về nhà ở của tất cả mọi người trong cộng đồng của chúng ta. Chúng tôi khuyến khích tất cả cư dân Irvine cùng các bên hữu quan giúp đỡ chúng tôi trong việc quy hoạch các nhu cầu và ưu tiên về nhà ở trong tương lai.

Các hội thảo tương tác qua mạng của Thành Phố sẽ cung cấp thông tin tổng quan chi tiết về Yếu Tố Nhà Ở và quy trình cập nhật, đồng thời trưng cầu ý kiến phản hồi về các chủ đề khác nhau bao gồm Cập Nhật Yếu Tố Nhà Ở cho giai đoạn năm 2021-2029 nên bao gồm những mục đích gì.

Để ghi danh tham dự hội thảo qua mạng và để biết thêm thông tin về Cập Nhật Yếu Tố Nhà Ở, hãy truy cập cityofirvine.org/HEUpdate hoặc gọi số điện thoại 949-724-6395.

Hội Thảo Trực Tuyến

Ngày giờ tổ chức trên Zoom:

Ngày 22 tháng 4 năm 2021 10 giờ sáng - 12 giờ trưa

Ngày 29 tháng 4 năm 2021 5 giờ 30 chiều - 7 giờ 30 tối

Các buổi hội thảo sẽ được trình bày bằng tiếng Anh và có bao gồm một bài trình bày về Yếu Tố Nhà Ở cùng với một cuộc thảo luận về quá trình cập nhật. Đây là các buổi hội thảo tương tác và được tổ chức trực tuyến. Người tham dự buổi hội thảo có thể tham dự bằng máy tính bản, máy tính bảng hoặc điện thoại. Nếu quý vị cần trợ giúp, xin vui lòng gửi email đến **mchao@cityofirvine.org** trễ nhất là vào ngày 30 tháng 4 để sắp xếp lịch họp riêng.

Actualización del elemento de vivienda: Talleres virtuales comunitarios

Necesitamos su opinión

El Elemento de vivienda de la ciudad de Irvine es uno de los siete elementos del mandato del Plan de general de la ciudad. Establece la estrategia de Irvine para preservar y mejorar el carácter residencial de la comunidad, ampliar las oportunidades de vivienda para todos los segmentos económicos y dar orientación y dirección para la toma de decisiones del gobierno local en todos los asuntos relacionados con la vivienda.

La ciudad está actualizando el Elemento de vivienda para el período de planificación 2021-2029, según sea necesario, para cubrir las necesidades de vivienda de todos en nuestra comunidad. Animamos a todos los residentes y partes interesadas de Irvine a que nos ayuden a planificar las futuras necesidades y prioridades de vivienda de la ciudad.

Nuestros talleres virtuales interactivos darán un resumen detallado del Elemento de vivienda y proceso de actualización, y pedirán comentarios sobre varios temas, incluyendo cuáles deberían ser los objetivos de Actualización del elemento de vivienda para el período 2021-2029.

Para registrarse para una reunión virtual y para obtener información adicional sobre la Actualización del elemento de vivienda, visite <u>cityofirvine.org/HEUpdate</u> o llame al 949-724-6395.

Talleres virtuales

Fechas v horas por Zoom

22 de abril de 2021 10 a.m. – mediodía

29 de abril de 2021 5:30 - 7:30 p.m.

Los talleres se presentarán en inglés e incluirán una presentación sobre el Elemento de vivienda y una charla sobre la actualización. Estas reuniones serán interactivas y se harán en línea. Los participantes de la reunión pueden unirse por computadora, tablet o teléfono. Si necesita ayuda con el idioma, envíe un email a mchao@cityofirvine.org antes del 30 de abril para programar una reunión individualizada.

Section 4: Land Use & Housing

Now I'd like to ask you a few questions about land use in Irvine.

There are a variety of properties in Irvine that have yet to be developed, but will be developed in the future for residential and commercial purposes. There are also existing properties that can be redeveloped to serve a different purpose.

Q7

As I read the following list of development types, please tell me whether you feel there is <u>currently</u> too much, about the right amount, or too little of this type of development in Irvine.

	Randomize	Too Much	About Right	Too Little	Not Sure	Prefer not to answer
Α	Big box retail stores	19%	68%	8%	4%	1%
В	Chain restaurants	32%	56%	8%	3%	1%
С	Smaller, boutique retail stores	5%	40%	49%	6%	1%
D	Non-chain restaurants	5%	37%	52%	5%	1%
E	Single Family Homes	16%	57%	21%	5%	1%
F	Condominiums	30%	48%	12%	10%	0%
G	Apartments	45%	39%	10%	5%	1%
Н	Multi-family workforce housing that is affordable for middle-income families	11%	32%	45%	11%	1%
1	Multi-family housing that is affordable to low-income families	16%	26%	44%	13%	1%
J	Multi-family housing that is located close to public transit services	13%	34%	33%	18%	1%
K	Commercial offices	24%	62%	5%	8%	1%
L	Entertainment uses such as movie houses, music and arts	5%	56%	35%	3%	1%
М	Hotels	11%	67%	12%	10%	1%
N	Warehouse and distribution facilities	13%	56%	6%	24%	2%
0	Mixed-use, by which I mean residential housing units built on top of - or next to - office, retail and restaurant businesses	17%	36%	27%	19%	1%
P	Housing that is dedicated to specific groups like seniors, students, and those with special needs	7%	37%	38%	18%	1%

Public Engagement

Appendix A-F: Focus Groups

Table of Contents

1. Focus Group Takeaways

I. Focus Group Takeaways

The City held four focus groups with 16 participants (four people per group), and the duration of each meeting was approximately 90 minutes. Each focus group consisted of participants with diverse age, gender, ethnicity, home tenure, and length of residence.

Below are the takeaways from the focus groups:

- When residents were asked, "Why did [they] choose to live in Irvine?", residents said for the safety, cleanliness, high-quality schools, and well-planned familyfriendly communities.
- When told about California's requirement for Irvine to plan for more housing, participants said it will create more traffic and pollution, hurt property values, and will cause longtime residents to leave. Some also said more housing could be OK if the City first builds the infrastructure to accommodate it.
- When residents were asked about building high-rise housing as a strategy for adding units, participants said it would create crowding and traffic, it would be too dense, and there would need to be a mix of owner and rental units.
- When residents were asked about on converting under-performing commercial properties into housing, participants had a positive reaction and said it was also a good strategy to retain commercial space on lower floors.
- When asked what the City should keep in mind as guiding principles when adding new housing, participants said safety, education, transportation, parking, preservation res of parks/open space, and trails, and protection of existing neighborhoods.

I. Sample Letter

February 8, 2021

Sent via certified mail and email to rgoff@campo-nsn.gov

Mr. Ralph Goff Chairperson Campo Band of Diegueno Mission Indians 36190 Church Road, Suite 1 Campo, CA 91606

Subject: Irvine 6th Cycle Housing Element Update, City Irvine, Orange County,

California

Dear Mr. Goff:

The City of Irvine is preparing an update to its Housing Element, which is one topical chapter in the City of Irvine General Plan that is required to be updated every eight years for State certification. All California cities and counties are required to adequately plan to meet the housing needs of everyone in the community and to accommodate its Regional Housing Needs Assessment (RHNA) allocation for the 2021-2019 planning period from the Southern California Associate of Governments (SCAG) or their respective metropolitan planning organization.

Note the Housing Element Update creates a plan and regulatory framework that provides opportunities for housing to be built by the private sector, where market conditions ultimately determine when and where housing is built. The Housing Element does not authorize construction on sites as projects still need to go through the Irvine's development review process in the future.

Your tribe has notified the City of Irvine pursuant Public Resources Code Section 21080.3.1(b) that the City is within the geographic area with which the tribe is traditionally and culturally affiliated. To ensure compliance with Assembly Bill 52 (Chapter 532, Statutes of 2014) and Senate Bill 18 (Gov. Code Section 65352.3(a)(1) and Section 65562.5), we are asking if you have any knowledge of cultural resources within the project vicinity and/or if you would like to request consultation with the City of Irvine regarding the proposed project. If the tribe wishes to consult with the City of Irvine

Mr. Ralph Goff AB 52/SB 18 notification for Irvine 6th cycle HEU Page 2 of 3

about cultural resources in the project vicinity, please contact my office in the next 30 days.

In accordance with the Code of Public Resources, Section 21082.3(c), information that is submitted by a California Native American tribe during the environmental review process will not be included in the environmental document or otherwise disclosed by the lead agency without the prior consent of the tribe that provided the information.

If you require any additional information or have any questions, please contact me via email at mchao@cityofirvine.org or at 949-724-6395. Thank you for your assistance.

Sincerely,

Melissa Chac

City Council Agenda February 9, 2021

1. SCOPING SESSION

1.1 GENERAL PLAN AMENDMENT SCOPING SESSION FOR THE 6TH CYCLE HOUSING ELEMENT UPDATE

ACTION:

Provide input and direction to staff on the Housing Element Update.

ADJOURNMENT

NOTICE TO THE PUBLIC LIVE BROADCASTING AND REBROADCASTING

Regular City Council meetings are broadcast live every 2nd and 4th Tuesday of the month at 4 p.m. and are replayed on Tuesdays at 4 p.m. (in weeks in which there is not a live City Council meeting), Sundays at 11 a.m., Wednesdays at 7 p.m., and Thursdays at 10 a.m. until the next City Council meeting. All broadcasts can be viewed on Cox Communications Local Access Channel 30 and U-Verse Channel 99. City Council meetings are also available via live webcast and at any time for replaying through the City's ICTV webpage at cityofirvine.org/ictv. For more information, please contact the City Clerk's office at (949) 724-6205.

STAFF REPORTS

As a general rule, staff reports or other written documentation have been prepared or organized with respect to each item of business listed on the agenda. Copies of these materials are on file with the City Clerk and are available for public inspection and copying once the agenda is publicly posted, (at least 12 days prior to a regular City Council meeting). Staff reports can also be downloaded from the City's website at cityofirvine.org at least 12 days prior to the scheduled City Council meeting on Tuesday.

In addition, meetings can be viewed live at the time posted on the agenda and related staff reports can be opened and viewed simultaneously along with the streaming of the meeting. To view the meeting, go to cityofirvine.org/ictv.

If you have any questions regarding any item of business on the agenda for this meeting, or any of the staff reports or other documentation relating to any agenda item, please contact City Clerk staff at (949)724-6205.

SUPPLEMENTAL MATERIAL RECEIVED AFTER THE POSTING OF THE AGENDA

Any supplemental writings or documents distributed to a majority of the City Council regarding any item on this agenda <u>after</u> the posting of the agenda will be available for public review in the City Clerk's Office, One Civic Center Plaza, Irvine, California, during normal business hours. In addition, such writings or documents will be made available for public review at the respective public meeting.

If you have any questions regarding any item of business on the agenda for this meeting, or any of the staff reports or other documentation relating to any agenda item, please contact City Clerk staff at (949)724-6205.

City Council Agenda February 9, 2021

SUBMITTAL OF INFORMATION BY MEMBERS OF THE PUBLIC FOR DISSEMINATION OR PRESENTATION AT PUBLIC MEETINGS

Media Types and Guidelines

Written Materials/Handouts:

Any member of the public who desires to submit documentation in hard copy form may do so prior to the meeting. This information will be disseminated to the City Council.

CITY SERVICES TO FACILITATE ACCESS TO PUBLIC MEETINGS

It is the intention of the City of Irvine to comply with the Americans With Disabilities Act (ADA) in all respects. If, as an attendee or a participant at this meeting, you will need special assistance beyond what is normally provided, the City of Irvine will attempt to accommodate you in every reasonable manner. Please contact the City Clerk's Office at (949)724-6205.

Assisted listening devices are available at the meeting for individuals with hearing impairments. Notification 48 hours prior to the meeting will enable the City to make reasonable arrangements to ensure accessibility to this meeting, (28 CFR 35, 102-35, 104 ADA Title II)

CHALLENGING CITY DECISIONS

The time limit within which to commence any lawsuit or legal challenge to any quasi-adjudicative decision made by the City is governed by Section 1094.6 of the Code of Civil Procedure, unless a shorter limitations period is specified by any other provision. Under Section 1094.6, any lawsuit or legal challenge to any quasi-adjudicative decision made by the City must be filed no later than the 90th day following the date on which such decision becomes final. Any lawsuit or legal challenge that is not filed within this 90-day period will be harred

If a person wishes to challenge the nature of the above actions in court, they may be limited to raising only those issues they or someone else raised at the meeting described in this notice, or in written correspondence delivered to the City of Irvine, at or prior to the meeting. In addition, judicial challenge may be limited or barred where the interested party has not sought and exhausted all available administrative remedies.

COMMUNICATION AND ELECTRONIC DEVICES

To minimize distractions, please be sure all personal communication and electronic devices are turned off or on silent mode.

MEETING SCHEDULE

Regular meetings of the City Council are held on the second and fourth Tuesdays of each month at 4:00 p.m. Study Sessions and/or Closed Sessions are periodically held prior to the start of the regular meeting. Agendas are available at the following locations:

- City Clerk's Office
- Police Department
- · Front Entrance of City Hall
- University Park Center (Culver/Michelson)
- Walnut Village Center (Culver/Walnut)
- Northwood Town Center (Irvine Blvd./Yale)
- City's web page at www.ci.irvine.ca.us

Carl Petersen, MPA, CMC Interim City Clerk

2. Staff Report

REQUEST FOR CITY COUNCIL ACTION

MEETING DATE: FEBRUARY 9, 2021

TITLE: GENERAL PLAN AMENDMENT SCOPING SESSION FOR THE

6TH CYCLE HOUSING ELEMENT UPDATE

Peter Carull
Director of Community Development Interim City Manager

RECOMMENDED ACTION

Provide input and direction to staff on the Housing Element Update.

EXECUTIVE SUMMARY

City Council Resolution No. 87-108 requires a "Scoping Session" for all General Plan Amendment (GPA) applications. The purpose of this Scoping Session is to provide advance knowledge of the proposed 6th Cycle Housing Element Update (HEU) and to provide an opportunity to the City Council to identify and define issues to be addressed during the HEU review process, including providing input on the draft Community Outreach plan.

Every eight years the state requires that each jurisdiction update its Housing Element to adequately plan to meet the housing needs of everyone in the community. The State Department of Housing and Community Development (HCD) is responsible for tracking and determining compliance with the state housing law and ultimately certifying each jurisdiction's Housing Element. The City must have an HCD certified Housing Element to be eligible for certain state funding opportunities and to avoid a shortened Housing Element cycle of every four years rather than every eight years going forward .

The HEU will demonstrate that the City is providing opportunities for the provision and development of housing in accordance with state mandates. Additionally, the update to the Housing Element incorporates the new Regional Housing Needs Allocation (RHNA) for 2021-2029 (known as the "6th cycle"), which has been significantly increased from the current allocation issued by the Southern California Association of Governments (SCAG) for 2013-2021 (known as the "5th cycle"). It is important to note that for the City to be compliant with Housing Element law the City must demonstrate that it has the land capacity to address RHNA through a site inventory analysis, which is a required component of the update. This will be a challenging component of the HEU and will require the City to draw upon several strategies to meet the RHNA obligations.

City Council Meeting February 9, 2021 Page 2 of 8

COMMISSION/BOARD/COMMITTEE RECOMMENDATION

Not applicable.

ANALYSIS

Housing Element Basics

The Housing Element is a state-mandated policy document within the General Plan that identifies the City's housing conditions and needs, establishes the goals, objectives, and policies that are the foundation of the City's housing strategy. The Housing Element also provides an array of programs to create sustainable, mixed-income neighborhoods across the City to create a "housing plan." Irvine's existing and future housing needs will be addressed by:

- Conserving and improving existing housing and neighborhoods;
- Assisting in development and provision of affordable housing;
- Providing adequate residential sites to address fair share housing needs;
- · Removing governmental constraints to housing development; and
- · Promoting equal housing opportunities

Although the City does not build housing, the Housing Element does create a plan and regulatory framework that provides opportunities for housing to be built by the private sector, where market conditions ultimately determine when and where housing is built.

Progress Under the Existing 5th Cycle Housing Element

On July 30, 2013, HCD certified the City's 5th Cycle Housing Element for 2013-2021 and it is available at https://www.cityofirvine.org/community-development/current-general-plan.

Some highlights under the current housing element include:

Income Category (% of County *Area Median Income (AMI))	Allocated Units (2013-2021)	Actual Units Built (2013-2019)
Extremely Low/ Very Low/ (0% - 50% AMI)	2,817	1,127
Low (51% - 80% AMI)	2,034	37
Moderate (81% - 120% AMI)	2,239	12,998
Above Moderate (120% AMI or above, which is considered market rate)	5,059	14,863
TOTAL	12,149	29,025

In addition to the 29,025 actual units built represented in the above table, two affordable housing projects (Montaira and Salerno) were built in 2020 with a combined total of 245 Extremely Low/Very Low units. Leasing is underway for these 245 units.

2021-2029 Regional Housing Needs Assessment

The driving force for the HEU is the RHNA allocation. For the upcoming eight years, HCD has determined the housing need for the region to be 1,341,827 units. SCAG has taken this number and, using their developed methodology, allocated each city and county in the region with its respective share.

On September 4, 2020, SCAG officially released the draft RHNA allocation to each jurisdiction. The RHNA represents the minimum number of housing units Irvine is required to plan for in its Housing Element by providing "adequate sites" through its General Plan and Zoning Ordinance. The City of Irvine's portion of the RHNA for the 2021-2029 Housing Element is 23,554 units, of which 10,604 are allocated to low- and very low-income categories. Although more affordable housing has been built in Irvine than in any other City in Orange County, the total number of RHNA units in the 6th cycle represents a 94 percent increase from the 5th cycle and a 126 percent increase in extremely low and very low-income units. The following table summarizes the draft allocation by income category:

Income Category (% of County Area Median Income (AMI))	Units
Extremely Low / Very Low (0% - 50% AMI)	6,379
Low (51% - 80% AMI)	4,225
Moderate (81% - 120% AMI)	4,299
Above Moderate (120% AMI or above, which is considered market rate)	8,651
TOTAL	23,554

A challenge for Irvine will be meeting the Extremely Low/Very Low to Low-income unit allocations. It is anticipated that substantially more units than the total RHNA allocation of 23,554 units will need to be planned for to adequately incentivize the private sector to deliver the required affordable units.

On October 26, 2020, the City filed an appeal of its RHNA allocation to reduce the allocation by 8,259 total units. The appeal is posted at https://www.cityofirvine.org/news-media/news-article/city-irvine-regional-housing-needs-assessment-update. Following the completion of the RHNA appeal process, SCAG plans to adopt the final allocation in February 2021.

Potential Housing Element Update Strategies

The HEU must demonstrate that the City has the land capacity to address RHNA through a site inventory analysis in order to meet Housing Element law. This will be the most difficult component of the HEU due to the limited amount of developable vacant land and the size of the RHNA obligation. Staff and Consultant will need to be creative while working with stakeholders and the community to explore and develop strategies that will address the RHNA. Although staff is in the early stages of formulating strategies, and will work with stakeholders and the community to develop strategies, some potential concepts are listed below:

- Rezoning for additional and higher density housing in the Irvine Business Complex, the area adjacent to the Irvine Transportation Center (train station), and Spectrum areas.
- Redevelopment of older/underperforming properties, which can be converted to a mixed-use or residential use.

- Conversion of market rate apartment units to help the City meet the lower income categories of RHNA.
- Evaluation of existing affordable housing policies and the City's Inclusionary
 Housing Ordinance to ensure that adequate housing at the lowest income levels
 is being provided. Currently the Inclusionary Ordinance requires that 15 percent of
 residential units that are built are at an affordable price point. This could be
 expanded to require a higher percentage of units to be affordable.

These concepts may develop into more detailed strategies to help meet the RHNA number but would be subject to Planning Commission review and City Council approval.

Draft Community Outreach Plan

Cities are required to make a diligent effort to achieve public participation involving all economic segments of the community in the Housing Element update process. To fulfill this requirement, the City will solicit input from community stakeholders and the general public.. Meetings will be publicized in various media platforms including print, social media, email notification, and on the City's project web page. As detailed in Attachment 1 and summarized below, the Community Outreach Plan will consist of the following components:

- City Council Scoping Session In compliance with General Plan amendment procedures as required by City Council Resolution No. 87-108, introduce the HEU process, provide RHNA overview, anticipated next steps, and solicit City Council input on draft Community Outreach Plan and HEU issues.
- Planning Commission Study Session The intent is to introduce the HEU process and requirements, provide RHNA overview, anticipated next steps, solicit input on draft Community Outreach Plan and HEU issues.
- 3. Community Workshops The purpose is to have several open discussion forums with the community regarding HEU information and issues, questions and answers, and to solicit input. These meetings will most likely be conducted in a virtual format or a combination of virtual and in-person to comply with regulations pertaining to the COVID-19 pandemic in effect at that time.
- Public Review of Draft HEU and Associated CEQA Documentation The purpose is to solicit written comments and will be conducted concurrently with HCD pre-submittal review process for the HEU.
- Project Briefings with Planning Commission and City Council The purpose is to provide project status updates and solicit input, if necessary.

- On-Demand Engagement via City's Project Webpage The purpose is to
 educate and encourage participation in HEU process with on-going updates to
 webpage content and videos, as well as links to the draft and final HEU
 documents.
- Social Media The intent is to promote awareness and encourage participation by coordinating announcements through the Public Information Office.
- Language Considerations Staff will utilize the bilingual services staff as necessary to ensure effective and multi-lingual communication with the community.

In addition to the draft Community Outreach Plan outlined above and detailed in Attachment 1, City staff and Consultant will utilize all tools available for community outreach, including resources provided by HCD and SCAG.

Anticipated Next Steps

As part of the update process, staff and Consultant will complete a review of demographics, population, and housing to understand current conditions, and complete an adequate site analysis for the 2021-2029 RHNA allocation.

The update process includes is outlined below and includes a variety of opportunities to for public involvement (noted with an asterisk)

Winter 2020-21	 Introduction to the Irvine HEU – City Council General Plan Amendment Scoping Session* (February 9, 2021) Planning Commission Study Session* (February 18, 2021) Stakeholder outreach Develop site inventory Assess and develop draft HEU goals, policies, and objectives Develop draft implementation program
Spring 2021	Community workshops* Stakeholder outreach Finalize site inventory Prepare draft HEU and environmental review for CEQA
Summer 2021	HCD pre-submittal review of draft HEU Public review of draft HEU and CEQA documentation* Project briefings with Planning Commission and City Council* Finalize HEU and CEQA documentation
Fall 2021	Adoption hearings: Planning Commission* City Council*
State Due Date	October 15, 2021 (for certification)

ENVIRONMENTAL REVIEW

This Scoping Session is statutorily exempt from the California Environmental Quality Act (CEQA) pursuant to CEQA Guidelines Section 15262, Feasibility and Planning Studies. The direction is not a final action or approval in regard to the Housing Element Update and does not have a legally binding effect on any possible future discretionary action.

ALTERNATIVES CONSIDERED

No alternatives were considered as the 6th Cycle HEU is due to HCD for certification by October 15, 2021. Jurisdictions that do not maintain a compliant Housing Element are at risk of significant repercussions including, but not limited to, ineligibility for critical state and federal funding, potential loss of land use control in which the state disallows the issuance of building permits, substantial fines and penalties including a four-year RHNA/HEU cycle (instead of the customary eight-year cycle), and exposure to litigation based on a legally inadequate General Plan.

City Council Meeting February 9, 2021 Page 8 of 8

FINANCIAL IMPACT

The funding for the HEU is within the approved Fiscal Year 2019-2021 biennial general fund budget, and will be supplemented by State Senate Bill 2 reimbursement funding up to \$200,000.

REPORT PREPARED BY

Charles G. Kovac, Housing Administrator

Amy Mullay, Senior Planner

6th Cycle Housing Element Update Community Outreach Plan - DRAFT

February 9, 2021

Goal:

Inform and involve the community in the Housing Element Update (HEU) process to help solve issues and/or make informed, sustainable decisions (i.e., technically feasible, economically viable, publicly acceptable, and environmentally compatible).

Stakeholders:

- 1. Residents and interest groups (e.g., environmental and cultural)
- 2. Business community and Greater Irvine Chamber of Commerce
- Developers (nonprofit and for profit), homebuilders, Building Industry Association of Southern California (BIA-OC), property owners, and real estate brokers
- 4. Irvine Community Land Trust
- 5. Homeowner Associations
- Students and educational organizations (UCI, CUI, IVC, IUSD, TUSD, SAUSD, SVUSD)
- Community service providers and organizations (e.g., Rotary, Kiwanis, and Elks Clubs)
- Seniors, residents experiencing or at risk of housing insecurity, and persons with disabilities - coordinate with Community Services staff, local food banks, and faithbased organizations as necessary
- 9. Project interest list (e.g., St. Joseph Hospital, The Kennedy Commission)
- 10. Utility providers
- 11. Planning Commission and City Council
- 12. Other ?

Major Components:

Prior to the anticipated adoption hearings with the Planning Commission and City Council in Fall 2021 to meet the October 2021 state deadline, staff intends to implement a robust outreach plan using a multi-pronged approach of meetings, workshops, and briefings supplemented with the project webpage, handouts, email notifications, and social media announcements.

The major components of the outreach process are summarized as follows:

- 1. HEU Scoping Session with City Council February 9, 2021
 - Purpose: Provide opportunity to identify issues to be addressed during the HEU review/development process in accordance with the General Plan amendment procedures in City Council Resolution No. 87-108

ATTACHMENT 1

Draft 6^{th} Cycle HEU Strategic Community Outreach Plan Page 2 of 3

- Kick-off the HEU and introduce the HEU process and requirements, provide Regional Housing Needs Assessment (RHNA) overview, anticipated next steps, solicit input on the draft Community Outreach Plan, and Q&A
- In collaboration with the HEU Consultant, solicit input/direction on any known priority issues at that time

2. Planning Commission Study Session - February 18, 2021

Purpose: Introduce the HEU process and requirements, provide RHNA overview and appeal update, anticipated next steps, solicit input on the HEU, and Q&A

Targeted Stakeholder Meetings – On-going throughout HEU process as necessary

- · Purpose: Solicit input and collaborate on developing the HEU
- Customized meetings designed for individual stakeholders or small groups of related stakeholders in a roundtable format

4. Community Workshops (up to three; time-permitting) - Anticipated Spring 2021

- Purpose: Prior to developing and releasing the public review draft of the HEU document, provide open discussion forum for the community regarding HEU information, issues, and opportunities, as well as hosting Q&A and soliciting input
- These workshops will most likely be conducted in a virtual format, or a combination
 of virtual and in-person, in order to comply with regulations pertaining to COVID-19
 in place at this time
- · Workshops will be hosted on multiple days and at different times
- Workshop content will generally overlap, but will be refined and/or customized if necessary as meetings are hosted (possibly by geographic areas such as Spectrum/Great Park Neighborhoods/Irvine Station, Irvine Business Complex, and traditional residential core)
- Will work with Consultant to select the most effective online tool(s) to conduct virtual outreach and how to best connect with audience (e.g., anonymous interactive polling, chat box for questions, and open microphone for comments/Q&A). Will ensure concurrent access to meeting via phone. If possible, will record workshops and post on the project webpage

Public Review of Draft HEU and Associated CEQA Documentation – Anticipated Summer 2021

- Purpose: Solicit written comments through the project website, www.cityofirvine.org/housingelementupdate
- Conduct public review of draft HEU document concurrently with State Department of Housing and Community Development Department (HCD) pre-submittal review process for the HEU

Draft 6th Cycle HEU Strategic Community Outreach Plan Page 3 of 3

- Announcements regarding availability of draft HEU and CEQA documentation made via email notification through City's govdelivery system, project interest list, and project webpage
- Distribute and post notice of intent to adopt an initial study/negative declaration or mitigated negative declaration per CEQA

Project Briefings with Planning Commission and City Council – Anticipated Summer 2021

- Purpose: Provide project status updates and solicit input as necessary
- · Meetings will be open to the public to allow for comments and questions

On-demand Engagement via Project Webpage at <u>www.cityofirvine.org/housingelementupdate</u> - On-going throughout process

- Purpose: Educate and encourage participation in HEU process
- On-going updates to webpage content
- Draft HEU and CEQA documentation will be posted here for written feedback and comment
- Final HEU and CEQA documentation will be posted here
- Develop informational fact sheets and/or printed fliers/materials as necessary
- Posting short HEU-related topical videos developed by Orange County Council of Governments (OCCOG)
- Dedicated project email for inquiries and comments, GPUpdate2035@cityofirvine.org

8. Social Media - On-going throughout process

- · Purpose: Promote awareness and encourage participation
- Coordinate announcements through Public Information Office
- Anticipated email notifications through the City's govdelivery system and announcements using the City's various social media accounts (e.g., Twitter, Instagram, Facebook, and flickr)

9. Language Considerations

 Bilingual services staff will be utilized as necessary to ensure effective and culturally diverse communication with the community

3. Presentation

Regional Housing Needs Assessment

- RHNA: A minimum number of units by income category each community is required to provide through "adequate sites" and zoning – <u>Mandated by the State</u>
- RHNA for Southern California: 1,341,827
- SCAG responsible for developing methodology and assigning RHNA to Southern CA cities and counties

Housing Element Update

Draft RHNA Allocation

% of County Area Median Income (AMI)	Units
Category 1 (0 – 50 % AMI)	6,379
Category 2 (51 – 80% AMI)	4,225
Category 3 (81 – 120% AMI)	4,299
Category 4 (120% AMI or above; considered "market rate")	8,651
TOTAL	23,554

- RHNA Appeal hearings City appeals denied
- Final RHNA allocation anticipated March 2021 (slight increase anticipated)
- Actual number needed is anticipated to exceed allocation

Housing Element Update

Housing Element Purpose

State-mandated policy document that:

- Provides direction for implementation of various programs to meet existing and future housing needs for all income levels in the City
- Provides goals, policies, programs, and objectives that accommodate opportunities for the preservation of existing housing and development of new housing
- > Demonstrates how the City will accommodate its RHNA allocation

Housing Element Update

Housing Element Basics

- 5 Major Components:
 - > Review of accomplishments
 - > Housing needs assessment
 - > Evaluation of constraints to housing
 - > Identification of housing sites
 - > Program strategy to address needs for 2021-2029
- Required to be updated every eight years
- Reviewed by State for compliance with State law

Housing Element Update

The Housing Element DOES NOT

- Require the City to build the units
- Provide funding
- Authorize construction
 - Projects still need to go through the development review process

Housing Element Update

Housing Element Update Goals

- · Accommodate RHNA allocation by income category
- Develop effective housing policies and programs, including strategic implementation
- Incorporate changes required by state laws/regulations and guidance
- Ensure that a high quality of life is maintained as the community matures and evolves

Benefits of State Compliance

- · Continue local authority to issue building permits
- · Protect against lawsuits
- Maintain eligibility for State funding opportunities
- Keep customary eight-year cycle
- · Avoid substantial fines and penalties

Housing Element Update

Potential Housing Element Strategies

- · Rezone for more homes
- Redevelop older/underutilized properties
- Develop residential in open space subject to voter approval
- · Convert market rate to affordable units
- · Change affordable housing policies
- Expand inclusionary housing ordinance
- Ease restrictive development standards
- Encourage innovative design

Next Steps

Winter 2020-21:

- City Council GPA Scoping Session for Housing Element Update
- Planning Commission Study Session (February 18, 2021)
- Stakeholder outreach (development community)
- Develop site inventory
- · Assess goals, policies, and objectives

Spring 2021:

- Community workshops
 - o Advertised on social media; information provided in multiple languages
- · Finalize site inventory
- · Prepare draft Housing Element and supporting documentation

Housing Element Update

Next Steps (continued)

Summer 2021:

- · Public review of draft Housing Element
- State preliminary review of the draft
- Project briefings with Planning Commission and City Council
- Finalize Housing Element and supporting documentation

Fall 2021 - Adoption Hearings:

- · Planning Commission
- · City Council

State Due Date - October 15, 2021 for certification

4. Public Notice

CCL No. 21-01

HOUSING ELEMENT UPDATE SCOPING SESSION

City Council Meeting February 9, 2021

PROJECT DESCRIPTION: NOTICE IS HEREBY GIVEN that on Tuesday, February 9, 2021, at the hour of 4 p.m., or as soon thereafter as possible, the City Council of the City of Irvine will conduct a public meeting in the City Council Chamber, One Civic Center Plaza, Irvine, California, to host a General Plan Amendment scoping session for the 6th cycle Housing Element Update for 2021-2029 planning period. The Update must comply with the state's requirements and accommodate Irvine's new Regional Housing Needs Assessment (RHNA) allocation. The purpose of the scoping session is to solicit input on the upcoming HEU work effort.

LOCATION:

Citywide

INFORMATION AVAILABLE: Copies of the staff report and other project information will be available for review by 8 p.m. on Thursday, January 28, 2020, with the City Clerk, One Civic Center Plaza, Irvine (City Hall) or online at *cityofirvine.org*.

CITIZEN INVOLVEMENT: Do you have any comments? Questions? Concerns? You are invited to observe and participate, via e-Comment, in a public meeting held by the Irvine City Council on **Tuesday**, **February 9**, **2021**, at **4 p.m.**, **or soon thereafter**, in the City Council Chamber at Irvine City Hall, One Civic Center Plaza, Irvine.

AS A RESULT OF THE COVID-19 VIRUS, THE PUBLIC IS NOT PERMITTED TO PHYSICALLY ATTEND THE PUBLIC HEARING. YOU MAY SUBMIT COMMENTS IN WRITING VIA MAIL TO "ATTN: COMMUNITY DEVELOPMENT DEPARTMENT, PLANNING DIVISION" AT ONE CIVIC PLAZA. 92606; BY CENTER IRVINE, CA **EMAIL** TO CLERK@CITYOFIRVINE.ORG; THROUGH OR E-COMMENT AT CITYOFIRVINE.ORG/ICTV. E-COMMENTS WILL BE READ INTO THE RECORD AT THE TIME DETERMINED BY THE MAYOR.

PLEASE NOTE: THE CITY COUNCIL IS MAKING EVERY EFFORT TO FOLLOW THE SPIRIT AND INTENT OF THE BROWN ACT AND OTHER APPLICABLE LAWS REGULATING THE CONDUCT OF PUBLIC MEETINGS, IN ORDER TO MAXIMIZE TRANSPARENCY AND PUBLIC ACCESS. IT WOULD BE APPRECIATED IF COMMUNICATIONS OF PUBLIC COMMENTS RELATED TO ITEMS ON THE AGENDA, OR ITEMS NOT ON THE AGENDA, ARE PROVIDED PRIOR TO THE COMMENCEMENT OF THE MEETING. IF THAT IS NOT POSSIBLE, ÉVERY EFFORT WILL BE MADE TO ATTEMPT TO REVIEW E-COMMENTS DURING THE COURSE OF THE MEETING. TOWARDS THIS END, THE MAYOR WILL ENDEAVOR TO TAKE A BRIEF PAUSE BEFORE ACTION IS TAKEN ON ANY AGENDA ITEM TO ALLOW THE CITY CLERK TO REVIEW E-COMMENTS, AND SHARE ANY E-COMMENTS RECEIVED DURING THE MEETING.

ADA COMPLIANCE:

It is the intention of the City of Irvine to comply with the Americans with Disabilities Act in all respects. If, as a participant and observer at this meeting, you will need special assistance beyond what is normally provided, the City of Irvine will attempt to accommodate you in every reasonable manner. Please contact the City Clerk's office at 949-724-6205. Notification 48 hours prior to the meeting will enable the City to make reasonable arrangements to ensure accessibility to this meeting. (28 CFR 35. 102-35. 104 ADA Title II)

CITY CONTACT:

For more information, please contact Charles Kovac, Housing Administrator, via email at ckovac@cityofirvine.org or by phone at 949-724-7452 and/or Amy Mullay, Senior Planner, via email at amullay@cityofirvine.org or by phone at 949-

6. City Council Scoping Session Comment Summary and Analysis

Comments and Questions Received at Feb. 9 City Council Scoping Session	Who	Responses and How Comment was Addressed in HE (if applicable)
Concern over sizeable RHNA and the methodology/process, especially when 1/3 of Irvine is designated as permanent open space and City has been master planned since its inception in 1971.	CM Carroll	Irvine received the 5 th largest allocation in the Southern California region based on SCAG's RHNA methodology. The primary contributing factors are the presence of two major job centers, Spectrum and IBC, and the assumed population within proximity to two hypothetical bus rapid transit (BRT) routes along SR-55 and I-5 with four assumed stops a.k.a. as High Quality Transit Areas (HQTA). The HEU accommodates the Final 6 th Cycle RHNA allocation adopted by SCAG's Regional Council on March 4, 2021 as
		addressed in the Site Inventory section.
Concern over RHNA appeals process.	CM Carroll	RHNA law is very specific on what you can appeal on. Irvine mounted a thorough and valid appeal. However, the RHNA Appeals Board denied the City's appeal on January 25, 2021.
		52 jurisdictions appealed (out of 196 jurisdictions total in SCAG) where only two appeals were upheld (i.e., City of Pico Rivera due to potential Whittier Dam inundation and County of Riverside in regards to the March Air Force Base).
Concern OCTA was not consulted by SCAG and why OCTA was unable/unwilling to go on record.	CM Carroll; CM Kuo	The City included this concern as a justification in its appeal of the draft RHNA allocation on October 26, 2020. However, the RHNA Appeals Board denied the City's appeal on January 25, 2021.

Comments and Questions Received at Feb. 9 City Council Scoping Session	Who	Responses and How Comment was Addressed in HE (if applicable)
Understand 5 th cycle progress by income level	CM Carroll; Mayor Khan	Addressed in Review of Previous Housing Element (2013-2021) section.
		The 5 th cycle RHNA allocation is 12,149 units comprised of: VL: 2,817 (1,127 built) L: 2,034 (37 built) M: 2,239 (12,998 built) AM: 5,059 (14,863 built) A total of 29,025 units were built through 2019 during the 5 th cycle.
Why the deficiency in very low and low income units?	Mayor Khan	Irvine's inclusionary housing ordinance has been very successful and has facilitated the development of the largest affordable housing portfolio in Orange County with over 4,800 units.
		Under Objective HE-E.3 of the Housing Plan section in the HE, the inclusionary housing policies and fees will be evaluated and updated during the subsequent General Plan Update/Zoning Ordinance Amendment work effort. Any changes to the inclusionary housing policies and programs will facilitate units in deficient categories, including a potential increase, likely at the lowest affordability categories, to mandate 20 percent of new housing projects at affordable price points, rather than the current 15 percent.
Do Irvine Community Land Trust (ICLT) units count towards the affordable unit RHNA allocation?	Mayor Khan	Any residential unit developed with a deed restriction is counted, including ICLT units.
Does student housing at University of California, Irvine (UCI) count towards the RHNA allocation?	CM Kuo	No, dorms, faculty housing, and graduate student housing do not count towards the City's RHNA allocation at this time despite the UCI campus being within City limits. The Site Inventory section includes existing
		UCI housing. The Site Inventory also includes a potential UCI residential project of approximately 400 units located on Irvine Boulevard for staff.

Comments and Questions Received at	Who	Responses and How Comment was
Feb. 9 City Council Scoping Session		Addressed in HE
		(if applicable)
Do assisted living projects in the IBC count towards RHNA?	CM Kuo	Senior apartments count towards the RHNA allocation.
		On the other hand, congregate care/convalescent facilities do not count towards RHNA and are treated similar to dorm or jail facilities (i.e., beds).
How did we deal with the 5 th cycle RHNA allocation of 12,149 units?	CM Kuo	During the 5 th cycle planning period, the City still had a significant amount of vacant land.
		In addition to reduced land to develop, the 6 th cycle is subject to new tighter housing laws to account for income levels as well as total units and use of sites previously included in the 4 th and 5 th cycle site inventories.
Is it possible that the State could override the voter approved initiative that protects 1/3 of the City's acreage as permanent open space	CM Kuo; CM Carroll	The real property documents (i.e., open space deeds) restrict the use of the property to open space only. Express State legislation would be needed to overcome these legal impediments.
		The Site Inventory section does not include locally protected open space areas as staff focused on vacant sites and non-vacant sites for redevelopment/repurposing for a higher and better use (e.g., older office and/or industrial building stock, underutilized retail space, revitalizing other land uses by adding residential onsite).
		It should be noted that the State only recognizes and exempts Federal and State protected open space areas only (i.e., NCCP and HCP) in the process.
What was the voting composition of the City Council when the 4th and 5 th cycle Housing Elements were adopted?	CM Kuo; Vice Mayor Kim	The 4 th cycle HE covering 2008-2012 was adopted on January 24, 2012 (due to a delay from the RHNA methodology lawsuit). It was unanimously approved by the City Council Agran, Choi, Krom, Lalloway, and Kang.
		The 5 th cycle HE covering 2013-2021 was adopted on September 10, 2013 by a unanimous vote of the City Council (i.e., Agran, Krom, Lalloway, Shea, and Choi).

Comments and Questions Received at Feb. 9 City Council Scoping Session	Who	Responses and How Comment was Addressed in HE
l con a con, commence pinig commen		(if applicable)
Consider developing master affordable housing plan to be proactive based on the Irvine's historical planning concept of villages	CM Agran	The City will explore the feasibility of developing a master affordable housing plan during the subsequent General Plan Update/Zoning Ordinance Amendment work effort. It is anticipated that the future development of residential and mixed-use overlays will foster the village planning and walkable neighborhood concepts.
		Unlike previous HE cycles, new Affirmatively Furthering Fair Housing or AFFH requirements (AB 686) for the 6 th cycle require affordable units to be scattered throughout the City, not concentrated. This consideration is addressed in the AFFH section of the HE and will be addressed during subsequent General Plan and zoning efforts.
Is there any new State legislation that incentivizes developers to build affordable housing for low or very low	Mayor Khan	No grants or loans were available in the past few years.
income levels?		In contrast, new SB2 Grant funding (a.k.a., Permanent Local Housing Allocation or "PLHA") will provide approximately an estimated \$4.5 million dollars to Irvine over the course of five years with the first installment anticipated to be around \$758,000. Additionally, tax credit (4% and 9%) processes are still available.
		Goal 4 of the Housing Plan section includes policies, programs, and actions for securing and assisting with affordable housing funding. Additionally, PP-I.3 aims to leverage all funding options such as joining the Orange County Finance Trust (OCHFT), a joint power authority comprised of many Orange County cities. OCHFT can provide additional funding options for affordable housing developers.
Does the RHNA allocation distinguish between rental and ownership?	Vice Mayor Kim	RHNA does not distinguish between rental vs. ownership units.

Comments and Questions Received at Feb. 9 City Council Scoping Session	Who	Responses and How Comment was Addressed in HE (if applicable)
Can office or retail space be converted to residential use?	Vice Mayor Kim	Yes, if the zoning allows for it. As indicated under Goals 1 and 2 of the Housing Plan section, it is anticipated that the subsequent General Plan Update and Zoning Ordinance Amendment work effort will maximize density near the Irvine Station with a residential overlay for transit-oriented development and expand the residential overlay and unit cap in the IBC which would facilitate the conversion of non-residential to residential uses. In addition, a proposed retail overlay would allow for residential uses to supplement or replace retail uses.
Concern how traffic impacts associated with new units will be mitigated.	Vice Mayor Kim	As part of the subsequent General Plan Update/Zoning Ordinance Amendment work effort, an Environmental Impact Report (EIR) with traffic study will be prepared.
Does workforce housing for UCI staff and faculty receive RHNA credit?	Vice Mayor Kim	No, faculty housing for UCI staff does not count towards the City's RHNA allocation at this time despite being within City limits. However, City staff, is working with HCD (through state delegation and lobbyist) to allow existing and under construction housing at UCI to be counted toward meeting the City's RHNA allocation, consistent with practice at UC Santa Barbara and Santa Cruz. UCI is supportive of the City's efforts. University Hills (for sale and rent), Graduate/Family Housing, and the housing proposed by UCI off Irvine Boulevard is also included on the site inventory.
Concern that UCI operations is responsible for over 20,000 vehicles daily on local roads pre-COVID-19 pandemic.	CM Carroll	Although housing on UCI-owned property does not count at the time of preparation/publication of this document towards the City's RHNA allocation, related traffic generation is accounted for and analyzed in traffic impact analyses conducted for applicable development projects within the City and in environmental documents prepared by UCI.

STAFF REPORTS

PLANNING COMMISSION REPORTS

ADJOURNMENT

NOTICE TO THE PUBLIC

The Irvine Planning Commission consists of five residents of the City who are appointed by Irvine City Councilmembers. The Commission meets regularly on the first and third Thursday of each month in the City Council Chamber at the Irvine Civic Center located at One Civic Center Plaza. Meetings begin at 5:30 p.m., unless otherwise noted. Meeting agendas and approved minutes are kept current on the City website at cityofirvine.org/planningcommission.

The Planning Commission is responsible for providing input to the City Council on long-range planning. Irvine's long-range planning goals are embodied in the General Plan. The General Plan and the amendments to it are reviewed by the Planning Commission and adopted by the City Council. The General Plan is implemented through the City's development regulations.

The Planning Commission has the authority to approve or deny applications concerning development within the City. The category of applications includes Tentative Tract Maps, Conditional Use Permits, Master Plans, Administrative Relief and Variances. The Planning Commission also makes recommendations to the City Council on all applications for amendments to the Zoning Ordinance.

An agenda is provided for each Planning Commission meeting, which lists the items submitted for consideration. Prior to the listed agenda items, the Commission may hold a study session to receive information or meet with another committee. A study session is open to the public; however, no public testimony is taken and no decisions are made. Following a study session, the regular meeting will begin at 5:30 p.m. At this time, the Commission allows oral communication from the public to address the Commission on items not listed on the agenda. See information for Speaker's Card/Request to Speak on the first page.

The items on the agenda are arranged in three categories: Consent Calendar: These are relatively minor in nature, do not have any outstanding issues or concerns, and do not require a public hearing. All consent calendar items are considered by the Commission as one item and a single vote is taken for their approval, unless an item is pulled from the consent calendar for individual discussion. There is no public discussion of consent calendar items unless requested by the Commission. Public Hearings: This category is for case applications that require, by law, a hearing open to public comment because of the discretionary nature of the request. Public hearings are formally conducted and public input/testimony is requested at a specific time. This is your opportunity to speak on the item(s) that concern you. If, in the future, you wish to challenge in court any of the matters on this agenda for which a public hearing is to be conducted, you may be limited to raising only those issues which you (or someone else) raised orally at the public hearing or in written correspondence received by the City at or before the hearing. Commission Business: Items in this category are general in nature and may require Commission action. Public input may be received at the request of the Commission. See information for Speaker's Card/Request to Speak on the first page.

At 10 p.m., the Planning Commission will determine which of the remaining agenda items can be considered and acted upon prior to 11 p.m., and will continue all other items for which additional time is required until a future Commission meeting. All meetings are scheduled to terminate at 11 p.m.

STAFF REPORTS

As a general rule, staff reports or other written documentation have been prepared or organized with respect to each item of business listed on the agenda. Copies of these materials are on file with the Community Development Department and are available for public inspection and copying once the agenda is publicly posted, (at least 12 days prior to a regular Planning Commission meeting). Staff reports can also be downloaded from the City's website at cityofirvine.org/planningcommission at least 12 days prior to the scheduled Planning Commission meeting.

APPEALS

Planning Commission decisions may be appealed to the City Council in accordance with Zoning Ordinance Chapter 2-5. Planning Commission actions

on a subdivision map may be appealed to the City Council in accordance with Irvine Municipal Code Section 5-5-110. Planning Commission determinations regarding an interpretation of the City's Subdivision Ordinance may be appealed to the City Council in accordance with Irvine Municipal Code Section 5-5-1004.H.

SUPPLEMENTAL MATERIAL RECEIVED AFTER THE POSTING OF THE AGENDA

Any supplemental writings or documents distributed to a majority of the Planning Commission regarding any item on this agenda after the posting of the agenda will be available for public review in the Community Development Department during normal business hours. In addition, such writings or documents will be made available for public review at the respective public meeting.

SUBMITTAL OF INFORMATION BY MEMBERS OF THE PUBLIC FOR DISSEMINATION OR PRESENTATION AT PUBLIC MEETINGS

Media Types and Guidelines

1. Written Materials/Handouts:

Any member of the public who desires to submit documentation in hard copy form may do so prior to the meeting or at the time he/she addresses the Planning Commission. Please provide 10 copies of the information to be submitted and file with the Recording Secretary at the time of arrival to the meeting. This information will be disseminated to the Planning Commission at the time testimony is given.

2. Large Displays/Maps/Renderings:

Any member of the public who desires to display freestanding large displays or renderings in conjunction with their public testimony is asked to notify the Community Development Department at 949-724-6465 no later than noon on the day of the scheduled meeting.

3. Electronic Documents/Audio-Visuals:

Any member of the public who desires to display information electronically in conjunction with their public testimony is asked to submit the information to the Community Development Department at 949-724-6465 no later than noon on the day of the scheduled meeting.

CITY SERVICES TO FACILITATE ACCESS TO PUBLIC MEETINGS

It is the intention of the City of Irvine to comply with the Americans With Disabilities Act (ADA) in all respects. If, as an attendee or a participant at this meeting, you will need special assistance beyond what is normally provided, the City of Irvine will attempt to accommodate you in every reasonable manner.

https://irvine.granicus.com/GeneratedAgendaViewer.php?event_id=1751

4/2/2021

Please contact the Planning Commission liaison at (949)724-6465.

Assisted listening devices are available at the meeting for individuals with hearing impairments. Notification 48 hours prior to the meeting will enable the City to make reasonable arrangements to ensure accessibility to this meeting. (28 CFR 35. 102-35. 104 ADA Title II)

MEETING SCHEDULE

Regular meetings of the Planning Commission are held on the first and third Thursdays of each month at 5:30 p.m. Agendas are available at the following locations:

- · City Clerk's Office
- · Police Department
- · Front Entrance of City Hall
- University Park Center (Culver/Michelson)
- Walnut Village Center (Culver/Walnut)
- Northwood Town Center (Irvine Blvd./Yale)
- City's web page at cityofirvine.org/planningcommission

I hereby certify that the agenda f	or the regular Pl	lanning Commission meeting
was posted in accordance with la	aw in the posting	g book located in the Public
Safety lobby and at the entrance	to the Civic Cen	iter, One Civic Center Plaza
Irvine, California on	, by	as well as on the City's
web page.		
Commission Liaison		

2.Staff Report

MEETING DATE: FEBRUARY 18, 2021

TITLE: STUDY SESSION FOR THE 6TH CYCLE HOUSING ELEMENT

UPDATE

Director of Community Development

RECOMMENDED ACTIONS

Receive staff presentation.

Provide feedback.

EXECUTIVE SUMMARY

This study session will provide the Planning Commission with an overview of the housing element update requirements and proposed schedule. Every eight years the state requires that each jurisdiction update its Housing Element to adequately plan to meet the housing needs of everyone in the community. The State Department of Housing and Community Development (HCD) is responsible for tracking and determining compliance with the state housing law and ultimately certifying each jurisdiction's Housing Element. The City must have an HCD certified Housing Element to be eligible for certain state funding opportunities and to avoid a shortened Housing Element cycle of every four years rather than every eight years going forward.

The HEU will demonstrate that the City is providing opportunities for the provision and development of housing in accordance with state mandates. Additionally, the update to the Housing Element incorporates the new Regional Housing Needs Allocation (RHNA) for 2021-2029 (known as the "6th cycle"), which has been significantly increased from the current allocation issued by the Southern California Association of Governments (SCAG) for 2013-2021 (known as the "5th cycle"). For the City to be compliant with Housing Element law the City must demonstrate that it has the land capacity to address RHNA through a site inventory analysis, which is a required component of the update. This will be a challenging component of the HEU and will require the City to draw upon several strategies to meet the RHNA obligations.

A Scoping Session for this proposed General Plan Amendment (GPA) was presented to the City Council on February 9, 2021. A Scoping Session for GPA applications is required by City Council Resolution No. 87-108 to provide the City Council advance knowledge of the proposed GPA and the opportunity to identify issues to be addressed during the review process.

Planning Commission Meeting February 18, 2021 Page 2 of 7

COMMISSION/BOARD/COMMITTEE RECOMMENDATION

Not applicable.

ANALYSIS

Housing Element Basics

The Housing Element is a state-mandated policy document within the General Plan that identifies the City's housing conditions and needs, establishes the goals, objectives, and policies that are the foundation of the City's housing strategy. The Housing Element also provides an array of programs to create sustainable, mixed-income neighborhoods across the City to create a "housing plan." Irvine's existing and future housing needs will be addressed by:

- conserving and improving existing housing and neighborhoods,
- · assisting in development and provision of affordable housing,
- providing adequate residential sites to address fair share housing needs.
- removing governmental constraints to housing development, and
- · promoting equal housing opportunities.

Although the City does not build housing, the Housing Element does create a plan and regulatory framework that provides opportunities for housing to be built by the private sector, where market conditions ultimately determine when and where housing is built.

Progress Under the Existing 5th Cycle Housing Element

On July 30, 2013, HCD certified the City's 5th Cycle Housing Element for 2013-2021 and it is available at <u>cityofirvine.org/community-development/current-general-plan</u>.

Some highlights under the current housing element include:

Income Category [% of County *Area Median Income (AMI)]	Allocated Units (2013-2021)	Actual Units Built (2013-2019)
Category 1 (0% - 50% AMI)	2,817	1,127
Category 2 (51% - 80% AMI)	2,034	37
Category 3 (81% - 120% AMI)	2,239	12,998

Planning Commission Meeting February 18, 2021 Page 3 of 7

Income Category [% of County *Area Median Income (AMI)]	Allocated Units (2013-2021)	Actual Units Built (2013-2019)
Category 4 (120% AMI or above, which is considered market rate)	5,059	14,863
TOTAL	12,149	29,025

In addition to the 29,025 actual units built represented in the above table, two affordable housing projects (Montaira and Salerno) were built in 2020 with a combined total of 244 Extremely Low/Very Low units. Leasing is underway for these 244 units.

2021-2029 Regional Housing Needs Assessment

For the upcoming eight years, HCD has determined the housing need for the Southern California region to be 1,341,827 units. SCAG has taken this number and, using their developed methodology, allocated to each city and county in the region, its respective share.

On September 4, 2020, SCAG officially released the draft RHNA allocation to each jurisdiction. The RHNA represents the minimum number of housing units Irvine is required to plan for in its Housing Element by providing "adequate sites" through its General Plan and Zoning Ordinance. Under state law, "adequate sites" are available and suitable sites, either vacant land or land that may be redeveloped during the eight-year planning period, with appropriate zoning, development standards, infrastructure capacity, and physical characteristics. The City of Irvine's portion of the RHNA for the 2021-2029 Housing Element is 23,554 units, of which 10,604 are allocated to low- and very low- income categories. Although more affordable housing has been built in Irvine than in any other City in Orange County, the total number of RHNA units in the 6th cycle represents a 94 percent increase from the 5th cycle and a 126 percent increase in extremely low and very low-income units. The following table summarizes the draft allocation by income category:

Income Category [% of County Area Median Income (AMI)]	Units
Category 1 (0% - 50% AMI)	6,379
Category 2 (51% - 80% AMI)	4,225
Category 3 (81% - 120% AMI)	4,299

Planning Commission Meeting February 18, 2021 Page 4 of 7

Income Category [% of County Area Median Income (AMI)]	Units
Category 4 (120% AMI or above, which is considered market rate)	8,651
TOTAL	23,554

The challenge for Irvine will be meeting the Extremely Low/Very Low to Low-income unit allocations. It is anticipated that substantially more units than the total RHNA allocation of 23,554 units will need to be planned for to adequately incentivize the private sector to deliver the required affordable units.

On October 26, 2020, the City filed an appeal of its RHNA allocation to reduce the allocation by 8,259 total units. The appeal is posted at cityofirvine.org/news-media/news-article/city-irvine-regional-housing-needs-assessment-update. SCAG staff recommended denial of the City's appeal and the RHNA Appeals Board upheld SCAG staff's recommendation 4-2 (Orange County and Los Angeles County voting in opposition). Following the completion of the RHNA appeal process, SCAG plans to adopt the final allocation in March 2021. Staff expects the final RHNA allocation to increase slightly due to two successful RHNA appeals.

Potential Housing Element Update Strategies

The HEU must demonstrate that the City has the land capacity to address RHNA through a site inventory analysis in order to meet Housing Element law. This will be the most difficult component of the HEU due to the limited amount of developable vacant land and the size of the RHNA obligation. Staff and our HEU Consultant team will need to be creative while working with stakeholders and the community to explore and develop strategies that will address the RHNA. Although staff is in the early stages of formulating strategies, and will work with stakeholders and the community to develop strategies, some potential concepts are listed below:

- Rezoning for additional and higher density housing in the Irvine Business Complex, the area adjacent to the Irvine Transportation Center (train station), and Spectrum areas.
- Redevelopment of older/underperforming properties, which can be converted to mixed-use or residential use.
- Conversion of market rate apartment units to help the City meet the lower income categories of RHNA.
- Evaluation of existing affordable housing policies and the City's Inclusionary Housing Ordinance to ensure that adequate housing at the lowest income levels

Planning Commission Meeting February 18, 2021 Page 5 of 7

is being provided. Currently the Inclusionary Ordinance requires that 15 percent of residential units that are built are at an affordable price point. This could be expanded to require a higher percentage of units to be affordable.

 Encourage efficient and innovative residential building design and ease restrictive development standards.

These concepts may develop into more detailed strategies to help meet the RHNA number but would be subject to Planning Commission review and City Council approval.

Public Participation

Cities are required to make a diligent effort to achieve public participation involving all economic segments of the community in the Housing Element update process. To fulfill this requirement, the City will solicit input from community stakeholders and the general public. Meetings will be publicized in various media platforms including print, social media, email notification, and on the City's project web page. The Community Outreach Plan will consist of these major components:

- City Council Scoping Session In compliance with General Plan amendment procedures as required by City Council Resolution No. 87-108, introduce the HEU process, provide RHNA overview, anticipated next steps, and solicit City Council input on draft Community Outreach Plan and HEU issues.
- 2. Planning Commission Study Session The intent is to introduce the HEU process and requirements, provide RHNA overview, anticipated next steps, solicit input on draft Community Outreach Plan and HEU issues.
- 3. Community Workshops The purpose is to have several open discussion forums with the community regarding HEU information and issues, questions and answers, and to solicit input. These meetings will most likely be conducted in a virtual format or a combination of virtual and in-person to comply with regulations pertaining to the COVID-19 pandemic in effect at that time.
- **4. Public Review of Draft HEU and Associated CEQA Documentation** The purpose is to solicit written comments on the draft HEU document, concurrently with HCD pre-submittal review process for the HEU.
- 5. Project Briefings with Planning Commission and City Council The purpose is to provide project status updates and solicit input, if necessary.
- **6. On-Demand Engagement via City's Project Webpage** The purpose is to educate and encourage participation in HEU process with on-going updates to

Planning Commission Meeting February 18, 2021 Page 6 of 7

webpage content and videos, as well as links to the draft and final HEU documents.

- **7. Social Media** The intent is to promote awareness and encourage participation by coordinating announcements through the Public Information Office.
- **8.** Language Considerations Staff will utilize translation services and bilingual services staff as necessary to ensure effective and multi-lingual communication with the community.

Anticipated Next Steps

As part of the update process, staff and Consultant will complete a review of demographics, population, and housing to understand current conditions and constraints, and develop an adequate site inventory for the 2021-2029 RHNA allocation.

The update process is outlined below and includes a variety of opportunities for public involvement (noted with an asterisk)

Winter 2020-21	 Introduction to the Irvine HEU – City Council General Plan Amendment Scoping Session* (February 9, 2021) Planning Commission Study Session* (February 18, 2021) Stakeholder outreach (development community) Develop site inventory Assess and develop draft HEU goals, policies, and objectives Develop draft implementation program
Spring 2021	Community workshops and public outreach* Stakeholder outreach Finalize site inventory Prepare draft HEU and environmental review for CEQA
Summer 2021	HCD pre-submittal review of draft HEU Public review of draft HEU and CEQA documentation* Project briefings with Planning Commission and City Council* Finalize HEU and CEQA documentation
Fall 2021	Adoption hearings: Planning Commission* City Council*
State Due Date	October 15, 2021 (for certification)

Planning Commission Meeting February 18, 2021 Page 7 of 7

ENVIRONMENTAL REVIEW

This Study Session is statutorily exempt from the California Environmental Quality Act (CEQA) pursuant to CEQA Guidelines Section 15262, Feasibility and Planning Studies. The direction is not a final action or approval regarding the Housing Element Update and does not have a legally binding effect on any possible future discretionary action.

ALTERNATIVES CONSIDERED

No alternatives were considered as the 6th Cycle HEU is due to HCD for certification by October 15, 2021. Jurisdictions that do not maintain a compliant Housing Element are at risk of significant repercussions including, but not limited to, ineligibility for critical state and federal funding, potential loss of land use control in which the state disallows the issuance of building permits, substantial fines and penalties including a four-year RHNA/HEU cycle (instead of the customary eight-year cycle), and exposure to litigation based on a legally inadequate General Plan.

FINANCIAL IMPACT

The funding for the HEU is within the approved Fiscal Year 2019-2021 biennial general fund budget and will be supplemented by State Senate Bill 2 reimbursement funding up to \$200,000.

3.Presentation

Overview

- What is the Regional Housing Needs Assessment (RHNA)
- Housing Element Purpose and Basics
- Potential Housing Element Update Strategies
- Next Steps
- **♦** Q & A

Regional Housing Needs Assessment

- RHNA: A minimum number of units by income category each community is required to provide through "adequate sites" and zoning – Mandated by the State
- RHNA for Southern California: 1,341,827
- SCAG responsible for developing methodology and assigning RHNA to Southern CA cities and counties

Housing Element Update

Draft RHNA Allocation

% of County Area Median Income (AMI)	Units
Category 1 (0 – 50 % AMI)	6,379
Category 2 (51 – 80% AMI)	4,225
Category 3 (81 – 120% AMI)	4,299
Category 4 (120% AMI or above; considered "market rate")	8,651
TOTAL	23,554

- RHNA Appeal hearings City appeals denied
- Final RHNA allocation anticipated March 2021 (slight increase anticipated)
- Actual number needed is anticipated to exceed allocation

Housing Element Purpose

State-mandated policy document that:

- Provides direction for implementation of various programs to meet existing and future housing needs for all income levels in the City
- Provides goals, policies, programs, and objectives that accommodate opportunities for the preservation of existing housing and development of new housing
- > Demonstrates how the City will accommodate its RHNA allocation

Housing Element Update

Housing Element Basics

- 5 Major Components:
 - ➤ Review of accomplishments
 - > Housing needs assessment
 - > Evaluation of constraints to housing
 - Identification of housing sites
 - Program strategy to address needs for 2021-2029
- Required to be updated every eight years
- Reviewed by State for compliance with State law

The Housing Element DOES NOT

- · Require the City to build the units
- · Provide funding
- · Authorize construction
 - Projects still need to go through the development review process

Housing Element Update

Housing Element Update Goals

- · Accommodate RHNA allocation by income category
- Develop effective housing policies and programs, including strategic implementation
- Incorporate changes required by state laws/regulations and guidance
- Ensure that a high quality of life is maintained as the community matures and evolves

Benefits of State Compliance

- · Continue local authority to issue building permits
- Protect against lawsuits
- · Maintain eligibility for State funding opportunities
- Keep customary eight-year cycle
- Avoid substantial fines and penalties

Housing Element Update

Potential Housing Element Strategies

- · Rezone for more homes
- · Redevelop older/underutilized properties
- Develop residential in open space subject to voter approval
- · Convert market rate to affordable units
- · Change affordable housing policies
- Expand inclusionary housing ordinance
- · Ease restrictive development standards
- · Encourage innovative design

Next Steps

Winter 2020-21:

- City Council GPA Scoping Session for Housing Element Update (February 9, 2021)
- · Planning Commission Study Session
- Stakeholder outreach (development community)
- Develop site inventory
- · Assess goals, policies, and objectives

Spring 2021:

- Community workshops
 - o Advertised on social media; information provided in multiple languages
- Finalize site inventory
- Prepare draft Housing Element and supporting documentation

Housing Element Update

Next Steps (continued)

Summer 2021:

- Public review of draft Housing Element
- · State preliminary review of the draft
- Project briefings with Planning Commission and City Council
- Finalize Housing Element and supporting documentation

Fall 2021 – Adoption Hearings:

- Planning Commission
- City Council

State Due Date - October 15, 2021 for certification

Questions?

www.cityofirvine.org/housingelementupdate

4. Public Notice

PLANNING COMMISSION 6th CYCLE HOUSING ELEMENT UDPATE STUDY SESSION FEBRUARY 18, 2021 at 5:30 P.M.

PROJECT DESCRIPTION: The Planning Commission is hosting a study session for the 6th cycle Housing Element Update (HEU) for the 2021-2029 planning period. The Update must comply with the state's requirements and accommodate Irvine's new Regional Housing Needs Assessment (RHNA) allocation. The purpose of the study session is to introduce the HEU and solicit input on the upcoming work effort.

LOCATION: Citywide

INFORMATION AVAILABLE:

Copies of the staff report, and other project information will be available for review by **5 p.m.**

AILABLE: on Thursday, February 4, 2021, online at <u>cityofirvine org/planningcommission</u>.

INVOLVEMENT:

Do you have any comments? Questions? Concerns? You are invited to participate in a public meeting to be held by the City of Irvine Planning Commission on Thursday, February 18, 2021, at 5:30 p.m. Specific details about how to participate, which may include either teleconferencing, video-conferencing, or another equivalent option, will be posted online at least

24 hours in advance of the hearing at cityofirvine.org/planningcommission.

CONTACT: For more information or to submit comments in advance of the meeting, please contact Charles

PLANNING COMMISSION 6th CYCLE HOUSING ELEMENT UDPATE STUDY SESSION FEBRUARY 18, 2021 at 5:30 P.M.

PROJECT DESCRIPTION:

The Planning Commission is hosting a study session for the 6th cycle Housing Element Update (HEU) for the 2021-2029 planning period. The Update must comply with the state's requirements and accommodate Irvine's new Regional Housing Needs Assessment (RHNA) allocation. The purpose of the study session is to introduce the HEU and solicit input on the upcoming work effort.

LOCATION:

Citywide

INFORMATION AVAILABLE:

Copies of the staff report, and other project information will be available for review by 5 p.m. on **Thursday**, **February 4, 2021**, online at cityofirvine.org/planningcommission .

INVOLVEMENT:

Do you have any comments? Questions? Concerns? You are invited to participate in a public meeting to be held by the City of Irvine Planning Commission on Thursday, February 18, 2021, at 5:30 p.m. Specific details about how to participate, which may include either tele-conferencing, video-conferencing, or another equivalent option, will be posted online at least 24 hours in advance of the hearing at cityofirvine.org/planningcommission .

CONTACT:

For more information or to submit comments in advance of the meeting, please contact Charles Kovac, Housing Administrator, via email at ckovac@cityofirvine.org or by phone at 949-724-7452 and/or Amy Mullay, Senior Planner, via email at amullay@cityofirvine.org or by phone at 949-724-7454.

6. Planning Commission Study Session Comment Summary and Analysis

Comments and Questions Received at Feb. 18, 2021 Planning Commission Study Session	Who	How Comment was Addressed in HE (if applicable)
Dedicated open space was in exchange for increased density in residential core. Believe it's a bad idea to consider residential in locally protected open space areas regardless of the origin of the protection	Commissioner Gaido; Chair Pierson	Addressed in the Site Inventory section of the HE. No parcels in the HE site inventory are within locally protected open space areas or dedicated park lands.
Best to place units next to jobs and transit in IBC, Spectrum, Great Park, and TOD	Commissioner Gaido; Chair Pro Tem Knowland	Property owner outreach efforts for identifying potential opportunity sites for the HE site inventory focused on major job centers (i.e., Spectrum areas and Irvine Business Complex or IBC) and areas near transit specifically the Irvine Station. The Site Inventory section reflects input from the Irvine's extensive property owner outreach efforts. As indicated under Goals 1 and 2 of the Housing Plan section, it is anticipated that the subsequent General Plan Update and Zoning Ordinance Amendment work effort will maximize density near the Irvine Station with a residential overlay for transit-oriented development and expand the residential overlay and unit cap in the IBC. These overlays are intended to facilitate the creation of higher density urban villages that are master-planned.
Evaluate the City's inclusionary policy; consider a sliding scale for Category 1 and 2 (low-income) rents because rents currently set at high end of the scale or AMI percentage	Commissioner Gaido	Goal 4 of the Housing Plan section of the HE proposes to update the City's existing inclusionary ordinance as part of the subsequent General Plan Update and Zoning Ordinance Amendment work effort. The work effort will include a potential increase, likely at the lowest affordability categories, to mandate 20 percent of new

Comments and Questions Received at Feb. 18, 2021 Planning Commission Study Session	Who	How Comment was Addressed in HE (if applicable)
		housing projects at affordable price points, rather than the current 15 percent.
	In terms of a "sliding scale" approace any affordable housing project that federal, state, or county funding, the applicable regulations regarding incomplimits and allowable rents/purchase govern—and none have a "sliding some that are set by funding source(s) suggested to the formulas for determining affording rent are set by funding source(s) suggested to the finance construction of a project (e. Irvine Community Land Trust and/ordeveloped by an affordable housing developer). The affordable rent form stipulated in legal implementing agreements (such as density bonus agreements and regulatory agreements and regulatory agreements affordability and compliance with the funding source requirements.	
		As for city-only funded or inclusionary ordinance-based units, the caution against having a sliding scale is to avoid allegations of discriminatory effects for a person(s) within a protected class(es) under federal or state housing laws. If rents are determined based on income level—meaning any household/person falling within a particular income category is charged the same amount in rent—with no discretion left on a sliding scale, that is a better way of limiting potential exposure to discrimination allegations.
		From a practical perspective, charging lower rents would result in more of a subsidy being needed. Even if the City could enforce a sliding scale of rents, doing so may incentivize developers to select

Comments and Questions Received at Feb. 18, 2021 Planning Commission Study Session	Who	How Comment was Addressed in HE (if applicable)
		other options such as the in-lieu fee or land dedication options to satisfy obligations, likely resulting in fewer affordable units actually being built. Lastly, deploying a sliding scale approach may be administratively difficult, particularly with annual recertification requirements.
Does the City have a say in timing for various income categories; focus on greatest need to make City livable	Commissioner Gaido; Commissioner Limb	The City's obligation is to plan for the RHNA allocation and to minimize any constraints under the City's control to facilitate construction.
		However, market demand and the ability to piece together the complex financing stacks structure required to fund affordable housing developments will largely dictate whether and when units are constructed.
		Based on past communications (i.e., phone calls), families and seniors are the two biggest categories with the greatest need within the very low and low income categories. Objective HE-G.3 and its related programs in the Housing Plan section focuses on affordable housing for seniors, large families, and other special needs groups.
How many units are needed to accommodate the RHNA?	Chair Pro Tem Knowland	Addressed in the Site Inventory section of the HE. The HE site inventory accommodates the RHNA allocation by income levels.
In terms of easing development standards, we don't want to compromise and create a different standard of living especially parking standards	Chair Pro Tem Knowland	The City will explore revisions to development standards in conjunction with creating residential and mixed-use overlays during the subsequent General Plan Update/Zoning Ordinance Amendment work effort.
		Several affordable housing developers active in the region indicated that providing parking spaces on-site is expensive;

Comments and Questions Received at Feb. 18, 2021 Planning Commission Study Session	Who	How Comment was Addressed in HE (if applicable)
		however, demand for spaces is high
		regardless of income level.
Want to understand "layered" financing options available for affordable housing. As an affordable housing developer, it won't get done without "subsidies". Need adequate financing	Commissioner Limb; Chair Pierson	Neither the federal nor the State government allocates sufficient funding to subsidize the needed affordable units pursuant to the RHNA numbers allocated to each city and county in California. Additionally, no one source of public subsidy is sufficient to fund an affordable housing project.
		One multifamily affordable development can require 5 to 10 funding sources to finance its construction. Developers generally layer or "stack" financing from State and federal tax credits, State housing programs and grants (e.g., SB2), local land donation and other local grants, federal housing programs, and private loans from financial institutions.
		Irvine's inclusionary housing ordinance has been very successful and has facilitated the development of the largest affordable housing portfolio in Orange County with over 4,800 units.
		Addressed in the housing plan section of the HE to increase the affordable in-lieu fee (Policy HE-E.3 under Goal 4). Goal 4 of the Housing Plan section includes policies, programs, and actions for securing and assisting with affordable housing funding. Additionally, PP-I.3 aims to leverage all funding options such as joining the Orange County Finance Trust (OCHFT), a joint power authority comprised of many Orange County cities. OCHFT can provide additional funding options for affordable housing developers.

Comments and Questions Received at Feb. 18, 2021 Planning Commission Study Session	Who	How Comment was Addressed in HE (if applicable)
What kind of affordable housing incentive programs are needed to encourage affordable housing developments?	Commissioner Limb; Vice Chair Huang; Chair Pierson	Addressed in the Housing Plan section of the HE, which includes policies and programs that support the following overarching goals: (1) encourages development of difference housing types to meet the City's needs; (2) maximizes land utilization for residential development; (3) preserves existing affordable housing; (4) encourage more affordable housing units; (5) maximizing solutions for those experiencing or at risk of homelessness; (6) encourage homeownership; (7) improves quality of life and promotes placemaking; and (8) affirmatively furthering fair housing.
Continue partnership with Irvine Community Land Trust (ICLT) with a coordinated approach to meet very low and low income levels	Commissioner Limb	Programs under Objective F of Goal 4 include strengthening the City's relationship with the ICLT, leveraging City owned land for development of 100 percent affordable housing projects, and pursuing land acquisition opportunities with the ICLT.
Consider long-term housing bond structured at cost to City because of historically low interest rates; probably requires super majority vote of voters (e.g., Los Angeles \$1.2 billion bond for supportive housing for homeless Angelinos per Proposition HHH)	Commissioner Limb	Commissioner Limb is presenting a White Paper at the July 1, 2021 Planning Commission meeting, which will include finance staff participation, to facilitate this discussion. As information becomes available, this section will be amended.
Will Circulation Element be updated?	Transportation Commissioner Montgomery via Commissioner Limb	Yes, the circulation element will be updated during the subsequent General Plan Update work effort.
Aware of penalties if jurisdiction does not meet mandated requirements.	Commissioner Limb	Housing Element needs to demonstrate adequate sites to address the RHNA. Irvine's Annual Progress Report (submitted

Comments and Questions Received at Feb. 18, 2021 Planning Commission Study Session	Who	How Comment was Addressed in HE (if applicable)
Provide an example of who has been penalized and to what		to HCD) tracks the status of meeting RHNA in terms of actual construction.
extent.		Staff is not aware of any Southern California jurisdiction that has been subject to Senate Bill 35 by-right streamlining of housing development in cities that are not meeting their housing needs (with prevailing wage requirements). Only several development projects in the San Francisco Bay Area have invoked SB 35 to bypass local opposition or cumbersome permitting timelines.
Ensure this is a transparent process	Chair Pro Tem Knowland; Vice Chair Huang	As outlined in this Public Engagement appendix, Irvine developed and executed a robust public engagement plan to ensure all ages and economic segments of the community are engaged using a variety of outreach methods with strong emphasis on language considerations to ensure effective and culturally diverse communication with the community. A wide range of stakeholders including developers, property owners, Greater Irvine Chamber of Commerce, Building Industry Association of Southern California, Orange County chapter (BIA-OC) residents, people with special needs, and all interested parties were targeted. The overarching goal of the public engagement plan is to inform and involve the community in the Housing Element Update process to help solve issues and/or make informed, sustainable decision (i.e., technically feasible, economically viable, publicly acceptable, and environmentally compatible. Adopted in 2018 to enhance transparency, Irvine's Sunshine Ordinance makes meeting agendas/materials available 12 days in advance, rather than three days per the

Comments and Questions Received at Feb. 18, 2021 Planning Commission Study Session	Who	How Comment was Addressed in HE (if applicable)
		Brown Act. Additionally, all project workshop, public meeting materials, and draft HE and CEQA documentation are or will be posted on-line at the project website, www.cityofirvine.org/HEUpdate .
Address traffic issues	Vice Chair Huang	As part of the General Plan Update work effort, an Environmental Impact Report (EIR) with traffic study will be prepared.
Address impacts to schools, police/fire services, water/sewer, and facilities such as senior centers and libraries	Vice Chair Huang; Ken Montgomery	Notification of all school districts and utilities serving Irvine as well as Orange County Fire Authority (OCFA) and City public safety staff occurred throughout the HEU process.
		As part of the General Plan Update work effort, an Environmental Impact Report (EIR) will be prepared to assess any impacts to schools, police/fire services, water/sewer, and more due to implementing the adopted 6 th cycle HE and accommodating the RHNA.
Address location and adjacency issues to ensure the intended end user (e.g., seniors, people with disabilities or special needs) of housing is able to adapt successfully into the neighborhood	Chair Pierson	Goal 7 and its related policies and programs in the Housing Plan section address quality of life and placemaking to ensure future residents have access to neighborhood amenities and services consistent with Irvine's master planned communities. Additionally, policy HE-G.3 encourages the development of affordable housing within mixed-use projects that have community-serving uses.
		This thoughtful planning approach will be further implemented through the subsequent General Plan Update and Zoning Ordinance Amendment work effort, which will also incorporate a robust community engagement plan.
Need to collaborate and use Commissioner Limb's affordable housing developer knowledge	Chair Pierson; Commissioner Limb	Given the accelerated project schedule, City staff held multiple briefings with City Council officials and Planning Commissioners at each important juncture

Comments and Questions Received at Feb. 18, 2021 Planning Commission Study Session	Who	How Comment was Addressed in HE (if applicable)
Need overall perspective to work. Requesting working session between various commissions to collaborate and discuss		throughout the HEU development process. Additionally, multiple public meetings were held by the Planning Commission and City Council. Any inputs received were considered in the development of the HE. Additionally, all members of Irvine's Planning, Community Services, Finance, and Transportation Commissions were notified by email of the General Community Workshops and will continue to be notified of the upcoming public meetings and adoption hearings.
Our region desperately needs more housing, both affordable and market-rate units. As a small business administrator, the cost of housing has become a huge problem to the sustainability of the economic engine of the State. It is hard to run a business against out of state competition when living standards for CA workers are so strained by the high price of housing.	Alex Portney, Irvine Resident	As indicated under Goals 1 and 2 of the Housing Plan section, it is anticipated that the subsequent General Plan Update and Zoning Ordinance Amendment work effort will maximize density near the Irvine Station with a residential overlay for transit-oriented development and expand the residential overlay and unit cap in the IBC.
It is not a secret that cost of single-family homes may always be high, but absurd rents for apartments is a choice we make. Please allow for higher density zoning.		
As an IBC resident for ten years, it was a pleasure to live there and watching the neighborhood grow. There is no going back to 1990s Irvine by in-action. We must		

Comments and Questions Received at Feb. 18, 2021 Planning Commission Study Session	Who	How Comment was Addressed in HE (if applicable)
affirmatively choose a bright future or a less bright one will choose us.		
We purchased a home here nearly four years ago on the premise and promise that we would have a retail and restaurant center within walking distance in the next couple of years. We paid extra taxes for this luxury. We are still waiting with no real time line. We want to know where the money is going and when the center we were promised will be built.	Deanne Garcia, Irvine Resident	Generally, two basic factors drive the demand for real estate development – net growth and relocation where net growth is the primary driver. Additionally, whether retail uses are developed is based on demand and the geographic area from which a retail business draws most of its customers (i.e., trade area). For most retail spending, this is where people live. In the IBC, employee spending drives a substantial amount of retail sales due to the area being jobs rich.
Chair Pierson asked: Did she indicate what area of the City that she was in? PC Secretary Steinkraus indicated "no."		As we transition out of the COVID-19 pandemic, the implementation of Goal 7 and its related policies and programs in the Housing Plan section address quality of life and placemaking to ensure future residents have access to neighborhood amenities and services consistent with Irvine's master planned communities. Ultimately, similar to housing, development of retail uses is market driven.

March 1, 2021

Subject: Irvine Housing Element Update – Future Housing Sites

Dear Irvine Property Owner:

The City of Irvine is in the process of updating its Housing Element for the 2021-2029 planning period, which is also referred to as the 6th cycle Housing Element Update. Under state mandate, we must plan for a significant number of future housing units, including affordable housing. As part of the 6th cycle update, we are working to identify potential sites that may accommodate residential development in the future. For additional information about the Housing Element update efforts, please visit www.cityofirvine.org/housingelementupdate.

The City is not considering the acquisition of your property for conversion to housing. We are simply attempting to identify possible sites where residential development may be appropriate or feasible in the future regardless of current zoning. While no commitments or decisions have been made, we would like to gauge your interest. If you would like to discuss this potential opportunity in further detail, please contact us via email or phone at:

CHARLES KOVAC
Housing Administrator
CKovac@cityofirvine.org
949-724-7452

MELISSA CHAO Senior Planner mchao@cityofirvine.org 949-724-6395

Or via letter to:

Charles Kovac, Housing Administrator City of Irvine 1 Civic Center Plaza Irvine, CA 92606

We hope to hear back from you by March 25, 2021. If you are interested, please do not let this opportunity pass you by. Please contact us at your earliest convenience.

Thank you for your time and attention to this matter.

Respectfully,

Pete Carmichael

Director of Community Development

主旨: 爾灣市住宅要素更新-未來住宅用地

尊敬的爾灣市業主:

爾灣市正著手更新 2021-2029 年規劃期的住宅要素·也即是第 6 次住宅要素更新。根據州要求·我們必須規劃大量未來住宅單元·其中包括平價住宅。在第 6 次更新中·我們致力於物色可因應未來住宅開發的潛在用地。如需關於住宅要素更新的更多資訊,請造訪www.cityofirvine.org/housingelementupdate。

本市目前不考慮購買您的物業以轉為住宅。我們只是在嘗試物色適合或可以用於未來住宅開發的 用地,暫不考慮目前分區。雖然尚未做出任何承諾或決策,我們仍希望徵詢您的意向。如果您想 要深入討論此潛在機會,請透過電子郵件或電話方式與我們聯繫:

CHARLES KOVAC

Chủ đề: Cập Nhật Yếu Tố Nhà Lưu Trú ở Irvine – Những Khu Vực Nhà Lưu Trú Tương Lai

Kính gửi Chủ Hộ tại Irvine:

Thành Phố Irvine đang trong quá trình cập nhật Yếu Tố Nhà Ở của mình cho giai đoạn quy hoạch năm 2021-2029, hay còn gọi là Cập Nhật Yếu Tố Nhà Ở chu kỳ 6. Theo yêu cầu của Tiểu Bang, chúng tôi phải quy hoạch một số lượng đáng kể đơn vị nhà ở trong tương lai, bao gồm nhà ở giá rẻ. Là một phần trong quá trình cập nhật chu kỳ 6, chúng tôi đang xác định các địa điểm tiềm năng có thể điều chỉnh thích hợp với sự phát triển khu dân cư sau này. Để biết thêm thông tin về những nỗ lực cập nhật Yếu Tố Nhà Ở, vui lòng vào trang www.cityofirvine.org/housingelementupdate.

Thành Phố không xem xét tiếp quản tài sản của quý vị để chuyển sang nhà ở. Chúng tôi chỉ đơn giản cố gắng xác định những địa điểm có khả năng thích hợp hoặc khả năng để phát triển khu dân cư trong tương lai cho dù việc phân vùng hiện tại là gì. Mặc dù chưa có sự cam kết hay quyết định nào, chúng tôi muốn đánh giá sự quan tâm của quý vị. Nếu quý vị muốn thảo luận thêm chi tiết về cơ hội tiềm năng này, vui lòng liên hệ với chúng tôi qua email hoặc điện thoại theo số:

Cám ơn quý vị đã dành thời gian và quan tâm đến vấn đề này.

Trân tr**ọ**ng kính chào, Pete Carmichael **Giám Đố**c Phát Tri**ể**n C**ộng Đồ**ng Asunto: Actualización del informe de vivienda de Irvine: sitios de vivienda futuros

Estimado propietario de Irvine:

La Ciudad de Irvine está en proceso de actualizar su informe de vivienda para el periodo de planificación de 2021 a 2029, conocido también como el 6.º ciclo de actualización del informe de vivienda. Por orden del estado, debemos planificar un número considerable de unidades de vivienda futuras, incluyendo viviendas asequibles. Como parte del 6.º ciclo de actualización, estamos trabajando para identificar sitios que podrían ser adecuados para el desarrollo residencial en el futuro. Para obtener más información sobre los esfuerzos de actualización del informe de vivienda, visite www.cityofirvine.org/housingelementupdate.

La Ciudad no está considerando comprar su propiedad para convertirla en vivienda. Solo estamos intentando identificar sitios en los que el desarrollo residencial podría ser adecuado o viable en el futuro, independientemente de la zonificación actual. Aunque no se tomó ninguna decisión ni se hizo ningún compromiso, queremos saber su interés. Si quiere hablar sobre esta posible oportunidad detalladamente, comuníquese por correo electrónico o por teléfono a:

CHARLES KOVAC
Administrador de viviendas
CKovac@cityofirvine.org

mchao@cityofirvine.org
949-724-6395

O envíe una carta a: Charles Kovac, Housing Administrador

City of Irvine 1 Civic Center Plaza Irvine, CA 92606

Esperamos tener una respuesta suya antes del 25 de marzo de 2021. Si está interesado, no deje pasar esta oportunidad. Comuníquese con nosotros en cuanto pueda.

Gracias por su tiempo y su atención a este asunto.

Atentamente, Pete Carmichael Director de Desarrollo de la Comunidad

موضوع: بهروزرساتی بخش مسکن Irvine - مکان های مسکن آینده

مالک گرامی ملک Irvine:

شهر ایروین در مرحله به روزرسانی بخش مسکن خود برای دوره برنامهریزی 2029-2021 است که از آن به عنوان به روزرسانی بخش مسکن خود برای دولت، ما موظف هستیم برای ساخت تعداد قابل توجهی از واحدهای مسکونی آینده، از جمله مسکن ارزان قبمت، برنامه بریزی کنیم. به عنوان بخشی از به روزرسانی چرخه 6 ام، ما در تلاشیم مکان های بالقوهای را شناسایی کنیم که ممکن است در آینده از نظر رشد مسکونی مناسب باشند. برای کسب اطلاعات بیشتر در خصوص اقدامات به روزرسانی بخش مسکن، لطفاً به سایت www.cityofirvine.org/housingelementupdate مراجعه کنید.

این شهر در نظر ندارد ملک شما را برای تبدیل به مسکن خریداری کند. ما به واقع در حال تلاش برای شناسایی مکان های احتمالی هستیم که امکان رشد مسکونی در آینده صرف نظر از منطقه بندی فعلی مناسب یا امکان پذیر باشد. با وجود اینکه هیچ تعهد و تصمیمی اتخاذ نشده است، ما میخواهیم علاقه شما را بسنجیم. در صورت تمایل به توضیح بیشتر در مورد این فرصت بالقوه، لطفأ از طریق ایمیل یا تلفن با ما تماس بگیرید:

> MELISSA CHAO برنامهریز ارشد mchao@cityofirvine.org 949-724-6395

CHARLES KOVAC مدير امور اسكان CKovac@cityofirvine.org 949-724-7452

یا از طریق ارسال نامه به: Charles Kovac, Housing Administrator City of Irvine Civic Center Plaza 1 Irvine, CA 92606

امیدواریم تا 25 مارس 2021 به ما اطلاع دهید. در صورت تمایل، لطفاً این فرصت را از دست ندهید. لطفاً در اولین فرصت با ما تماس بگیرید.

با تشکر از وقت و توجهتان به این موضوع.

با احترام، Pete Carmichael مدیر توسعه جامعه

الموضوع: تحديث حول بند الإسكان في مدينة إرفاين - مواقع الإسكان المستقبلية

عزيزي السيد/السيدة مالك(ة) العقار في إرفاين:

تمل Irvine إرفاين على تحديث بند الإسكان لفترة التخطيط الممتدة بين 2021 و2029، التي يشار إليها أيضاً باسم تحديث بند الإسكان للدورة السادسة. بموجب تكليف الولاية، يجب علينا التخطيط لعدد كبير من الوحدات السكنية المستقبلية، بما في ذلك الإسكان الميسور التكلفة. وكجزء من تحديث الدورة السادسة، نعمل على تحديد المواقع المحتملة التي يمكنها استيعاب التطوير السكني في المستقبل للحصول على معلومات إضافية حول جهود تحديث بند الإسكان، يرجى زيارة www.cityofirvine.org/housingelementupdate.

لا تفكر المدينة في الاستحواذ على عقارك لتحويله إلى أحد مواقع الإسكان. بل نحاول ببساطة تحديد المواقع المحتملة التي قد تشكل فرصة محتملة أو قد تكون مناسبة للتطوير السكني في المستقبل بغض النظر عن تقسيم المناطق الحالي. وبالرغم من عدم اتخاذ أي التزامات أو قرارات، نود معرفة مدى اهتمامك. إذا كنت ترغب في مناقشة هذه الفرصة المحتملة بمزيد من التفصيل، فيرجى الاتصال بنا عبر البريد الإلكتروني أو الهاتف على:

ميليسا تشاق مسوول تخطيط أول mchao@cityofirvine.org 949-724-6395 تشار از كوقاك مسوول الإسكان CKovac@cityofirvine.org 949-724-7452

أر عبر خطاب إلى: Charles Kovac, Housing Administrator City of Irvine 1 Civic Center Plaza Irvine, CA 92606 نتطلع إلى أن نسمع منك بحلول 25 مارس 2021. إذا كنت مهتمًا، فيرجى ألا تدع هذه الفرصة تفوتك. يرجى التواصل معنا في أقرب وقت ممكن.

نشكرك على وقتك واهتمامك بهذه المسألة.

مع خالص الاحترام، بيت كارمايكل مدير التنمية المجتمعية

March 9, 2021

NRG HOLDING LIMITED 3270 BEAUDRY TER GLENDALE, CA 91208

Subject: Irvine Housing Element Update – Future Housing Sites

Dear Irvine Property Owner:

The City of Irvine is in the process of updating its Housing Element for the 2021-2029 planning period, which is also referred to as the 6th cycle Housing Element Update. Under State mandate, we must plan for a significant number of future housing units, including affordable housing. As part of the 6th cycle update, we are working to identify potential sites that may accommodate residential development in the future. For additional information about the Housing Element update efforts, please visit www.cityofirvine.org/housingelementupdate.

Your property at 12 Mauchley has been initially identified as a potential opportunity site for residential development. The City is not considering the acquisition of your property for conversion to housing. We are simply attempting to identify possible sites where residential development may be appropriate or feasible in the future regardless of current zoning. While no commitments or decisions have been made, we would like to gauge your interest.

The City respectfully requests your consideration for potential future residential development on your property. We would like to discuss this opportunity in further detail. Please contact us via email or phone at:

CHARLES KOVAC
Housing Administrator
CKovac@cityofirvine.org
949-724-7452

MELISSA CHAO Senior Planner mchao@cityofirvine.org 949-724-6395

Or via letter to: Charles Kovac, Housing Administrator City of Irvine 1 Civic Center Plaza Irvine, CA 92606

We hope to hear back from you by March 31, 2021. If you are interested, please do not let this opportunity pass you by. If you are not interested, we would like to hear from you to remove your property from the list. Please contact us at your earliest convenience.

Thank you for your time and attention to this matter.

Respectfully,

Pete Carmichael

Director of Community Development

主旨: 爾灣市住宅要素更新-未來住宅用地

尊敬的爾灣市業主:

爾灣市正著手更新 2021-2029 年規劃期的住宅要素,也即是第 6 次住宅要素更新。根據州要求,我們必須規劃大量未來住宅單元,其中包括平價住宅。在第 6 次更新中,我們致力於物色可因應未來 住宅 開 發 的 潛 在 用 地 。 如 需 關 於 住 宅 要 素 更 新 的 更 多 資 訊 , 請 造 訪www.cityofirvine.org/housingelementupdate。

您位於 12 Mauchley 的物業已初步認定為住宅開發的潛在用地。本市目前不考慮購買您的物業以轉為住宅。我們只是在嘗試物色適合或可以用於未來住宅開發的用地,暫不考慮目前分區。雖然尚未做出任何承諾或決策,我們仍希望徵詢您的意向。

本市懇請您考慮針對您物業的未來潛在住宅開發工作。我們很樂意與您深入討論此機會。請透過電子郵件或電話方式與我們聯繫:

사안: Irvine 주택 요건 업데이트 – 향후 주거용 용지

Irvine 부동산 소유주님께

Irvine 시는 2021~2029 계획 기간의 주택 요건을 업데이트하고 있습니다. 6차 주택 요건 업데이트에서도 관련 내용을 참조하실 수 있습니다. 주에서 지시하는 바에 따라, 저소득층용 주택을 포함해 일정한 수의 향후 주택 세대를 계획해야 합니다. 6차 업데이트의 일환으로 추후 주거용 개발에 적합한 잠재적 용지를 파악하는 작업을 시행하고 있습니다. 주택 요건 업데이트에 대한 자세한 사항은 웹사이트 www.cityofirvine.org/housingelementupdate 를 참고하십시오.

12 Mauchley 에 위치한 귀하의 부동산은 주택 개발에 적합한 잠재적 용지로 초기 확인되었습니다. 시에서는 귀하의 부동산을 주거용 전환을 위해 매입하려는 의사가 없습니다. 당국의 의도는 현구역 구분과 관계없이 향후 택지 개발이 가능하거나 적합한 잠재적 택지를 파악하고자 하는 것입니다. 어떠한 책무가 발생하거나 판단이 결정되는 것은 아니나, 귀하의 생각에 대해 알아보고자합니다.

시 당국에서는 귀하가 소유하신 부동산의 향후 잠재적 택지 개발에 있어 어떻게 고려하시는지 여쭙고 싶습니다. 해당 건에 대해 자세한 사항을 논의하려고 합니다. 다음 연락처로 이메일 또는 전화를 통해 연락해 주십시오.

Chủ đề: Cập Nhật Yếu Tố Nhà Lưu Trú ở Irvine – Những Khu Vực Nhà Lưu Trú Tương Lai

Kính gửi Chủ Hộ tại Irvine:

Thành Phố Irvine đang trong quá trình cập nhật Yếu Tố Nhà Ở của mình cho giai đoạn quy hoạch năm 2021-2029, hay còn gọi là Cập Nhất Yếu Tố Nhà Ở chu kỳ 6. Theo yêu cầu của Tiểu Bang, chúng tôi phải quy hoạch một số lượng đáng kể đơn vị nhà ở trong tương lai, bao gồm nhà ở giá rẻ. Là một phần trong quá trình cập nhật chu kỳ 6, chúng tôi đang xác định các địa điểm tiềm năng có thể điều chỉnh thích hợp với sự phát triển khu dân cư sau này. Để biết thêm thông tin về nỗ nhật Yếu Τố Nhà lưc cập ď, vui lòng những www.cityofirvine.org/housingelementupdate.

Bất động sản của quý vị tại 12 Mauchley ban đầu được xác định là địa điểm có cơ hội tiềm năng phát triển khu dân cư. Thành Phố không xem xét tiếp quản tài sản của quý vị để chuyển sang nhà ở. Chúng tôi chỉ đơn giản cố gắng xác định những địa điểm có khả năng thích hợp hoặc khả năng để phát triển khu dân cư trong tương lai cho dù việc phân vùng hiện tại là gì. Mặc dù chưa có sự cam kết hay quyết định nào, chúng tôi muốn đánh giá sự quan tâm của quý vị.

Thành Phố trân trọng đề nghị quý vị xem xét sự phát triển khu dân cư tiềm năng trong tương lên trên cơ ngơi tài sản của quý vị. Chúng tôi muốn thảo luận cơ hội này một cách chi tiết hơn. Vui lòng liên hệ với chúng tôi qua email hoặc điện thoại theo số:

Chúng tôi hy vọng nhận được thông tin từ quý vị trước 31 tháng Ba, 2021. Nếu quý vị quan tâm, xin đừng để cơ hội này trôi qua. Nếu quý vị không quan tâm, chúng tôi muốn biết thông tin từ quý vị để loại bỏ cơ sở của quý vị ra khỏi danh sách. Vui lòng liên hệ với chúng tôi khi thuận tiện với quý vị nhất.

Cám ơn quý vị đã dành thời gian và quan tâm đến vấn đề này.

Trân trọng kính chào, Pete Carmichael Giám Đốc Phát Triển Công Đồng

Asunto: Actualización del informe de vivienda de Irvine: sitios de vivienda futuros

Estimado propietario de Irvine:

La Ciudad de Irvine está en proceso de actualizar su informe de vivienda para el periodo de planificación de 2021 a 2029, conocido también como el 6.º ciclo de actualización del informe de vivienda. Por orden del estado, debemos planificar un número considerable de unidades de vivienda futuras, incluyendo viviendas asequibles. Como parte del 6.º ciclo de actualización, estamos trabajando para identificar sitios que podrían ser adecuados para el desarrollo residencial en el futuro. Para obtener más información sobre los esfuerzos de actualización del informe de vivienda, visite www.cityofirvine.org/housingelementupdate.

Su propiedad de 12 Mauchley se identificó inicialmente como un sitio de oportunidad potencial para desarrollo residencial. La Ciudad no está considerando comprar su propiedad para convertirla en vivienda. Solo estamos intentando identificar sitios en los que el desarrollo residencial podría ser adecuado o viable en el futuro, independientemente de la zonificación actual. Aunque no se tomó ninguna decisión ni se hizo ningún compromiso, queremos saber su interés.

La Ciudad solicita respetuosamente su consideración de un posible desarrollo residencial futuro en su propiedad. Queremos hablar con usted sobre esta oportunidad detalladamente. Comuníquese con nosotros por correo electrónico o por teléfono a:

CHARLES KOVAC
Administrador de viviendas
CKovac@cityofirvine.org
949-724-7452

MELISSA CHAO
Coordinadora sénior
mchao@cityofirvine.org

الموضوع: تحديث حول بند الإسكان في مدينة إرفاين - مواقع الإسكان المستقبلية

عزيزي السيد/السيدة مالك(ة) العقار في إرفاين:

تعمل مدينة إرفاين على تحديث بند الإسكان أفترة التخطيط الممتدة بين 2021 و2029، التي يشار إليها أيضاً باسم تحديث بند الإسكان الميسور الدورة السادسة. بموجب تكليف الولاية، يجب علينا التخطيط لعدد كبير من الوحدات السكنية المستقبلية، بما في ذلك الإسكان الميسور التكلفة. وكجزء من تحديث الدورة السادسة، نعمل على تحديد المواقع المحتملة التي يمكنها استيعاب التطوير السكني في المستقبل. للحصول على معلومات إضافية حول جهود تحديث بند الإسكان، يرجى زيارة www.cityofirvine.org/housingelementupdate.

تم تحديد الممتلكات الخاصة بك في 12 Mauchley باعتباره مبدئيا أحد مواقع الفرص المحتملة التطوير السكني. لا تفكر المدينة في الاستحواذ على عقارك لتحويله إلى أحد مواقع الإسكان. بل نحاول ببساطة تحديد المواقع المحتملة التي قد تشكل فرصة محتملة أو قد تكون مناسبة التطوير السكني في المستقبل بغض النظر عن تقسيم المناطق الحالمي. وبالرغم من عدم اتخاذ أي التزامات أو قرارات، نود معرفة مدى اهتمامك.

وتطلب منك المدينة أن تتفضل بالنظر في إمكانية التطوير السكني المستقبلي المحتمل لممتلكتك. ونود مناقشة هذه الفرصة معك بمزيد من التفصيل. يرجى الاتصال بنا عبر البريد الإلكتروني أو الهاتف على:

> میلیسا تشاو مسؤول تخطیط أول mchao@cityofirvine.org 949-724-6395

تشارلز كوفاك مسؤول الإسكان CKovac@cityofirvine.org 949-724-7452

أو عبر خطاب إلى:

Charles Kovac, Housing Administrator City of Irvine 1 Civic Center Plaza Irvine, CA 92606

نتطلع إلى أن نسمع منك بحلول 31 مارس 2021. إذا كنت مهتمًا، فيرجى ألا تدع هذه الفرصة تفوتك. إذا لم تكن مهتمًا، فنود أن نسمع منك لإزالة ممتلكاتك من القائمة. يرجى التواصل معنا في أقرب وقت ممكن.

نشكرك على وقتك واهتمامك بهذه المسألة.

مع خالص الاحترام، بيت كارمايكل مدير التنمية المجتمعية

Chủ đề: Cập Nhật Yếu Tố Nhà Lưu Trú ở Irvine – Những Khu Vực Nhà Lưu Trú Tương Lai

Kính gửi Chủ Hô tai Irvine:

Thành Phố Irvine đang trong quá trình cập nhật Yếu Tố Nhà Ở của mình cho giai đoạn quy hoạch năm 2021-2029, hay còn gọi là Cập Nhật Yếu Tố Nhà Ở chu kỳ 6. Theo yêu cầu của Tiễu Bang, chúng tôi phải quy hoạch một số lượng đáng kể đơn vị nhà ở trong tương lai, bao gồm nhà ở giá rẻ. Là một phần trong quá trình cập nhật chu kỳ 6, chúng tôi đang xác định các địa điểm tiềm năng có thể điều chỉnh thích hợp với sự phát triển khu dân cư sau này. Để biết thêm thông tin về những nỗ lực cập nhật Yếu Tố Nhà Ở, vui lòng vào trang www.cityofirvine.org/housingelementupdate.

Bất động sản của quý vị tại 2323 Main St. ban đầu được xác định là địa điểm có cơ hội tiềm năng phát triển khu dân cư. Thành Phố không xem xét tiếp quản tài sản của quý vị để chuyển sang nhà ở. Chúng tôi chỉ đơn giản cố gắng xác định những địa điểm có khả năng thích hợp hoặc khả năng để phát triển khu dân cư trong tương lai cho dù việc phân vùng hiện tại là gì. Mặc dù chưa có sự cam kết hay quyết định nào, chúng tôi muốn đánh giá sự quan tâm của quý vị.

Thành Phố trân trọng đề nghị quý vị xem xét sự phát triển khu dân cư tiềm năng trong tương lên trên cơ ngơi tài sản của quý vị. Chúng tôi muốn thảo luận cơ hội này một cách chi tiết hơn. Vui lòng liên hệ với chúng tôi qua email hoặc điện thoại theo số:

Hoặc qua thư từ gửi đến: Charles Kovac, Housing Administrator

City of Irvine 1 Civic Center Plaza Irvine, CA 92606

Chúng tôi hy vọng nhận được thông tin từ quý vị trước 31 tháng Ba, 2021. Nếu quý vị quan tâm, xin đừng để cơ hội này trôi qua. Nếu quý vị không quan tâm, chúng tôi muốn biết thông tin từ quý vị để loại bỏ cơ sở của quý vị ra khỏi danh sách. Vui lòng liên hệ với chúng tôi khi thuận tiện với quý vị nhất.

Cám ơn quý vị đã dành thời gian và quan tâm đến vấn đề này.

Trân trọng kính chào, Pete Carmichael Giám Đốc Phát Triển Công Đồng

Asunto: Actualización del informe de vivienda de Irvine: sitios de vivienda futuros

Estimado propietario de Irvine:

La Ciudad de Irvine está en proceso de actualizar su informe de vivienda para el periodo de planificación de 2021 a 2029, conocido también como el 6.º ciclo de actualización del informe de vivienda. Por orden del estado, debemos planificar un número considerable de unidades de vivienda futuras, incluyendo viviendas asequibles. Como parte del 6.º ciclo de actualización, estamos trabajando para identificar sitios que podrían ser adecuados para el desarrollo residencial en el futuro. Para obtener más información sobre los esfuerzos de actualización del informe de vivienda, visite www.cityofirvine.org/housingelementupdate.

Su propiedad de 2323 Main St. se identificó inicialmente como un sitio de oportunidad potencial para desarrollo residencial. La Ciudad no está considerando comprar su propiedad para convertirla en vivienda. Solo estamos intentando identificar sitios en los que el desarrollo residencial podría ser adecuado o viable en el futuro, independientemente de la zonificación actual. Aunque no se tomó ninguna decisión ni se hizo ningún compromiso, queremos saber su interés.

La Ciudad solicita respetuosamente su consideración de un posible desarrollo residencial futuro en su propiedad. Queremos hablar con usted sobre esta oportunidad detalladamente. Comuníquese con nosotros por correo electrónico o por teléfono a:

CHARLES KOVAC

Administrador de viviendas CKovac@cityofirvine.org 949-724-7452

MELISSA CHAO

Coordinadora sénior mchao@cityofirvine.org 949-724-6395

O envíe una carta a: Charles Kovac, Housing Administrator

City of Irvine 1 Civic Center Plaza Irvine. CA 92606

Esperamos tener una respuesta suya antes del 31 de marzo de 2021. Si está interesado, no deje pasar esta oportunidad. Si no está interesado, queremos tener una respuesta suya para quitar su propiedad de la lista. Comuníquese con nosotros en cuanto pueda.

Gracias por su tiempo y su atención a este asunto.

Atentamente, Pete Carmichael Director de Desarrollo de la Comunidad

موضوع: بهروزرساتی بخش مسکن Irvine – مکانهای مسکن آینده

مالک گرامی ملک Irvine:

شهر Irvine در مرحله بهروزرسانی بخش مسکن خود برای دوره برنامه ریزی 2029-2021 است که از آن به عنوان بهروزرسانی بخش مسکن خود برای دوره برنامه ریزی 2029-2021 است که از آن به عنوان بهروزرسانی بخش مسکن چرخه 6 ام نیز یاد می شود. مطابق با حکم دولت، ما موظف هستیم برای ساخت تعداد قابل توجهی از واحدهای مسکونی آینده، از جمله مسکن ارزان قیمت، برنامه ریزی کنیم. به عنوان بخشی از بهروزرسانی چرخه 6 ام، ما در تلاشیم مکانهای بالقوه ای را شناسایی کنیم که ممکن است در آینده از نظر رشد مسکونی مناسب باشند. برای کسب اطلاعات بیشتر در خصوص اقدامات بهروزرسانی بخش مسکن، لطفاً به سایت www.cityofirvine.org/housingelementupdate مراجعه کنید.

در وهله اول، ملک شما واقع در 2323 Main Stیبهعنوان یک موقعیت بالقوه برای رشد مسکونی شناخته شده است. این شهر در نظر ندارد ملک شما را برای تبدیل به مسکن خریداری کند. ما به واقع در حال تلاش برای شناسایی مکان های احتمالی هستیم که امکان رشد مسکونی در آینده صرف نظر از منطقهبندی فعلی مناسب یا امکان پذیر باشد. با وجود اینکه هیچ تعهد و تصمیمی اتخاذ نشده است، ما میخواهم علاقه شما را بسنصم

این شهر احتراماً خواستار توجه شما برای رشد بالقوه مسکونی ملک شما در آینده است. مایلیم جزئیات بیشتری در مورد این فرصت مطرح کتیم. لطفا از طریق ایمیل با تلفن با ما تماس بگیرید:

الموضوع: تحديث حول بند الإسكان في مدينة إرفاين - مواقع الإسكان المستقبلية

عزيزي السيد/السيدة مالك(ة) العقار في إرفاين:

تعمل مدينة إرفاين على تحديث بند الإسكان لفترة التخطيط الممتدة بين 2021 و2029، التي يشار إليها أيضًا باسم تحديث بند الإسكان الميسور الدورة السادسة. بموجب تكليف الولاية، يجب علينا التخطيط لعدد كبير من الوحدات السكنية المستقبلية، بما في ذلك الإسكان الميسور التكلفة. وكجزء من تحديث الدورة السادسة، نعمل على تحديد المواقع المحتملة التي يمكنها استيعاب التطوير السكني في المستقبل. للحصول على معلومات إضافية حول جهود تحديث بند الإسكان، يرجى زيارة www.cityofirvine.org/housingelementupdate.

تم تحديد الممتلكات الخاصة بك في Wain St باعتباره مبدئيًا أحد مواقع الفرص المحتملة للتطوير السكني. لا تفكر المدينة في الاستحواذ على عقارك لتحويله إلى أحد مواقع الإسكان. بل نحاول ببساطة تحديد المواقع المحتملة التي قد تشكل فرصة محتملة أو قد تكون مناسبة للتطوير السكني في المستقبل بغض النظر عن تقسيم المناطق الحالي. وبالرغم من عدم اتخاذ أي التزامات أو قرارات، نود معرفة مدى اهتمامك.

وتطلب منك المدينة أن تتفضل بالنظر في إمكانية التطوير السكني المستقبلي المحتمل لممتلكاتك. ونود مناقشة هذه الفرصة محك بمزيد من التفصيل. يرجى الاتصال بنا عبر البريد الإلكتروني أو الهاتف على:

> میلیسا تشاق مسؤول تخطیط أول <u>mchao@cityofirvine.org</u> 949-724-6395

تشارلز كوفك مسؤول الإسكان CKovac@cityofirvine.org 949-724-7452

أو عبر خطاب إلى:

Charles Kovac, Housing Administrator
City of Irvine
1 Civic Center Plaza
Irvine, CA 92606

نتطلع إلى أن نسمع منك بحلول 31 مارس 2021. إذا كنت مهتمًا، فيرجى ألا تدع هذه الفرصة تفوتك. إذا لم تكن مهتمًا، فنود أن نسمع منك لإزالة ممتلكاتك من القائمة. يرجى التواصل معنا في أقرب وقت ممكن.

نشكرك على وقتك واهتمامك بهذه المسألة.

مع خالص الاحترام، بيت كارمايكل مدير التنمية المجتمعية

Subject: Irvine Housing Element Update – Additional Housing Opportunities in

Combination with an Existing Religious Institution

Dear Sir or Madam:

The City of Irvine is in the process of updating its Housing Element for the 2021-2029 planning period, which is also referred to as the 6th cycle Housing Element Update. Under State mandate, we must plan for a significant number of future housing units, including affordable housing. For additional information, please visit www.cityofirvine.org/housingelementupdate.

As part of the update to the Housing Element, the City is interested in accurately estimating potential new housing units and would like to know if you have any interest in developing housing in combination with your existing religious institution on your property in the next eight years.

If you have any questions or would like to report plans for future housing development on your property, please contact us by April 9, 2021 via email or phone at:

CHARLES KOVAC
Housing Administrator
CKovac@cityofirvine.org

CAUTION: This email originated from outside of the organization. Do not click links or open attachments unless you recognize the sender and know the content is safe.

Hello,

In response to the attached letter we received, please note that **we will not be developing housing units on our property for the projected time period.**

A message regarding the same was left on both of your respective voicemails this morning.

Should you have any questions, please let me know.

Thank you,

Pamela Nathanson University Synagogue 3400 Michelson Drive Irvine, CA 92612 949-553-3535 ext#243

April 6, 2021

Kerwin Lau, Manager Planning Services City of Irvine P.O. Box 19575 Irvine, CA 92623-9575

Dear Mr. Lau,

Thank you for your inquiry dated March 26, 2021 wherein you asked if we have any interest in developing housing on our property within the next eight years. We have no plans to do so as the entirety of our property has been committed to the building of and use of our church.

In Christ,

Rev. John E. Janze

Pastor

JEJ/sem

Subject: Irvine Housing Element Update – Additional Housing Opportunities in Combination with an Existing Hotel

Dear Sir or Madam:

The City of Irvine is in the process of updating its Housing Element for the 2021-2029 planning period, which is also referred to as the 6th cycle Housing Element Update. Under state mandate, we must plan for a significant number of future housing units, including affordable housing. For additional information, please visit cityofirvine.org/HEUpdate.

As part of the update to the Housing Element, the City is interested in accurately estimating potential new housing units. We would like to know if you have any interest in developing housing in combination with your existing hotel on your property in the next eight years. Opportunities to develop residential uses could involve converting existing rooms into residential uses on either specific floors or the entire hotel, or policies to house hotel workers on-site. All conversions must meet the U.S. Census definition of a "housing unit" as follows:

A housing unit is a house, an apartment, a group of rooms, or a single room occupied or intended for occupancy as separate living quarters. Separate living quarters are those in which the occupants do not live and eat with other persons in the structure and which have direct access from the outside of the building or through a common hall... Living quarters of the following types are excluded from the housing unit inventory: Dormitories, bunkhouses, and barracks; quarters in predominantly transient hotels, motels, and the like, except those occupied by persons who consider the hotel their usual place of residence; quarters in institutions, general hospitals, and military installations except those occupied by staff members or resident employees who have separate living arrangements.

Given the on-going (affordable) housing crisis in California, the City continues to monitor the availability of various funding sources such as the State's Project Homekey and Roomkey programs, the former of which provided significant grant funding opportunities in 2020. The City would also like to gauge your interest in participating in such programs. Additionally, the City may be able to facilitate partnerships with affordable housing developers.

The City is not considering the acquisition of your property for conversion to housing. However, if you have any questions, are potentially interested in selling your property to help provide more housing opportunities in your community, or would like to report plans for future housing development on your property in the next eight years, please contact Melissa Chao, Senior Planner, at mchao@cityofirvine.org or 949-724-6395 by May 14, 2021.

Sincerely,

Kerwin Lau

RE: IBC Residential

Categories:

Yellow Category

Hi Alex:

As part of the HEU, the State requires the City to submit a site inventory that demonstrates the capacity to accommodate the State mandated RHNA numbers by income level. The City is required to identify specific sites and the realistic number of units for each site. For non-vacant sites, the State requires "substantial evidence" that the existing use will likely be discontinued in 2021-2029 (i.e., HEU planning period). The "gold standard" is a letter from the property owner stating their intention to develop the property with residences during the planning period.

Subsequent to the HEU, the City will embark on phase 2 of the General Plan Update and an associated Zoning Ordinance Amendment to support the HEU/RHNA. We have three years after the adoption of the HEU to balance the applicable policies (e.g., land use and circulation) in the GP as well as upzone/rezone/raise caps and/or create or amend overlays, etc. The City must plan for and maintain the capacity to accommodate the RHNA units whereas the market dictates whether the units are built.

We will be hosting one meeting based on the date/time polled with the highest confirmation level. If you are unable to make the final meeting time, we can schedule a separate call to discuss at your request. I will add you to the HEU/GPU interest list.

sociated Z

What is Your Availability?

Virtual Meeting on Future Housing Sites
Please respond by Tuesday, March 9, 2021

The City of Irvine is updating its Housing Element for the 2021-2029 planning period. Under State mandate, Irvine must plan for a significant number of future housing units, including affordable

housing. We must identify potential sites that may accommodate future residential development. All California cities and counties are required to update their Housing Element every eight years for State certification. The State deadline for Irvine is October 15, 2021.

Staff is in the process of scheduling a meeting on the Housing Element Update (HEU) that primarily focuses on the process of identifying opportunity sites for developing the draft housing element site inventory. Additionally, the meeting will offer the opportunity for participants to ask questions and offer input. Any and all ideas are welcome and not a commitment. *Feel free to send this to others who may be interested.*

Please confirm your availability by taking the poll here:

https://irvineca.seamlessdocs.com/f/futurehousingsitesmeeting

Learn more about the Housing Element Update by visiting www.cityofirvine.org/housingelementupdate.

Charles:

I received your letter on updating the Housing Element and wanted to inquire if you will be raising the residential cap in the IBC. We've done a number of projects in IBC and would like to do more. It would be good to better understand your process.

Thanks, Alex

Date: Wednesday, March 17, 2021 5:30:33 PM

Hi Alex:

Thank you for your idea re: the Boring Company Loop tunnel.

As we eventually shift our focus from the HEU to the GPU in Fall 2021, we will be examining the extent of the changes needed to the Circulation Element to accommodate the demands created by the 6^{th} cycle RHNA/HEU.

I have copied key staff in Transportation Department. We are always looking at alternative and active modes of transportation and shifting people out of their vehicles.

Thanks again,

MELISSA CHAO | SENIOR PLANNER

Thanks for the invite! It was interesting.

In the spirit of "any and all ideas being welcome" below is the link to the tunnel concept in my comment. I think it would alleviate some concerns the Council had addressed about masterplanning vs random development at the Council Meeting while being much more affordable than Light Rail for example. You could also do this in the IBC to link Tustin Station and John Wayne, but it's more complex with Tustin as a partner.

https://twitter.com/AlexPortney/status/1371901342063554560

Thanks for your time.

To City of Irvine:

Following up on the Housing Element discussion on March 16, 2021, we are writing to request that the Desmond Ventures property at 17451 Von Karman Avenue (APN 435-11-06) in Planning Area 36 be included in site inventory for future residential development. The site is 5.9 acres in the IBC and within walking distance of the Diamond Jamboree retail center. It is on Von Karman Avenue, bound on the south and west by railway track and McGaw Avenue to the north. Between 2015 and 2017 the property owner filed applications to allow for property to be included in the residential overlay for IBC and proposed residential development but the City Council did not allow the GPA to move forward because of the IBC unit cap. The property owner representative is Steve Kane at Charles, Kane and Dye, LLP, 949-852-8868 or skane@ckdcounsel.com Please let us know if you have any questions. Thank you.

Hi Andy:

Thank you for discussing 16902 &16912 Von Karman with me yesterday. I added both properties to the housing opportunities sites list.

As the Housing Element Update (HEU) progresses, the City Council will decide which sites will ultimately be included in the final site inventory that is submitted to the State for the HE plan.

For your reference, attached is a Q&A for the March 16, 2021 Future Housing Sites meeting.

Lastly, I added you to the project interest list. You will be notified of opportunities to participate and key project milestones such as the release of the public review draft of the HE.

Please feel free to reach out to us with any questions/concerns.

Thanks,

Subject: RE: Irvine Housing Element Letter

Hi Andy:

I sent a meeting invite at 1:30 pm. If it doesn't work just let me know. My schedule is open on Monday (3/29) afternoon, so anytime will work for me at this point.

Thanks,

MELISSA CHAO | SENIOR PLANNER

HI Mellissa - This week is shot already, but how about next week?

Monday afternoon?

THX

Hi Andy:

I'm just circling back and wanted to share the presentation from yesterday's meeting. Sorry I was unable to call you on Monday.

Do you have availability on Thursday or Friday for a call?

Thanks,

Hi Andy:

Thank you for reaching out to us re: 16902 &16912 Von Karman. City staff and our housing consultant, Hitta, who I have copied on this email are hosting a virtual meeting next Tuesday. Please join us if you happen to be available at 3 p.m.

I'm officially off work today, but need to some "quiet time" to finish another HEU-related work task that is time sensitive. I will call you on Monday to touch base regarding your properties.

Sincerely, Melissa

You're Invited 6th Cycle Housing Element Update -

Virtual Meeting on Future Housing Sites March 16, 2021 at 3 p.m.

The City of Irvine is preparing an update to its Housing Element for the 2021-2029 planning period. Under State mandate, Irvine must plan for a significant number of future housing units, including affordable housing. We must identify potential sites that may accommodate future residential development. All California cities and counties are required to update their Housing Element every eight years for State certification. The State deadline for Irvine is October 15, 2021.

This meeting will provide an overview of the Housing Element Update (HEU) and primarily focus on the process of identifying opportunity sites for developing the draft housing element site inventory. Additionally, the meeting will offer the opportunity for participants to ask questions and offer input. Any and all ideas are welcome and not a commitment. This event is open to the public. *Feel free to send this to others who may be interested.*

For more information and/or if you are unable to attend the virtual meeting and would like to discuss this opportunity, please contact Charles Kovac, Housing Administrator, at ckovac@cityofirvine.org or 949-724-7452 and/or Melissa Chao, Senior Planner, at mchao@cityofirvine.org or 949-724-6395.

To be added to the HEU interest list, please email mchao@cityofirvine.org.

Learn more about the Housing Element Update by visiting www.cityofirvine.org/housingelementupdate.

Join Us for a Virtual Meeting

An overview of the Housing Element Update and related site inventory work effort will be presented during a virtual public meeting on **Tuesday**, **March 16**, **2021 at 3** – **4:30 p.m.** The meeting will be conducted via Zoom.

The Zoom meeting information is below, and the virtual meeting will open approximately 30 minutes prior to the start time at 3 p.m.

CAUTION: This email originated from outside of the organization. Do not click links or open attachments unless you recognize the sender and know the content is safe.

Hello Charles and Melissa -

I received the letter below regarding a property I own in Irvine at 16902 &16912 Von Karman.

I am interested is potentially converting the site to residential use per the letter.

Please let me know what I need to do or who I need to talk to for this.

Thank, Andy 949-378-7296 <image003.jpg>

City of Irvine Future Housing Sites Virtual Meeting on March 16, 2021 from 3 – 4 p.m. Q & A and Comments Received

Question or Comment	Answer or Response
How can we ask question later?	By raising hand, inputting question or comment in the Q & A box, or by contacting Charles Kovac, Housing Administrator, at ckovac@cityofirvine.org and Melissa Chao, Senior Planner, at mchao@cityofirvine.org for assistance.
If ADUs built as affordable units, particularly low/very low, how will that affordability be protected? For what period of time?	There is no requirement for affordability or period of affordability. Staff will follow any guidance on Accessory Dwelling Unit or ADU affordability provided by HCD.
	In terms of meeting the City's RHNA allocation, HCD indicated that jurisdictions could only base their ADU projections on historical data. For Irvine, we average five (5) ADUs per year, so HCD guidance is to allow for a maximum of five times (5x) the historical amount per year. In other words, Irvine can get credit for approximately 25 ADUs per year.
Does the Housing Element require CEQA review?	Yes, the Housing Element Update (HE) requires CEQA (environmental) review. The completion of the HE will follow with an assessment of the changes needed to the other General Plan elements/chapters (such as land use, circulation, and safety). Once the 6 th Cycle HE is adopted by the Council

NHOE HEEL WEST	and submitted to HCD for certification review, staff will embark on the General Plan Update (GPU), and associated Zoning Ordinance Amendment, to the extent needed, to update the policies and regulatory framework to support the adopted HE. It is anticipated that an Environmental Impact Report (EIR), if required, will be completed with this subsequent GPU/ZOA effort with an estimate of three (3) years to complete.
UCI Faculty member, housing scholar, and renter, are renters also stakeholder? Or only property owners?	Everyone is considered a "stakeholder" in the HE process, including but not limited to homeowners, renters, persons of all ages, persons with disabilities, veterans, homeless and persons are risk, businesses, and property owners.
	This particular "future housing sites" meeting is targeted towards non-residential property owners in the Irvine Business Complex (Planning Area 36, IBC) and Spectrum for the purposes of identifying potential opportunity sites.
	The City will host several general community workshops and more focused subject matter meeting(s) starting in April and will publicize those through the project webpage, social media, press releases, and email notifications.
How many sites is the City hoping to identify? Is there a number of sites the state want each city to offer as potential development sites?	Irvine needs to identify enough sites to cover our RHNA allocation by income level plus a buffer for "no net loss" which is a new requirement for 2021. Each city has a different RHNA allocation from the Southern California Council of Governments (SCAG). Irvine's RHNA allocation is the highest in Orange County, and the fifth highest in the SCAG region (i.e., after City of LA, unincorporated LA County, unincorporated Riverside County, and City of Long Beach). SCAG represents six counties, 191 cities and more than 19 million residents.
Will housing units under construction now but not ready for occupancy until 2022 be counted to the current cycle or the 6 th cycle?	Any residential building permit issued on or after July 1, 2021 will count towards the 6 th cycle RHNA allocation.

Itseems like the only way to identify sufficient sites to produce the required number of opportunities is to suggest or imply upzoning or rezoning. What is the City's response to this?	Even though the City is still working on compiling opportunity sites and developing the site inventory, it is likely that eventual rezoning may be required for areas such as the IBC to accommodate the RHNA allocation by income level.
Irvine Homeowners Associations are particularly opposed to ADUs, so that might be a mute point. Although according to recent state bills, the state should be able to overrule such practices	Assembly Bill 670 (2019) prohibits a HOA from prohibiting the construction or use of an ADU for a lot zoned for single-family use. However, a HOA can still impose "reasonable" standards regarding the design and development of ADUs, where feasible.
One of the constraints to more residential development in the IBC is the requirement to transfer DIV's from another site. Will the City be considering adding a provision to allocate additional intensity to a site as determined by the City and not through a DIV transfer from another site.	This would be evaluated as part of a subsequent GPU/ZOA process.
Have you given any thought of the time frame of adopting the subsequent GPAs and zoning amendments to implement the Housing Element?	We anticipate the subsequent GPU/ZOA/EIR will be completed in 2.5 to 3 years.
How do the housing caps in IBC and other area work with the HE update?	It is likely that the maximum unit caps and/or allowed densities may need to be revisited as part of a subsequent GPU/ZOA process.
I'm just a resident of Irvine, but I'd like to nominate the 100+ acres of County owned land at the Great Park. I think our City sued to block building 2,000+ units there. What if we used our leverage instead to increase units here and pressure OC to build more affordable units?	Any site that can accommodate residential uses will be considered.
Also, I have a proposal for a Boring Company Loop tunnel serving Irvine Station and Spectrum district. Las Vegas and Ontario Calif are moving forward with tunnels in their communities. My twitter handle is @alexportney or search #irvine #rhna if you want to check it out.	

Your answer is really concerning. Coming from a citylian government (public sector supposed to serve public, not private interests)	Although not certain what this statement is in reference to, the City is not prioritizing private interests over public interests or vice versa. HThe City is specifically reaching out to property owners in this meeting for assistance in identifying their property as a potential opportunity sites.
If we own property that is commercially zoned but are considering the possibility of converting it to residential, what conversations and when should we have with the City about changes to zoning?	Now is the best time to have any conversations with City staff about potential opportunity sites for the site inventory so that staff and our HE consultant can plan accordingly.
What could happen if HCD doesn't certify the Housing Element the City submits?	Without a HCD-certified HE, Irvine will face substantial fines and penalties and be subject to a 4-year RHNA/HE cycle (instead of the customary 8-year cycle). Additionally, Irvine will be ineligible for critical state and federal grants.
	Lastly, without a certified HE, the State may disallow the issuance of building permits resulting in a potential loss of local land use control and a jurisdiction may be open to litigation based on a legally inadequate General Plan (where the HE is one required topical chapter).
With other 10K housing units at lower income, how will the City ensure affordable housing for this population is addressed on the sites that are proposed to increase capacity or intensity for developments? (Aside from inclusionary) We see many of these sites being developed as market rate now.	In 2012, the State ceased operating local redevelopment agencies, which served as an important component of the affordable housing development landscape. Staff recognizes that funding is a constraint as no City has enough revenues to fund affordable housing development completely.
	As part of the HE process, the City will consider a multi-pronged strategy to support/encourage affordable housing development such as: (1) converting existing units to affordable units; (2) extending expiring affordability covenants; (3) updating Irvine's inclusionary housing ordinance; (4) layering affordable housing funding from the State such as tax credits and grants; and (5) state density bonus laws.
Is there a cost involved in changing zoning from office to residential?	In general, there are costs associated with processing the necessary discretionary development applications (e.g. General Plan Amendment, Zone

Chai -	Change, EIR) to change zoning requirements from office to allowing residential uses. Typically, these costs are the responsibility of the property owner or applicant, but in this case the City will be laying the general ground work with a subsequent GPU/ZOA/EIR, to the extent necessary. However, the property owner (i.e., applicant) would still need to process the specific discretionary application(s) and appropriate CEQA documentation to develop the actual residential project.
Will this meeting be available as a recorded meeting? Is the slide deck available.	This meeting was not recorded to facilitate a free flow conversation. City staff will distribute the slide deck to all meeting attendees and post relevant information on the project webpage at www.cityofirvine.org/housingelementupdate .
Just wanted to clarify that the subsequent GPA/Zoning updates could also include individual requests for GPA/Zone Changes to approve residential.	Yes, the City would consider individual GPA/ZC applications for residential to be incorporated to the extent there is no conflict with the City-initiated GPA/ZOA/EIR. However, this would be determined as part of a subsequent GPU on a case-by-case basis and not the HE.
Can you give a quick overview of when you will publish the housing opportunities sites?	Staff anticipates finalizing the site inventory in Spring 2021. A public review of the draft HE (with site inventory) and CEQA documentation is anticipated to be available in Summer 2021.
Is the City open to considering sites/properties outside the IBC and near the Irvine train station?	Any site that can safely accommodate residential uses will be considered. As the HE process progresses, the City Council will ultimately decide on the final site inventory to be submitted to the State for certification. Please contact Charles Kovac, Housing Administrator, at ckovac@cityofirvine.org and Melissa Chao, Senior Planner, at mchao@cityofirvine.org to discuss opportunities for assistance.
What is the position of the City Council regarding the RHNA numbers? Eager? Enthusiastic?	Throughout the RHNA process (i.e., methodology and allocation), the City has voiced our concerns over the sizeable RHNA allocation and our ability to realistically accommodate the units.

the the	As directed by the City Council on October 26, 2020, the City filed an appeal
'A a	of its Draft RHNA allocation to reduce our allocation. SCAG rejected the City's appeal. The City received its final allocation of 23,610 units on March 4, 2021.
Since Irvine failed to meet its very low and low income RHNA allocations for the 5 th cycle HE, Irvine is subject to SB 35. Very low and low income is systemically left behind so we know the outcome.	Comment noted.
Very low and low income is generally taken care of by affordable housing developers. How does the City participate in the "capital stack?"	Irvine encourages non-profit developers like Jamboree Housing. We recognize that affordable housing development often requires subsidies from the City. In 2011, the State's budget crisis greatly reduced available funding. To be viable, affordable housing developments need to tap into multiple strategies and layered funding sources such as State funding and grants, and by-right automatic density bonus.
How to incentivize at lower affordability levels? Requires a variety of strategies. Think of land use as a subsidy or incentive. Apply more rigorous inclusionary requirements in industrial areas. Want to provide deeper affordability levels and comprehensive services to support the residents.	Comment noted.
How long to complete the rezone?	A rezoning effort could take 2.5 to 3 years and would occur after the adoption of the HE in October 2021.
What percentage of units are required to be low income?	The City's adopted inclusionary housing requirement is 15 percent. For example, if 100 units are developed then 15 units (or 15 percent) are required to be affordable where 5 units are very low income, 5 units are low income, and 5 units are moderate income.

Can we add the Atrium Hotel in the IBC to our HEU site inventory list. The property owner has reached out to me expressing an interest. A few other properties along the MacArthur corridor (across from John Wayne Airport) have been included. I didn't see his property on our list, but seems appropriate to me.

Thanks,

Tim

Hi Tim,

Thank you for your willingness to help us repurposing Atrium Hotel. We are also considering redevelopment of our site for residential use. Are you able to help get our parcel (almost 7 acres) be included as an "opportunity site" for the new housing element study? Please contact me at (949) 374-7797.

Best regards,

Michael Wang Atrium Hotel On Mar 2, 2021, at 5:11 PM, Tim Gehrich < tgehrich@cityofirvine.org > wrote:

Hello Mr. Wang:

As a follow-up to our meeting last week, I did track down a contact at the County of Orange regarding the County's Emergency Home Assistance Program. This would be related to whether any monies are available at the County level to provide housing for homeless or those at risk of being homeless, that could include medically at risk seniors.

Following our meeting, and after further consideration, I think it would be best for you as the property owner to reach out to the County and inquire as to their programs. If, after your discussions with the County, you would like to pursue a modification to the use of the hotel, I will make myself available to meet with you to discuss options and process.

The County contact is: Jason Austin at OC Health Care Agency. E-mail: JAustin@ochca.com

Please let me know if you have any follow-up questions,

Thank you,

Tim

Hi Azad:

I have added 17421 Von Karman Ave to the housing opportunity sites list.

As the Housing Element Update (HEU) progresses, the City Council will decide which sites will ultimately be included in the final site inventory that is submitted to the State for the HE plan.

I added you and Sam to the project interest list. You will be notified of opportunities to participate and key project milestones such as the release of the public review draft of the HE.

Promes:

Note Friday, April 2, was Charles' last day with the City of Irvine, so please direct any future questions/concerns to me.

Thanks,

Hi Craig:

Thank you for your letter.

I will add your property to the housing opportunity sites list for consideration by the City Council for inclusion in the Housing Element site inventory.

If your property is confirmed by the City Council, City staff will ensure that any proposed residential and/or mixed-use overlay is designed to include your property. Please be assured that your property will continue to be subject to the existing General Plan and Zoning Ordinance regulations.

Please feel free to contact me with any further questions/concerns. The City is here to support the community and your continued success.

Subject: RE: Housing Element update - response to request - 15500 Rockfield Blvd, Irvine CA

Hi Erik:

If it is a yes, please confirm you would like you property at ______address range consisting of ______APN(s totaling ## acres to be included as a housing opportunity site. Also, If you have other comments or suggestions, please let us know.

If it is a no, please let us know as well.

Thank you,

Thank you Melissa, this is very helpful.

Yes I am a representative for the Borstein family.

What specific feedback would you like from us?

Is it a simple yes or no answer to being included?

Or would you like us to add more specificity if it's a yes answer?

Hi Erik:

Please see my responses in red below.

By chance, is this your property? I spoke to a building owner that indicated the Borstein family owned the land beneath their units over the spoke.

Feel free to contact us with any further questions/concerns.

Thanks, Melissa

Hadham.

Hi Melissa and Charles,

I am writing to ask a question regarding the letter received from you dated March 1st regarding the housing element update.

Our property is currently zoned General Industrial and the General Plan is Research Industrial.

We have been looking into this internally and you answers to the questions below will be helpful in our decision to support your request or not. I left you both a follow up voicemail today. The following are helpful questions:

- 1. If we agree to identify our property as a housing opportunity site will this in any way prevent us from:
 - a. Continuing our current use in the future?
 No, including your property as a housing opportunity site does not impact the current use now or in the future
 - Prevent us from redeveloping the property including rehabbing, future tenant improvements, expansion
 or modernizing the property consistent with its current land use and zoning?
 No, the property continues to be subject to the current General Plan and Zoning Ordinance.
- 2. If the property were to be added as a housing opportunity site:
 - a. What density category would be considered?

At this time, the City is compiling its opportunity sites list. As the Housing Element Update (HEU) progresses, the City Council will decide which sites will ultimately be included in the final site inventory that is submitted to the State for the HE plan.

In general, there are costs associated with processing the necessary discretionary development applications (e.g. General Plan Amendment, Zone Change, EIR) to change zoning requirements from office/industrial uses to allowing residential uses. Typically, these costs are the responsibility of the property owner or individual processing the application, but in this case, if a property is included in the final site inventory approved by the City Council, then the City will be laying the general ground work with the subsequent General Plan Update/Zoning Ordinance Amendment or residential overlay/Environmental Impact Report, to the extent necessary. However, the property owner (i.e., applicant) would still need to process the specific discretionary application(s) and appropriate CEQA documentation to develop the actual residential project.

According to State housing law, the City has a maximum of three years after the adoption of the Housing Element (anticipated by October 15, 2021 which is the State deadline to submit the adopted Housing Element for certification) to "square up" the General Plan and Zoning Ordinance to be consistent with the adopted Housing Element.

When the City commences the GPU/ZOA work in Fall 2021, we will design the updates to factor in the properties in the final site inventory. For reference, the State uses density as proxy for affordability. They consider 30 dwelling units per acre minimum as "affordable." Recent apartment projects at Los Olivos is about 50 du/ac.

As part of the site inventory, the City must identify the actual site, realistic unit capacity, and associated income levels. So, if you have any recommendations for your site if you decide to participate as an opportunity site, we are open to any suggestions.

b. Would there be an obligation to provide affordable housing on the site?

Yes, Irvine has an inclusionary housing ordinance. It's 15% of the residential units developed split by income category: 5% very low, 5% low, and 5% moderate. For more information, please see Chapter 2-3, Affordable Housing Implementation Procedure: https://library.municode.com/ca/irvine/codes/zoning?nodeld=ZOOR_DIV2AD_CH2-3AFHOIMPR

There is also by-right state density bonus.

Charles is our affordable housing expert, so feel free to ask him additional questions.

- c. Is the City considering an inclusionary housing ordinance? See directly above.
- d. In any way increase our property taxes, assessments or fees?
 No, inclusion of a site on the opportunity sites list would not increase any property taxes, assessments, or fees.
- 3. Are you considering other sites surrounding our Rockfield site for housing opportunity sites and how would this impact our current use?

Any site that can safely accommodate residential uses will be considered. As previously noted as the HE process progresses, the City Council will ultimately decide on the final site inventory to be submitted to the State for certification.

- 4. If housing is eventually developed across the street or adjacent to our property, can the proximity of this future residential use impact our existing use?
 - No development applications have been submitted for District 2 of the Great Park Neighborhoods at this time. If you are within 500' of the project boundary, you will receive project notification letters by mail. If your property is where I think it is, Five Point will need to factor in adjacent land uses at the Planning Area boundary/edge when designing their projects.
- 5. How would the this site land use category be changed? Is it a change to the General Plan Use category? Or is it an overlay?

To be determined as part of the subsequent GPU/ZOA work effort.

Lastly, Can you please provide us with a brief summary of the housing element process, Schedule, and next steps?

Attached is a presentation slide deck on future housing sites for your reference. Please also check

www.cityofirvine.org/housingelementupdate as the project webpage is periodically updated with new information.

I will add you all to the project interest list. You will be notified of opportunities to participate and key project milestones such as the release of the public review draft of the HE.

Thank you,

Erik Pfahler A Senior Vice President erik@borsteinenterprises.com

APN#s 938-370-01 through 938-370-32

Mr. Kovac

We received the City's letter dated March 1, 2021 titled Irvine Housing Element Update – Future Housing Sites and want to thank Melissa Chao for her timely responses to our questions. Irvine Four, LLC is the leased fee owner at the above referenced property in Irvine. The property currently consists of 32 industrial condominium units in seven buildings on approximately 500,000 square feet of land. In the City's March 1st letter, we were asked about our interest in identifying our property as a housing opportunity site.

In response to your query, we would like to express limited and conditional interest in the idea. Our property is a well performing industrial park, and we have no plans of changing the land use. Furthermore, we have contemplated future redevelopment of the property (many years out) consistent with the current General Industrial zone and insist our current rights under the General Industrial zone are retained regardless of any housing opportunity rezoning.

Gonditioned by the above, we would support and not be opposed to the City placing a housing overlay zone over our property allowing for a future application from the landowner to apply for higher density housing on the property consistent with the overlay. But we would oppose any City action that attempts to change the zone away from General Industrial or limits our rights under the General Industrial zone without a specific application requested by the landowner for such change.

We appreciate the need for housing and are supportive of the City's actions to help curb the housing shortage and look forward to seeing and exploring the possibility of participating in your future plans.

Very truly yours,

IRVINE FOUR, LLC

Melissa

Thank you for the call back message. We are interested in having 2900 McCabe Way be considered as a future potential redevelopment site for the 2021-29 planning period. Though we cannot be certain of the site's highest and best use, as the industrial supply base continues to shrink, we would definitely consider either conglomerating our property along with neighboring properties or simply converting our 4 acre site to a residential high rise concept.

Please let me know if there is anything else the City would need at this time other than this email?

Yours very truly,

Mitch Mitchell S. Bloom

You're Invited

6th Cycle Housing Element Update -

Virtual Meeting on Future Housing Sites March 16, 2021 at 3 p.m.

The City of Irvine is preparing an update to its Housing Element for the 2021-2029 planning period. Under State mandate, Irvine must plan for a significant number of future housing units, including affordable housing. We must identify potential sites that may accommodate future residential development. All California cities and counties are required to update their Housing Element every eight years for State certification. The State deadline for Irvine is October 15, 2021.

This meeting will provide an overview of the Housing Element Update (HEU) and primarily focus on the process of identifying opportunity sites for developing the draft housing element site inventory as detailed in the attached property owner outreach letter. Additionally, the meeting will offer the opportunity for participants to ask questions and offer input. Any and all ideas are welcome and not a commitment. This event is open to the public. *Feel free to send this to others who may be interested.*

For more information and/or if you are unable to attend the virtual meeting and would like to discuss this opportunity, please contact Charles Kovac, Housing Administrator, at ckovac@cityofirvine.org or 949-724-7452 and/or Melissa Chao, Senior Planner, at mchao@cityofirvine.org or 949-724-6395.

To be added to the HEU interest list, please email mchao@cityofirvine.org.

Learn more about the Housing Element Update by visiting www.cityofirvine.org/housingelementupdate.

Join Us for a Virtual Meeting

An overview of the Housing Element Update and related site inventory work effort will be presented during a virtual public meeting on **Tuesday, March 16, 2021 at 3 – 4:30 p.m.** The meeting will be conducted via Zoom.

The Zoom meeting information is below, and the virtual meeting will open approximately 30 minutes prior to the start time at 3 p.m.

Re: 2900 McCabe Way, Irvine

Parcel #'s: 435-132-13

435-132-14

Dear Mr. Kovac,

We are the Owners of a four-acre property wherein an 85,000 sq. ft. industrial building currently exists at the above address and parcel numbers. This property has 405 freeway frontage as well as two street access.

While the Ownership has no current plans to change the use of this industrial building, we would be interested in understanding how the City of Irvine would view this property for residential overlay. At one time, KB Homes had made application (with us) in this regard and found that height limitations made development unfeasible.

We would be interested in discussing the matter further.

Yours very truly,

Subject: Irvine Housing Element Update - Future Housing Sites

Dear Irvine Property Owner:

The City of Irvine is in the process of updating its Housing Element for the 2021-2029 planning period, which is also referred to as the 6th cycle Housing Element Update. Under state mandate, we must plan for a significant number of future housing units, including affordable housing. As part of the 6th cycle update, we are working to identify potential sites that may accommodate residential development in the future. For additional information about the Housing Element update efforts, please visit www.cityofirvine.org/housingelementupdate.

The City is not considering the acquisition of your property for conversion to housing. We are simply attempting to identify possible sites where residential development may be appropriate or feasible in the future regardless of current zoning. While no commitments or decisions have been made, we would like to gauge your interest. If you would like to discuss this potential opportunity in further detail, please contact us via email or phone at:

CHARLES KOVAC
Housing Administrator
CKovac@cityofirvine.org

 RE: Housing Element Update

Date: Tuesday, March 23, 2021 12:24:16 PM

Attachments: Irvine Future Housing Sites presentation 3.16.21.pdf

Hi Dave:

Thank you for reaching out to us. Attached is a slide deck on future housing sites for your reference. Please also check www.cityofirvine.org/housingelementupdate as the project webpage is periodically updated with new information.

I added 16580 Aston to the opportunity sites list. The major constraint is that the building appears to be a part of a larger industrial condo development. You mentioned that you could arrange a meeting with the other owners. Do you feel like you can gain widespread concurrence to redevelop a meaningful portion of the development or the entire development?

Please note that as the Housing Element Update (HEU) progresses, the City Council will decide which sites will ultimately be included in the final site inventory that is submitted to the State for the HE plan.

I added you to our project interest list for notification purposes for community workshops, release of public draft of HEU for review, and HEU adoption hearings, etc.

Thanks,

MELISSA CHAO | SENIOR PLANNER

Subject: Housing Element Update

CAUTION: This email originated from outside of the organization. Do not click links or open attachments unless you recognize the sender and know the content is safe.

Good morning Charles,

I am one of the owners of 16580 Aston here in Irvine and recently received a letter from the city regarding future potential housing sites as part of the Housing Element Update. We have potential interest in a future re-zone of our property here for residential purposes. If you would like any

additional discussion with me or some of the other owners in this association, I would be happy to set it up.

Thank you,

Edition.

Dave Barisic 714-448-5921

Overview

- Regional Housing Needs Assessment (RHNA)
- **❖** Housing Element Purpose and Basics
- Site Inventory
- **❖**Next Steps
- ❖ Q & A

Regional Housing Needs Assessment

- RHNA: A minimum number of units by income category each community is required to provide through "adequate sites" and zoning – <u>Mandated by the State</u>
- RHNA for Southern California: 1,341,827
- SCAG responsible for developing methodology and assigning RHNA to Southern CA cities and counties

Final RHNA Allocation

% of County Area Median Income (AMI)	Units
Category 1 (0 – 50 % AMI)	6,396
Category 2 (51 – 80% AMI)	4,235
Category 3 (81 – 120% AMI)	4,308
Category 4 (120% AMI or above; considered "market rate")	8,671
TOTAL	23,610

- Buffer for "no net loss"
- Actual number needed is anticipated to exceed allocation

Housing Element Purpose

State-mandated policy document that:

- ➤ Provides direction for implementation of various programs to meet existing and future housing needs for all income levels in the City
- ➤ Provides goals, policies, programs, and objectives for the preservation of existing housing and development of new housing
- > Demonstrates how the City will accommodate its RHNA allocation

Housing Element Basics

- 5 Major Components:
 - > Review of accomplishments
 - ➤ Housing needs assessment
 - Evaluation of constraints to housing
 - ➤ Identification of housing sites
 - Program strategy to address needs for 2021-2029
- Required to be updated every eight years
- Reviewed by state for compliance with state law

The Housing Element DOES NOT

- Require the City to build the units
- Provide funding
- Authorize construction
 - Projects still need to go through the development review process

Site Inventory

- Analysis of adequate sites suitable to accommodate RHNA in list and map form
 - > Show specific location where future housing can be built
 - > Identify the potential numbers of homes that can be built at those locations
 - ➤ Meet the state's site selection criteria outlined in HCD's guidebook
 - 1. Site appropriately zoned?
 - 2. Site suitable for development?
 - 3. Realistic development capacity?

Locations that are generally "off the table"

- Preserved open space areas
- With sensitive habitat or species
- Where the topography isn't conducive to building (e.g., steep slopes)
- Within flood zones or high-fire areas that aren't safe
- Within areas deemed off-limits by John Wayne Airport (e.g., flight path, airport noise contours)

With little remaining vacant land, where can additional housing possibly go?

- Vacant sites not designated as open space or parks
- Property owners considering development of their properties
- Small contiguous sites suitable for assembly
- Underutilized parcels
- Religious institutions
- Locations where existing housing could become more dense
- Locations near public transit and essential services like retail
- Areas where housing could be added to commercial and light industrial/business parks
- Sites where infrastructure, such as water and sewer service, can support more housing
- Accessory Dwelling Units

Affirmatively Furthering Fair Housing (AFFH)

- Fair and equitable distribution of housing throughout the community
- Protects against communities being overburdened
- Takes into consideration:
 - > A variety of housing types
 - ➤ Mix of affordability levels
 - > Access to transportation, employment, and community resources

Next Steps

Winter 2020-21:

- City Council GPA Scoping Session for Housing Element Update (February 9, 2021)
- Planning Commission Study Session (February 18, 2021)
- Stakeholder outreach (development community)
- Develop site inventory
- Assess goals, policies, and objectives

Spring 2021:

- Community workshops
 - Advertised on social media; information provided in multiple languages.
- Finalize site inventory
- Prepare draft Housing Element and supporting documentation

Next Steps (continued)

Summer 2021:

- Public review of draft Housing Element
- State preliminary review of the draft
- Project briefings with Planning Commission and City Council
- Finalize Housing Element and supporting documentation

Early Fall 2021 – Adoption Hearings:

- Planning Commission
- City Council

State Due Date – October 15, 2021 for certification

WE WANT YOUR INPUT!

Hi Doug:

Thank you for your email. I added all the properties listed below to the housing opportunities site list. As the Housing Element Update (HEU) progresses, the City Council will decide which sites will ultimately be included in the final site inventory that is submitted to the State for the HE plan.

I added you to the project interest list. You will be notified of opportunities to participate and key project milestones such as the release of the public review draft of the HE.

Please feel free to reach out to us with any questions/concerns.

Melissa:

Without obligation or commitment, we also have other properties in Irvine that could possibly be considered for residential development:

18512 MacArthur Blvd.

18482 MacArthur Blvd.

2151 Michelson Drive

2021, 2041, 2061, 2081 Business Center Drive

15791 Rockfield Blvd.

Obviously, these have existing, non-residential uses on them now and some are in the IBC. But, we have lease expirations on these properties in both the near- and medium future.

Thanks for communicating with us and keeping us aware of the ongoing work to provide housing in the city.

Mr. Kovac:

I am writing in response to the Irvine Housing Element letter we received recently from Pete Carmichael and the City of Irvine. The company I work for, Property Reserve, Inc., owns various properties in the city. We are responding to indicate that we are potentially interested in opportunities to redevelop our sites for future residential use though we cannot firmly commit to such a re-use at this time. We understand this General Plan Housing Review will require further study and time with changes throughout the process. We would like to be kept aware of the city's efforts over the coming months and years. If you wish to discuss our properties further, you may contact me at the number below.

Thank you.

Hi Emily:

Thank you for joining us yesterday. I hope you found the meeting informative.

To confirm, 2152 Dupont Dr. is already on the opportunity sites list based on our previous email communications dated March 5, 2021. As the HEU process progresses, the City Council will ultimately decide on the final site inventory to be submitted to the State for HE certification.

You have been added to the project interest list and will be notified of project milestones and additional opportunities to participate.

Thank you,

Hi Melissa,

e rilling

Thank city of Irvine for hosting the meeting to share the housing updates.

To be properly considered, we would like to know if our site could be identified as the opportunity site that allow us to develop the multifamily later.

The property info is listed as below:

Address: 2152 Dupont Dr., Irvine, CA 92612

APN: 44511110

The nearest cross street is Michelson Dr.

1

I also attached the IBC overlay map to show where we are located.

We have great interest to develop our site into multifamily as city plan, so please support and assist us to reach the goal.

Thank you,

Emily Yau

What is Your Availability?

Virtual Meeting on Future Housing Sites
Please respond by Tuesday, March 9, 2021

The City of Irvine is updating its Housing Element for the 2021-2029 planning period. Under State mandate, Irvine must plan for a significant number of future housing units, including affordable housing. We must identify potential sites that may accommodate future residential development. All California cities and counties are required to update their Housing Element every eight years for State certification. The State deadline for Irvine is October 15, 2021.

Staff is in the process of scheduling a meeting on the Housing Element Update (HEU) that primarily focuses on the process of identifying opportunity sites for developing the draft housing element site inventory. Additionally, the meeting will offer the opportunity for participants to ask questions and offer input. Any and all ideas are welcome and not a commitment. *Feel free to send this to others who may be interested.*

Please confirm your availability by taking the poll here:

https://irvineca.seamlessdocs.com/f/futurehousingsitesmeeting

Learn more about the Housing Element Update by visiting www.cityofirvine.org/housingelementupdate.

For more information, please contact Charles Kovac, Housing Administrator, at ckovac@cityofirvine.org or 949-724-7452 and/or Melissa Chao, Senior Planner, at mchao@cityofirvine.org or 949-724-6395.

Hello Charles,

I recently received a letter from the city in regards to potential site for residential development.

I'm interested in learning more about the program. Our location at 2500 white rd. might just be the ideal location for such project. Feel free to reach out so we can perhaps discuss this matter.

Best regards,

Farhad Abdollahi.

Hi Melissa.

It was a pleasure speaking with both of you yesterday.

Please be advised that Derby Holdings Ltd. wishes to have its property located at 16680 Armstrong Ave., Irvine added to the City's site inventory for the Regional Housing Needs Assessment allocation, as a site for future residential development.

Please kindly confirm receipt of this email.

A potential constraint that will need to be considered and further researched is the proximity to the end of the airport runway (i.e., 4,127 feet).

i im, Mar

To clarify, the City will not be developing or redeveloping sites into residential uses. Subsequent to the adoption of the HE, the City will be laying the general ground work with a subsequent and more detailed planning effort (i.e., General Plan Update, Zoning Ordinance Amendment, and Environmental Impact Report) to the extent necessary. However, the property owner or developer (i.e., applicant) would still need to process the specific discretionary application(s) and appropriate California Environmental Quality Act (CEQA) documentation to develop the actual residential project.

I added you to our project interest list for notification purposes for community workshops, release of public draft of HEU for review, and HEU adoption hearings, etc. Please also check www.cityofirvine.org/housingelementupdate as the project webpage is periodically updated with new information.

Feel free to contact us with any further questions.

RE: Opportunity Sites List

Dear Charles:

19:011 \ 31

GFE MacArthur Investments, LLC is the owner of the 7-acre office and former restaurant project located at 18872, 18912 and 18952 MacArthur Boulevard in Planning Area 36. We are in the process of determining the highest and best future use for the property and would like to consider future residential use. We believe that residential uses would be compatible with the surrounding neighborhood and promote the successful live-work environment that exists within the Irvine Business Complex.

Please add the above-referenced addresses to your Opportunity Sites List for the upcoming 6th Cycle Housing Element Update. You can reach me at (949) 551-6688 or our consultant, Tim Strader Jr. of Starpointe Ventures at (949) 622-0420 if you have any questions or require any additional information.

Sincerely,

Sean S. Cao

Q&A FINAL.pdf

Categories: Yellow Category

Hi Hadi:

I added 13805 Alton Pkwy, #D to the opportunity sites list. Based on our March 26 telephone conversation, this site may be challenging for redevelopment as there are multiple building owners. As the Housing Element Update (HEU) progresses, the City Council will decide which sites will ultimately be included in the final site inventory that is submitted to the State for the HE plan.

For your reference, attached is a Q&A for the March 16, 2021 Future Housing Sites meeting.

Lastly, I added you to the project interest list. You will be notified of opportunities to participate and key project milestones such as the release of the public review draft of the HE.

Please feel free to reach out to us with any questions/concerns.

Thanks,

Hi Charles,

My name is Izzak Mireles and I'm a constituent here in the City of Irvine and I'm interested in being a part of the Housing Element update. Unfortunately, I was unable to make yesterday's meeting; is there a way to get access to the webinar and/or mailing list to keep receiving updates?

Thank you so much for your time.

Best,

Izzak Mireles | Assistant Planner

Subject: RE: Housing Element Meeting - March 16th

Hi Jeanne:

This stakeholder meeting is targeted towards non-residential property owners in the IBC and Spectrum for the purposes of identifying potential opportunity sites, so we did not place it on the general City Calendar.

We plan to host several general community workshops in April and will publicize those through the project webpage, social media, press releases, and email notifications.

If you are interested in attending tomorrow's meeting, I can provide you with a Zoom link.

Thanks,

You're Invited

6th Cycle Housing Element Update -

Virtual Meeting on Future Housing Sites March 16, 2021 at 3 p.m.

unignes.

BACKERSHILL II

The City of Irvine is preparing an update to its Housing Element for the 2021-2029 planning period. Under State mandate, Irvine must plan for a significant number of future housing units, including affordable housing. We must identify potential sites that may accommodate future residential development. All California cities and counties are required to update their Housing Element every eight years for State certification. The State deadline for Irvine is October 15, 2021.

This meeting will provide an overview of the Housing Element Update (HEU) and primarily focus on the process of identifying opportunity sites for developing the draft housing element site inventory as detailed in the attached property owner outreach letter. Additionally, the meeting will offer the opportunity for participants to ask questions and offer input. Any and all ideas are welcome and not a commitment. This event is open to the public. *Feel free to send this to others who may be interested.*

For more information and/or if you are unable to attend the virtual meeting and would like to discuss this opportunity, please contact Charles Kovac, Housing Administrator, at ckovac@cityofirvine.org or 949-724-6395.

Subject: RE: Irvine Site

Hi Jeremy: 'a de'

Sorry for the delay in responding. We sent out property owner outreach letters re: future housing sites and have received quite a few inquiries and inputs.

Staff identified 5481 Bryan Ave as an opportunity site as well. By chance, do you know if the site has any restrictions such as being dedicated towards agricultural uses? The City will need to identify any potential constraints to residential development.

I will add the property to the opportunity sites list.

Also, I will add you to the project interest list. As the Housing Element Update process progresses, you will be kept informed of any participation opportunities and project milestones such as the release of the draft HEU document for review. Note that the City Council will make the final determination on which sites will be included in the site inventory submitted to the State as part of the HE.

Please feel free to contact me with any further questions/concerns.

Thank you,

Hi Tim and John:

Thank you for the letter. I have added Lakeshore to the opportunity sites list. As the Housing Element Update (HEU) progresses, the City Council will decide which sites will ultimately be included in the final site inventory that is submitted to the State for the HE plan.

To confirm, given the focus on the health club, stand-alone restaurant, and common areas would you feel comfortable including the three highlighted parcels on the list? The three parcels total to 8.61 acres.

Lakeshore Towers	18007 Von Karman Ave	98-220	2	445 39
Lakeshore Towers		38584-LL	A	445 44
Lakeshore Towers	18051 Van Karman Ave	89-274	3	445 34
Lakeshore Towers	18101 Von Karman Ave	89-274	1	445 33
Lakeshore Towers	18111 Von Karman Ave	38584-LL	1	445 32
Lakeshore Towers	18191 Von Karman Ave	98-220	1	445 40
Lakeshore Towers	18155 Von Karman Ave	89-274	6	445 43
Lakeshore Towers	18155 Von Karman Ave	89-274	5	445 42

I will add John to the project interest list. You both will be notified of opportunities to participate and key project milestones such as the release of the public review draft of the HE.

Please feel free to reach out to us with any questions/concerns.

Thanks,

LAKESHORE

March 24, 2021

Mr. Charles Kovac Housing Administrator City of Irvine 1 Civic Center Plaza Irvine, CA 92606

RE: Opportunity Sites List

Dear Charles:

Lakeshore is an approximately 15 acre mixed-use business complex consisting of approximately 900,000 square feet of office, health club, retail, and restaurant uses. We are in the process of determining the highest and best replacement use for the health club facility site, the existing standalone restaurant site, and the adjacent common area and would like to consider future residential use. The uses collectively occupy approximately a 9 acre portion of the property. We believe that residential uses would be compatible with our existing uses and promote the successful live-work environment that exists within the Irvine Business Complex.

Please add Lakeshore to your Opportunity Sites List for the upcoming 6th Cycle Housing Element Update. You can reach me at (949) 955-5253 if you have any questions or require any additional information.

Sincerely,

John Brand

Mr. Charles Kovac Housing Administrator City of Irvine 1 Civic Center Plaza Irvine, CA 92606

RE: Opportunity Sites List

Dear Charles:

Gemdale 2400 Barranca Holdings, LLC is the owner of the 5-acre approximate 69,780 square foot office and industrial building located at 2400 Barranca Parkway in Planning Area 36. The property has been entitled for a 275,000 square foot office development and is currently subject to a CEQA challenge. We fully intend to develop the office project as proposed but given the legal challenge to the office entitlement, we would like to consider future residential use depending on the outcome of the CEQA challenge. We believe that residential uses would be compatible with the surrounding neighborhood and promote the successful live-work environment that exists within the Irvine Business Complex.

Please add the above-referenced addresses to your Opportunity Sites List for the upcoming 6th Cycle Housing Element Update. You can reach me at (240) 305-3019 or our consultant, Tim Strader Jr. of Starpointe Ventures at (949) 622-0420 if you have any questions or require any additional information.

Sincerely,

Josh Goldman

Hi Junghwan:

Thank you for your input. The 6th cycle Housing Element Update (HEU) is required by the State. The State assigned 1,341,827 units to the Southern California region. In turn, the Southern California Association of Governments (SCAG) allocated Irvine almost 24,000 new units because of our two regional job centers. The City vehemently argued against our unit allocation, but our appeal was recently denied by SCAG.

Unfortunately, if Irvine does not get our HEU certified/approved by the State, Irvine is subject to harsh penalties such as substantial fines, lawsuits, and ineligibility for grant funding for transportation improvement projects. To clarify, it is not the City or City Council that wants to develop more housing beyond the maximums in our adopted master plan, it is the State's initiative. Thus, we are tasked with planning to accommodate the required unit allocation by income level to maintain the Irvine's quality of life. However, the market will ultimately determine if and when units are built.

I will add you to the project email notification list. To learn more, please go to www.cityofirvine.org/housingelementupdate.

Hello,

As a long time resident of Irvine, i wanted to voice my opinion regarding the letter referenced above. I have lived in Irvine since 1998. This has been a great place to live, work and play. Unfortunately, due to continued development of available land for housing with increased density, the quality of life in the City has deteriorated. The problems and issues of urban over development has increased, yet the

City and the Council wants to develop some more. The Letter like this tells me that the City is moving in the wrong direction. It is time to stop further development of this City, and stop planning for construction of future housing units.

Sincerely,

Junghwan Choi.

Hi Melissa,

Yes, thank you. I've let the property owner know that too and I think he was disappointed in the other attempts by developers and believes he has a more personal relationship with the neighborhood and doesn't want them upset so he's is working on different ideas. I'll let you know if I learn anything more.

Hi Melissa,
Thank you for your efforts, here is the final property in Centerpoint for inclusion in the Housing Element opportunity sites. Could you please confirm that you have received this request? And that is included with the other 7 parcels?
Thank you.
Please include the property in the list of properties Chank you'
1. The property address is 19742 MacArthur Blvd., Irvine, California 92612
2. Property ownership: Bates Johnson Building, Ltd., a California Limited Partnership
3. Orange County Assessor's Parcel Number: 445-132-11
Please confirm we have been successfully added to the list of properties to be included in the planned amendment, and ask that we be added to any mailing list or other information transmittal relative to the City of Irvine's plans in this regard.
Thanks for your help!

Hi Melissa,

The owners of the bank building within Centerpointe also would like to participate as an opportunity site. Their parcel number is 445-132-09, 19752 MACARTHUR BLVD IRVINE, CA 92612. These owners are all part of the same association. We have one more owner to talk with - and expect to talk this afternoon or tomorrow.

Thank you all for such an inclusive and transparent outreach session. It's an example I have been sharing with other communities, so well done.
For Corporate Park, I'll check in with their representative here and let you know.
th Melissa;
There is another property owner in Centerpointe that is very interested in participating, Billy and/or Doug who control a couple of parcels. I gave them your contact information but also offered to assist them as part of a larger vision should they choose to go in that direction.
The tennis club owner has some interesting thoughts on how to work with the community.
Also, have had discussions with another private owner on MacArthur for mixed use.
I will keep you posted. Have a very nice evening!
Karen

Hi Karen:

For the first one at 17832/17840 Gillette Ave (i.e., Ann's pending application), added to the housing opportunity sites list (i.e., APNs: 435-111-30, 435-111-27, and 435-111-28).

For the second one, I've recently communicated with NexGen Pharma representatives (i.e., Kyle & Steven Brown) re: 17802 Gillette and the adjacent vacant parcel and have come to the conclusion that the lease timing is not conducive to include the two parcels for the 6th cycle HEU.

For the third one, I've added the Racquet Club to the housing opportunity sites list:

For the fourth one, added 19722/19732 MacArthur and 19782 MacArthur in Centerpointe to the housing opportunity sites list.

For the fifth one, added 46 Corporate Park to the opportunity sites list with status as "pending" owner determination.

Including a property in the opportunity sites list does not preclude the owner from continuing their land uses under the existing General Plan and Zoning Ordinance regulations. As the Housing Element Update (HEU) progresses, the City Council will decide which sites will ultimately be included in the final site inventory that is submitted to the State for the HE plan.

For your reference, attached is a Q&A for the March 16, 2021 Future Housing Sites meeting.

Lastly, I added you to the project interest list. You will be notified of opportunities to participate and key project milestones such as the release of the public review draft of the HE.

Please feel free to reach out to us with any questions/concerns.

OWNERSTAND

OLE PROPERTY.

Hi Melissa and housing team. Your presentation was so well done, thank you for all the information you provided to the property owners.

I am working with several property owners that would like to be considered as housing opportunity sites.

The first one is on Gillette - we have 27 very low-income units include in our proposal that is currently sitting in planning commission continuance to a date uncertain because of the IBC cap. (Marika I sent you a separate email with the reference within my email to Ann Wuu in current planning)

The second one is property immediately adjacent to the above - 17802 Gillette Ave, Irvine, CA and the vacant property behind it. Note that this is with property owner not tenant so please keep confidential. (Please do not include until we discuss)

The third is the Racket Club -5 Ethel Coplen Way Irvine, CA 92612, I'm working with Greg Michaels who is partners with the Owner.
The fourth is two properties 19782 and 19722 MacArthur in Centerpointe.
The fifth is 46 Corporate Drive - (do not include until we discuss)
May we sit down to discuss these sites for inclusion in the housing opportunity sites? Also, would you explain what the limitations may be of inclusion as an opportunity site? One of the owners is concerned that if they are included the feasibility doesn't make sense that the city would not allow them to request other land use entitlements.
Thank you,
Karen ind

Hi Karsen and Terence:

I forwarded a separate email re: virtual meeting on future housing sites. Just in case, here is the link to confirm your availability by taking the poll here: https://irvineca.seamlessdocs.com/f/futurehousingsitesmeeting

We will be hosting one meeting based on the date/time polled with the highest confirmation level. If you are unable to make the meeting time, we can schedule a separate call to discuss.

Thanks,

MELISSA CHAO | SENIOR PLANNER

Good Afternoon Charles and Melissa,

My name is Karsen and I'm the Facilities Manager for Action Sales, located in 2660 Barranca Pkwy in Irvine. We have recently gotten a letter in regards to the Irvine Housing Element Update for future housing sites, and we want to reach out and let you know that we may be interested on this project in the future.

Please feel free to contact me directly on the cell or email should you have more information about the project. Thank you very much for your time.

Hi Kurt

I apologize for the oversight if you received the Property Owner outreach letter. Unfortunately, there is not much vacant developable land in the City and the State is forcing all California jurisdictions to plan for additional housing beyond what is currently in our adopted planning documents. However, we are scouring the rest of the

Irvine Business Complex and Spectrum areas for potential housing sites first.

I think it is safe to say that Construction Circle (i.e., IBC Industrial zone) and dedicated open space/parks would be the last areas we would consider for residential uses. We recognize Construction Circle houses specialized land uses and is least ideal in terms of land use compatibility.

Thank you for your input and please feel free to reach out to us with any further questions/concerns,

To Whom it may concern

We received a notice re Future housing sites.

This is concerning as we have been here since 1976 and was part of the Irvine Masterplan.

That plan seems to change every year.

Irvine was built for a certain amount of residents and businesses now it is being changed on a per project basis.

We would encourage you to look in undeveloped areas or some of the abandoned large tilt ups that have moved manufacturing elsewhere.

Construction circle services the community for various trades from landscaping, construction, recycling Auto large cell towers that feed smaller sites and various equipment storage that is not available any where else in the city.

Please feel free to call me if you have any questions . Thank you for reaching out.

Sincerely,

Kurt Cutler President

Thanks for your response Melissa,

We believe that our best option will be to keep the two parcels tied together and redevelop them both for the same project. We suspect that our tenant will be trying to buy their way out of their lease before it is up in 10 years and will not likely be there in 15 years but we have no way of knowing that for sure. Not sure how that impacts your report. Let me know if we can be of further help,

Kyle

Subject: RE: Future Housing Site - 17802 Gillette

Hi Kyle:

Attached is a recent presentation slide deck regarding future housing sites for your reference.

The State requires the Housing Element be updated every eight years. Sites that are placed on the opportunity sites list for City Council consideration for inclusion in the final Housing Element site inventory are those that have a high interest level and potential for redevelopment in the next eight years. However, the market ultimately determines if the homes are built.

I would be reluctant to place your property on the opportunity sites list for this planning period (2021-2029) given your property is potentially tied up for 15 years. However, if you feel there is a high likelihood that the lease could be broken if the finances are favorable enough to do so, I can include the property in the sites inventory list. Otherwise, you can consider being included 8 or 16 years later during the next update cycles.

Please let me know and/or if you would like to discuss further via a phone call.

Thanks,

MELISSA CHAO | SENIOR PLANNER

To whom it may concern,

I am a member of Lebruns, LLC which owns 17802 Gillette. We recently received a notice that the city was investigating the possibility of that address being used for residential purposes in the future. We currently have the property tied up in a lease that could potentially last up to 15 years from now. We are open to any use in the future that maximizes the long-term value of the property. All options are on the table as far as we are concerned.

I hope that this helps you in your planning,

6th Cycle Housing Element Update -

Virtual Meeting on Future Housing Sites March 16, 2021 at 3 p.m.

The City of Irvine is preparing an update to its Housing Element for the 2021-2029 planning period. Under State mandate, Irvine must plan for a significant number of future housing units, including affordable housing. We must identify potential sites that may accommodate future residential development. All California cities and counties are required to update their Housing Element every eight years for State certification. The State deadline for Irvine is October 15, 2021.

This meeting will provide an overview of the Housing Element Update (HEU) and primarily focus on the process of identifying opportunity sites for developing the draft housing element site inventory as detailed in the attached property owner outreach letter. Additionally, the meeting will offer the opportunity for participants to ask questions and offer input. Any and all ideas are welcome and not a commitment. This event is open to the public. *Feel free to send this to others who may be interested.*

11-

For more information and/or if you are unable to attend the virtual meeting and would

like to discuss this opportunity, please contact Charles Kovac, Housing Administrator, at ckovac@cityofirvine.org or 949-724-7452 and/or Melissa Chao, Senior Planner, at mchao@cityofirvine.org or 949-724-6395.

To be added to the HEU interest list, please email mchao@citvofirvine.org.

Learn more about the Housing Element Update by visiting www.cityofirvine.org/housingelementupdate.

Join Us for a Virtual Meeting

An overview of the Housing Element Update and related site inventory work effort will be presented during a virtual public meeting on **Tuesday**, **March 16**, **2021 at 3 – 4:30 p.m.** The meeting will be conducted via Zoom.

The Zoom meeting information is below, and the virtual meeting will open approximately 30 minutes prior to the start time at 3 p.m.

CPW Hudson Noise Concerns

Yellow Category

Hello Lele,

Thank you for your email. Complaints regarding homeowner's associations should be directed to the California Department of Real Estate.

With regard to interior noise within the residence, builders are required to meet standards within the California Building Code. As, Ms. Chao indicated those standards are met prior to the project approval.

The subject site is located within the Irvine Business Complex ("IBC"). When a buyer purchases a home or tenant rents within the IBC areas, disclosures are provided from either the builder or community manager to the residents advising of the noise impacts from the adjacent airport, freeways and industrial businesses. This being said, the freeway noise would be considered ambient and not a violation of the noise ordinance. You may consider reaching out to the builder/developer to see if they can offer you further assistance with your concerns.

Hi Lele:
Thank you for your input.

The CPW Hudson buildings would need to meet all applicable noise requirements in order for the project to be approved.

The City does not regulate HOAs and does not have the jurisdiction or resources to do so. Please visit the City's HOA webpage for more information here: https://www.cityofirvine.org/community-development/irvine-homeowners-associations

Subject: Thanks for your concern

CAUTION: This email originated from outside of the organization. Do not click links or open attachments unless you recognize the sender and know the content is safe.

Dear Charles and Melissa,

Hope this email finds you well.

I do not have any suggestion for new places, but I feel the plan for Central Park West Hudson buildings was very bad, it is too close to the freeway it should have not passed the city plan. And Lennar did not even built a sound abatement wall for it. I am very disappointed to the location regarding the noise issue.

Also I would like to bring your attention to the quality of HOA services that homeowners get. A community should not just be threw to HOA company, and there is no law and no department supervises HOA. HOA company especially First Service Residential, they only collect money, and do no jobs. They lie and cheat to homeowners and no consequences to them. The HOA is a failure of the whole housing system.

No homebuilder should get involved in HOA set up, Lennar has their employee sits on 12 boards at the same time, you think she cares any one of the communities? You think she would know anything is going on in the community? Why there is no rule to regulate when she needs to leave? She does not want to leave even a long time after the units are all sold. She left when she is ready, not when the homeowners are ready. There is no rule to regulate them, they are the rule! And on the other hand HOA company wants and loves Lennar representatives sitting on our board, because both parties do not care about the community.

If you are going to plan any new community, I hope you can think and plan something about HOA. Or do something, forward this email to the correct people, to do something to change the current issue.

Now the outside houses are looking good; but how about the inside of a community?

leave"

Best regards,

Lele Kyles

Hi Marka Che

Thank you for discussing your property with me. I have added it to the draft opportunity sites list.

Attached is the State's HCD housing element site inventory guidebook. In terms of examples of "substantial evidence" for non-vacant sites, please refer to page 27. Frankly, given our sizeable RHNA unit allocation from the State/SCAG, we will be fortunate to successfully call/email with all interested property owners.

We'll be sending out a meeting invite with Zoom link for the stakeholder (virtual) meeting later this week. Also, I will add you to the project interest/email notification list.

Have a great evening and thank you,

Hi Melissa,

Sorry we've had trouble connecting by phone.

As you are aware, I am responding to your letter dated March 1, 2021 regarding potential sites that may accommodate residential development. Please note the following:

- My interest is high and I have certain time constraints.
- Current tenant has an option to purchase, effective February 2022.
- I've been speaking with CBRE, waiting to review their marketing plans and anticipate beginning in April.
- Question City have relationships with developers that you may want to refer me to?
- We will have to overcome the Auto Center CC&R's.

My contact information and the property address is listed below. Please feel free to contact me and I will be more diligent about keeping my phone with me.

Sincerely,

Mark Dershem

Megan Kirkeby, Acting Deputy Director Division of Housing Policy Development

SUBJECT:

Housing Element Site Inventory Guidebook Government Code Section 65583.2

The housing element of the general plan must include an inventory of land suitable and available for residential development to meet the locality's regional housing need by income level. The purpose of this Guidebook is to assist jurisdictions and interested parties with the development of the site inventory analysis for the 6th Housing Element Planning Cycle and identify changes to the law as a result of Chapter 375, Statutes of 2017 (AB 1397), Chapter 958, Statutes of 2018 (AB 686), Chapter 664, Statutes of 2019 (AB 1486), and Chapter 667, Statutes of 2019 (SB 6). The Guidebook should be used in conjunction with the site inventory form developed by the California Department of Housing and Community Development (HCD). These laws introduced changes to the following components of the site inventory:

- Design and development of the site inventory (SB 6, 2019)
- Requirements in the site inventory table (AB 1397, 2017 AB 1486, 2019)
- Capacity calculation (AB 1397, 2017)
- Infrastructure requirements (AB 1397, 2017)
- Suitability of nonvacant sites (AB 1397, 2017)
- Size of site requirements (AB 1397, 2017)
- Locational requirements of identified sites (AB 686, 2018)
- Sites identified in previous housing elements (AB 1397, 2017)
- Nonvacant site replacement unit requirements (AB 1397, 2017)
- Rezone program requirements (AB 1397, 2017)

The workbook is divided into five components: (Part A) identification of sites; (Part B) sites to accommodate the lower income RHNA; (Part C) capacity analysis; (Part D) non-vacant sites; and (Part E) determination of adequate sites.

If you have any questions, or would like additional information or technical assistance, please contact the Division of Housing Policy Development at (916) 263-2911.

6th Cycle Housing Element Update -

Virtual Meeting on Future Housing Sites March 16, 2021 at 3 p.m.

The City of Irvine is preparing an update to its Housing Element for the 2021-2029 planning period. Under State mandate, Irvine must plan for a significant number of future housing units, including affordable housing. We must identify potential sites that may accommodate future residential development. All California cities and counties are required to update their Housing Element every eight years for State certification. The State deadline for Irvine is October 15, 2021.

This meeting will provide an overview of the Housing Element Update (HEU) and primarily focus on the process of identifying opportunity sites for developing the draft housing element site inventory as detailed in the attached property owner outreach letter. Additionally, the meeting will offer the opportunity for participants to ask questions and offer input. Any and all ideas are welcome and not a commitment. This event is open to the public. *Feel free to send this to others who may be interested.*

For more information and/or if you are unable to attend the virtual meeting and would like to discuss this opportunity, please contact Charles Kovac, Housing Administrator, at ckovac@cityofirvine.org or 949-724-6395.

To be added to the HEU interest list, please email mchao@cityofirvine.org.

Learn more about the Housing Element Update by visiting www.cityofirvine.org/housingelementupdate.

Join Us for a Virtual Meeting

An overview of the Housing Element Update and related site inventory work effort will be presented during a virtual public meeting on **Tuesday**, **March 16**, **2021 at 3 – 4:30 p.m.** The meeting will be conducted via Zoom.

The Zoom meeting information is below, and the virtual meeting will open approximately 30 minutes prior to the start time at 3 p.m.

Good Morning Charles and Melissa,

I work for the property managers of the Southpointe Business Park located at 12 Mauchly, Irvine. We received your letter regarding the Irvine Housing Element Update. As this business park is an Owners Association, I have consulted with the Board of Directors, and they unanimously voted that they are NOT IN FAVOR of this plan to convert into residential housing.

If the City determines that this site is required to be converted in the future, can you please share some more details about what that would look like and how that would affect the property value?

Thank you.

Subject: Irvine Housing Element Update - Future Housing Sites

Dear Irvine Property Owner:

The City of Irvine is in the process of updating its Housing Element for the 2021-2029 planning period, which is also referred to as the 6th cycle Housing Element Update. Under State mandate, we must plan for a significant number of future housing units, including affordable housing. As part of the 6th cycle update, we are working to identify potential sites that may accommodate residential development in the future. For additional information about the Housing Element update efforts, please visit www.cityofirvine.org/housingelementupdate.

Your property at 12 Mauchley has been initially identified as a potential opportunity site for residential development. The City is not considering the acquisition of your property for conversion to housing. We are simply attempting to identify possible sites where residential development may be appropriate or feasible in the future regardless of current zoning. While no commitments or decisions have been made, we would like to gauge your interest.

The City respectfully requests your consideration for potential future residential development on your property. We would like to discuss this opportunity in further detail. Please contact us via email or phone at:

CHARLES KOVAC
Housing Administrator
CKovac@cityofirvine.org
949-724-7452

MELISSA CHAO Senior Planner mchao@cityofirvine.org 949-724-6395

Or via letter to: Charles Kovac, Housing Administrator City of Irvine 1 Civic Center Plaza

1 Civic Center Plaza Irvine, CA 92606

We hope to hear back from you by March 31, 2021. If you are interested, please do not let this opportunity pass you by. If you are not interested, we would like to hear from you to remove your property from the list. Please contact us at your earliest convenience.

Thank you for your time and attention to this matter.

Respectfully,

Pete Carmichael

Irvine Future Housing Sites presentation 3.16.21.pdf

Hi Michael:

Attached is a presentation slide deck on future housing sites for your reference. Please also check <u>www.cityofirvine.org/housingelementupdate</u> as it is periodically updated with new information.

I added 16661 Jamboree to the opportunity sites list. As the Housing Element Update (HEU) progresses, the City Council will decide which sites will ultimately be included in the final site inventory that is submitted to the State for the HEU.

Your site is within the existing IBC mixed-use/residential overlay that was approved in 2010 for 15,000+ residential units. The maximum unit cap has since been depleted. For more information on residential development in the IBC, please see https://www.cityofirvine.org/community-development/irvine-business-complex.

I will add you to our project interest list for notification purposes for community workshops, release of public draft of HEU for review, and HEU adoption hearings, etc.

Please feel free to contact us with any further questions.

Thanks,

Hi Mildred:

Thank you for reaching out. You and Cesar are on the HEU interest list based on your August 2021 letter. I will add Daisy to the list as well.

City staff and our housing consultant, Hitta, who I have copied on this email, are hosting a virtual meeting on "future housing sites" tomorrow. Please feel free to join us if you are interested and happen to be available at 3 p.m. This meeting is geared towards property owners for developing the draft site inventory.

We are also planning on hosting general community workshops and a meeting focused on affordable housing in April.

Best regards, Melissa

<MChao@cityofirvine.org>

Subject: RE: 1691 Browning Ave - future housing site

Hi Nasir:

At this point, 1691 Browning is on the opportunity sites list. As the HEU moves through the process and up to the City Council, the Council will make a decision on whether to keep a property on the site inventory list that is ultimately submitted to the State as part of the HEU.

Once the HEU is adopted by the City Council, the City has three years to rezone (e.g., increase allowed density or maximum unit intensity caps), create/amend residential overlays, and update other related policies in the General Plan to accommodate the demands created by the additional housing units. Even at that point, the market will dictate whether homes are actually built. The City's obligation is to reach out to owners to develop a realistic site inventory list/map and create a favorable framework to support housing production to the extent we can.

Feel free to contact us with any questions/concerns. Hope you are able to join us for the Tuesday's virtual meeting.

Thank you,

MELISSA CHAO | SENIOR PLANNER

Hi Melissa,

is every the series.

Thanks for the call, I look forward to zoom call and additional information.

So far my understanding is that it is a list of possible zoning change allowing building of residential apartments.

As long as it makes economic sense and doesn't unnecessarily restrict us in any way, it sounds fine.

Kind Regards

Tim,

Here is a copy of the letter being sent to you in the mail.

Have a great Easter weekend-

Scott Spearman

April 1, 2021

Mr. Timothy Gehrich, Deputy Director 1 Civic Center Plaza Irvine CA 92606

Hello Tim.

I would like to express my interest in making my land available for the Housing challenge facing Irvine. We own 9.79 acres in the heart of Irvine located on the corner of Culver and Ethel Coplen way. Currently we operate Racquet Club of Irvine on this property.

We are in escrow to sell 2 ½ acres to Hines Company subject to a change of entitlements that will allow the property to be used as an extended care facility. This Morningstar facility might qualify as part of the homes Irvine will need to meet State orders as a little more than 200 rooms will become housing for senior citizens.

The remaining 7 4/5 of an acres will be operated as a private tennis club. I will be pleased to make this property available to the city of Irvine to be zoned as housing.

Irvine has opened so many tennis courts at the Great Park, and other city locations, that it is very hard for a private club to generate a profit competing with so many free tennis courts. I am a lifelong tennis fan and I am pleased that the city is making these courts available to the citizens.

I will be pleased to have my property listed as property that can be zoned for homes needed to meet the number of homes the City of Irvine must provide to meet the need the number of homes the State must provide.

Sincerely

Cecil Spearman

Unfortunately, the City is unable to purchase the property or provide a finder's fee. I believe your fee could come from being the listing agent for the property if it is sold to perhaps a residential developer in the future.

At this point, the City is focused on developing an opportunity sites list. As the Housing Element Update (HEU) moves through the process and up to the City Council, the Council will make a decision on whether to keep a property on the site inventory list that is ultimately submitted to the State as part of the HEU.

Once the HEU is adopted by the City Council, the City has three years to rezone (e.g., increase allowed density and/or maximum unit intensity caps), create/amend residential overlays, and update other related policies in the General Plan to accommodate the demands created by the additional housing units. Typically that development entitlement/environmental documentation process to change allowable land uses on a property is borne by property owner and/or developer. Being able to develop residential on an office/industrial property can greatly increase its value in general. If you are able to share the property address, I believe it is beneficial for it to be included in the opportunity sites list as part of the HEU process.

The City's obligation is to reach out to owners to develop a realistic site inventory list/map and create a favorable framework to support housing production to the extent we can. Even at that point, the market will dictate whether homes are actually built.

I reached out to a prospect that has land acreage available. As you know, I'm a licensed broker, DRE: 01359363, so looking for a fee if the County or an affiliate purchases this property.

Please advise.

Thanks

Hi Ray:

Thank you for reaching out.

City staff and our housing consultant, Hitta, who I have copied on this email, are hosting a virtual meeting on "future housing sites" tomorrow. Please feel free to join us if you happen to be available at 3 p.m. The City is looking for property owners that may be interested in developing or redeveloping their site(s) for future residential uses. Do you have a particular address(es) in mind that you could share with us?

We are also planning to host general community workshops in April.

I have added you to the HEU project interest list as well.

Sincerely, ar *

Virtual Meeting on Future Housing Sites March 16, 2021 at 3 p.m.

The City of Irvine is preparing an update to its Housing Element for the 2021-2029 planning period. Under State mandate, Irvine must plan for a significant number of future housing units, including affordable housing. We must identify potential sites that may accommodate future residential development. All California cities and counties are required to update their Housing Element every eight years for State certification. The State deadline for Irvine is October 15, 2021.

This meeting will provide an overview of the Housing Element Update (HEU) and primarily focus on the process of identifying opportunity sites for developing the draft housing element site inventory. Additionally, the meeting will offer the opportunity for participants to ask questions and offer input. Any and all ideas are welcome and not a commitment. This event is open to the public. Feel free to send this to others who may be interested.

For more information and/or if you are unable to attend the virtual meeting and would like to discuss this opportunity, please contact Charles Kovac, Housing Administrator, at ckovac@cityofirvine.org or 949-724-7452 and/or Melissa Chao, Senior Planner, at mchao@cityofirvine.org or 949-724-6395.

To be added to the HEU interest list, please email mchao@cityofirvine.org.

Learn more about the Housing Element Update by visiting www.cityofirvine.org/housingelementupdate.

Join Us for a Virtual Meeting

An overview of the Housing Element Update and related site inventory work effort will be presented during a virtual public meeting on Tuesday, March 16, 2021 at 3 – 4:30 p.m. The meeting will be conducted via Zoom.

The Zoom meeting information is below, and the virtual meeting will open approximately 30 minutes prior to the start time at 3 p.m.

Melissa,

We have discussed this internally. Due to growing business needs we have no intention to convert any open space at the Irvine campus to residential development or to change zoning. We also expect our residential buffer agreed to with the city to remain intact per our agreement.

Thank you for reaching out, and I look forward to meeting you once the pandemic is behind us, and things return to more normalcy.

Please feel free to reach out to me directly if you would like to discuss further, or have any questions.

Thanks,

Hi Mayssa: ELISSA

Thank you for connecting me with your colleagues!

Hi David, Dan, Russell and Darin:

FYI, attached is the property owner outreach letter, a recent presentation, and Q&A handout that provides more in depth information on why the City is reaching out to Abbvie to inquire about future campus plans to the extent it can be shared and whether Abbvie would consider being on the site inventory. Being listed on the site inventory is not a commitment to build residential units as the market will ultimately dictate what happens. However, the City is required to plan for the State mandated units (i.e., demonstrate capacity through the site inventory and create a regulatory

framework to facilitate future residential development), so we are reaching out to key property owners to gauge interest:

Would you be available for a brief call next week? I can have Sarah in my office set something up. Please let me know.

Have a nice weekend!

Thank you,

Hi Mayssa: ਾ।

MAGNESSEE!

Bryan Starr at the Greater Irvine Chamber provided your contact information. I also called the main number and the receptionist gave me a general email which I've copied.

The City of Irvine is in the process of updating our State-mandated housing plan to accommodate residential units (by various income levels) allocated by the State to Irvine. Please refer to the attached letter which was sent to all property owners in the Irvine Business Complex, where your office is located.

I heard from news reports that Allergan was recently acquired by AbbVie, so we are curious if any changes to the Irvine campus are anticipated that might lead to Allergan disposing of a portion or all of its property in Irvine within the next eight years (2021-2029).

Please direct me to the appropriate person at Allergan to discuss this potential opportunity.

Thank you,

Irvine Housing Element Update - Future Housing Sites

Dear Irvine Property Owner:

The City of Irvine is in the process of updating its Housing Element for the 2021-2029 planning period, which is also referred to as the 6th cycle Housing Element Update. Under State mandate, we must plan for a significant number of future housing units, including affordable housing. As part of the 6th cycle update, we are working to identify potential sites that may accommodate residential development in the future. For additional information about the Housing Element update efforts, please visit www.citvofirvine.org/housingelementupdate.

Your property at 12 Mauchley has been initially identified as a potential opportunity site for residential development. The City is not considering the acquisition of your property for conversion to housing. We are simply attempting to identify possible sites where residential development may be appropriate or feasible in the future regardless of current zoning. While no commitments or decisions have been made, we would like to gauge your interest.

The City respectfully requests your consideration for potential future residential development on your property. We would like to discuss this opportunity in further detail. Please contact us via email or phone at:

Hi Sam:

Understood. I will remove 2111 Business Center Drive from the opportunity sites list.

When the draft housing plan is released, you will be able to review the draft site inventory list. Sites included in the list are probably good acquisition candidates especially if they are for sale or lease because the owner or owner's representative has expressed high interest to be included. Please note that the City has three years after adoption of the housing plan (anticipated October 2021) to amend the City's General Plan, rezone, and/or create/amend residential overlays to facilitate the adopted housing element plan. So it may take several years before you can proceed with actual residential development, which is still subject to its own development application(s).

Please let me know if you need further assistance and/or have any questions.

Thanks,

MELISSA CHAO | SENIOR PLANNER

ან ტენ2172 Hi Saĥi:³⁶²⁰

I added 2111 Business Center Drive to the opportunity sites list. As the Housing Element Update (HEU) progresses, the City Council will decide which sites will ultimately be included in the final site inventory that is submitted to the State for the HE plan.

I added you to our project interest list for notification purposes for community workshops, release of public draft of HEU for review, and HEU adoption hearings, etc. Please also check www.cityofirvine.org/housingelementupdate as the project webpage is periodically updated with new information.

Feel free-to contact us with any further questions.

Thanks, Rhann

Hi Sam: Chr.

Thank you for reaching out to us. City staff and our housing consultant, Hitta, who I have copied on this email are hosting a virtual meeting next Tuesday. Please join us if you happen to be available at 3 p.m.

I'm officially off work today, but need to some "quiet time" to finish another HEU-related work task that is time sensitive. I will call you early next week to touch base.

In the meantime, is there specific property address(es) you have in mind that you could share with us?

Sincerely, Melissa

You're Invited

6th Cycle Housing Element Update -

Virtual Meeting on Future Housing Sites March 16, 2021 at 3 p.m.

The City of Irvine is preparing an update to its Housing Element for the 2021-2029 planning period. Under State mandate, Irvine must plan for a significant number of future housing units, including affordable housing. We must identify potential sites that may accommodate future residential development. All California cities and counties are required to update their Housing Element every eight years for State certification. The State deadline for Irvine is October 15, 2021.

This meeting will provide an overview of the Housing Element Update (HEU) and primarily focus on the process of identifying opportunity sites for developing the draft housing element site inventory. Additionally, the meeting will offer the opportunity for participants to ask questions and offer input. Any and all ideas are welcome and not a commitment. This event is open to the public. *Feel free to send this to others who may be interested.*

For more information and/or if you are unable to attend the virtual meeting and would like to discuss this opportunity, please contact Charles Kovac, Housing Administrator, at ckovac@cityofirvine.org or 949-724-6395.

To be added to the HEU interest list, please email mchao@cityofirvine.org.

Learn more about the Housing Element Update by visiting www.cityofirvine.org/housingelementupdate.

Join Us for a Virtual Meeting

An overview of the Housing Element Update and related site inventory work effort will be presented during a virtual public meeting on **Tuesday**, **March 16**, **2021 at 3 – 4:30 p.m.** The meeting will be conducted via Zoom.

The Zoom meeting information is below, and the virtual meeting will open approximately 30 minutes prior to the start time at 3 p.m.

Hi Scott:

As the Housing Element Update (HEU) progresses, the City Council will decide which sites will ultimately be included in the final site inventory that is submitted to the State for the HE plan.

Aside from any unforeseen political issues if a property is included in the final site inventory approved by the City Council, then the City will be laying the general ground work with the subsequent General Plan Update/Zoning Ordinance Amendment/residential overlay/Environmental Impact Report, to the extent necessary. However, the property owner would still need to process any required discretionary application(s) and appropriate CEQA documentation to develop the actual residential project.

According to State housing law, the City has a maximum of three years after the adoption of the Housing Element (anticipated by October 15, 2021 which is the State deadline to submit the Council adopted Housing Element for certification purposes) to "square up" the General Plan and Zoning Ordinance to be consistent with the adopted Housing Element.

Update/20

Thanks, I am looking at a SFR with an ADU.
What is preventing me from developing this site into my personal residence is that, even though the GP and zoning allows it, there are no more DUs in the tables of the GP or Zoning for PA15. Does this mean that the General Plan Amendment that has been ongoing for several years will propose to change those tables and assign a DU to this property?
If not, could it?
BTW, Tim Gehrich is familiar with this property.
Thanks for your help.

Hi Sidika:

Thank you for your input.

Unfortunately, the cost of land is at minimum several millions of dollars per acre, so the City does not have the funds to purchase a meaningfully sized site.

More importantly, UCI wants to retain control as they are a State entity not typically subject to local regulations. For faculty and staff housing on the main campus, UCI leases land to their non-profit housing authority who developed the homes, Homeowners purchase the structure on leased land. The resale of homes are price restricted to remain affordable. Prospective homebuyers are subject to an application and screening process limited to UCI faculty and staff for the main campus or medical center; there is a waiting list.

Thanks.

Good Morning Melissa,

Thank you for your reply. UCI can sell the land to The City of Irvine. They don't have to build the housing themselves. UCI has more than enough for a University. I have witnessed zone changes many times when I lived in Long Beach. i.e. Post Office on 2300 Redondo Ave. Long Beach was sold to a business complex and the zoning was changed as such. If the state is mandating to build more residential housing, then that State can sell the land to The City. This is my straight logic. Thank you,

On Mon, Mar 22, 2021 at 8:09 PM Melissa Chao < MChao@cityofirvine.org > wrote:

Hi Sidika:

I apologize for you receiving a property outreach letter and creating any confusion. We are targeting non-residential properties to gauge interest in future residential development for meeting the State mandated housing plan requirements.

I happened to be the planner that reviewed the UCI Hospital project. As you may know, the City filed a lawsuit and eventually came to an agreement with UCI. It was surprising in the sense that UCI is a State entity and typically not subject to local regulations.

Unfortunately, if UCI choses to build homes near the hospital, those homes will not count towards the City's residential unit allocation from the State because it's again on State lands.

I will add your email to the project interest list so that you may follow any developments to the draft housing plan.

Sincerely,

MELISSA CHAO | SENIOR PLANNER

Thank you for your letter of March1, 2021.

I live on the corner of Campus&Jamboree in a large complex of 535 units called "Watermarke Condos" . Right next to us are high rise buildings of the Plaza and otherside it Toscana Apartments.

I must admit I am not happy about the UCI Hospital approval across the street due to obvious traffic increase and noise from ambulances, but it is not just up to me whether a future acquisition decision would be taken by the HOA. I should not think so.

UCI has vast land between Jambore & University along Campus outside of the area where they plan on building the hospital. If I think of other areas I will contact you.

Thank you,

:nusc admi -ease = --

Hi Steve:

Based on our prior email communications and other interested neighbors on Browning, I'm going to place your property on the opportunity sites list for consideration by the City Council. If accepted by the Council, City staff would most likely create a residential and/or mixed-use overlay for the area. It would not impact your ability to continue to use your property as you currently do (in accordance with existing General Plan and Zoning Ordinance requirements), but would potentially provide an option to redevelop into residential use at your discretion.

Please feel free to contact me with any questions/concerns.

Thanks.

Sent from my iPhone

On Mar 17, 2021, at 6:52 PM, Melissa Chao < MChao@cityofirvine.org > wrote:

Hi Steve and Kim:

FYI, attached is the presentation from yesterday's meeting.

I wanted to circle back to address your initial questions.

The City is looking for property owners interested in potentially developing future residential on their site to accommodate the State mandated unit allocation by income level. Because of the State mandated deadline of October 15, 2021, the City's focus is on completing the Housing Element Update (HEU).

The completion of the HE site inventory analysis will allow assessment of the extent of the changes needed to the other General Plan elements/chapters (such as land use, circulation, and safety). Once the 6th Cycle HEU is adopted by the Council and submitted to the State for certification review, Irvine will embark on Phase 2 of the General Plan Update (GPU) and associated Zoning Ordinance Amendment (ZOA) to "balance" or "square up" the policies and regulatory framework to support the adopted HEU/RHNA.

Unlike the traditional residential core, the IBC was not master planned. In the last decade or so, the market created the demand for homes to be closer to the jobs thus the City adopted a mixed-use overlay that allowed residential use in 2010. New residential development is subject to park dedication requirements per the Quimby Act. Private park dedication requirements are typically met on-site within the residential development. However, public park dedication requirements are typically met via in-lieu park fees. The on-going challenge for the City is securing property for public park development purposes given the escalating costs

of IBC properties and previously being outbid. The City's Public Works/Transportation Department is studying opportunities for trail networks and always pushing for increased sidewalk connectivity.

If you are interested in future residential development at 1621 Browning, please let us know ASAP.

Please feel free to call/email us with any further questions/concerns.

Thanks,

Subject: 1621 Browning/Irvine Housing Element Update - Future Housing Sites

CAUTION: This email originated from outside of the organization. Do not click links or open attachments unless you recognize the sender and know the content is safe.

Hello Mr. Kovac

I was following up on the letter we received in the mail. My wife and I own the building at 1621 Browning. We are aware of the large number of housing units that have been added into our business community over the past few years.

What is the potential opportunity in the new housing plan?

Irvine has always done a great job planning their residential communities in the past, however, in the most recent residential buildout in our area, there are no open spaces or parks. Is there a plan to address this?

Best regards,

Steve & Kim Espinosa

Hi Terry:

Attached is a presentation slide deck on future housing sites for your reference. Please also check www.cityofirvine.org/housingelementupdate as the project webpage is periodically updated with new information.

I added 18800 MacArthur Blvd to the opportunity sites list. As the Housing Element Update (HEU) progresses, the City Council will decide which sites will ultimately be included in the final site inventory that is submitted to the State for the HE plan.

I added you to our project interest list for notification purposes for community workshops, release of public draft of HEU for review, and HEU adoption hearings, etc.

Please feel free to contact us with any further questions.

Thanks,

MELISSA CHAO | SENIOR PLANNER

Hello Ms. Chao and Mr. Kovac, we are the asset manager for Irvine Hilton Hotel on 18800 MacArthur Blvd., Irvine. This particular real property site is 6.63 acres and current zoning is IBC-5.1 – IBC Multi-Use.

om: Terry Le

We received your letter of March 1, 2021 on the above mentioned subject. We want to inform you that ownership does have the interest in future redevelopment, and at this

location we think ideally with a mixed use development project. Therefore please consider to include this site in your future Housing Element Plan. Below is my contact information, please continue to send us any update or related information. Thanks for your helps and looking forward to hearing from you.

Regards,

Terry Lee, Director Asia Pacific Capital Company 515 S. Figueroa St., Suite 1850 Los Angeles, CA 90071 Work: (213) 680-8811 Cell: (626) 622-0800

Virtual Meeting on Future Housing Sites March 16, 2021 at 3 p.m.

The City of Irvine is preparing an update to its Housing Element for the 2021-2029 planning period. Under State mandate, Irvine must plan for a significant number of future housing units, including affordable housing. We must identify potential sites that may accommodate future residential development. All California cities and counties are required to update their Housing Element every eight years for State certification. The State deadline for Irvine is October 15, 2021.

This meeting will provide an overview of the Housing Element Update (HEU) and primarily focus on the process of identifying opportunity sites for developing the draft housing element site inventory. Additionally, the meeting will offer the opportunity for participants to ask questions and offer input. Any and all ideas are welcome and not a commitment. This event is open to the public. Feel free to send this to others who may be interested.

For more information and/or if you are unable to attend the virtual meeting and would like to discuss this opportunity, please contact Charles Kovac, Housing Administrator, at ckovac@cityofirvine.org or 949-724-7452 and/or Melissa Chao, Senior Planner, at mchao@cityofirvine.org or 949-724-6395.

To be added to the HEU interest list, please email mchao@cityofirvine.org.

Learn more about the Housing Element Update by visiting www.cityofirvine.org/housingelementupdate.

Join Us for a Virtual Meeting

An overview of the Housing Element Update and related site inventory work effort will be presented during a virtual public meeting on Tuesday, March 16, 2021 at 3-4:30 p.m. The meeting will be conducted via Zoom.

The Zoom meeting information is below, and the virtual meeting will open approximately 30 minutes prior to the start time at 3 p.m.

Hi Tim:

As part of the HEU, the State requires the City to submit a site inventory that demonstrates the capacity to accommodate the State mandated RHNA numbers by income level. The City is required to identify specific sites and the realistic number of units for each site. For non-vacant sites, the State requires "substantial evidence" that the existing use will likely be discontinued in 2021-2029 (i.e., HEU planning period). The "gold standard" is a letter from the property owner stating their intention to develop the property with residences during the planning period.

Subsequent to the HEU, the City will embark on phase 2 of the General Plan Update and an associated Zoning Ordinance Amendment to support the HEU/RHNA. We have three years after the adoption of the HEU to balance the applicable policies (e.g., land use and circulation) in the GP as well as upzone/rezone/raise caps and/or create or amend zoning overlays, etc. The City must plan for and maintain the capacity to accommodate the RHNA units whereas the market dictates whether the units are built.

Thanks.

Charles and Melissa, regarding the letter to property owners asking if they want to be considered for future residential development, if they are already located in the IBC Residential Overlay Zone but currently a commercial use, do they need to submit that request or will the city likely just raise the 15,000 unit cap for PA 36 rather than identify specific sites?

Hi Tom:

Sorry I was unable to respond sooner. Attached is the Community Workshops flier. Please join us if you are available and interested.

I added 1701 Reynolds to the housing opportunity sites list. A potential constraint is the proximity (i.e., approximately 4,600' based on an aerial) of the building from the end of the airport runway. Note as the Housing Element Update (HEU) progresses, the City Council will decide which sites will ultimately be included in the final site inventory that is submitted to the State for the Housing Element plan.

I added you and Lora to the project interest list. You will be notified of opportunities to participate and key project milestones such as the release of the public review draft of the HE.

Hi Melissa,

STAND WELL

Per our call last week, my clients who own the <u>1701 Reynolds</u> property in Irvine, are interested in including their property as a future Irvine homesite, as long as it does not conflict with their ability to use the property under its current use which is a manufacturing facility. Please let us know if you need any further info.

Dear Mr. Kovac and Ms. Chao,

My client received a letter from the City of Irvine dated March 1, 2021 with the subject line: Irvine Housing Element Update - Future Housing Sites. Said letter mentioned that the city is attempting to identify possible sites where residential development may be appropriate or feasible in the future regardless of current zoning.

My client's real property is located at <u>1701 Reynolds Avenue</u>, <u>Irvine</u>, <u>CA 92614</u>, and my client is interested in the possibility and potential for future residential development at said property, and is interested in further conversations with you to discuss this potential opportunity.

I've ccd Lora Taleb, one of the owners of the property, and we would like to set up a follow up call or receive more information from you via email.

Hi Ygal:

Thank you for reaching out to us. I will add you to the project interest list.

As discussed, I will add 2698 White Rd to the opportunity sites list.

We will be hosting one meeting based on the date/time polled with the highest confirmation level below. If you are unable to make the final meeting time, we can schedule a separate call to discuss further at your request.

Have a nice weekend and thank you, Melissa

What is Your Availability?

Virtual Meeting on Future Housing Sites
Please respond by Tuesday, March 9, 2021

The City of Irvine is updating its Housing Element for the 2021-2029 planning period. Under State mandate, Irvine must plan for a significant number of future housing units, including affordable housing. We must identify potential sites that may accommodate future residential development.

All California cities and counties are required to update their Housing Element every eight years for State certification. The State deadline for Irvine is October 15, 2021.

Staff is in the process of scheduling a meeting on the Housing Element Update (HEU) that primarily focuses on the process of identifying opportunity sites for developing the draft housing element site inventory. Additionally, the meeting will offer the opportunity for participants to ask questions and offer input. Any and all ideas are welcome and not a commitment. *Feel free to send this to others who may be interested.*

Please confirm your availability by taking the poll here: https://irvineca.seamlessdocs.com/f/futurehousingsitesmeeting

What is Your Availability?

6th Cycle Housing Element Update -Virtual Meeting on Future Housing Sites Please respond by Tuesday, March 9, 2021

The City of Irvine is updating its Housing Element for the 2021-2029 planning period. Under State mandate, Irvine must plan for a significant number of future housing units, including affordable housing. We must identify potential sites that may accommodate future residential development. All California cities and counties are required to update their Housing Element every eight years for State certification. The State deadline for Irvine is October 15, 2021.

Staff is in the process of scheduling a meeting on the Housing Element Update (HEU) that primarily focuses on the process of identifying opportunity sites for developing the draft housing element site inventory as detailed in the attached property owner outreach letter. Additionally, the meeting will offer the opportunity for participants to ask questions and offer input. Any and all ideas are welcome and not a commitment. *Feel free to send this to others who may be interested.*

Please confirm your availability for the following meeting times by clicking on the button(s) below:

- Tuesday, March 16, 2021 at 3 4:30 p.m.
- Wednesday, March 17, 2021 at 1:30 3 p.m.
- Thursday, March 18, 2021 at 10 11:30 a.m.

6th Cycle Housing Element Update -

Virtual Meeting on Future Housing Sites March 16, 2021 at 3 p.m.

The City of Irvine is preparing an update to its Housing Element for the 2021-2029 planning period. Under State mandate, Irvine must plan for a significant number of future housing units, including affordable housing. We must identify potential sites that may accommodate future residential development. All California cities and counties are required to update their Housing Element every eight years for State certification. The State deadline for Irvine is October 15, 2021.

This meeting will provide an overview of the Housing Element Update (HEU) and primarily focus on the process of identifying opportunity sites for developing the draft housing element site inventory as detailed in the attached property owner outreach letter. Additionally, the meeting will offer the opportunity for participants to ask questions and offer input. Any and all ideas are welcome and not a commitment. This event is open to the public. *Feel free to send this to others who may be interested.*

For more information and/or if you are unable to attend the virtual meeting and would like to discuss this opportunity, please contact Charles Kovac, Housing Administrator, at ckovac@cityofirvine.org or 949-724-7452 and/or Melissa Chao, Senior Planner, at mchao@cityofirvine.org or 949-724-6395.

To be added to the HEU interest list, please email mchao@cityofirvine.org.

Learn more about the Housing Element Update by visiting www.cityofirvine.org/housingelementupdate.

Join Us for a Virtual Meeting

An overview of the Housing Element Update and related site inventory work effort will be presented during a virtual public meeting on **Tuesday**, **March 16**, **2021 at 3 – 4:30 p.m.** The meeting will be conducted via Zoom.

The Zoom meeting information is below, and the virtual meeting will open approximately 30 minutes prior to the start time at 3 p.m.

4. Presentation

Overview

- * Regional Housing Needs Assessment (RHNA)
- Housing Element Purpose and Basics
- Site Inventory
- ❖Next Steps
- ◆ Q & A

Housing Element Update

Regional Housing Needs Assessment

- RHNA: A minimum number of units by income category each community is required to provide through "adequate sites" and zoning – Mandated by the State
- RHNA for Southern California: 1,341,827
- SCAG responsible for developing methodology and assigning RHNA to Southern CA cities and counties

Housing Element Update

Final RHNA Allocation

% of County Area Median Income (AMI)	Units
Category 1 (0 – 50 % AMI)	6,396
Category 2 (51 – 80% AMI)	4,235
Category 3 (81 – 120% AMI)	4,308
Category 4 (120% AMI or above; considered "market rate")	8,671
TOTAL	23,610

- Buffer for "no net loss"
- Actual number needed is anticipated to exceed allocation

Housing Element Update

Housing Element Purpose

State-mandated policy document that:

- Provides direction for implementation of various programs to meet existing and future housing needs for all income levels in the City
- Provides goals, policies, programs, and objectives for the preservation of existing housing and development of new housing
- ➤ Demonstrates how the City will accommodate its RHNA allocation

Housing Element Update

Housing Element Basics

- 5 Major Components:
 - > Review of accomplishments
 - > Housing needs assessment
 - > Evaluation of constraints to housing
 - ➤ Identification of housing sites
 - Program strategy to address needs for 2021-2029
- Required to be updated every eight years
- Reviewed by state for compliance with state law

The Housing Element DOES NOT

- · Require the City to build the units
- Provide funding
- · Authorize construction
 - Projects still need to go through the development review process

Housing Element Update

Site Inventory

- Analysis of adequate sites suitable to accommodate RHNA in list and map form
 - > Show specific location where future housing can be built
 - > Identify the potential numbers of homes that can be built at those locations
 - ➤ Meet the state's site selection criteria outlined in HCD's guidebook
 - 1. Site appropriately zoned?
 - 2. Site suitable for development?
 - 3. Realistic development capacity?

Locations that are generally "off the table"

- · Preserved open space areas
- · With sensitive habitat or species
- Where the topography isn't conducive to building (e.g., steep slopes)
- · Within flood zones or high-fire areas that aren't safe
- Within areas deemed off-limits by John Wayne Airport (e.g., flight path, airport noise contours)

Housing Element Update

With little remaining vacant land, where can additional housing possibly go?

- Vacant sites not designated as open space or parks
- Property owners considering development of their properties
- Small contiguous sites suitable for assembly
- · Underutilized parcels
- · Religious institutions
- · Locations where existing housing could become more dense
- Locations near public transit and essential services like retail
- Areas where housing could be added to commercial and light industrial/business parks
- Sites where infrastructure, such as water and sewer service, can support more housing
- Accessory Dwelling Units

Affirmatively Furthering Fair Housing (AFFH)

- · Fair and equitable distribution of housing throughout the community
- · Protects against communities being overburdened
- Takes into consideration:
 - > A variety of housing types
 - ➤ Mix of affordability levels
 - > Access to transportation, employment, and community resources

Housing Element Update

Next Steps

Winter 2020-21:

- City Council GPA Scoping Session for Housing Element Update (February 9, 2021)
- Planning Commission Study Session (February 18, 2021)
- Stakeholder outreach (development community)
- · Develop site inventory
- · Assess goals, policies, and objectives

Spring 2021:

- · Community workshops
 - Advertised on social media; information provided in multiple languages
- Finalize site inventory
- · Prepare draft Housing Element and supporting documentation

Next Steps (continued)

Summer 2021:

- · Public review of draft Housing Element
- State preliminary review of the draft
- Project briefings with Planning Commission and City Council
- Finalize Housing Element and supporting documentation

Early Fall 2021 – Adoption Hearings:

- Planning Commission
- · City Council

State Due Date - October 15, 2021 for certification

Housing Element Update

WE WANT YOUR INPUT!

- ✓ Potential sites for where new housing should be considered
- ✓ Any and all ideas are welcome and not a commitment
- ✓ Email <u>ckovac@cityofirvine.org</u> and <u>mchao@cityofirvine.org</u>
 - include contact information, parcel address and APN, nearest cross streets
 - > additional comments/questions

Subject: Irvine Future Housing Sites Q & A handout
Date: Wednesday, March 31, 2021 12:13:29 PM
Attachments: Irvine Future Housing Sites 3.16.21 Q&A FINAL.pdf

Hello everyone:

As a follow-up to the Future Housing Sites meeting, attached is a Q&A hand out for your reference. Both the presentation and Q&A are posted at www.cityofirvine.org/housignelementupdate. Please check the project website periodically as it is updated when new information becomes available.

Charles Kovac's last day with the City of Irvine is Friday, April 2. Therefore, please direct any questions/comments re: HEU or suggestions for opportunity sites to me.

Our HEU consultants, Hitta and Jordan, and I look forward to working with you on the 6th Cycle Housing Element Update.

Thanks,

MELISSA CHAO | SENIOR PLANNER

City of Irvine Future Housing Sites Virtual Meeting on March 16, 2021 from 3 – 4 p.m. Q & A and Comments Received

Question or Comment	Answer or Response
How can we ask question later?	By raising hand, inputting question or comment in the Q & A box, or by contacting Charles Kovac, Housing Administrator, at ckovac@cityofirvine.org and Melissa Chao, Senior Planner, at mchao@cityofirvine.org for assistance.
If ADUs built as affordable units, particularly low/very low, how will that affordability be protected? For what period of time?	There is no requirement for affordability or period of affordability. Staff will follow any guidance on Accessory Dwelling Unit or ADU affordability provided by HCD. In terms of meeting the City's RHNA allocation, HCD indicated that jurisdictions could only base their ADU projections on historical data. For Irvine, we average five (5) ADUs per year, so HCD guidance is to allow for a maximum of five times (5x) the historical amount per year. In other words, Irvine can get credit for approximately 25 ADUs per year.
Does the Housing Element require CEQA review?	Yes, the Housing Element Update (HE) requires CEQA (environmental) review. The completion of the HE will follow with an assessment of the changes needed to the other General Plan elements/chapters (such as land use, circulation, and safety). Once the 6 th Cycle HE is adopted by the Council

Page 1 of 6

	and submitted to HCD for certification review, staff will embark on the General Plan Update (GPU), and associated Zoning Ordinance Amendment, to the extent needed, to update the policies and regulatory framework to support the adopted HE. It is anticipated that an Environmental Impact Report (EIR), if required, will be completed with this subsequent GPU/ZOA effort with an estimate of three (3) years to complete.
UCI Faculty member, housing scholar, and renter, are renters also stakeholder? Or only property owners?	Everyone is considered a "stakeholder" in the HE process, including but not limited to homeowners, renters, persons of all ages, persons with disabilities, veterans, homeless and persons are risk, businesses, and property owners.
	This particular "future housing sites" meeting is targeted towards non-residential property owners in the Irvine Business Complex (Planning Area 36, IBC) and Spectrum for the purposes of identifying potential opportunity sites.
	The City will host several general community workshops and more focused subject matter meeting(s) starting in April and will publicize those through the project webpage, social media, press releases, and email notifications.
How many sites is the City hoping to identify? Is there a number of sites the state want each city to offer as potential development sites?	Irvine needs to identify enough sites to cover our RHNA allocation by income level plus a buffer for "no net loss" which is a new requirement for 2021. Each city has a different RHNA allocation from the Southern California Council of Governments (SCAG). Irvine's RHNA allocation is the highest in Orange County, and the fifth highest in the SCAG region (i.e., after City of LA, unincorporated LA County, unincorporated Riverside County, and City of Long Beach). SCAG represents six counties, 191 cities and more than 19 million residents.
Will housing units under construction now but not ready for occupancy until 2022 be counted to the current cycle or the 6 th cycle?	Any residential building permit issued on or after July 1, 2021 will count towards the $6^{\rm th}$ cycle RHNA allocation.

Page 2 of 6

It seems like the only way to identify sufficient sites to produce the required number of opportunities is to suggest or imply upzoning or rezoning. What is the City's response to this?	Even though the City is still working on compiling opportunity sites and developing the site inventory, it is likely that eventual rezoning may be required for areas such as the IBC to accommodate the RHNA allocation by income level.
Irvine Homeowners Associations are particularly opposed to ADUs, so that might be a mute point. Although according to recent state bills, the state should be able to overrule such practices	Assembly Bill 670 (2019) prohibits a HOA from prohibiting the construction or use of an ADU for a lot zoned for single-family use. However, a HOA can still impose "reasonable" standards regarding the design and development of ADUs, where feasible.
One of the constraints to more residential development in the IBC is the requirement to transfer DIV's from another site. Will the City be considering adding a provision to allocate additional intensity to a site as determined by the City and not through a DIV transfer from another site.	This would be evaluated as part of a subsequent GPU/ZOA process.
Have you given any thought of the time frame of adopting the subsequent GPAs and zoning amendments to implement the Housing Element?	We anticipate the subsequent GPU/ZOA/EIR will be completed in 2.5 to 3 years.
How do the housing caps in IBC and other area work with the HE update?	It is likely that the maximum unit caps and/or allowed densities may need to be revisited as part of a subsequent GPU/ZOA process.
I'm just a resident of Irvine, but I'd like to nominate the 100+ acres of County owned land at the Great Park, I think our City	Comment noted.
sued to block building 2,000+ units there. What if we used our leverage instead to increase units here and pressure OC to build more affordable units?	Any site that can accommodate residential uses will be considered.
Also, I have a proposal for a Boring Company Loop tunnel serving Irvine Station and Spectrum district. Las Vegas and Ontario Calif are moving forward with tunnels in their communities. My twitter handle is @alexportney or search #irvine #rhna if you want to check it out.	

Page 3 of 6

Your answer is really concerning. Coming from a city government (public sector supposed to serve public, not private interests)	Although not certain what this statement is in reference to, the City is not prioritizing private interests over public interests or vice versa. HThe City is specifically reaching out to property owners in this meeting for assistance in identifying their property as a potential opportunity sites.
If we own property that is commercially zoned but are considering the possibility of converting it to residential, what conversations and when should we have with the City about changes to zoning?	Now is the best time to have any conversations with City staff about potential opportunity sites for the site inventory so that staff and our HE consultant can plan accordingly.
What could happen if HCD doesn't certify the Housing Element the City submits?	Without a HCD-certified HE, Irvine will face substantial fines and penalties and be subject to a 4-year RHNA/HE cycle (instead of the customary 8-year cycle). Additionally, Irvine will be ineligible for critical state and federal grants.
	Lastly, without a certified HE, the State may disallow the issuance of building permits resulting in a potential loss of local land use control and a jurisdiction may be open to litigation based on a legally inadequate General Plan (where the HE is one required topical chapter).
With other 10K housing units at lower income, how will the City ensure affordable housing for this population is addressed on the sites that are proposed to increase capacity or intensity for developments? (Aside from inclusionary) We see many of these sites being developed as market rate now.	In 2012, the State ceased operating local redevelopment agencies, which served as an important component of the affordable housing development landscape. Staff recognizes that funding is a constraint as no City has enough revenues to fund affordable housing development completely.
	As part of the HE process, the City will consider a multi-pronged strategy to support/encourage affordable housing development such as: (1) converting existing units to affordable units; (2) extending expiring affordability covenants; (3) updating Irvine's inclusionary housing ordinance; (4) layering affordable housing funding from the State such as tax credits and grants; and (5) state density bonus laws.
Is there a cost involved in changing zoning from office to residential?	In general, there are costs associated with processing the necessary discretionary development applications (e.g. General Plan Amendment, Zone

Page 4 of 6

	Change, EIR) to change zoning requirements from office to allowing residential uses. Typically, these costs are the responsibility of the property owner or applicant, but in this case the City will be laying the general ground work with a subsequent GPU/ZOA/EIR, to the extent necessary. However, the property owner (i.e., applicant) would still need to process the specific discretionary application(s) and appropriate CEQA documentation to develop the actual residential project.
Will this meeting be available as a recorded meeting? Is the slide deck available.	This meeting was not recorded to facilitate a free flow conversation. City staff will distribute the slide deck to all meeting attendees and post relevant information on the project webpage at www.cityofirvine.org/housingelementupdate .
Just wanted to clarify that the subsequent GPA/Zoning updates could also include individual requests for GPA/Zone Changes to approve residential.	Yes, the City would consider individual GPA/ZC applications for residential to be incorporated to the extent there is no conflict with the City-initiated GPA/ZOA/EIR. However, this would be determined as part of a subsequent GPU on a case-by-case basis and not the HE.
Can you give a quick overview of when you will publish the housing opportunities sites?	Staff anticipates finalizing the site inventory in Spring 2021. A public review of the draft HE (with site inventory) and CEQA documentation is anticipated to be available in Summer 2021.
Is the City open to considering sites/properties outside the IBC and near the Irvine train station?	Any site that can safely accommodate residential uses will be considered. As the HE process progresses, the City Council will ultimately decide on the final site inventory to be submitted to the State for certification. Please contact Charles Kovac, Housing Administrator, at
	ckovac@cityofirvine.org and Melissa Chao, Senior Planner, at mchao@cityofirvine.org to discuss opportunities for assistance.
What is the position of the City Council regarding the RHNA numbers? Eager? Enthusiastic?	Throughout the RHNA process (i.e., methodology and allocation), the City has voiced our concerns over the sizeable RHNA allocation and our ability to realistically accommodate the units.

Page 5 of 6

	As directed by the City Council on October 26, 2020, the City filed an appeal of its Draft RHNA allocation to reduce our allocation. SCAG rejected the City's appeal. The City received its final allocation of 23,610 units on March 4, 2021.
Since Irvine failed to meet its very low and low income RHNA allocations for the 5^{th} cycle HE, Irvine is subject to SB 35. Very low and low income is systemically left behind so we know the outcome.	Comment noted.
Very low and low income is generally taken care of by affordable housing developers. How does the City participate in the "capital stack?"	Irvine encourages non-profit developers like Jamboree Housing. We recognize that affordable housing development often requires subsidies from the City. In 2011, the State's budget crisis greatly reduced available funding. To be viable, affordable housing developments need to tap into multiple strategies and layered funding sources such as State funding and grants, and by-right automatic density bonus.
How to incentivize at lower affordability levels? Requires a variety of strategies. Think of land use as a subsidy or incentive. Apply more rigorous inclusionary requirements in industrial areas. Want to provide deeper affordability levels and comprehensive services to support the residents.	Comment noted.
How long to complete the rezone?	A rezoning effort could take 2.5 to 3 years and would occur after the adoption of the HE in October 2021.
What percentage of units are required to be low income?	The City's adopted inclusionary housing requirement is 15 percent. For example, if 100 units are developed then 15 units (or 15 percent) are required to be affordable where 5 units are very low income, 5 units are low income, and 5 units are moderate income.

RHNA/IRVINE HOUSING ELEMENT UPDATE

What is the Irvine Housing Element Update?

The upcoming October 2021 through October 2029 Housing Element is the sixth update to the City of Irvine Housing Element and is referred to as the 6th Cycle Housing Element. In the update, the City must identify enough potentially developable land suitable for residential use (i.e., site inventory) to meet Irvine's new Regional Housing Needs Assessment (RHNA) allocation.

How many dwelling units are in the allocation for the City of Irvine?

23,610 units are in the allocation. Any residential building permits pulled after July 2021 will count towards the RHNA allocation. All currently planned TIC and FivePoint entitled future units (6,000-7,000) are in IUSD's projections.

RHNA/IRVINE HOUSING ELEMENT UPDATE

Where could the remaining allocated units be developed?

The City of Irvine has preliminarily identified the following areas: Irvine Business Complex (IBC), Great Park Neighborhoods, Irvine Spectrum particularly Planning Area 32 (Train Station south of the Great Park) in addition to smaller infill areas and underutilized sites throughout the City. A more detailed draft plan is expected later in the Summer.

What is the timeline for the Housing Element Update?

- · Now: City of Irvine staff prepare draft Housing Element
- Summer 2021: Public review of draft Housing Element
- Fall 2021: Adoption of Housing Element (General Plan Update to follow)

Facilities staff anticipates providing a more detailed update at the Fall 2021 Facilities Study Session

Where can I go for more information?

Hi Melissa,

See draft slides. Again, our presentation to our Board isn't until May 18th so there is plenty of time for us to add/change/remove/clarify items. If you could provide me your comments in the next few days I would appreciate it. I anticipate making the maps more readable. Those are just placeholders as I refine the presentation. If it is easier to discuss over the phone let me know.

Hi Melissa,

We are providing a robust presentation/update to our Board of Education on all things related to

Facilities Planning in IUSD on May 18 . A small portion of the presentation/update will be an update to the City of Irvine Housing Element Update so our Board can be made aware of our preliminary planning activities and the communication we have had thus far with your team. Can I send you my draft slides to verify that I am appropriately describing where the city is in the process and how the process will play out? For context, the update will be 5 slides in a presentation of 92 slides. To the extent possible, I have tried to copy verbiage used by City of Irvine staff in their presentations.

Thank you,

Jesse Barron

Appendix A-N: Stakeholder Meetings for Affordable Housing

Table of Contents

- 1. Meetings Participant List
- 2. Meeting Discussion Guide
- 3. Aggregated Summary and Analysis

Meetings Participant List

- Related California: For-profit housing developer that has built several 100% affordable housing properties in Irvine. Related focuses on affordable family andseni housing with on-site supportiveresident services.
- Bridge Housing: Non-profit developer specializing in developments that support
 the community with a range of expertise in affordable family and senior housing
 using transit-oriented, infill, and sustainable development, as well as mixeduse/mixed-income, supportive housing, assisted living and affordable ownership
 housing.
- **Impact Housing:** Specializes in modular construction and workforce housing at low and moderate income levels.
- **C&C Development:** Non-profit affordable housing developer specializing in new construction, acquisiton and rehabilitation, adaptive reuse and sustainable development, including senior and other special needs housing with on-site supportive resident services.
- Orange County Community Housing Corporation (OCCHC): Non-profit
 affordable housing developer focusing on extremely low income levels via small
 scattered sites. OCCHC created its signature program, SteppingUp, to build
 upon the continum of care for at-risk families focusing on affordable housing,
 college awareness as well as economic empowerment and preparing for
 homeownership.
- Innovative Housing Opportunities (IHO): Non-profit affordable housing developer for low-to moderate-income individuals and families with over four decades of experience in Southern California. IHO is committed to creating comprehensive mixed-income, mixed-use, and mixed population communities and economic empowerment opportunities.
- **Jamboree Housing Corporation:** Non-profit affordable housing developer providing a full range of high-quality housing affordable to lower income households with on-site supportive resident services.
- Irvine Community Land Trust (ICLT): According to the Adaptation
 Clearinghouse case study, ICLT is an initially city-established CLT designed to
 support infill development of sustainable, permanently affordable housing. ICLT
 offers homes on a shared-equity model where buyers purchase the improvement
 and get rights to the land through a 99-year ground lease that includes resale
 restrictions to ensure permanent affordablity (e.g. Sage Park). ICLT also has two
 100% affordable rental housing properties as well as affordable scattered
 condominium units in Irvine.

Developments incorporate green housing design and offer extensive community amenties and provide services to residents including those with special needs or at-risk groups (e.g., Doria, Alegre, Salerno, and Parc Derian). In 2017, the ICLT incorporated as an independent non profit separate from the City transitioning to

a more classic community-controlled governing board. ICLT continues to produce and preserve affordable properties through direct transfer of property from the Irvine's Inclusionary Zoning requirements and/or Development Agreements to the ICLT's portfolio.

Meeting Discussion Guide

- a) What are some challenges and opportunities you face as a developer while trying to develop affordable housing in Irvine?
- b) Are there any constraints with obtaining loans (construction and/or permanent) for a project in Irvine?
- c) Have you encountered any programs, procedures, or incentives in other cities that have significantly facilitated housing development?
- d) As funding for affordable housing is severely limited and not sufficient for the need, what types of things can the City do to incentivize affordable housing projects (e.g., zoning, fee deferrals, streamlining, etc.)?
- e) Have you considered a project in Irvine within the last three years? Why or why not?
- f) In your opinion, what are some creative housing solutions that would help a city like Irvine develop more affordable housing? Would implementing a by-right affordable housing development overlay help?
- g) Are you interested in potentially partnering with a church or religious institution for a project (per recently passed AB 1851)? What could the City do to assist?

Aggregated Summary and Analysis

The summary is aggregated to maintain anonymity as requested by some participants.

Comments Received	How Comment was Address in HE
High land costs and finding sites (for sale or	Addressed under Program PP-A.3 in the HE to
ground lease) is challenging bearing in mind	establish zoning overlays to allow for multi-family
location considerations, the local political	residential in non-residential areas, including
climate, and availability of gap financing	religious institutions and schools. This facilitates
	and expands land opportunities and may
	encourage on-site workforce housing as an
	employer.
	Additionally, Program PP-A.4 encourages the
	Subdivision of Sites that are 10 or more acres,
	consistent with HCD's residential development
	feasibility size range of 0.5 to 10 acres in size.
	Addressed under Program PP-C.1 in the HE to
	update the City's Zoning Ordinance to allow for
	higher densities in areas with
	underdeveloped/underutilized property,
	including overlays allowing residential uses in
	commercial areas. In conjunction with programs
	such as Homekey and Roomkey, this could
	facilitate hotel conversions for permanent housing.
	nousing.
	Lastly, Programs under Objective F of Goal 4 are
	related to leveraging City owned land for
	development of 100 percent affordable housing
	projects and pursuing land acquisition
	opportunities with complementary partners. As
	part of the subsequent General Plan
	Update/Zoning Ordinance Amendment work effort, City staff will explore ways to reduce or
	eliminate assessments on land
Supportive of inclusionary ordinance	Addressed under Goal 4 the Housing Plan section
	of the HE is to update the City's existing
	inclusionary ordinance as part of the subsequent
	General Plan Update and Zoning Ordinance
	Amendment work effort. The work effort will
	include a potential increase to mandate 20 percent of new housing projects at affordable
	price points, rather than the current 15 percent.
Need gap financing and more financing sources	Goal 4 of the Housing Plan section includes
because the cost of project exceeds revenue	policies, programs, and actions for securing and
,	assisting with affordable housing funding. In

Financing is increasingly competitive, especially 9 percent tax credit projects (i.e., California Tax Credit Allocation Committee or "TCAC") where project sites need to score the full 15 points in the site amenities (e.g., transit, public park/community center, public library, full-scale grocery store, schools, senior center if senior development, medical clinic, pharmacy, and high speed internet service) to be competitive	particular, Policy HE-E.3 to increase the affordable in-lieu fee to reflect current costs and the various programs under Objective E of Goal 4 related to funding sources for affordable projects. Additionally, Program PP-I.3 aims to leverage all funding options such as joining the Orange County Finance Trust (OCHFT), a joint power authority comprised of many Orange County cities. OCHFT can provide additional funding options for affordable housing developers. Addressed under Program PP-C.1 in the HE to update the City's Zoning Ordinance to allow for higher densities in areas with underdeveloped/underutilized property, including overlays allowing residential uses in commercial areas. The program may facilitated the conversion of retail centers into mixed-use. Additionally, addressed under Program PP-G.3 to make appropriate zoning changes as part of the subsequent General Plan Update and Zoning Ordinance Amendment to encourage the development of affordable housing in resource-rich areas.
	Encouraging mixed-use and adding affordable housing at retails centers is conducive to the 9 percent TCAC scoring criteria.
Entitlement process is lengthy and risky (e.g., interest rates fluctuate/different tax regulations)	Addressed under the policies and programs listed under Objective B of Goal 1 of the HE to streamline the development process. Specifically, Policy HE-B.1 to expedite the entitlement process for affordable housing developments.
Consider objective design standards for affordable by right for sites to the degree possible	Under the residential and mixed-use overlays in Programs PP-A.3 and PP-C.1, the City will explore design standards and evaluate other cost/time savings mechanisms in conjunction with the development of the residential and mixed-use overlays during the subsequent General Plan Update/Zoning Ordinance Amendment work effort.
Expedited permit processing	Addressed by Program PP-B.5 to explore dedicated staff for affordable housing entitlement, permit, and fee processes.

Defer development fees until Certificates of Occupancy	Additionally, addressed under Program PP-H.2 to monitor and adjust City fees, development standards, incentives, and development review processes, where legally and financially feasible, to ensure such requirements do not unduly constrain housing development. Addressed by Policy HE-B.2 to evaluate the costs and benefits of restructuring the development fee collection process and identify opportunities
Increased density because of high land values and where appropriate; potentially with reduced parking	to do so for affordable housing projects. As indicated under Goals 1 and 2 of the Housing Plan section, it is anticipated that the subsequent General Plan Update and Zoning Ordinance Amendment work effort will maximize density where appropriate with proposed residential overlays. Under Program PP-H.2, the City will adjust
	development standards in conjunction with creating residential and mixed-use overlays during the subsequent General Plan Update/Zoning Ordinance Amendment work effort.
	Several affordable housing developers active in the region indicated that providing parking spaces on-site is expensive; however, demand for spaces is high regardless of income level.
Consider smaller units and requiring less minimum features (e.g., elevators, washer/dryer in every unit, free Wi-Fi, PV)	Addressed by Program PP-G.2 in HE to adopt ordinances and policies that encourage a diverse housing stock, including innovative design prototypes and/or construction.
	As an on-going existing practice, encourage all housing builders to participate in the Universal Design Program and educate contractors/remodelers on these design features for residential rehabilitation projects to allow for aging in place and enhancing usability for children and persons with disabilities.
Consider a Request of Qualifications (RFQ) instead of a Request for Proposals (RFP) to create program and funding through a public process. The existing RFP process to bid on a specific affordable housing/inclusionary project is lengthy and expensive and it is hard to achieve the stated RFP objectives because of cost constraints and ability to secure funding.	Addressed by Policy PP-H.2 in HE to monitor and adjust City fees, development standards, incentives and development review processes, where legally and financially feasible, to ensure such requirements do not unduly constrain housing development. This consideration could be further explored during the General Plan

	Update/Zoning Ordinance Amendment work effort,
Consider partnerships between market-rate and affordable developers where the market-rate developer pays inclusionary fees to the affordable housing developer to gain housing faster because it can be entitled as one project	Addressed by Policy HE-E.3 to update the inclusionary housing policies and in-lieu fees. Staff will explore this concept during the subsequent General Plan Update/Zoning Ordinance Amendment work effort.
	Addressed by Policy HE-G.4 in HE to promote and facilitate new partnerships with various organizations with different housing needs and between various entities with complementary housing objectives.

Housing Element Update

Welcome & Introductions

City Staff

- Kerwin LauPlanning Services Manager
- Marika Poynter Principal Planner

- Hitta Mosesman
- Jordan Perez

How to Participate – Share Your Ideas

During the presentation:

- · Audience will be muted
- If you have a question, type it into Q & A

After the presentation:

- · Questions in Q & A answered first
- After Q & A guestions answered, click the Raised Hand
- Raised Hand comments limited to three minutes per person per round
- Please be mindful of background noise

Housing Element Update

What is a Housing Element?

- State-mandated policy document/part of the City's General Plan
 - Primary planning document to address <u>City's housing needs</u>
 - State law <u>requirement for all cities & counties</u>
 - Housing needs of residents of all income levels
 - <u>State</u> Department of Housing and Community Development (HCD) <u>reviews and certifies</u>

Housing Element Does Not

- Require the City to build housing units
- Provide funding
- Authorize construction
 - Projects still need to go through the development review process

Housing Element Update

Why is the Housing Element Being Updated?

- State law requires an update every eight years
- Incorporates State housing law requirements
- Shows how City will facilitate housing demand/growth
- Allows eligibility for State funding for housing
- Involves community in housing planning process to develop effective housing policies and programs

Housing Element Components

- Community characteristics:
 - · population, income, and employment
- Existing & projected housing needs by category
 - challenges and opportunities
- Goals & objectives/policies & programs to address housing needs
- List of land for future housing at different income levels – site inventory

Housing Element Update

Demographics

- **Population:** 281,707 (2020)
 - 3.4% annual growth rate (2000-2020)
- Housing Tenure: 47% Owner & 53% Renter
- Median Sales Price: existing homes (2018): \$918,000
 - 197% increase (2000 2018)
- 50% of renter households spend 30% or more of gross income on housing

Sources: SCAG pre-certified local housing data, August 2020

Housing Trends – Existing Housing Types

Housing Type	# of Units	Percentage
Single-Family Detached	43,013	39.5%
Single-Family Attached	17,187	15.8%
Multi-Family, 2-4 units	6,765	6.2%
Multi-Family, 5+ units	40,692	37.4%
Mobile Homes	1,165	1.1%
TOTAL	108,822	100%

Source: SCAG pre-certified local housing data, August 2020

Housing Element Update

Survey Results – Housing

General Plan Update Survey – August 2020

NOT ENOUGH

- Multi-family housing (market rate & affordable) and near public transit
- · Housing for seniors, students, and special needs

NEW HOUSING

- Spread throughout business districts and near existing housing (Infill)
- Mix of single and multi-family
- New services

Housing Element Update

Polling Questions

Do You Agree with the Survey Results? A Deeper Dive...

Housing Element Update

Regional Housing Needs Assessment (RHNA)

What is RHNA?

- Regional Housing Needs Assessment
- Minimum # Units planned for each community
 (8 Years) Mandated by State
- RHNA for Southern California: 1.34 million units
- Southern California Association of Governments Regional Planning Agency
 - Develops methodology and allocates units to cities and counties

RHNA Allocation

% of County Area Median Income (AMI)	Units
Category 1 (0 – 50 % AMI)	6,396
Category 2 (51 – 80% AMI)	4,235
Category 3 (81 – 120% AMI)	4,308
Category 4 (120% AMI or above; considered "market rate")	8,671
TOTAL	23,610

- Need to identify extra sites for Categories 1-3 due to State Law ("no net loss" buffer)
- Actual number needed will likely exceed numbers above

Housing Element Update

Site Inventory

Background

- Analysis of adequate sites suitable to accommodate RHNA
 - List and map
 - Specific locations where future housing can be built
 - Identify the potential # of homes that can be built at those locations
 - State's site selection criteria (HCD's Guidebook)
 - 1. Site appropriately zoned?
 - 2. Site suitable for development?
 - 3. Realistic development capacity?

Housing Element Update

Locations Generally "Off the Table"

- Preserved <u>open space</u> areas
- Areas with sensitive habitat or species
- Where topography isn't conducive to building (e.g., steep slopes)
- Flood zones or high-fire areas that aren't safe
- Areas deemed off-limits by <u>John Wayne</u>
 <u>Airport</u> (e.g., flight path, airport noise
 contours)

Affirmatively Furthering Fair Housing (AFFH)

- Fair and equitable distribution of housing throughout community
- Protects against communities being overburdened
- Takes into consideration:
 - · Variety of housing types
 - Mix of affordability levels
 - Access to transportation, employment, and community resources

Housing Element Update

Potential Housing Strategies

- Rezone and create overlays for more homes especially near Irvine Station and job centers (IBC & Spectrum)
- Redevelop properties such as older apartment complexes and underutilized retail/office centers to include residential uses
- Expand Inclusionary Housing Ordinance
 - Increase requirement from 15 percent to 20 percent for affordable units

Potential Housing Strategies

- Ease restrictive development standards such as reduced parking requirements or using on-site shared Electric Vehicle (EV) fleet for residents
- Encourage innovative design prototypes such as smaller units with increased energy efficiency

See Polling Results in Sections 2a and 2b below

Next Steps

Housing Element Update

Spring 2021

- Finalize site inventory
- Prepare draft Housing Element

Summer 2021

- Planning Commission and City Council review
- Public review of draft Housing Element (30 days)
- State review of the draft Housing Element (60 days)
- Finalize Housing Element

Early Fall 2021 - Adoption Hearings

- Planning Commission
- City Council

State Due Date - October 15, 2021 for certification (120-day grace period allowed)

2a. Live Polling Results from April 22, 2021

What types of housing does Irvine need?

What is the most important consideration for location? Choose one:

2b. Live Polling Results from April 29, 2021

What Types of Housing Does Irvine Need?

Are there an adequate number of retail centers in Irvine? Choose one:

How do you feel about replacing underperforming/obsolete businesses with residential uses and/or community serving uses in retail or office centers? Choose one:

Do you think being able to walk to a shopping center from your home would be a benefit?

The costs of providing on-site parking for housing projects, especially affordable homes, can be prohibitive. How can the City ensure new projects adequately address specific parking needs without it being a major obstacle?

City of Irvine to Host Housing Element Update Virtual Community Workshops

All Irvine residents and stakeholders are encouraged to help plan the City's future housing needs

and priorities.

IRVINE, Calif. (April 12, 2021): The City of Irvine is updating the Housing Element for the 2021-2029 planning period and will be hosting two virtual community workshops. All Irvine residents and stakeholders are encouraged to attend the virtual workshops to help plan the City's future housing needs and priorities.

The City of Irvine Housing Element is one of the seven mandated elements of the City's General Plan. It sets forth Irvine's strategy to preserve and enhance the community's residential character, expand housing opportunities for all economic segments, and provide guidance and direction for local government decision-making in all matters related to housing.

The community workshops will be hosted by Irvine's Community Development department and will include a presentation on the Housing Element and an open discussion about the update. The public is invited to attend the meetings.

Virtual Community Workshop dates and times via Zoom:

- April 22, 2021, from 10 a.m. to noon
- April 29, 2021, from 5:30 p.m. to 7:30 p.m.

To register for a virtual meeting and for additional information on the Housing Element Update, visit cityofirvine.org/HEUpdate or call 949-724-6395. If you need language assistance, please email mchao@cityofirvine.org by April 30 to schedule an individualized meeting.

For more information on the Housing Element Update, please visit <u>cityofirvine.org/HEUpdate</u> or email <u>GPUpdate2035@cityofirvine.org</u>. In addition to English, program information is available in <u>Chinese (Traditional)</u>, <u>Chinese (Simplified)</u>, <u>Korean</u>, <u>Spanish</u>, <u>Vietnamese</u>, <u>Arabic</u>, <u>Japanese</u>, and <u>Farsi</u>.

Since its incorporation in 1971, Irvine has become a nationally recognized city, with a population of 281,707 that spans 66 square miles and is recognized as one of America's safest and most successful master-planned urban communities. Top-rated educational institutions, an enterprising business atmosphere, sound environmental stewardship, and respect for diversity all contribute to Irvine's enviable quality of life. This family-friendly city features more than 16,000 acres of parks, sports fields and dedicated open space and is the home of the Orange County Great Park. For more information, please visit cityofirvine org.

Housing Element Update Virtual Community Workshops

The City of Irvine is updating the Housing Element for the 2021-2029 planning period and will be hosting two virtual community workshops in April. All Irvine residents and stakeholders are encouraged to attend the virtual workshops to help plan the City's future housing needs and priorities.

The workshops will be held April 22, from 10 a.m. to noon; and April 29, from 5:30 to 7:30 p.m. via Zoom. Visit cityofirvine.org/HEUpdate to register for a meeting, view program material in eight languages, and learn more. If you need language assistance, please email mchao@cityofirvine.org by April 30 to schedule an individual meeting.

Participate in the National Mayor's Challenge for Water Conservation

Mayor Farrah N. Khan is joining mayors across the country for the 10th Anniversary of the National Mayor's Challenge for Water Conservation by asking residents to make a long-term commitment to manage water

The annual challenge, April 1- 30, is a nonprofit national community service campaign that encourages leaders to inspire their residents to make a series of simple pledges to use water more efficiently, reduce pollution and save energy. Visit mywaterpledge.com to take the pledge.

7. Workshop Announcements (Oral)

City Council Announcement by Mayor Khan City Council Meeting Tuesday, April 27, 2021

Housing Element Update

- The City is in the process of updating our Housing Element, and we invite you to learn more about this effort and provide your input on housing in Irvine at a Community Workshop this Thursday at 5:30 p.m.
- Irvine, along with all California cities and counties, is required to adequately plan
 for and meet the housing needs of everyone in the community. In the Housing
 Element Update, the City must identify enough potentially developable land
 suitable for residential use to meet the Regional Housing Needs Assessment, or
 RHNA, allocation required by the State.
- The City's portion of SCAG's RHNA for the 2021-2029 Housing Element is 23,610 units.
- A flier with information on the Housing Element Update is available in eight languages and anyone who needs language assistance for the community meeting can email *mchao@cityofirvine.org* by April 30 to schedule an individualized meeting.
- To register for Thursday's meeting, subscribe for updates, and for more information on the Housing Element Update, available in multiple languages, visit *cityofirvine.org/housingelementupdate*.
- We hope you will join us on Thursday to learn more and share your input.

General Announcements made at Planning Commission, Community Services Commission, Finance Commission, and Transportation Commission, as well as various committee/board meetings such as the Senior Citizen Council and Sports Committee during their regular meetings in early- to mid-April 2021

Community Development is updating Irvine's Housing Element as required by the State. Two community workshops are planned for April 22 from 10 am - 12 pm and April 29 from 5:30 – 7:30 pm. We invite everyone in the community to participate in one of the virtual workshops. Specific meeting details will be released in mid-April. For more information on the project, please go to www.cityofirvine.org/housingelementupdate.

Ms. Madelynn <u>Hirneise</u>, Chief Executive Officer Families Forward 8 Thomas Irvine, CA 92618

Subject: Families Forward – One Affordable Housing Unit Expiring December

16, 2024

Dear Ms. Hirneise:

According to City records, affordability for one very low-income transitional unit at 391 Huntington will expire December 16, 2024 during the upcoming eight-year planning period (2021-2029) associated with the 6th cycle Housing Element. The City of Irvine is dedicated to preserving existing affordable units and we would like to discuss how we can work together to extend the terms of affordability.

If you have any questions and/or need assistance, please contact Amy Mullay, Senior Planner, at amullay@cityofirvine.org or 949-724-7454.

For additional information on the 6th cycle Housing Element update efforts, please visit www.cityofirvine.org/HEUpdate.

Please contact us at your earliest convenience and respond to this request by May 14, 2021.

Thank you for your time and attention to this matter.

Sincerely

Kerwin Lau

Manager of Planning Services

cc: Pete Carmichael, Director of Community Development Tim Gehrich, Deputy Director of Community Development

Expiring 2028

Dear Ms. Archuleta:

According to City records, affordability for these 360 senior ownership units, comprised of 72 very low income, 198 low income, and 90 moderate income units at 14851 Jeffrey Rd. will expire in 2028 during the upcoming eight-year planning period (2021-2029) associated with the 6th cycle Housing Element. The City of Irvine is dedicated to preserving existing affordable units and we would like to discuss how we can work together to extend the terms of affordability.

If you have any questions and/or need assistance, please contact Amy Mullay, Senior Planner, at amullay@cityofirvine.org or 949-724-7454.

For additional information on the 6th cycle Housing Element update efforts, please visit www.cityofirvine.org/HEUpdate.

Please contact us at your earliest convenience and respond to this request by May 14, 2021.

Thank you for your time and attention to this matter.

Sincerely,

Kerwin Lau Manager of Planning Services

cc: Pete Carmichael, Director of Community Development Tim Gehrich, Deputy Director of Community Development

Ms. Letty Plascencia Orange County Community Housing Corporation 501 N Golden Cir Dr, #200 Santa Ana, CA 92705

Subject: OCCHC- Six Affordable Housing Units Expired 2020

Dear Ms. Plascencia:

According to City records, affordability for these six scattered very low-income rental units expired in 2020. The City of Irvine is dedicated to preserving existing affordable units and we would like to discuss how we can work together to reinstate or extend the terms of affordability.

If you have any questions and/or need assistance, please contact Amy <u>Mullay</u>, Senior Planner, at <u>amullay@cityofirvine.org</u> or 949-724-7454.

For additional information on the 6th cycle Housing Element update efforts, please visit www.cityofirvine.org/HEUpdate.

Please contact us at your earliest convenience and respond to this request by May 14, 2021.

Thank you for your time and attention to this matter.

Sincerely.

Kerwin Lau

2. Meeting Agenda

Agenda Families Forward Stakeholder Meeting Housing Element Update

May 20, 2021 from 3:30 - 4:30 p.m. via MS Teams

Attendees:

City of Irvine

- Andrew Douglass, Acting Housing Administrator
- · Amy Mullay, Senior Planner
- Melissa Chao, Senior Planner

Families Forward

- Nishtha Mohendra MSW, Families Forward, Chief Program Officer
- Brian Arzate, Families Forward, Property Manager
- Daneille DeBerg
- Madelynn <u>Hirneise</u>, Families Forward, CEO (optional)

Purpose: Extending affordable units expiring during 6th Cycle Housing Element covering 2021-2029

- Introductions
- II. Housing Element Update Background
 - a. RHNA requirements by income level (see Attachment 1)
 - b. Planning Areas and Potential Opportunities
 - c. Affordable/Fair Housing Requirements
 - d. Shared interest in preserving existing affordable units
- III. Expiring Units
 - Seven (7) scattered extremely low-income rental units expiring July 27, 2021 – CDBG financing
 - b. One (1) very low-income transitional unit at 391 Huntington expiring December 16, 2024 – HOME financing
- IV. Potential ways to preserve existing affordable units
- V. Other?

Attachment 1 Final 6th Cycle RHNA Numbers from SCAG

Income Category (% of County Area Median Income (AMI))	Units
Extremely Low / Very Low (0% - 50% AMI)	6,396
Low (51% - 80% AMI)	4,235
Moderate (81% - 120% AMI)	4,308
Above Moderate (120% AMI or above, which is considered market rate)	8,671
TOTAL	23,610

Agenda Jamboree Housing Stakeholder Meeting Housing Element Update

June 30, 2021 from 11 - 11:30 a.m. via MS Teams

Attendees:

City of Irvine

- Andrew Douglass, Acting Housing Administrator
- Keri Bullock, Neighborhood Services Administrator
- · Amy Mullay, Senior Planner
- · Marika Poynter, Principal Planner
- · Melissa Chao, Senior Planner

PLANNING COMMISSION REGULAR MEETING

July 1, 2021 5:30 PM City Council Chamber One Civic Center Plaza Irvine. CA 92606

PARTICIPATION AT PLANNING COMMISSION MEETINGS

MEETINGS ARE AVAILABLE TO ATTEND IN-PERSON IN THE CITY COUNCIL CHAMBER OR WATCHED LIVE THROUGH THE "ZOOM" APPLICATION. INFORMATION FOR "ZOOM" CAN BE FOUND ONLINE AT CITYOFIRVINE.ORG/PLANNINGCOMMISSION. YOU MAY SUBMIT COMMENTS ON ANY AGENDA ITEM OR ON ANY ITEM NOT ON THE AGENDA, IN WRITING VIA MAIL TO "ATTN: PLANNING COMMISSION," ONE CIVIC CENTER PLAZA, IRVINE, CA 92606; BY EMAIL TO PLANNINGCOMMISSION@CITYOFIRVINE.ORG; OR THROUGH E-COMMENT AT CITYOFIRVINE.ORG/PLANNINGCOMMISSION. E-COMMENTS SUBMITTED AT LEAST TWO HOURS PRIOR TO THE COMMENCEMENT OF THE MEETING WILL BE DISTRIBUTED TO THE PLANNING COMMISSION AT THE MEETING. YOU MAY ALSO PROVIDE LIVE COMMENTS VIA "ZOOM." FOR MORE INFORMATION, VISIT CITYOFIRVINE.ORG/PLANNINGCOMMISSION.

REQUEST TO SPEAK IN PERSON: IF YOU WOULD LIKE TO ADDRESS THE PLANNING COMMISSION ON A SCHEDULED AGENDA ITEM – INCLUDING A REGULAR BUSINESS ITEM, A PUBLIC HEARING ITEM, OR PUBLIC COMMENTS – PLEASE REGISTER BY COMPLETING THE ELECTRONIC FORM AVAILABLE ON THE KIOSK AT THE ENTRANCE TO THE CITY COUNCIL CHAMBER. PLEASE IDENTIFY ON THE FORM YOUR NAME AND THE ITEM ON WHICH YOU WOULD LIKE TO SPEAK. THE REQUEST TO SPEAK FORM ON THE KIOSK ASSISTS THE CHAIR IN ENSURING THAT ALL PERSONS WISHING TO ADDRESS THE PLANNING COMMISSION ARE RECOGNIZED. IT ALSO ENSURES THE ACCURATE IDENTIFICATION OF MEETING PARTICIPANTS IN THE PLANNING COMMISSION MINUTES. YOUR NAME WILL BE CALLED AT THE TIME THE MATTER IS HEARD BY THE PLANNING COMMISSION. CITY POLICY IS TO LIMIT PUBLIC TESTIMONY TO UP TO FIVE MINUTES PER SPEAKER ON AGENDIZED ITEMS, AND THREE MINUTES DURING GENERAL PUBLIC COMMENTS (UNLESS THE TIME LIMIT IS EXTENDED BY THE CHAIR), WHICH INCLUDES THE PRESENTATION OF ELECTRONIC OR AUDIO-VISUAL INFORMATION. SPEAKERS MAY NOT YIELD THEIR TIME TO OTHER PERSONS.

PLEASE TAKE NOTICE THAT THE ORDER OF SCHEDULED AGENDA ITEMS BELOW AND/OR THE TIME THEY ARE ACTUALLY HEARD, CONSIDERED AND DECIDED MAY BE MODIFIED BY THE CHAIR DURING THE COURSE OF THE MEETING. SO PLEASE STAY ALERT.

PLEASE NOTE: THE PLANNING COMMISSION IS MAKING EVERY EFFORT TO FOLLOW THE SPIRIT AND INTENT OF THE BROWN ACT AND OTHER APPLICABLE LAWS REGULATING THE CONDUCT OF PUBLIC MEETINGS, IN ORDER TO MAXIMIZE TRANSPARENCY AND PUBLIC ACCESS. FOR QUESTIONS OR ASSISTANCE, PLEASE CONTACT THE COMMUNITY DEVELOPMENT DEPARTMENT AT 949-724-6465, OR VIA EMAIL AT PLANNINGCOMMISSION@CITYOFIRVINE.ORG. IT WOULD BE APPRECIATED IF WRITTEN COMMUNICATIONS OF PUBLIC COMMENTS RELATED TO ITEMS ON THE AGENDA, OR ITEMS NOT ON THE AGENDA, ARE PROVIDED PRIOR TO THE COMMENCEMENT OF THE MEETING.

PLEDGE OF ALLEGIANCE

INTRODUCTIONS

ADDITIONS AND DELETIONS TO THE AGENDA

Additions to the agenda are limited by the California Government Code Section 54954.2 of the Brown Act and for those items that arise after the posting of the Agenda must be acted upon prior to the next Planning Commission meeting.

PUBLIC COMMENTS

COMMISSION BUSINESS

MINUTES - MAY 20, 2021

RECOMMENDED ACTION:

Adopt the minutes of the regular Planning Commission meeting held on May 20, 2021.

MINUTES - JUNE 3, 2021

RECOMMENDED ACTION:

Adopt the minutes of the Special Joint Meeting of the Planning Commission and Transportation Commission held on June 3, 2021.

PUBLIC HEARINGS

 TIME EXTENSION OF VESTING TENTATIVE TRACT MAP 18174 FOR A MIXED-USE DEVELOPMENT AT 18582 TELLER AVENUE IN PLANNING AREA 36 (IRVINE BUSINESS COMPLEX)

RECOMMENDED ACTION:

- 1) Conduct the public hearing.
- 2) Adopt RESOLUTION NO. 21-3829 A RESOLUTION OF THE PLANNING COMMISSION OF THE CITY OF IRVINE, CALIFORNIA, APPROVING A THREE-YEAR EXTENSION (00839733-PTT) OF VESTING TENTATIVE TRACT MAP 18174 FOR A MIXED-USE DEVELOPMENT AT 18582 TELLER AVENUE IN PLANNING AREA 36 (IRVINE BUSINESS COMPLEX).
- VESTING TENTATIVE TRACT MAPS 19122, 19130, AND 19121 LOCATED IN GREAT PARK NEIGHBORHOODS OF PLANNING AREA 51 (ORANGE COUNTY GREAT PARK)

RECOMMENDED ACTION:

- Conduct the public hearing.
- 2) Adopt Resolution No. 21-3826 A RESOLUTION OF THE PLANNING COMMISSION OF THE CITY OF IRVINE, CALIFORNIA, APPROVING VESTING TENTATIVE TRACT MAP 19122 (FILE NO. 00826560-PTT), COVERING 27.5 GROSS ACRES TO ALLOW FUTURE DEVELOPMENT OF RESIDENTIAL AND NON-RESIDENTIAL USES WITHIN DEVELOPMENT DISTRICT 1-SOUTH OF THE GREAT PARK NEIGHBORHOODS IN PLANNING AREA 51 (ORANGE COUNTY GREAT PARK); FILED BY FIVEPOINT COMMUNITIES MANAGEMENT
- 3) Adopt Resolution No. 21-3827 A RESOLUTION OF THE PLANNING COMMISSION OF THE CITY OF IRVINE. CALIFORNIA, APPROVING VESTING TENTATIVE TRACT MAP NO. 19130 (FILE NO. 00826530-PTT), COVERING 192.7 GROSS ACRES TO ALLOW FUTURE DEVELOPMENT OF RESIDENTIAL AND PRIVATE PARK USES WITHIN DEVELOPMENT DISTRICT 5-SOUTH AND DEVELOPMENT 6-NORTH OF THE GREAT PARK DISTRICT NEIGHBORHOODS IN PLANNING AREA 51 (ORANGE GREAT PARK); FILED BY COUNTY FIVEPOINT COMMUNITIES MANAGEMENT
- 4) Adopt Resolution No. 21-3828 A RESOLUTION OF THE PLANNING COMMISSION OF THE CITY OF IRVINE, CALIFORNIA, APPROVING VESTING TENTATIVE TRACT MAP

19121 (FILE NO. 00826522-PTT), COVERING 69.0 GROSS ACRES TO ALLOW FUTURE DEVELOPMENT OF RESIDENTIAL, PRIVATE PARK, AND WATER QUALITY BASIN USES WITHIN A PORTION OF DEVELOPMENT DISTRICT 6 OF THE GREAT PARK NEIGHBORHOODS IN PLANNING AREA 51 (ORANGE COUNTY GREAT PARK); FILED BY FIVEPOINT COMMUNITIES MANAGEMENT

GENERAL PLAN – DRAFT 2021-2029 HOUSING ELEMENT UPDATE

RECOMMENDED ACTION:

- Review and provide input on the key features of the Draft Housing Element Update.
- Continue the item to regular Planning Commission meeting on July 15, 2021.
- COMMISSIONER LIMB'S WHITE PAPER DISCUSSION TO CREATE A PLAN FOR INCREASING IRVINE'S AFFORDABLE HOUSING TO MEET THE STATE'S REQUIREMENTS
- 7. COMMISSIONER GAIDO'S REQUEST TO ESTABLISH SUBCOMMITTEE TO CREATE A DESIGN IMPLEMENTATION MANUAL FOR ELECTRONIC SIGNS

STAFF REPORTS

PLANNING COMMISSION REPORTS

ADJOURNMENT

NOTICE TO THE PUBLIC

The Irvine Planning Commission consists of five residents of the City who are appointed by Irvine City Councilmembers. The Commission meets regularly on the first and third Thursday of each month in the City Council Chamber at the Irvine Civic Center located at One Civic Center Plaza. Meetings begin at 5:30 p.m., unless otherwise noted. Meeting agendas and approved minutes are kept current on the City website at cityofirvine.org/planningcommission

The Planning Commission is responsible for providing input to the City Council on long-range planning. Irvine's long-range planning goals are embodied in the General Plan. The General Plan and the amendments to it are reviewed by the Planning Commission and adopted by the City Council. The General Plan is implemented through the City's development regulations.

The Planning Commission has the authority to approve or deny applications concerning development within the City. The category of applications includes Tentative Tract Maps, Conditional Use Permits, Master Plans, Administrative Relief and Variances. The Planning Commission also makes recommendations to the City Council on all applications for amendments to the Zoning Ordinance.

An agenda is provided for each Planning Commission meeting, which lists the items submitted for consideration. Prior to the listed agenda items, the Commission may hold a study session to receive information or meet with another committee. A study session is open to the public; however, no public testimony is taken and no decisions are made. Following a study session, the regular meeting will begin at 5:30 p.m. At this time, the Commission allows oral communication from the public to address the Commission on items not listed on the agenda. See information for Speaker's Card/Request to Speak on the first page.

The items on the agenda are arranged in three categories: <u>Consent Calendar</u>: These are relatively minor in nature, do not have any outstanding issues or concerns, and do not require a public hearing. All consent calendar items are considered by the Commission as one item and a single vote is taken for their approval, unless an item is pulled from the consent calendar for individual discussion. There is no public discussion of consent calendar items unless requested by the Commission. <u>Public Hearings</u>: This category is for case applications that require, by law, a hearing open to public comment because of the discretionary nature of the request. Public hearings are formally conducted and public input/testimony is requested at a specific time. This is your opportunity to speak on the item(s) that concern you. If, in the future, you wish to challenge in court any of the matters on this agenda for which a public hearing is to be conducted, you may be limited to raising only those issues which you (or someone else) raised orally at the public hearing or in written correspondence received by the City at or before the hearing. <u>Commission Business</u>: Items in this category are general in nature and may require Commission action. Public input may be received at the request of the Commission. See information for Speaker's Card/Request to Speak on the first page.

At 10 p.m., the Planning Commission will determine which of the remaining agenda items can be considered and acted upon prior to 11 p.m., and will continue all other items for which additional time is required until a future Commission meeting. All meetings are scheduled to terminate at 11 p.m.

STAFF REPORTS

As a general rule, staff reports or other written documentation have been prepared or organized with respect to each item of business listed on the agenda. Copies of these materials are on file with the Community Development Department and are available for public inspection and copying once the agenda is publicly posted, (at least 12 days prior to a regular Planning Commission meeting). Staff reports can also be downloaded from the City's website at cityofirvine.org/planningcommission at least 12 days prior to the scheduled Planning Commission meeting.

APPEALS

Planning Commission decisions may be appealed to the City Council in accordance with Zoning Ordinance Chapter 2-5. Planning Commission actions on a subdivision map may be appealed to the City Council in accordance with Irvine Municipal Code Section 5-5-110. Planning Commission determinations regarding an interpretation of the City's Subdivision Ordinance may be appealed to the City Council in accordance with Irvine Municipal Code Section 5-5-1004.H.

SUPPLEMENTAL MATERIAL RECEIVED AFTER THE POSTING OF THE AGENDA

Any supplemental writings or documents distributed to a majority of the Planning Commission regarding any item on this agenda <u>after</u> the posting of the agenda will be available for public review in the Community Development Department during normal business hours. In addition, such writings or documents will be made available for public review at the respective public meeting.

SUBMITTAL OF INFORMATION BY MEMBERS OF THE PUBLIC FOR DISSEMINATION OR PRESENTATION AT PUBLIC MEETINGS

MEDIA TYPES AND GUIDELINES

- Written Materials/Handouts: Any member of the public who desires to submit documentation in hard copy form may do so prior to the meeting or at the time he/she addresses the Planning Commission. Please provide 10 copies of the information to be submitted and file with the Recording Secretary at the time of arrival to the meeting. This information will be disseminated to the Planning Commission at the time testimony is given.
- Large Displays/Maps/Renderings: Any member of the public who desires to display freestanding large displays or renderings in conjunction with their public testimony is asked to notify the Community Development Department at 949-724-6465 no later than noon on the day of the scheduled meeting.
- Electronic Documents/Audio-Visuals: Any member of the public who desires to display information electronically in conjunction with their public testimony is asked to submit the information to the Community Development Department at 949-724-6465 no later than noon on the day of the scheduled meeting.

CITY SERVICES TO FACILITATE ACCESS TO PUBLIC MEETINGS

It is the intention of the City of Irvine to comply with the Americans with Disabilities Act (ADA) in all respects. If, as an attendee or a participant at this meeting, you will need special assistance beyond what is normally provided, the City of Irvine will attempt to accommodate you in every reasonable manner. Please contact the Planning Commission liaison at 949-724-6465.

Assisted listening devices are available at the meeting for individuals with hearing impairments. Notification 48 hours prior to the meeting will enable the City to make reasonable arrangements to ensure accessibility to this meeting. (28 CFR 35. 102-35. 104 ADA Title II).

MEETING SCHEDULE

Regular meetings of the Planning Commission are held on the first and third Thursdays of each month at 5:30 p.m. Agendas are available at the following locations:

- City Clerk's Office
- Police Department
- Front Entrance of City Hall
- University Park Center (Culver/Michelson)
- Walnut Village Center (Culver/Walnut)
- Northwood Town Center (Irvine Blvd./Yale)
- City's web page at cityofirvine.org/planningcommission

I hereby certify that the agenda for the regular Planning Commission meeting was posted in accordance with law in the posting book located in the Public Safety lobby and at the entrance to the Civic Center, One Civic Center Plaza, Irvine, California on <u>June 17, 2021</u> by <u>8 p.m.</u> as well as on the City's web page.

Commission Liaison

Ib. Staff Report for July 1, 2021

MEETING DATE: JULY 1, 2021

TITLE: GENERAL PLAN – DRAFT 2021-2029 HOUSING ELEMENT

UPDATE

Director of Community Development

RECOMMENDED ACTION

 Review and provide input on the key features of the Draft Housing Element Update.

2. Continue the item to regular Planning Commission meeting on July 15, 2021.

EXECUTIVE SUMMARY

State law requires all cities to update the Housing Element of its General Plan every eight years. It further requires the current update to be completed by October 2021 and the City is undertaking this process. The City's Housing Element was adopted by the City Council in 2013 for the 2013-2021 planning period. This update will address the 2021-2029 planning period. Staff is preparing the draft 2021-2029 Housing Element that will be submitted to the California Department of Housing and Community Development (HCD) for its required review prior to Planning Commission and City Council final approval, which is tentatively scheduled for fall/winter 2021.

The most significant update included in the draft 2021-2029 Housing Element is the identification of sites to accommodate the Regional Housing Needs Assessment (RHNA) and enhanced housing policies to support housing and affordability consistent with new state statute. The RHNA has been significantly increased from the current 5th Cycle RHNA allocation issued by the Southern California Association of Governments (SCAG). It is important to note that housing element law does not require a city to build housing units, but rather to demonstrate that the city has the land capacity to address RHNA through a required sites inventory analysis.

The content of the draft 2021-2029 Housing Element is structured for consistency with the requirements set forth in state law. In addition to responding to the requirements of state law, the Housing Element demonstrates how the strategies to meet the City's locally determined housing needs are addressed through plans, programs, and projects. This report includes an update on the status of the Housing Element Draft and how complies with state housing element law. Staff plans to bring the full draft document for review and

Planning Commission Meeting July 1, 2021 Page 2 of 10

input from the Planning Commission meeting at its July 15 meeting. The draft will then be submitted to HCD for its preliminary review and, ultimately brought back for final Commission input and City Council adoption in fall/winter 2021/2022.

COMMISSION/BOARD/COMMITTEE RECOMMENDATION

Not applicable.

ANALYSIS

Background

Under California law (Government Code Section 65580 et seq.), cities must update their housing element every eight years. As prescribed by law, the current update must be completed by October 2021. The City must transmit the draft 2021-2029 Housing Element to HCD for a 60 day preliminary review prior to final review and adoption by the Planning Commission and City Council. Once the draft 2021-2029 Housing Element is adopted by the Planning Commission in fall 2021 and the City Council in winter 2021, the final 2021-2029 Housing Element will be transmitted to HCD for certification. The purpose of a housing element is to assess a community's housing needs, identify obstacles to meeting those needs, and demonstrate capacity to accommodate the City's "fair share" of the region's need for new housing to accommodate projected population growth. The statewide housing mandate for all cities to accommodate their share of housing needs is known as the RHNA. A housing element must also include policies and goals that work towards implementation of the element over the planning period.

Irvine's current Housing Element for the planning period 2013-2021 was adopted by the City Council in September 2013 and it was found by HCD to be in full compliance with state housing element law. The Housing Element update will cover the state-required eight-year planning period beginning October 15, 2021, and ending October 15, 2029. The update will address various state mandates including the RHNA, which has been significantly increased from the current 12,149 units to 23,610 units. In addition to this increase, a significant change to state housing element statute is the requirement to demonstrate adequate sites to accommodate the RHNA at all affordability levels.

Housing Element Requirements

State law requires each city to prepare and adopt a housing element as part of its General Plan. According to State law, the Housing Element must: provide goals, policies, quantified objectives and scheduled programs to preserve, improve and develop housing. The Housing Element must identify and analyze existing and projected housing needs for all economic segments of the community.

Housing Needs Assessment

Planning Commission Meeting July 1, 2021 Page 3 of 10

The state develops housing demand projections and apportions these projections to each of the state's regions. In Orange County, SCAG allocates the state's regional projected demand to individual jurisdictions. This allocation is referred to as the 6th Cycle RHNA, and is intended to reflect the projected housing demand of each jurisdiction. State law requires that jurisdictions incorporate this allocation into their Housing Element update. In order to assess projected housing needs, a complete description of the City's most recent population estimate, and general characteristics of the employment market is provided. This information offers insight into the types of jobs in the community and the incomes associated with such jobs. It also identifies proposed development activities and future housing needs generated by new employment opportunities.

The "Housing Needs" section of the Housing Element identifies and analyzes the existing and projected housing need of the community pursuant to the RHNA. This is different from previous cycles where the RHNA only included the projected need. An assessment must be undertaken of the community's existing and projected housing needs based on household characteristics, housing stock conditions, special housing needs, and demographic, and employment trends. The City's total final RHNA allocation is 23,610. The projected need for the City, which is based on planned development and the City's official growth forecast is 7,690 units. The existing need for the City is 15,864 and is solely based on a jurisdiction's access to jobs and transit. The existing need also included additional units that were reallocated from disadvantaged communities (DACs) in Orange County. An additional 56 units were allocated to the City as a result of any successful RHNA appeal. The assessment of existing housing needs includes current demographic information, such as the total population, the number of households over-burdened by housing costs (define here), the number of households living in overcrowded conditions, and special housing needs. It also includes the number of housing units that need rehabilitation, as well as assisted affordable units at risk of converting to market rate. The majority of the data included in this section has been pre-certified by HCD for the SCAG region.

Projected need is the household growth for jurisdictions between July 1, 2021, and October 1, 2029. Existing need is considered the remainder of the regional determination after projected need is subtracted. The allocation establishes the number of new units anticipated to be needed, by income category, to accommodate the expected population growth over the planning period of the Housing Element. The housing needs findings are used to inform and develop the Housing Element policies and programs to ensure that the City focuses its efforts on the community's identified needs.

Sites Inventory, Analysis, and Goals and Policies

State law requires jurisdictions to provide an inventory of land suitable for residential development that will allow for, and facilitate production of, the City's regional share of housing as determined by the RHNA.

Planning Commission Meeting July 1, 2021 Page 4 of 10

To determine whether the City has sufficient land to accommodate its share of regional housing needs for all income groups, the City must identify "adequate sites" in the Housing Element site inventory. The purpose of the housing element's site inventory is to identify and analyze specific land (sites) that is available and suitable for residential development in order to determine the jurisdiction's capacity to accommodate residential development and reconcile that capacity with the jurisdiction's RHNA. The site inventory enables the jurisdiction to determine whether there are sufficient adequate sites to accommodate the RHNA by income category. A site inventory and analysis will determine whether program actions must be adopted to "make sites available" with appropriate zoning, development standards, and infrastructure capacity to accommodate the new housing need.

Other characteristics to consider when evaluating the appropriateness of sites include physical features (e.g., size and shape of the site, improvements currently on the site, slope instability or erosion, or environmental and pollution considerations), location (e.g., proximity and access to infrastructure, transit, job centers, and public or community services), competitiveness for affordable housing funding (e.g., Low Income Housing Tax Credit score criteria), and likelihood or interest in development due to access to opportunities such as jobs and high performing schools. When determining sites to include in the inventory to meet the lower income housing need, HCD recommends that a local government first identify development potential in high opportunity neighborhoods. High opportunity areas are places that currently have strong economic, environmental, and educational outcomes. Locating affordable housing in high opportunity areas would result in more racial integration of neighborhoods, and offer new economic opportunities to lower income segments of the population. This will assist the local government in meeting its requirements to affirmatively further fair housing and ensure developments are more competitive for development financing.

Sites are considered suitable for residential development if zoned appropriately and available for residential use during the planning period. Housing Element law does not require a jurisdiction to build housing units, but rather to demonstrate that the jurisdiction has the land capacity to address its RHNA. If a jurisdiction cannot demonstrate that the existing zoning and General Plan designations can accommodate its RHNA allocation, the jurisdiction is required to re-zone land in order to have sufficient capacity, among other programs that may also be required. Even if a city re-zones the land to accommodate residential, market and development trends will ultimately dictate the approval and construction of residential units. The City's draft 2021-2029 Housing Element demonstrates that Irvine does not have sufficient capacity under the current General Plan to meet the new RHNA through vacant land capacity and will need to re-zone land and update the Genera Plan and Zoning Ordinance to accommodate the RHNA. With the proposed re-zoning and inclusion of new policies and programs, the City is able to identify sufficient capacity to accommodate the 6th Cycle RHNA.

Planning Commission Meeting July 1, 2021 Page 5 of 10

The City's 6th Cycle RHNA has been significantly increased from the 5th Cycle RHNA of 12,149 units to 23,610 total units. The 6th Cycle RHNA will replace the current allocation when the Housing Element is updated, adopted by the City Council, and certified by the state before the statutory deadline. Table 1 below shows Irvine's RHNA allocation of housing units broken down by income category for the 2021-2029 planning period.

Table 1 2021-2029 Irvine Regional Housing Needs Allocation

Income Category	RHNA
Category 1 (0% - 50% AMI1) (Extremely Very	6,396
Low/Very Low)	0,550
Category 2 (51% - 80% AMI) (Low)	4,235
Category 3 (81% - 120% AMI) (Moderate)	4,308
Category 4 (over 120% AMI) (Above Moderate)	8,671
Total Units	23,610

Note: 1 AMI refers to Area Median Income for Orange County.

Housing Element statute has been modified the past several years, adding new requirements that must be included in a jurisdiction's Housing Element update. This includes the addition of the Affirmatively Further Fair Housing (AFFH) section and the "no net loss" requirement in the site inventory. "No net loss" requires a jurisdiction to maintain adequate sites to accommodate its remaining unmet RHNA by each income category at all times throughout the entire planning period. Specifically, if a jurisdictions approves a development of a parcel identified in its Housing Element sites inventory with fewer units than shown in the Housing Element, it must either make findings that the Housing Element's remaining sites have sufficient capacity to accommodate the remaining unmet RHNA by each income level, or identify and make available sufficient sites to accommodate the remaining unmet RHNA for each income category. In addition to the "no net loss" requirement, the City must identify an adequate supply of above moderate or "market rate" units to ensure the affordable units are constructed. As a result of this requirement, the City must identify more sites and units than identified in the RHNA.

Constraints

A number of factors can constrain the development and improvement of housing. These include both governmental and non-governmental constraints, which are reviewed in Housing Constraints section of the draft 2021-2029 Housing Element. State law requires the City to analyze land use controls, fees and exactions, on-and off-site improvement requirements, building codes and enforcement thereof, permit and processing procedures, and potential constraints on the development or improvement of housing for persons with disabilities. The draft 2021-2029

Housing Element generally finds that the City land use controls do not create unnecessary constraints to housing development.

Non-governmental constraints must also be analyzed, including the availability and cost of land, as well as construction. These constraints are often out of the City's control, but can result in housing that is not affordable to low- and moderate-income households.

Goals, Policies, and Programs

Based on the results of the public participation, housing needs assessment, sites inventory and analysis, and constraints, the draft 2021-2029 Housing Element establishes goals, policies, and programs to facilitate the provision of housing that fulfills the diverse needs of the community.

The draft 2021-2029 Housing Element establishes six goals, which are statements of community desires that are broad in both purpose and aim, but are designed specifically to establish direction. Policies provide specific standards for achieving each goal, and are further articulated in the programs, which identify actions the City will implement to achieve each goal and policy.

Many of the goals, policies, and programs have not changed from the 2013-2021 Housing Element. Some have been modified to simplify, avoid redundancy, or reflect current practice, and are outlined in the Goals, Policies and Programs section. New goals, policies, and programs have been added to build upon Irvine's success in building affordable housing throughout the community and address the City's significant RHNA allocation. Some of the key proposed policies being considered include:

- An increase to the inclusionary zoning ordinance to mandate 20 percent of new housing projects are at affordable price points, rather than the current 15 percent mandate.
- Target city, county, state, and certain privately owned sites for 100 percent affordable residential projects.
- Coordinate efforts and enhance partnership with the Irvine Community Land Trust (ICLT).
- Increase the affordable in-lieu fee to reflect current costs.
- Extend the term of affordability on affordable units set to expire in the next Housing Element Cycle (2021-2029)
- Introduce residential uses in targeted retail centers in the city to create mixed use environments.

- Maximize density near the Irvine Transportation Center with a residential overlay, for transit-oriented development.
- Expand the residential overlay and unit cap in the Irvine Business Complex.
- · Introduce residential overlay at religious and school sites.
- Allow conversion of hotel and motel to residential units.

Site Inventory

State law mandates that cities develop a sites inventory analysis to identify vacant land or land that can be redeveloped during the planning period. The inventory must include a map identifying parcels, general plan and zoning designation, acreage and unit capacity across affordability levels. The sites inventory analysis included in the draft 2021-2029 Housing Element demonstrates that the RHNA of 23,610 total housing units can be accommodated through a combination of the remaining vacant residential sites in Irvine and non-vacant sites that can be redeveloped with a residential component. This will require the City to complete a comprehensive update to the General Plan and Zoning Ordinance following the adoption of the Housing Element.

Per Housing Element statute and HCD's "Housing Element Site Inventory Guidebook", the City must identify adequate sites at the parcel level. Additionally, according to the guidebook, "the analysis of 'appropriate zoning' should not include residential buildout projections resulting from the implementation of a jurisdiction's inclusionary program or potential increase in density bonus, because these tools are not a substitute for addressing whether the underlying (base) zoning densities are appropriate to accommodate the RHNA for lower income households." This means, the City, despite having a successful inclusionary housing program, is unable to utilize the existing or proposed inclusionary housing program to meet the affordable RHNA allocation. Additional constraints to developing the site inventory include, but are not limited to:

- Density Realism: The City must show precedent for high density residential assumptions by providing documentation that nearby developments are at similar densities.
- Parcel Size: HCD will scrutinize affordable units on sites that are less than 0.5 acres or more than 10 acres.
- Affirmatively Furthering Fair Housing (AFFH): The City is required to spread affordable units throughout the City to ensure there isn't a concentration of affordable units in one area.

A detailed breakdown of the residential development capacity by income category will be provided in the Projected Housing Needs section of the draft 2021-2029

Planning Commission Meeting July 1, 2021 Page 8 of 10

Housing Element. The City will accomplish this task while continuing Irvine's tradition of strategic and thoughtful planning. Additionally, the draft 2021-2029 Housing Element continues the community's commitment to a full spectrum of housing opportunities for all income groups at all stages of life.

Quantified Objectives

A component of the Housing Element includes quantified objectives for achieving the maximum number of units, by income level, to be constructed, rehabilitated, and conserved over the planning period. Staff has identified the City's housing needs, surveyed developable parcels, identified financial resources, analyzed constraints, and assessed appropriate programs and policies. As a result of this analysis an estimate was made of the maximum number of units that can reasonably be expected to be developed by the private sector. It is important to note that quantified objectives need not equal the RHNA allocation.

Review of Past Programs in the Previous Housing Element

The City must evaluate the results from housing programs implemented during the previous Housing Element. The review of past programs discusses the progress, effectiveness, and appropriateness of the previous Housing Element goals, objectives, policies, and programs.

Public Participation

Pursuant to California Government Code Section 65583(c)(9), local governments are required to "make a diligent effort to achieve public participation of all economic segments of the community in the development of the housing element." To meet these requirements, the City of Irvine has organized multiple activities over the last 10 months to engage with all economic segments of the community through a community outreach survey, two focus groups, three community workshops, a Planning Commission study session, a City Council scoping session, and stakeholder meetings with the development community, property owners, non-profit organizations, public agencies, such as the Irvine Unified School District, affordable housing providers including the Irvine Community Land Trust, and special interest groups.

To promote the community engagement activities and events, the City used its website, social media accounts, press releases, mailers, interest list notifications, fliers, and public email system. The City also provided outreach materials in English and seven additional languages: Chinese (Traditional and Simplified), Korean, Vietnamese, Japanese, Farsi, Arabic, and Spanish to ensure the outreach materials reached many diverse segments of the community.

Planning Commission Meeting July 1, 2021 Page 9 of 10

The City Council conducted a scoping session on February 9, 2021, and the Planning Commission conducted a study session on February 18, 2021, on the Housing Element update process. Input from the workshops and meetings with the public, City Council, and Planning Commission, as well as staff review of the current Housing Element and changes in state housing law were used to develop the draft document presented to the Planning Commission.

In preparing for the Sites Inventory Analysis, staff identified potential opportunity sites and mailed outreach letters to those property owners. The purpose of these mailers was to gauge interest of property owners in either converting their site for residential purposes or developing residential homes in combination with their existing use within the next eight years. In addition, staff met with major property owners, Irvine Company and FivePoint, to discuss potential opportunity sites for the Housing Element.

City staff held meetings with a variety of stakeholders including affordable housing developers and several meetings with the Irvine Community Land Trust (ICLT) on opportunities to coordinate and collaborate. The City hosted three community workshops throughout the month of April. On April 5, 2021, the City held a virtual community workshop with stakeholders in the Irvine Business Complex (IBC) and Spectrum areas, specifically property owners, commercial real estate brokers, the Building Industry Association (BIA), Irvine Chamber of Commerce, and the general public with an interest in these neighborhoods. On April 22, 2021, and April 29, 2021, the City held virtual community-wide workshop to present the 6th Cycle Housing Element Update. On April 22, 2021, 105 participants attended the workshop and on April 29, 2021, 92 participates attended the workshop.

In addition, staff utilized community survey and focus group results from City residents that are part of the City's, separate and ongoing, General Plan Update. The survey included questions focused on housing issues to support the Housing Element public engagement effort. The focus groups allowed for dedicated discussions that highlighted residents' perspectives on housing topics, including state-mandated housing and where such housing will be compatible in the City.

The City gathered feedback from all outreach activities and evaluated the findings to identify the issues and topics that were most pressing to the Irvine community. The City then used this information to help develop goals, policies, and proposed activities for the planning period.

Review Process

The Housing Element will be forwarded to HCD for a mandatory 60-day review for consistency with state law and provisional certification. The review by HCD must occur at least 90 days prior to the City Council taking final action on the Housing Element. Upon incorporation of state feedback, staff will present the final draft 2021-2029 Housing

Planning Commission Meeting July 1, 2021 Page 10 of 10

Element to the Planning Commission in the fall/winter followed by final review and the City Council consideration of formal adoption. The City will be taking advantage of the 120 day grace period following the October 15, 2021, deadline to adopt the final Housing Element. The entire 6th Cycle Housing Element cycle has been delayed at several levels, including the six-month delay at SCAG for the adoption of the final RHNA (March 2021), the delayed release of the Affirmatively Furthering Fair Housing (AFFH) guidelines by HCD (April 2021), and COVID. Upon submittal of the final Housing Element to HCD for certification, the state will have 90 days to confirm whether the Housing Element is consistent with HCD's provisional certification and thereby complies with state law.

ENVIRONMENTAL REVIEW

An environmental evaluation for the project will be prepared after review and incorporation of any amendments requested by HCD. Staff will bring the environmental certification when the Planning Commission considers adoption of the Housing Element in the fall.

ALTERNATIVES CONSIDERED

The Planning Commission can provide feedback to be incorporated into the draft document, prior to the transmittal to HCD for the required 60 days review.

FINANCIAL IMPACT

The Community Development Department budget includes a work program to update the Housing Element. The program includes staff time and consultant services to research and prepare the updated Housing Element. The City will also rely on reimbursement from Senate Bill 2 and Local Early Action Plan (LEAP) grants to fund the Housing Element.

Ic. Presentation for July 1, 2021

Housing Element Update

Presented by Marika Poynter, Principal Planner

Planning Commission July 1, 2021

CITY OF IRVINE

Background

- The City is preparing the 6th Cycle Housing Element Update (HEU) for period 2021 - 2029
- The 6th Cycle Housing Element began in 2019 with the kick-off of the Regional Housing Needs Assessment (RHNA)
- The RHNA process was finalized in March 2021, giving jurisdictions the closure required to proceed with the development of the Housing Element Update.
- Per statute, the final version of the HEU should be adopted by October 15, 2021
- There is a 120 day grace period permitted for HEU certification

Background

- Draft HEU to Planning Commission on July 1 and 15
- Draft HEU submitted to HCD after Planning Commission review
 - This is a statutory 60 day review by HCD of the draft HEU
 - The City will not meet the statutory October 15, 2021 with this schedule, but will utilize the 120-day grace period for certification.
- Final HEU to Planning Commission and City Council in December / January
- Final certification by HCD in early 2022

CITY OF IRVINE

Housing Element Purpose

- The City is preparing the 6th Cycle Housing Element Update (HEU) for period 2021 2029
- The Housing Element is a State-mandated policy document that:
 - Provides direction for implementation of various programs to meet existing and future housing needs for all income levels in the City
 - Provides goals, policies, programs, and objectives that accommodate opportunities for the preservation of existing housing and development of new housing
 - Demonstrates how the City will accommodate its RHNA allocation

Regional Housing Needs Assessment

% of County Area Median Income (AMI)	Units
Category 1 (0 – 50 % AMI)	6,396
Category 2 (51 – 80% AMI)	4,235
Category 3 (81 – 120% AMI)	4,308
Category 4 (120% AMI or above; considered "market rate")	8,671
TOTAL	23,610

- Buffer for "no net loss" for Categories 1 and 2 City will apply it for Categories 1, 2, and 3
- Actual number needed is anticipated to exceed allocation
- Affirmatively Furthering Fair Housing (AFFH)

CITY OF IRVINE

Key Discussion Items

- Site Inventory
 - Constraints/Approach to developing sites
 - Draft Site Inventory
- Policies and Programs
 - Enhancements to existing policies and programs
 - Proposed new policies and programs to facilitate and encourage housing production, and more specifically affordable housing

Constraints and Approach for Developing Site Inventory

- <u>Inclusionary Housing:</u> HCD will not permit inclusionary to be used on any future projects to meet the RHNA (HCD guidelines)
- <u>Density Realism:</u> City must show precedent for high density residential assumptions (nearby developments at similar density) (HCD guidelines)
- <u>Parcel Size</u>: HCD will scrutinize sites identified for affordable units on sites below 0.5 acres and more than 10 acres (HCD guidelines)
- <u>Preservation of Open Space/Natural Lands:</u> The City did not include locally protected open space/natural lands in the site inventory.
- <u>Preservation of Neighborhood Core:</u> The City focused the proposed draft site inventory to preserve the neighborhood core

447	298	1,702	15,293
200	134	62	547
1,517	1,010	791	7,668
300	156		157
2,645	2,189	1,948	8,990
0	0	2,864	23,479
<u>6,737</u>	4,872	7,583	<u>59,237</u>
341	637	3,275	50,566

Draft Policy Recommendations

- Update the Land Use Element and Zoning Ordinance (subsequent effort) to consider:
 - Overlays to promote residential and mixed use:
 - In Planning Area 32 at 50-70 units/acre
 - In the IBC at 50-70 units/acre
 - At targeted retail centers at 30-60 units/acre
 - At religious and school sites at 30-60 units/acre focus on workforce housing
 - Allow conversion of hotel/motel to residential

CITY OF IRVINE

Draft Policy Recommendations

- Increased density with focus on transit-oriented development in Great Park Neighborhoods – adjacent to the Irvine Train Station – this is not to include the designated Orange County Great Park
- Target City, County, State, and certain privately owned sites for 100 percent affordable residential projects
- Consider increasing the inclusionary zoning ordinance to mandate 20 percent of new housing projects are at affordable price points instead of the existing 15 percent

Draft Policy Recommendations

- Extend the term of affordability on affordable housing units set to expire in the next Housing Element Cycle (2021-2029) – approximately 912 units
- Amend the existing affordable in-lieu fees

CITY OF IRVINE

Draft Policy Recommendations

- Coordinate efforts and enhance partnership with the Irvine Community Land Trust (ICLT)
- Consider ways to streamline the affordable housing development process
 - Expedite the entitlement process for affordable housing projects
 - Evaluate the costs and benefits of reducing or deferring development fees

Recommended Action

- Review and provide input on the key features of the Draft Housing Element Update
- Continue the item to the regular Planning Commission on July 15, 2021

Id. Comments Summary and Analysis for July 1, 2021 PC

Why affordable housing is not going into outlying areas such as Portola Springs? Understands no transit and no retail/commercial serving the area. Opposed to using Great Park because many lots already sold off and not consistent with original vision. Other because many lots already sold off and not consistent with original vision. In the IBC between Barranca and Main as well as Redhill and Jamboree is a good place for units because many properties are for lease. Impact on existing residential property owners; protect character of Rancho San Joaquin, expressed their desire to potentially develop residential uses on their properties, which is reflected in the site inventory, lencorporating the properties, which is reflected in the state requirements of identifying potential sites for University Synagogue University Synagogue Susan Sayre, irvine resident Refer to Chapter 7, Adequate Sites Inventory Chapted Methodology, and Appendix D, Site Inventory Of the draft State Inventory of the State Inventory of Inventory	Comments and Questions	Who	Responses and How Comment

pedestrian and bicycle trails, and over crowded schools		Authority (OCFA) and City public safety staff occurred throughout the HEU process. As part of the subsequent General Plan Update work effort, an Environmental Impact Report (EIR) will be prepared to assess any impacts to schools, police/fire services, parks/recreation, water/sewer, and more due to implementing the adopted 6 th cycle HE and accommodating the RHNA.
Concerned over traffic circulation/additonal parking needs; need public transit system like Spectromotion application. Understands that Transportation Department will be commencing a public transportation study.	Susan Sayre, Irvine resident	As part of the subsequent General Plan Update work effort, an Environmental Impact Report (EIR) with traffic study will be prepared. Additionally, the Circulation element of the General Plan will be updated to incorporate findings from recent and on- going transportation efforts, in coordination with the City's Transportation Department and OCTA staff.
Site inventory summary spreadsheet by Planning Area – what is the realistic number of units you have to plan for? What will Planning Area 19, 23 and 24 look like? Preserve village character and recreational amenities.	Ford Fuji, 31 year Irvine resident (26 years in University Park and last five years in RSJ)	Refer to Chapter 7, Adequate Sites Inventory Analysis and Methodology, and Appendix D, Site Inventory Form, of the draft Housing Element (HE) posted on-line at www.cityofirvine.org/HEUpdate. Irvine is the recipient of the highest RHNA allocation in Orange County. The HE must demonstrate there is enough land to accommodate the RHNA by income level (not just the total number), AFFH (new 6 th cycle requirement), and provide a no net loss buffer for lower income levels, consistent with State requirements.

		The site inventory spreads units
		throughhout the City to meet AFFH requirements.
The State requires jurisdictions to base its site inventory on "density realism." Since there are no units in Planning Area 32 what density realism factor is applicable?	Commissioner Limb	PA 32 is close in proximity to PA 33 where existing (higher) density is demonstrated and is close to the Irvine Station which would serve as a catalyst for higher density - transit orieted development.
		Refer to Section 7.6 in Chapter 7, Adequate Sites Inventory Analysis and Methodology, posted on-line at www.cityofirvine.org/HEUpdate for more details.
Consider extending affordability terms for existing affordable units. How long would these extensions be for?	Commissioner Knowland	Extensions are 30 years minimum, but City prefers extensions to be in perpetuity and will advocate for those terms. The duration is subject to negotiation with housing developers. Additionally, it is dependent on funding and the City will draw on any available incentives to achieve the longest affordability term possible. Refer to the objectives, policies, and programs under Goal 3, Preserve Existing Affordable
When the City conducted	Commissioner Knowland	Housing, in the Housing Plan chapter of the draft HE. The main concerns are to: (1)
outreach, what were the main concerns or wishes of residents for the HEU?		preserve residential neighborhood core; (2) access to jobs and transit; and (3) need for affordable housing. Refer to Appendix A, Public Engagement, in the draft HE for more details.
Why are UCI housing units categories 3 and 4?	Commissioner Gaido	It is based on what UCI charges for the units. The graduate student units are considered market-rate.

What happens if we eliminate the affordable housing in-lieu fee or shrink the eligibility criteria for when developers can use in-lieu fees to meet their affordable housing requirements? Believe the City is not getting the affordable units (i.e., not effective).	Commissioner Gaido	University Hills faculty housing, which is similar to the ICLT development model with the use of leased land, fits within the moderate income level. Comment noted. Refer to Policy HE-E.3 related to updating inclusionary housing policies and in-lieu fees, in Chapter 8, Housing Plan, of the draft HE.
Needs Assessment: What is our recommendation on the homeless? Suggest partnering with City of Tustin (e.g., shelter on former Tustin air base) Assess the types of jobs (existing and proposed) and associated income levels to match the needs for "workforce housing" to support Irvine's jobs rich environment.f	Commissioner Gaido; Chair Pierson	Refer to Goal 5, which explores maximizing solutions for those experiencing or at risk of homelessness, and its supporting policies and programs in Chapter 8, Housing Plan, of the draft HE. The methodology used to allocate the RHNA was developed by SCAG and the data used reflects local input. Thus, the RHNA allocations by income level are representative of the needs of different income levels. A higher level of detail is not able to be extracted from the SCAG data in a manner that facilitates further analysis of moderate income level housing
HE deadline – what is at jeopardy?	Vice Chair Huang	needs. Every City in San Diego County took advantage of the 120-day grace period except the City of San Diego, so we have been gleaning lessons from SANDAG cities because their HEU cycle is about one year ahead of SCAG's cycle. Also, HCD only released its AFFH Guidance Memo on April 27, 2021.

SCAG, acknowledging the challenges that jurisdictions are facing in preparing their 6th Cycle HEUs, requested a sixmonth deadline extension from HCD. However, this request was rejected by the State.

We don't anticipate exceeding the 120-day grace period and are working diligently towards the extended deadline of February 12, 2022.

Along with email notifications, the entire draft on-line was posted before the July 15, 2021 Planning Commission meeting. We will leave the public comment period open until we come back to the Planning Commission and City Council, likely in Winter 2020/2021.

City Council is communicating with HCD directly – still a lot of uncertainty or unknowns. Therefore, consider deferring item until the next Planning Commission meeting from July 15, 2021 to August 5, 2021.

Don't want to shortcut this process. Want to ensure that Planning Commission understands what we are submitting.

Will hold the August 5 date in case PC is not ready to determine if the draft document is ready for submittal to HCD.

Chair Pierson; Commissioner Knowland February 12, 2022 is the HE deadline with the 120-day grace period factored in. State statute requires a 90-days minimum between when the draft HE is first submitted for the 60-day HCD pre-submittal review and the City's actual adoption of the HEU. When this mandatory 90day period is factored in, staff recommends not deferring the Planning Commission's review of the draft HE document and also is unsure how much back and forth will be required with HCD.

The Governor's office will be the one to grant 6-month extension, but there is no certainty that will occur. However, the extension request was rejected by the State.

		Also, staff's understanding is that housing advocates want a two to four week rest period between the public release of the draft HEU and submittal to HCD for review. To clarify, the Planning Commission is reviewing the draft HE document on July 15, 2021 for submittal to HCD for their review, not approving it for adoption. The final draft HE is anticipated to come before the Planning Commission and City Council in Winter 2021/2022 for adoption purposes.
What are the penalities if the HEU is not certified by February 12, 2022 deadline?	Chair Pierson	 Without a certified HEU, the City risks the following: Millions of dollars in funding per year being withheld when a certified HEU is required prerequisite for funding grants and opportunities Default to a four year HEU cycle, which is probably a million dollar exercise in itself With the exception of emergency building permits, HCD can stop all residential and commercial building permits, no matter the scale and size.
When is the full draft HE available for review?	Commissioner Jong	The draft HE will be available around July 9, 2021. Much of the draft 6 th cycle HE builds upon the 5 th cycle HE document. The site inventory is new. Pre-approved HCD data sets are used in the existing conditions chapter, which is new.

2. Release of Draft Housing Element Document on-line at www.cityofirvine.org/HEUpdate on July 12, 2021

6th Cycle Draft Housing Element

The City of Irvine has released its 6th Cycle draft Housing Element for the 2021-2029 period. The draft update accommodates the City's total 23,610-unit Regional Housing Needs Assessment (RHNA) allocation, a State mandate, and includes a comprehensive plan of housing goals, policies, and programs consistent with State Housing Element laws.

View the draft below and submit any comments or questions to the City of Irvine's Community Development Department at 1 Civic Center Irvine, CA 92606. Comments and questions may also be sent via email at *GPUpdate@cityofirvine.org* or phone at 949-724-6395.

2021-2029 DRAFT HOUSING ELEMENT

2021-2029 Draft Housing Element Sections:

- 1) Housing Element No Appendices
- 2) Appendix A: Public Engagement
- 3) Appendix B: Affirmatively Furthering Fair Housing Analysis
- 4) Appendix C: Senate Bill 2 Compliance Sites Inventory
- 5) Appendix D: Sites Inventory Form

Updated HEU webpage on August 2, 2021 for updated draft Chapter 8, Housing Plan (excerpt below)

2021-2029 DRAFT HOUSING ELEMENT

* At the July 15, 2021 Planning Commission meeting, the Planning Commission requested the Community Development staff to strengthen policies and programs associated with the development of affordable housing. Staff has revised the policies and programs in Chapter 8: Housing Plan to include language that is more definitive, establishes more detailed timeframes for fee programs, and strengthens the support for services to renters and homeowners.

The Chapter 8: Housing Plan revisions is available under the 2021-2029 Draft Housing Element Sections and Upcoming Meetings.

2021-2029 Draft Housing Element Sections:

- 1) Housing Element No Appendices
- 2) Appendix A: Public Engagement
- 3) Appendix B: Affirmatively Furthering Fair Housing Analysis
- 4) Appendix C: Senate Bill 2 Compliance Sites Inventory
- 5) Appendix D: Sites Inventory Form
- 6) Chapter 8: Housing Plan Revisions*

2a. Email notification of draft HE release sent on July 12, 2021

The City of Irvine has released its 6th Cycle draft Housing Element for the 2021-2029 planning period. The Housing Element is a mandatory part of the City's General Plan that requires periodic review and updating by the State of California.

Per statute, the 6th Cycle Housing Element should be adopted by October 15, 2021; however, a 120-day grace period is permitted.

The draft update accommodates the City's total 23,610-unit Regional Housing Needs Assessment (RHNA) allocation, a State mandate, and includes a comprehensive plan of housing goals, policies, and programs consistent with State Housing Element laws.

The Draft Housing Element is available on the City's Housing Element Update website at cityofirvine.org/HEUpdate. The City welcomes all residents, community stakeholders, and interested parties to review and comment on the document.

Please submit any comments and/or questions on the Draft Housing Element to the City of Irvine's Community Development Department at 1 Civic Center Irvine, CA 92606. Comments and questions may also be sent via email at GPUpdate@cityofirvine.org or phone at 949-724-6395.

For more information about Housing Element Update in the City of Irvine, please visit cityofirvine.org/HEUpdate.

3a. Meeting Agenda for July 15, 2021

AGENDA

PLANNING COMMISSION REGULAR MEETING

Jeff Pierson Chair

Stephen Huang Vice Chair

Christine Knowland Chair Pro Tem

Jong Limb Commissioner

Mary Ann Gaido Commissioner July 15, 2021 5:30 PM City Council Chamber

One Civic Center Plaza Irvine, CA 92606

PARTICIPATION AT PLANNING COMMISSION MEETINGS

MEETINGS ARE AVAILABLE TO ATTEND IN-PERSON IN THE CITY COUNCIL CHAMBER OR WATCHED LIVE THROUGH THE "ZOOM" APPLICATION. INFORMATION FOR "ZOOM" CAN BE FOUND ONLINE AT CITYOFIRVINE.ORG/PLANNINGCOMMISSION. YOU MAY SUBMIT COMMENTS ON ANY AGENDA ITEM OR ON ANY ITEM NOT ON THE AGENDA, IN WRITING VIA MAIL TO "ATTN: PLANNING COMMISSION," ONE CIVIC CENTER PLAZA, IRVINE, CA 92606; BY EMAIL TO PLANNINGCOMMISSION.@CITYOFIRVINE.ORG; OR THROUGH E-COMMENT AT CITYOFIRVINE.ORG/PLANNINGCOMMISSION. E-COMMENTS SUBMITTED AT LEAST TWO HOURS PRIOR TO THE COMMENCEMENT OF THE MEETING WILL BE DISTRIBUTED TO THE PLANNING COMMISSION AT THE MEETING. YOU MAY ALSO PROVIDE LIVE COMMENTS VIA "ZOOM." FOR MORE INFORMATION, VISIT CITYOFIRVINE.ORG/PLANNINGCOMMISSION.

REQUEST TO SPEAK IN PERSON: IF YOU WOULD LIKE TO ADDRESS THE PLANNING COMMISSION ON A SCHEDULED AGENDA ITEM – INCLUDING A REGULAR BUSINESS ITEM, A PUBLIC HEARING ITEM, OR PUBLIC COMMENTS – PLEASE REGISTER BY COMPLETING THE ELECTRONIC FORM AVAILABLE ON THE KIOSK AT THE ENTRANCE TO THE CITY COUNCIL CHAMBER. PLEASE IDENTIFY ON THE FORM YOUR NAME AND THE ITEM ON WHICH YOU WOULD LIKE TO SPEAK. THE REQUEST TO SPEAK FORM ON THE KIOSK ASSISTS THE CHAIR IN ENSURING THAT ALL PERSONS WISHING TO ADDRESS THE PLANNING COMMISSION ARE RECOGNIZED. IT ALSO ENSURES THE ACCURATE IDENTIFICATION OF MEETING PARTICIPANTS IN THE PLANNING COMMISSION MINUTES. YOUR NAME WILL BE CALLED AT THE TIME THE MATTER IS HEARD BY THE PLANNING COMMISSION. CITY POLICY IS TO LIMIT PUBLIC TESTIMONY TO UP TO FIVE MINUTES PER SPEAKER ON AGENDIZED ITEMS, AND THREE MINUTES DURING GENERAL PUBLIC COMMENTS (UNLESS THE TIME LIMIT IS EXTENDED BY THE CHAIR), WHICH INCLUDES THE PRESENTATION OF ELECTRONIC OR AUDIO-VISUAL INFORMATION. SPEAKERS MAY NOT YIELD THEIR TIME TO OTHER PERSONS.

PLEASE TAKE NOTICE THAT THE ORDER OF SCHEDULED AGENDA ITEMS BELOW AND/OR THE TIME THEY ARE ACTUALLY HEARD, CONSIDERED AND DECIDED MAY BE MODIFIED BY THE CHAIR DURING THE COURSE OF THE MEETING, SO PLEASE STAY ALERT.

PLEASE NOTE: THE PLANNING COMMISSION IS MAKING EVERY EFFORT TO FOLLOW THE SPIRIT AND INTENT OF THE BROWN ACT AND OTHER APPLICABLE LAWS REGULATING THE CONDUCT OF PUBLIC MEETINGS, IN ORDER TO MAXIMIZE TRANSPARENCY AND PUBLIC ACCESS. FOR QUESTIONS OR ASSISTANCE, PLEASE CONTACT THE COMMUNITY DEVELOPMENT DEPARTMENT AT 949-724-6465, OR VIA EMAIL AT PLANNINGCOMMISSION@CITYOFIRVINE.ORG. IT WOULD BE APPRECIATED IF WRITTEN COMMUNICATIONS OF PUBLIC COMMENTS RELATED TO ITEMS ON THE AGENDA, OR ITEMS NOT ON THE AGENDA, ARE PROVIDED PRIOR TO THE COMMENCEMENT OF THE MEETING.

CALL TO ORDER

ROLL CALL

PLEDGE OF ALLEGIANCE

INTRODUCTIONS

ADDITIONS AND DELETIONS TO THE AGENDA

Additions to the agenda are limited by the California Government Code Section 54954.2 of the Brown Act and for those items that arise after the posting of the Agenda must be acted upon prior to the next Planning Commission meeting.

PUBLIC COMMENTS

COMMISSION BUSINESS

1. MINUTES

RECOMMENDED ACTION:

Adopt the minutes of the regular Planning Commission meeting held on June 17, 2021.

PUBLIC HEARINGS

 TIME EXTENSION OF VESTING TENTATIVE TRACT MAP 17997 FOR THE BLUE BAY CONDOMINIUMS PROJECT, A 120-UNIT RESIDENTIAL DEVELOPMENT AT 2602 MCGAW AVENUE IN PLANNING AREA 36 (IRVINE BUSINESS COMPLEX)

RECOMMENDED ACTION:

- 1) Conduct the public hearing.
- 2) Adopt RESOLUTION NO. 21-3830 A RESOLUTION OF THE PLANNING COMMISSION OF THE CITY OF IRVINE, CALIFORNIA, APPROVING A 16-MONTH EXTENSION (FILE No. 00842179-PTT) OF VESTING TENTATIVE TRACT MAP 17997 FOR THE BLUE BAY CONDOMINIUMS PROJECT AT 2602 MCGAW AVENUE IN PLANNING AREA 36 (IRVINE BUSINESS COMPLEX)

RECOMMENDED ACTION:

- 1) Conduct the public hearing.
- 2) Adopt RESOLUTION NO. 21-3831 A RESOLUTION OF THE PLANNING COMMISSION OF THE CITY OF IRVINE, CALIFORNIA, APPROVING MAJOR MODIFICATION 00839065-PMP TO MASTER PLAN 00645468-PMP SPECIFIC TO LOTS 114-164 CONTAINING 51 DETACHED SINGLE-FAMILY RESIDENCES WITHIN TRACT 17855; INCLUDING AN ALTERNATIVE REAR YARD SETBACK ON CERTAIN LOTS, LOCATED IN PLANNING AREA 5B (EASTWOOD); FILED BY C&V CONSULTING, INC. ON BEHALF OF IRVINE COMPANY

COMMISSION BUSINESS

4. GENERAL PLAN - DRAFT 2021-2029 HOUSING ELEMENT UPDATE

RECOMMENDED ACTION:

- Review and provide input on the key features of the Draft Housing Element Update.
- Recommend transmittal of the Draft 2021-2029 Housing Element Update to the California Department of Housing and Community Development (HCD).

STAFF REPORTS

PLANNING COMMISSION REPORTS

ADJOURNMENT

NOTICE TO THE PUBLIC

The Irvine Planning Commission consists of five residents of the City who are appointed by Irvine City Councilmembers. The Commission meets regularly on the first and third Thursday of each month in the

City Council Chamber at the Irvine Civic Center located at One Civic Center Plaza. Meetings begin at 5:30 p.m., unless otherwise noted. Meeting agendas and approved minutes are kept current on the City website at cityofirvine.org/planningcommission

The Planning Commission is responsible for providing input to the City Council on long-range planning. Irvine's long-range planning goals are embodied in the General Plan. The General Plan and the amendments to it are reviewed by the Planning Commission and adopted by the City Council. The General Plan is implemented through the City's development regulations.

The Planning Commission has the authority to approve or deny applications concerning development within the City. The category of applications includes Tentative Tract Maps, Conditional Use Permits, Master Plans, Administrative Relief and Variances. The Planning Commission also makes recommendations to the City Council on all applications for amendments to the Zoning Ordinance.

An agenda is provided for each Planning Commission meeting, which lists the items submitted for consideration. Prior to the listed agenda items, the Commission may hold a study session to receive information or meet with another committee. A study session is open to the public; however, no public testimony is taken and no decisions are made. Following a study session, the regular meeting will begin at 5:30 p.m. At this time, the Commission allows oral communication from the public to address the Commission on items not listed on the agenda. See information for Speaker's Card/Request to Speak on the first page.

The items on the agenda are arranged in three categories: <u>Consent Calendar</u>: These are relatively minor in nature, do not have any outstanding issues or concerns, and do not require a public hearing. All consent calendar items are considered by the Commission as one item and a single vote is taken for their approval, unless an item is pulled from the consent calendar for individual discussion. There is no public discussion of consent calendar items unless requested by the Commission. <u>Public Hearings</u>: This category is for case applications that require, by law, a hearing open to public comment because of the discretionary nature of the request. Public hearings are formally conducted and public input/testimony is requested at a specific time. This is your opportunity to speak on the item(s) that concern you. If, in the future, you wish to challenge in court any of the matters on this agenda for which a public hearing is to be conducted, you may be limited to raising only those issues which you (or someone else) raised orally at the public hearing or in written correspondence received by the City at or before the hearing. <u>Commission Business</u>: Items in this category are general in nature and may require Commission action. Public input may be received at the request of the Commission. See information for Speaker's Card/Request to Speak on the first page.

At 10 p.m., the Planning Commission will determine which of the remaining agenda items can be considered and acted upon prior to 11 p.m., and will continue all other items for which additional time is required until a future Commission meeting. All meetings are scheduled to terminate at 11 p.m.

STAFF REPORTS

As a general rule, staff reports or other written documentation have been prepared or organized with respect to each item of business listed on the agenda. Copies of these materials are on file with the Community Development Department and are available for public inspection and copying once the agenda is publicly posted, (at least 12 days prior to a regular Planning Commission meeting). Staff reports can also be downloaded from the City's website at cityofirvine.org/planningcommission at least 12 days prior to the scheduled Planning Commission meeting.

APPEALS

Planning Commission decisions may be appealed to the City Council in accordance with Zoning Ordinance Chapter 2-5. Planning Commission actions on a subdivision map may be appealed to the City Council in accordance with Irvine Municipal Code Section 5-5-110. Planning Commission determinations regarding an interpretation of the City's Subdivision Ordinance may be appealed to the City Council in accordance with Irvine Municipal Code Section 5-5-1004.H.

Prepared by Community Development

SUPPLEMENTAL MATERIAL RECEIVED AFTER THE POSTING OF THE AGENDA

Any supplemental writings or documents distributed to a majority of the Planning Commission regarding any item on this agenda <u>after</u> the posting of the agenda will be available for public review in the Community Development Department during normal business hours. In addition, such writings or documents will be made available for public review at the respective public meeting.

SUBMITTAL OF INFORMATION BY MEMBERS OF THE PUBLIC FOR DISSEMINATION OR PRESENTATION AT PUBLIC MEETINGS

MEDIA TYPES AND GUIDELINES

- Written Materials/Handouts: Any member of the public who desires to submit documentation in hard copy form may do so prior to the meeting or at the time he/she addresses the Planning Commission. Please provide 10 copies of the information to be submitted and file with the Recording Secretary at the time of arrival to the meeting. This information will be disseminated to the Planning Commission at the time testimony is given.
- <u>Large Displays/Maps/Renderings</u>: Any member of the public who desires to display freestanding large displays or renderings in conjunction with their public testimony is asked to notify the Community Development Department at 949-724-6465 no later than noon on the day of the scheduled meeting.
- Electronic Documents/Audio-Visuals: Any member of the public who desires to display information electronically in conjunction with their public testimony is asked to submit the information to the Community Development Department at 949-724-6465 no later than noon on the day of the scheduled meeting.

CITY SERVICES TO FACILITATE ACCESS TO PUBLIC MEETINGS

It is the intention of the City of Irvine to comply with the Americans with Disabilities Act (ADA) in all respects. If, as an attendee or a participant at this meeting, you will need special assistance beyond what is normally provided, the City of Irvine will attempt to accommodate you in every reasonable manner. Please contact the Planning Commission liaison at 949-724-6465.

Assisted listening devices are available at the meeting for individuals with hearing impairments. Notification 48 hours prior to the meeting will enable the City to make reasonable arrangements to ensure accessibility to this meeting. (28 CFR 35. 102-35. 104 ADA Title II).

MEETING SCHEDULE

Regular meetings of the Planning Commission are held on the first and third Thursdays of each month at 5:30 p.m. Agendas are available at the following locations:

- City Clerk's Office
- Police Department
- Front Entrance of City Hall
- University Park Center (Culver/Michelson)
- Walnut Village Center (Culver/Walnut)
- Northwood Town Center (Irvine Blvd./Yale)
- · City's web page at cityofirvine.org/planningcommission

5

I hereby certify that the agenda for the regular Planning Commission meeting was posted in accordance with law in the posting book located in the Public Safety lobby and at the entrance to the Civic Center, One Civic Center Plaza, Irvine, California on <u>7-1-2021</u> by <u>8 p.m.</u> as well as on the City's web page.

PLANNING COMMISSION REGULAR MEETING

July 15, 2021 5:30 PM CITY COUNCIL CHAMBER

> One Civic Center Plaza Irvine, CA 92606

PARTICIPATION AT PLANNING COMMISSION MEETINGS

MEETINGS ARE AVAILABLE TO ATTEND IN-PERSON IN THE CITY COUNCIL CHAMBER OR WATCHED LIVE THROUGH THE "ZOOM" APPLICATION. INFORMATION FOR "ZOOM" CAN BE FOUND ONLINE AT CITYOFIRVINE.ORG/PLANNINGCOMMISSION. YOU MAY SUBMIT COMMENTS ON ANY AGENDA ITEM OR ON ANY ITEM NOT ON THE AGENDA, IN WRITING VIA MAIL TO "ATTN: PLANNING COMMISSION," ONE CIVIC CENTER PLAZA, IRVINE, CA 92606; BY EMAIL TO PLANNINGCOMMISSION@CITYOFIRVINE.ORG; OR THROUGH E-COMMENT AT CITYOFIRVINE.ORG/PLANNINGCOMMISSION. E-COMMENTS SUBMITTED AT LEAST TWO HOURS PRIOR TO THE COMMENCEMENT OF THE MEETING WILL BE DISTRIBUTED TO THE PLANNING COMMISSION AT THE MEETING. YOU MAY ALSO PROVIDE LIVE COMMENTS VIA "ZOOM." FOR MORE INFORMATION, VISIT CITYOFIRVINE.ORG/PLANNINGCOMMISSION.

REQUEST TO SPEAK IN PERSON: IF YOU WOULD LIKE TO ADDRESS THE PLANNING COMMISSION ON A SCHEDULED AGENDA ITEM – INCLUDING A REGULAR BUSINESS ITEM, A PUBLIC HEARING ITEM, OR PUBLIC COMMENTS – PLEASE REGISTER BY COMPLETING THE ELECTRONIC FORM AVAILABLE ON THE KIOSK AT THE ENTRANCE TO THE CITY COUNCIL CHAMBER. PLEASE IDENTIFY ON THE FORM YOUR NAME AND THE ITEM ON WHICH YOU WOULD LIKE TO SPEAK. THE REQUEST TO SPEAK FORM ON THE KIOSK ASSISTS THE CHAIR IN ENSURING THAT ALL PERSONS WISHING TO ADDRESS THE PLANNING COMMISSION ARE RECOGNIZED. IT ALSO ENSURES THE ACCURATE IDENTIFICATION OF MEETING PARTICIPANTS IN THE PLANNING COMMISSION MINUTES. YOUR NAME WILL BE CALLED AT THE TIME THE MATTER IS HEARD BY THE PLANNING COMMISSION. CITY POLICY IS TO LIMIT PUBLIC TESTIMONY TO UP TO FIVE MINUTES PER SPEAKER ON AGENDIZED ITEMS, AND THREE MINUTES DURING GENERAL PUBLIC COMMENTS (UNLESS THE TIME LIMIT IS EXTENDED BY THE CHAIR), WHICH INCLUDES THE PRESENTATION OF ELECTRONIC OR AUDIO-VISUAL INFORMATION. SPEAKERS MAY NOT YIELD THEIR TIME TO OTHER PERSONS.

PLEASE TAKE NOTICE THAT THE ORDER OF SCHEDULED AGENDA ITEMS BELOW AND/OR THE TIME THEY ARE ACTUALLY HEARD, CONSIDERED AND DECIDED MAY BE MODIFIED BY THE CHAIR DURING THE COURSE OF THE MEETING, SO PLEASE STAY ALERT.

PLEASE NOTE: THE PLANNING COMMISSION IS MAKING EVERY EFFORT TO FOLLOW THE SPIRIT AND INTENT OF THE BROWN ACT AND OTHER APPLICABLE LAWS REGULATING THE CONDUCT OF PUBLIC MEETINGS, IN ORDER TO MAXIMIZE TRANSPARENCY AND PUBLIC ACCESS. FOR QUESTIONS OR ASSISTANCE, PLEASE CONTACT THE COMMUNITY DEVELOPMENT DEPARTMENT AT 949-724-6465, OR VIA EMAIL AT PLANNINGCOMMISSION@CITYOFIRVINE.ORG. IT WOULD BE APPRECIATED IF WRITTEN COMMUNICATIONS OF PUBLIC COMMENTS RELATED TO ITEMS ON THE AGENDA, OR ITEMS NOT ON THE AGENDA, ARE PROVIDED PRIOR TO THE COMMENCEMENT OF THE MEETING.

* NOTE: ITEMS WITH AN ASTERISK (*) INCLUDE THE FOLLOWING CHANGES TO THE MEETING AGENDA ORIGINALLY PUBLISHED ON JULY 1, 2021:

ADJOURNMENT

NOTICE TO THE PUBLIC

The Irvine Planning Commission consists of five residents of the City who are appointed by Irvine City Councilmembers. The Commission meets regularly on the first and third Thursday of each month in the City Council Chamber at the Irvine Civic Center located at One Civic Center Plaza. Meetings begin at 5:30 p.m., unless otherwise noted. Meeting agendas and approved minutes are kept current on the City website at cityofirvine.org/planningcommission

The Planning Commission is responsible for providing input to the City Council on long-range planning. Irvine's long-range planning goals are embodied in the General Plan. The General Plan and the amendments to it are reviewed by the Planning Commission and adopted by the City Council. The General Plan is implemented through the City's development regulations.

The Planning Commission has the authority to approve or deny applications concerning development within the City. The category of applications includes Tentative Tract Maps, Conditional Use Permits, Master Plans, Administrative Relief and Variances. The Planning Commission also makes recommendations to the City Council on all applications for amendments to the Zoning Ordinance.

An agenda is provided for each Planning Commission meeting, which lists the items submitted for consideration. Prior to the listed agenda items, the Commission may hold a study session to receive information or meet with another committee. A study session is open to the public; however, no public testimony is taken and no decisions are made. Following a study session, the regular meeting will begin at 5:30 p.m. At this time, the Commission allows oral communication from the public to address the Commission on items not listed on the agenda. See information for Speaker's Card/Request to Speak on the first page.

The items on the agenda are arranged in three categories: <u>Consent Calendar</u>: These are relatively minor in nature, do not have any outstanding issues or concerns, and do not require a public hearing. All consent calendar items are considered by the Commission as one item and a single vote is taken for their approval, unless an item is pulled from the consent calendar for individual discussion. There is no public discussion of consent calendar items unless requested by the Commission. <u>Public Hearings</u>: This category is for case applications that require, by law, a hearing open to public comment because of the discretionary nature of the request. Public hearings are formally conducted and public input/testimony is requested at a specific time. This is your opportunity to speak on the item(s) that concern you. If, in the future, you wish to challenge in court any of the matters on this agenda for which a public hearing is to be conducted, you may be limited to raising only those issues which you (or someone else) raised orally at the public hearing or in written correspondence received by the City at or before the hearing. <u>Commission Business</u>: Items in this category are general in nature and may require Commission action. Public input may be received at the request of the Commission. See information for Speaker's Card/Request to Speak on the first page.

At 10 p.m., the Planning Commission will determine which of the remaining agenda items can be considered and acted upon prior to 11 p.m., and will continue all other items for which additional time is required until a future Commission meeting. All meetings are scheduled to terminate at 11 p.m.

STAFF REPORTS

As a general rule, staff reports or other written documentation have been prepared or organized with respect to each item of business listed on the agenda. Copies of these materials are on file with the Community Development Department and are available for public inspection and copying once the agenda is publicly posted, (at least 12 days prior to a regular Planning Commission meeting). Staff reports can also be downloaded from the City's

website at <u>cityofirvine.org/planningcommission</u> at least 12 days prior to the scheduled Planning Commission meeting.

APPEALS

Planning Commission decisions may be appealed to the City Council in accordance with Zoning Ordinance Chapter 2-5. Planning Commission actions on a subdivision map may be appealed to the City Council in accordance with Irvine Municipal Code Section 5-5-110. Planning Commission determinations regarding an interpretation of the City's Subdivision Ordinance may be appealed to the City Council in accordance with Irvine Municipal Code Section 5-5-1004.H.

SUPPLEMENTAL MATERIAL RECEIVED AFTER THE POSTING OF THE AGENDA

Any supplemental writings or documents distributed to a majority of the Planning Commission regarding any item on this agenda <u>after</u> the posting of the agenda will be available for public review in the Community Development Department during normal business hours. In addition, such writings or documents will be made available for public review at the respective public meeting.

SUBMITTAL OF INFORMATION BY MEMBERS OF THE PUBLIC FOR DISSEMINATION OR PRESENTATION AT PUBLIC MEETINGS

MEDIA TYPES AND GUIDELINES

- Written Materials/Handouts: Any member of the public who desires to submit documentation in hard copy form may do so prior to the meeting or at the time he/she addresses the Planning Commission. Please provide 10 copies of the information to be submitted and file with the Recording Secretary at the time of arrival to the meeting. This information will be disseminated to the Planning Commission at the time testimony is given.
- Large Displays/Maps/Renderings: Any member of the public who desires to display freestanding large displays or renderings in conjunction with their public testimony is asked to notify the Community Development Department at 949-724-6465 no later than noon on the day of the scheduled meeting.
- Electronic Documents/Audio-Visuals: Any member of the public who desires to display information
 electronically in conjunction with their public testimony is asked to submit the information to the Community
 Development Department at 949-724-6465 no later than noon on the day of the scheduled meeting.

CITY SERVICES TO FACILITATE ACCESS TO PUBLIC MEETINGS

It is the intention of the City of Irvine to comply with the Americans with Disabilities Act (ADA) in all respects. If, as an attendee or a participant at this meeting, you will need special assistance beyond what is normally provided, the City of Irvine will attempt to accommodate you in every reasonable manner. I hereby certify that the agenda for the regular Planning Commission meeting was posted in accordance with law in the posting book located in the Public Safety lobby and at the entrance to the Civic Center, One Civic Center Plaza, Irvine, California on July 9, 2021 by 8 p.m. as well as on the City's web page.

Commission Liaison

3b. Staff Report for July 15, 2021

MEETING DATE: JULY 15, 2021

TITLE: GENERAL PLAN – DRAFT 2021-2029 HOUSING ELEMENT

UPDATE

Director of Community Development

RECOMMENDED ACTION

Review and provide input on the key features of the Draft Housing Element Update.

Recommend transmittal of the Draft 2021-2029 Housing Element Update to the California Department of Housing and Community Development (HCD).

EXECUTIVE SUMMARY

State law requires all cities to update the Housing Element of its General Plan every eight years. It further requires the current update to be completed by October 2021 and the City is undertaking this process. The City's Housing Element was adopted by the City Council in 2013 for the 2013-2021 planning period. This next update, referred to as the 6th Cycle, will address the 2021-2029 planning period. Staff is preparing the draft 2021-2029 Housing Element that will be submitted to the California Department of Housing and Community Development (HCD) for its required review prior to Planning Commission and City Council final approval, which is tentatively scheduled for fall/winter 2021.

The most significant update included in the draft 2021-2029 Housing Element is the identification of sites to accommodate the Regional Housing Needs Assessment (RHNA) and enhanced housing policies to support housing and affordability consistent with new state statute. The RHNA has been significantly increased from the current 5th Cycle RHNA allocation issued by the Southern California Association of Governments (SCAG). It is important to note that housing element law does not require a city to build housing units, but rather to demonstrate that the city has the land capacity to address RHNA through a required sites inventory analysis.

The content of the draft 2021-2029 Housing Element is structured for consistency with the requirements set forth in state law. In addition to responding to the requirements of state law, the Housing Element demonstrates how the strategies to meet the City's locally determined housing needs are addressed through plans, programs, and projects. This report includes an update on the status of the Housing Element Draft and how it complies with state housing element law. The Planning Commission reviewed the preliminary site

Planning Commission Meeting July 15, 2021 Page 2 of 11

inventory and plan, programs, and policies at the July 1, 2021, meeting. Once the Planning Commission provides initial feedback, the draft will be submitted to HCD for its preliminary review and, ultimately brought back for final Commission input and City Council adoption in fall/winter 2021.

COMMISSION/BOARD/COMMITTEE RECOMMENDATION

Not applicable.

ANALYSIS

Background

Under California law (Government Code Section 65580 et seq.), cities must update their housing element every eight years. As prescribed by law, the current update must be completed by October 2021, although HCD is permitting a 120-day grace period. The City must transmit the draft 2021-2029 Housing Element to HCD for a 60 day preliminary review prior to final review and adoption by the Planning Commission and City Council. Once the draft 2021-2029 Housing Element is adopted by the Planning Commission in fall 2021 and the City Council in winter 2021, the final 2021-2029 Housing Element will be transmitted to HCD for certification. The purpose of a housing element is to assess a community's housing needs, identify obstacles to meeting those needs, and demonstrate capacity to accommodate the City's "fair share" of the region's need for new housing to accommodate projected population growth. The statewide housing mandate for all cities to accommodate their share of housing needs is known as the RHNA. A housing element must also include policies and goals that work towards implementation of the element over the planning period.

Irvine's current Housing Element for the planning period 2013-2021 was adopted by the City Council in September 2013 and it was found by HCD to be in full compliance with state housing element law. The Housing Element update will cover the state-required eight-year planning period beginning October 15, 2021, and ending October 15, 2029. The update will address various state mandates including the RHNA, which has been significantly increased from the current 12,149 units to 23,610 units. In addition to this increase, a significant change to state housing element statute is the requirement to demonstrate adequate sites to accommodate the RHNA at all affordability levels.

Irvine supports the production of housing and has a proven track record of providing housing for all people at all income levels. Irvine has provided more affordable housing units than any other city in Orange County through the City's existing inclusionary housing program.

Planning Commission Meeting July 15, 2021 Page 3 of 11

Housing Element Requirements

State law requires each city to prepare and adopt a housing element as part of its General Plan. According to State law, the Housing Element must: provide goals, policies, quantified objectives and scheduled programs to preserve, improve and develop housing. The Housing Element must identify and analyze existing and projected housing needs for all economic segments of the community.

Housing Needs Assessment

The state develops housing demand projections and apportions these projections to each of the state's regions. In Orange County, SCAG allocates the state's regional projected demand to individual jurisdictions. This allocation is referred to as the 6th Cycle RHNA, and is intended to reflect the projected housing demand of each jurisdiction. State law requires that jurisdictions incorporate this allocation into their Housing Element update. In order to assess projected housing needs, a complete description of the City's most recent population estimate, and general characteristics of the employment market is provided. This information offers insight into the types of jobs in the community and the incomes associated with such jobs. It also identifies proposed development activities and future housing needs generated by new employment opportunities.

The "Housing Needs" section of the Housing Element identifies and analyzes the existing and projected housing need of the community pursuant to the RHNA. This is different from previous cycles where the RHNA only included the projected need. An assessment must be undertaken of the community's existing and projected housing needs based on household characteristics, housing stock conditions, special housing needs, and demographic and employment trends. The City's total final RHNA allocation is 23,610. The RHNA is inclusive of the projected need for the City, which is based on planned development and the City's official growth forecast, at 7,690 units as well as the existing need for the City, at 15,864, which is solely based on a jurisdiction's access to jobs and transit. The existing need also included additional units that were reallocated from disadvantaged communities (DACs) in Orange County. An additional 56 units were allocated to the City as a result of a successful RHNA appeal by another jurisdiction. The assessment of existing housing needs includes current demographic information, such as the total population, the number of households over-burdened by housing costs, the number of households living in overcrowded conditions, and special housing needs. It also includes the number of housing units that need rehabilitation, as well as assisted affordable units at risk of converting to market rate. The majority of the data included in this section has been pre-certified by HCD for the SCAG region.

Projected need is the household growth for jurisdictions between July 1, 2021, and October 1, 2029. Existing need is considered the remainder of the regional determination after projected need is subtracted. The allocation establishes the number of new units anticipated to be needed, by income category, to accommodate the expected population growth over the planning period of the Housing Element. The housing needs findings are

Planning Commission Meeting July 15, 2021 Page 4 of 11

used to inform and develop the Housing Element policies and programs to ensure that the City focuses its efforts on the community's identified needs.

In October 2020, the City filed an appeal of the draft RHNA with SCAG. The City requested a reduction of 8,259 total units from the draft RHNA allocation to address the following outstanding issues:

- Appeal #1: Methodology
 - High Quality Transit Area (HQTA) Errors
 - Residual Allocation Redistribution due to Disadvantaged Community component of the RHNA Methodology, specifically outdated growth forecast information
- Appeal #2: Local Planning Factors and Information Furthering Fair Housing (AFFH)
- Appeal #3: Changed Circumstances
- Appeal #4: Regional Determination of 1.34 Million Housing Units Violates State Law
- Appeal #5: Inconsistency Between Regional Housing Needs Assessment and Sustainable Communities Strategy

The City's RHNA Appeal was denied by SCAG's RHNA Appeal Board in January 2021.

Sites Inventory, Analysis, and Goals and Policies

State law requires jurisdictions to provide an inventory of land suitable for residential development that will allow for, and facilitate production of, the City's regional share of housing as determined by the RHNA.

To determine whether the City has sufficient land to accommodate its share of regional housing needs for all income groups, the City must identify "adequate sites" in the Housing Element site inventory. The purpose of the housing element's site inventory is to identify and analyze specific land (sites) that is available and suitable for residential development in order to determine the jurisdiction's capacity to accommodate residential development and reconcile that capacity with the jurisdiction's RHNA. The site inventory enables the jurisdiction to determine whether there are sufficient adequate sites to accommodate the RHNA by income category. A site inventory and analysis will determine whether program actions must be adopted to "make sites available" with appropriate zoning, development standards, and infrastructure capacity to accommodate the new housing need.

Other characteristics to consider when evaluating the appropriateness of sites include physical features (e.g., size and shape of the site, improvements currently on the site, slope instability or erosion, or environmental and pollution considerations), location (e.g., proximity and access to infrastructure, transit, job centers, and public or community services), competitiveness for affordable housing funding (e.g., Low Income Housing Tax

Planning Commission Meeting July 15, 2021 Page 5 of 11

Credit score criteria), and likelihood or interest in development due to access to opportunities such as jobs and high performing schools. When determining sites to include in the inventory to meet the lower income housing need, HCD recommends that a local government first identify development potential in high opportunity neighborhoods. High opportunity areas are places that currently have strong economic, environmental, and educational outcomes. Locating affordable housing in high opportunity areas would result in more integration of neighborhoods, and offer new economic opportunities to lower income segments of the population. This will assist the local government in meeting its requirements to affirmatively further fair housing and ensure developments are more competitive for development financing.

Sites are considered suitable for residential development if zoned appropriately and available for residential use during the planning period. Housing Element law does not require a jurisdiction to build housing units, but rather to demonstrate that the jurisdiction has the land capacity to address its RHNA. If a jurisdiction cannot demonstrate that the existing zoning and General Plan designations can accommodate its RHNA allocation, the jurisdiction is required to re-zone land in order to have sufficient capacity, among other programs that may also be required. Even if a city re-zones the land to accommodate residential, market and development trends will ultimately dictate the construction of residential units. The City's draft 2021-2029 Housing Element demonstrates that Irvine does not have sufficient capacity under the current General Plan to meet the new RHNA through vacant land capacity and will need to re-zone land and update the Genera Plan and Zoning Ordinance to accommodate the RHNA. With the proposed re-zoning and inclusion of new policies and programs, the City is able to identify sufficient capacity to accommodate the 6th Cycle RHNA.

The City's 6th Cycle RHNA has been significantly increased from the 5th Cycle RHNA of 12,149 units to 23,610 total units. The 6th Cycle RHNA will replace the current allocation when the Housing Element is updated, adopted by the City Council, and certified by the state before the statutory deadline. Table 1 below shows Irvine's RHNA allocation of housing units broken down by income category for the 2021-2029 planning period.

Table 1 2021-2029 Irvine Regional Housing Needs Allocation

Income Category	RHNA
Category 1 (0% - 50% AMI ¹) (Extremely Very Low/Very Low)	6,396
Category 2 (51% - 80% AMI) (Low)	4,235
Category 3 (81% - 120% AMI) (Moderate)	4,308
Category 4 (over 120% AMI) (Above Moderate)	8,671
Total Units	23,610

Note: 1 AMI refers to Area Median Income for Orange County.

Planning Commission Meeting July 15, 2021 Page 6 of 11

Housing Element statute has been modified the past several years, adding new requirements that must be included in a jurisdiction's Housing Element update. This includes the addition of the Affirmatively Further Fair Housing (AFFH) section and the "no net loss" requirement in the site inventory. "No net loss" requires a jurisdiction to maintain adequate sites to accommodate its remaining unmet RHNA by each income category at all times throughout the entire planning period. Specifically, if a jurisdiction approves the development of a parcel identified in its Housing Element sites inventory with fewer units than shown in the Housing Element, it must either make findings that the Housing Element's remaining sites have sufficient capacity to accommodate the remaining unmet RHNA by each income level or identify and make available sufficient sites to accommodate the remaining unmet RHNA for each income category. In addition to the "no net loss" requirement, the City must identify an adequate supply of above moderate or "market rate" units to ensure the affordable units can be constructed. As a result of this requirement, the City must identify more sites and units than identified in the RHNA.

Constraints

A number of factors can constrain the development and improvement of housing. These include both governmental and non-governmental constraints, which are reviewed in the Housing Constraints section of the draft 2021-2029 Housing Element. State law requires the City to analyze land use controls, fees and exactions, on- and off-site improvement requirements, building codes and enforcement thereof, permit and processing procedures, and potential constraints on the development or improvement of housing for persons with disabilities. The draft 2021-2029 Housing Element generally finds that the City land use controls do not create unnecessary constraints to housing development.

Non-governmental constraints must also be analyzed, including the availability and cost of land, as well as construction. These constraints are often out of the City's control but can result in housing that is not affordable to low- and moderate-income households.

Goals, Policies, and Programs

Based on the results of the public participation, housing needs assessment, sites inventory and analysis, and constraints, the draft 2021-2029 Housing Element establishes goals, policies, and programs to facilitate the provision of housing that fulfills the diverse needs of the community.

The draft 2021-2029 Housing Element establishes six goals, which are statements of community desires that are broad in both purpose and aim, but are designed specifically to establish direction. Policies provide specific standards for achieving each goal, and are further articulated in the programs, which identify actions the City will implement to achieve each goal and policy.

Many of the goals, policies, and programs have not changed from the 2013-2021 Housing Element. Some have been modified to simplify, avoid redundancy, or reflect current practice, and are outlined in the Goals, Policies and Programs section. New goals, policies, and programs have been added to build upon Irvine's success in building affordable housing throughout the community and address the City's significant RHNA allocation. Some of the key proposed policies being considered include:

- An increase to the inclusionary zoning ordinance to mandate 20 percent of new housing projects are at affordable price points, rather than the current 15 percent mandate.
- Target city, county, state, and certain privately owned sites for 100 percent affordable residential projects.
- Coordinate efforts and enhance partnership with the Irvine Community Land Trust (ICLT).
- Amend the affordable in-lieu fee to reflect current costs.
- Extend the term of affordability on affordable units set to expire in the next Housing Element Cycle (2021-2029)
- Introduce residential uses in targeted retail centers in the city to create mixed use environments.
- Maximize density near the Irvine Station with a residential overlay, for transitoriented development.
- Expand the residential overlay and unit cap in the Irvine Business Complex.
- Introduce residential overlay at religious and school sites.
- Allow conversion of hotel and motel to residential units.

Site Inventory

State law mandates that cities develop a sites inventory analysis to identify vacant land or land that can be redeveloped during the planning period. The inventory must include a map identifying parcels, general plan and zoning designation, acreage and unit capacity across affordability levels. The sites inventory analysis included in the draft 2021-2029 Housing Element demonstrates that the RHNA of 23,610 total housing units can be accommodated through a combination of the remaining vacant residential sites in Irvine and non-vacant sites that can be redeveloped with a residential component. This will require the City to complete a comprehensive update to the General Plan and Zoning Ordinance following the adoption of the Housing Element.

Per Housing Element statute and HCD's "Housing Element Site Inventory Guidebook," the City must identify adequate sites at the parcel level. Additionally, according to the guidebook, "the analysis of 'appropriate zoning' should not include residential buildout projections resulting from the implementation of a jurisdiction's inclusionary program or potential increase in density bonus, because these tools are not a substitute for addressing whether the underlying (base) zoning densities are appropriate to accommodate the RHNA for lower income households." This means, the City, despite having a successful inclusionary housing program, is unable to utilize the existing or proposed inclusionary housing program to meet the affordable RHNA allocation. Additional constraints to developing the site inventory include, but are not limited to:

- Inclusionary Housing: HCD will not permit an existing inclusionary program to be used on any future projects to meet the RHNA requirements.
- Density Realism: The City must show precedent for high density residential assumptions by providing documentation that nearby developments are at similar densities.
- Parcel Size: HCD will scrutinize affordable units on sites that are less than 0.5 acres or more than 10 acres.
- Affirmatively Furthering Fair Housing (AFFH): The City is required to spread affordable units throughout the City to ensure there isn't a concentration of affordable units in one area.

A detailed breakdown of the residential development capacity by income category will be provided in the Projected Housing Needs section of the draft 2021-2029 Housing Element. Additionally, the draft 2021-2029 Housing Element continues the community's commitment to a full spectrum of housing opportunities for all income groups at all stages of life.

The City, in cooperation with the University of California, Irvine (UCI) has petitioned HCD to allow a one-time credit for housing units previously constructed that have not been counted in prior Housing Elements. This would include all for sale and rental units at University Hills and all housing dedicated for students, graduate students/families. In addition to these units, the City has included future units planned for University of California owned property on Irvine Boulevard in the draft Housing Element site inventory.

Quantified Objectives

A component of the Housing Element includes quantified objectives for achieving the maximum number of units, by income level, to be constructed, rehabilitated, and conserved over the planning period. Staff has identified the City's housing needs, surveyed developable parcels, identified financial resources, analyzed constraints, and assessed appropriate programs and policies. As a result of this

Planning Commission Meeting July 15, 2021 Page 9 of 11

analysis an estimate was made of the maximum number of units that can reasonably be expected to be developed by the private sector. It is important to note that quantified objectives need not equal the RHNA allocation.

Review of Past Programs in the Previous Housing Element

The City must evaluate the results from housing programs implemented during the previous Housing Element. The review of past programs discusses the progress, effectiveness, and appropriateness of the previous Housing Element goals, objectives, policies, and programs.

Public Participation

Pursuant to California Government Code Section 65583(c)(9), local governments are required to "make a diligent effort to achieve public participation of all economic segments of the community in the development of the housing element." To meet these requirements, the City of Irvine has organized multiple activities over the last 10 months to engage with all economic segments of the community through a community outreach survey, two focus groups, three community workshops, a Planning Commission study session, a City Council scoping session, and stakeholder meetings with the development community, property owners, non-profit organizations, public agencies, such as the Irvine Unified School District, affordable housing providers including the Irvine Community Land Trust, and special interest groups.

To promote the community engagement activities and events, the City used its website, social media accounts, press releases, mailers, interest list notifications, fliers, and public email system. The City also provided outreach materials in English and seven additional languages: Chinese (Traditional and Simplified), Korean, Vietnamese, Japanese, Farsi, Arabic, and Spanish to ensure the outreach materials reached many diverse segments of the community.

The City Council conducted a scoping session on February 9, 2021, and the Planning Commission conducted a study session on February 18, 2021, on the Housing Element update process. Input from the workshops and meetings with the public, City Council, and Planning Commission, as well as staff review of the current Housing Element and changes in state housing law were used to develop the draft document presented to the Planning Commission.

In preparing for the Sites Inventory Analysis, staff identified potential opportunity sites and mailed outreach letters to those property owners. The purpose of these mailers was to gauge interest of property owners in either converting their site for residential purposes or developing residential homes in combination with their existing use within the next eight years. In addition, staff met with major property owners, Irvine Company and FivePoint, to discuss potential opportunity sites for the Housing Element.

Planning Commission Meeting July 15, 2021 Page 10 of 11

City staff held meetings with a variety of stakeholders including affordable housing developers and several meetings with the Irvine Community Land Trust (ICLT) on opportunities to coordinate and collaborate. The City hosted three community workshops throughout the month of April. On April 5, 2021, the City held a virtual community workshop with stakeholders in the Irvine Business Complex (IBC) and Spectrum areas, specifically property owners, commercial real estate brokers, the Building Industry Association (BIA), Irvine Chamber of Commerce, and the general public with an interest in these neighborhoods. On April 22, 2021, and April 29, 2021, the City held virtual community-wide workshop to present the 6th Cycle Housing Element Update. On April 22, 2021, 105 participants attended the workshop and on April 29, 2021, 92 participates attended the workshop.

In addition, staff utilized community survey and focus group results from City residents that are part of the City's, separate and ongoing, General Plan Update. The survey included questions focused on housing issues to support the Housing Element public engagement effort. The focus groups allowed for dedicated discussions that highlighted residents' perspectives on housing topics, including state-mandated housing and where such housing will be compatible in the City.

The City gathered feedback from all outreach activities and evaluated the findings to identify the issues and topics that were most pressing to the Irvine community. The City then used this information to help develop goals, policies, and proposed activities for the planning period.

Review Process

The Housing Element will be forwarded to HCD for a mandatory 60-day review for consistency with state law and provisional certification. The review by HCD must occur at least 90 days prior to the City Council taking final action on the Housing Element. Upon incorporation of state feedback, staff will present the final draft 2021-2029 Housing Element to the Planning Commission in the fall/winter followed by final review and the City Council consideration of formal adoption. The City will be taking advantage of the 120 day grace period following the October 15, 2021 deadline to adopt the final Housing Element. The entire 6th Cycle Housing Element cycle has been delayed at several levels, including the six-month delay at SCAG for the adoption of the final RHNA (March 2021), the delayed release of the Affirmatively Furthering Fair Housing (AFFH) guidelines by HCD (April 2021), and COVID. Upon submittal of the final Housing Element to HCD for certification, the state will have 90 days to confirm whether the Housing Element is consistent with HCD's provisional certification and thereby complies with state law.

Planning Commission Meeting July 15, 2021 Page 11 of 11

ENVIRONMENTAL REVIEW

An environmental evaluation for the project will be prepared after review and incorporation of any amendments requested by HCD. Staff will bring the environmental certification when the Planning Commission considers adoption of the Housing Element in the fall.

ALTERNATIVES CONSIDERED

The Planning Commission can provide feedback to be incorporated into the draft document, prior to the transmittal to HCD for the required 60 days review.

FINANCIAL IMPACT

The Community Development Department budget includes a work program to update the Housing Element. The program includes staff time and consultant services to research and prepare the updated Housing Element. The City will also rely on reimbursement from Senate Bill 2 and Local Early Action Plan (LEAP) grants to fund the Housing Element.

3c. Presentation for July 15, 2021

Housing Element Update

Presented by Marika Poynter, Principal Planner

Planning Commission July 15, 2021

CITY OF IRVINE

Background and Schedule

- ullet The City is preparing the 6th Cycle Housing Element Update (HEU) for period 2021 2029
- Per statute, the final version of the HEU should be adopted by October 15, 2021 with a 120 day grace period permitted for HEU certification
- Draft HEU submitted to HCD after Planning Commission review
- Final HEU to Planning Commission and City Council in December/January
- Final certification to HCD in early 2022

Housing Element Purpose

- The Housing Element is a state-mandated policy document that:
 - Provides direction for implementation of various programs to meet existing and future housing needs for all income levels in the City
 - Provides goals, policies, programs, and objectives that accommodate opportunities for the preservation of existing housing and development of new housing
 - Demonstrates how the City will accommodate its RHNA allocation

CITY OF IRVINE

Regional Housing Needs Assessment

% of County Area Median Income (AMI)	Units
Category 1 (0 – 50 % AMI)	6,396
Category 2 (51 – 80% AMI)	4,235
Category 3 (81 – 120% AMI)	4,308
Category 4 (120% AMI or above; considered "market rate")	8,671
TOTAL	23,610

- Buffer for "no net loss" for Categories 1 and 2 City will apply it for Categories 1, 2, and 3
- Actual number needed is anticipated to exceed allocation
- Affirmatively Furthering Fair Housing (AFFH)

Key Discussion Items

- Highlights of the Draft 6th Cycle Housing Element
 - Document Overview
- Site Inventory
- Policies and Programs
 - · Enhancements to existing policies and programs
 - Proposed new policies and programs to facilitate and encourage housing production, and more specifically affordable housing

Draft 6th Cycle Housing Element

- Critical Chapters
 - Adequate Site Inventory Analysis and Methodology: Detailed description of the methodology and to identify specific housing sites (by Assessor Parcel Number or APN), the number of units for each site, the level of affordability for each site, and the methodology used to ensure that each site meets State law requirements
 - Housing Plan: The City's goals, policies, programs, and actions to provide and preserve housing opportunities in the community and quantified objectives for the 2021-2029 6th cycle planning period
 - Appendix B: Affirmatively Furthering Fair Housing Analysis

Constraints and Approach for Developing Site Inventory

- HCD or Statutory Constraints:
 - <u>Inclusionary Housing: HCD</u> will not permit inclusionary to be used on any future projects to meet the <u>RHNA</u>
 - <u>Density Realism:</u> City must show precedent for high density residential assumptions (nearby developments at similar density)
 - <u>Parcel Size</u>: <u>HCD</u> will scrutinize sites identified for affordable units on sites below 0.5 acres and more than 10 acres

CITY OF IRVINE

Constraints and Approach for Developing Site Inventory

- City Constraints/Approach:
 - <u>Preservation of Open Space/Natural Lands:</u> The City did not include locally protected open space/natural lands in the site inventory.
 - <u>Exclusion of Sensitive Sites:</u> The City did not include any community sensitive sites such as the <u>Racquet Club of Irvine</u> and the <u>Rancho San</u> Joaquin Golf Course
 - <u>Preservation of Neighborhood Core:</u> The City focused the proposed draft site inventory to preserve the neighborhood core

	Very Low	Low	Moderate	Above Moderate	Total

Net Surplus	2,018	1,079			
No-Net Loss Buffer per HCD (15%-30%	32%	25%			

CITY OF IRVINE

Draft Policy Recommendations

- Update the Land Use Element and Zoning Ordinance (subsequent effort) to consider:
 - Overlays to promote residential and mixed use:
 - In Planning Area 32 at 50-70 units/acre
 - In the IBC at 50-70 units/acre
 - At targeted retail centers at 30-60 units/acre
 - At religious and school sites at 30-60 units/acre focus on workforce housing
 - Allow conversion of hotel/motel to residential

Draft Policy Recommendations

- Increased density with focus on transit-oriented development in Great Park Neighborhoods – adjacent to the Irvine Station – this is not to include the designated Orange County Great Park
- Target City, County, State, and certain privately owned sites for 100% affordable residential projects
- Consider increasing the inclusionary zoning ordinance to mandate 20% of new housing projects are at affordable price points instead of the existing 15%

CITY OF IRVINE

Draft Policy Recommendations

- Extend the term of affordability on affordable housing units set to expire in the next Housing Element Cycle (2021-2029) – approximately 912 units
- Explore amending the existing in-lieu fee for affordable housing
- Consider ways to streamline the affordable housing development process
 - Expedite the entitlement process for affordable housing projects
 - Evaluate the costs and benefits of reducing or deferring development fees

Draft Policy Recommendations

- The City seeks to continue to strengthen its relationship with the Irvine Community Land Trust to collaborate and partner on efficiently and effectively maximizing affordable housing opportunities. Policy PP-F:2
 - Coordinate with the ICLT to actively pursue land acquisition opportunities for a range of affordable housing options, including rental apartments, ownership housing, transitional housing, supportive housing, and singleroom occupancy housing.
 - Collaborate to determine feasibility of developing permanently affordable housing in partnership with the ICLT on publicly owned sites that may be designated as surplus property

Draft Policy Recommendations

- Assist the ICLT and developers to access public funding and financing and through new construction to increase supply of permanently affordable rental units with supportive services that target seniors and persons with disabilities and extremely low income households.
- Partner with the ICLT to seek legislative support for:
 - Public funding resources and prioritization of those sources to advance the development of permanently affordable rental and ownership housing at all affordable income levels.
 - Legislative changes that remove sunset provisions for affordable housing developments.

OF IRVINE

Follow-up from July 1, 2021 PC Meeting

- Workforce Housing Need: Workforce Housing in included in the Above Moderate Income category and was captured in the methodology prepared by SCAG. A separate study to extrapolate the "workforce housing" – 120%-150% could be requested prior to any update to the inclusionary zoning ordinance.
- Homelessness: Policies HE-I.1 HE-I.5 identify policies to address homelessness. The City is in discussions with Tustin on shared facility opportunities.

Recommended Action

- Review and provide input on the key features of the Draft Housing Element Update
- Authorize transmittal of the Draft 6th Cycle Housing Element to HCD for the required 60 day review

3d. Comments Summary and Analysis for July 15, 2021 PC

Comments and Questions Received at July 15 PC Meeting	Who	Responses and How Comment was Addressed in HE (if applicable)
In terms of policies, some showing funding is coming from the General Fund	Commissioner Knowland	Once HE adopted, staff would determine the exact funding mechanism (e.g., general fund, grants).
Encourage stronger relationship with ICLT. Encourage modular units.		Approximately 4,800 affordable units currently in the City. ICLT has developed 457 units to date.
Consider decreasing or waiving developer fees.		Mark Asturias with ICLT indicated ICLT is working with the Irvine Company on a new site and exploring feasiblity to develop site at higher density while ensure compatiblity with the areas. If presume 25 units per acre x 7 acre = 175 units. ICLT generally aims for extremely low and very low income units where the greatest need is. In terms of modular units, refer to Proposed Program-G.2 that "encourage innovative design prototypes and/or construction" As part of Policy HE-B.2 in the draft Housing Plan, developer fees will be analyzed with the subsequent GPU/ZOA work effort or a separate financial study.
State not focusing on external factors such as drought.	Vice Chair Huang	GPU/ZOA EIR will analyze service levels and needs. State did not factor in drought.
Status of UCI housing counts?		City meeting with HCD was postponed indefinitely. City staff working with UCI staff to

City lost RHNA appeal. Mayor letter to HCD regarding deadline extension was rejected.	Chair Pierson; Commissioner Knowland	include units in University Hills (moderate income level) and Graduate Student housing (above moderate income level). At this time, the Governor has opted not to include a trailer bill to extend the HEU deadline (i.e. denying the extension request).
What is the process if we don't agree with HCD's comments? If we make major changes after HCD comments received, then we need to resubmit to HCD. Is the Planning Commission allowed to participate in the back and forth with HCD? In a sense, this is the "last bite of the apple" because City is under time constraints to meet deadline once the comments from HCD are received.		The purpose of tonight's meeting is to consider authorizing transmittal of the draft HE to HCD for review, not adoption of HE. Once comments are received from HCD, staff will address and bring forward revised document with IS/MND for adoption purposes. If we don't adopt the HE within the allowed 120-day grace period then there are potential penalties as previously discussed. If HCD provides significant comments, staff will share them
Recommend specific language tonight. Add teeth by replacing conditonal language with definitive changes. Determine if additional emergency meeting is needed. Redline changes in Housing Plan to reinforce conditional language and specify schedule to complete and bring back to Commission for final review on August 5, 2021. Provide changes one week prior to August 5, 2021 meeting.	Commissioner Gaido: Chair Pierson; Commissioner Knowland Vice Chair Huang	with the Planning Commission prior to any revisions or further discussion with HCD. Refer to Chapter 8, Housing Plan, of the draft HE. Staff will note any long-term cost impacts where further study might be required or if something we can do now.

Believe significant changes to the draft Housing Plan are not required at this time, and document is ready to submit to HCD. Significant revisions would require separate sessions. I'm working behind the scenes on affordable housing and willing to discuss in more detail during a separate session. Concerned about CFD and Mello	Commissioner Limb Susan Sayre, Irvine resident	No response from City staff. Mark Asturias with ICLT
Roos on these properties per supplemental CFD report dated February 11, 2020. VL and L are not exempt from CFD for Great Park Neighborhood. Per Mark Asturias, ICLT, affordable housing is not exempt from special taxes created prior to January 1, 2020 in accordance with AB 1743. Who's going to pay?		responded: Transfer of property taxes to individual units. All taxes, including special taxes, must be accounted for when you are pricing or renting affordable houisng. If special taxes, pricing is fixed under State regulatory program either (1) discount price of home to account for the taxes; or (2) pay off the special taxes.
		Sage Park project under construction. ICLT paid off over \$4MM in CFD and assessment district, so homeowner doesn't carry the burden. Special taxes for rental apartment projects are typically paid off through the bond financing. Must find a way to cover those costs because you can't pass those costs on to the owner or renter.
Studied RSJ, San Joaquin Marsh, UTC, University Park Preserve zoning in the "residential core." Please consider PA 19, 23, and 24 as part of the residential core. Similarly, preserve "South Irvine recreational" area with RSJ, Boomers, Adventure	Ford Fuji, Irvine resident	Comment noted.

Playground in PA 20, San Joaquin Marsh, UCI Arboretum and Art Musuem, Mason Regional Park in PA 24, Barclay, New UCI Museum, and Bren Center. Keep recreational zoning in our area.		
Recommendations:	Commissioner Gaido	Refer to Chapter 8, Housing
1. Adjust site inventory map to		Plan, in the draft HE. All

4a. Meeting Agenda for August 5, 2021

Jeff Pierson Chair

Stephen Huang Vice Chair

Christine Knowland
Chair Pro Tem

Jong Limb Commissioner

Mary Ann Gaido Commissioner

AGENDA

PLANNING COMMISSION REGULAR MEETING

August 5, 2021 5:30 PM CITY COUNCIL CHAMBER

> One Civic Center Plaza Irvine, CA 92606

PARTICIPATION AT PLANNING COMMISSION MEETINGS

MEETINGS ARE AVAILABLE TO ATTEND IN-PERSON IN THE CITY COUNCIL CHAMBER OR WATCHED LIVE THROUGH THE "ZOOM" APPLICATION. INFORMATION FOR "ZOOM" CAN BE FOUND ONLINE AT CITYOFIRVINE.ORG/PLANNINGCOMMISSION. YOU MAY SUBMIT COMMENTS ON ANY AGENDA ITEM OR ON ANY ITEM NOT ON THE AGENDA, IN WRITING VIA MAIL TO "ATTN: PLANNING COMMISSION," ONE CIVIC CENTER PLAZA, IRVINE, CA 92606; BY EMAIL TO PLANNINGCOMMISSION@CITYOFIRVINE.ORG; OR THROUGH E-COMMENT AT CITYOFIRVINE.ORG/PLANNINGCOMMISSION. E-COMMENTS SUBMITTED AT LEAST TWO HOURS PRIOR TO THE COMMENCEMENT OF THE MEETING WILL BE DISTRIBUTED TO THE PLANNING COMMISSION AT THE MEETING. YOU MAY ALSO PROVIDE LIVE COMMENTS VIA "ZOOM." FOR MORE INFORMATION, VISIT CITYOFIRVINE.ORG/PLANNINGCOMMISSION.

REQUEST TO SPEAK IN PERSON: IF YOU WOULD LIKE TO ADDRESS THE PLANNING COMMISSION ON A SCHEDULED AGENDA ITEM – INCLUDING A REGULAR BUSINESS ITEM, A PUBLIC HEARING ITEM, OR PUBLIC COMMENTS – PLEASE REGISTER BY COMPLETING THE ELECTRONIC FORM AVAILABLE ON THE KIOSK AT THE ENTRANCE TO THE CITY COUNCIL CHAMBER. PLEASE IDENTIFY ON THE FORM YOUR NAME AND THE ITEM ON WHICH YOU WOULD LIKE TO SPEAK. THE REQUEST TO SPEAK FORM ON THE KIOSK ASSISTS THE CHAIR IN ENSURING THAT ALL PERSONS WISHING TO ADDRESS THE PLANNING COMMISSION ARE RECOGNIZED. IT ALSO ENSURES THE ACCURATE IDENTIFICATION OF MEETING PARTICIPANTS IN THE PLANNING COMMISSION MINUTES. YOUR NAME WILL BE CALLED AT THE TIME THE MATTER IS HEARD BY THE PLANNING COMMISSION. CITY POLICY IS TO LIMIT PUBLIC TESTIMONY TO UP TO FIVE MINUTES PER SPEAKER ON AGENDIZED ITEMS, AND THREE MINUTES DURING GENERAL PUBLIC COMMENTS (UNLESS THE TIME LIMIT IS EXTENDED BY THE CHAIR), WHICH INCLUDES THE PRESENTATION OF ELECTRONIC OR AUDIO-VISUAL INFORMATION. SPEAKERS MAY NOT YIELD THEIR TIME TO OTHER PERSONS.

PLEASE TAKE NOTICE THAT THE ORDER OF SCHEDULED AGENDA ITEMS BELOW AND/OR THE TIME THEY ARE ACTUALLY HEARD, CONSIDERED AND DECIDED MAY BE MODIFIED BY THE CHAIR DURING THE COURSE OF THE MEETING, SO PLEASE STAY ALERT.

PLEASE NOTE: THE PLANNING COMMISSION IS MAKING EVERY EFFORT TO FOLLOW THE SPIRIT AND INTENT OF THE BROWN ACT AND OTHER APPLICABLE LAWS REGULATING THE CONDUCT OF PUBLIC MEETINGS, IN ORDER TO MAXIMIZE TRANSPARENCY AND PUBLIC ACCESS. FOR QUESTIONS OR ASSISTANCE, PLEASE CONTACT THE COMMUNITY DEVELOPMENT DEPARTMENT AT 949-724-6465, OR VIA EMAIL AT PLANNINGCOMMISSION@CITYOFIRVINE.ORG. IT WOULD BE APPRECIATED IF WRITTEN COMMUNICATIONS OF PUBLIC COMMENTS RELATED TO ITEMS ON THE AGENDA, OR ITEMS NOT ON THE AGENDA, ARE PROVIDED PRIOR TO THE COMMENCEMENT OF THE MEETING.

CALL TO ORDER

ROLL CALL

PLEDGE OF ALLEGIANCE

INTRODUCTIONS

ADDITIONS AND DELETIONS TO THE AGENDA

Additions to the agenda are limited by the California Government Code Section 54954.2 of the Brown Act and for those items that arise after the posting of the Agenda must be acted upon prior to the next Planning Commission meeting.

PUBLIC COMMENTS

COMMISSION BUSINESS

1. MINUTES

RECOMMENDED ACTION:

Adopt the minutes of the regular Planning Commission meeting held on July 1, 2021.

GREAT PARK STATUS UPDATE

PUBLIC HEARINGS

 TIME EXTENSION OF VESTING TENTATIVE TRACT MAP 18174 FOR A MIXED-USE DEVELOPMENT AT 18582 TELLER AVENUE IN PLANNING AREA 36 (IRVINE BUSINESS COMPLEX)

RECOMMENDED ACTION:

Conduct the public hearing.

Prepared by Community Development

2) Adopt RESOLUTION NO. 21-3829 — A RESOLUTION OF THE PLANNING COMMISSION OF THE CITY OF IRVINE, CALIFORNIA, APPROVING A THREE-YEAR EXTENSION (00839733-PTT) OF VESTING TENTATIVE TRACT MAP 18174 FOR A MIXED-USE DEVELOPMENT AT 18582 TELLER AVENUE IN PLANNING AREA 36 (IRVINE BUSINESS COMPLEX).

COMMISSION BUSINESS

GENERAL PLAN – DRAFT 2021-2029 HOUSING ELEMENT UPDATE

RECOMMENDED ACTION:

- Review and provide further input on the key features of Chapter
 Housing Plan of the Draft Housing Element Update.
- Recommend transmittal of the Draft 2021-2029 Housing Element Update to the California Department of Housing and Community Development (HCD).

STAFF REPORTS

PLANNING COMMISSION REPORTS

ADJOURNMENT

NOTICE TO THE PUBLIC

The Irvine Planning Commission consists of five residents of the City who are appointed by Irvine City Councilmembers. The Commission meets regularly on the first and third Thursday of each month in the City Council Chamber at the Irvine Civic Center located at One Civic Center Plaza. Meetings begin at 5:30 p.m., unless otherwise noted. Meeting agendas and approved minutes are kept current on the City website at cityofirvine.org/planningcommission

The Planning Commission is responsible for providing input to the City Council on long-range planning. Irvine's long-range planning goals are embodied in the General Plan. The General Plan and the amendments to it are reviewed by the Planning Commission and adopted by the City Council. The General Plan is implemented through the City's development regulations.

The Planning Commission has the authority to approve or deny applications concerning development within the City. The category of applications includes Tentative Tract Maps, Conditional Use Permits, Master Plans, Administrative Relief and Variances. The Planning Commission also makes recommendations to the City Council on all applications for amendments to the Zoning Ordinance.

An agenda is provided for each Planning Commission meeting, which lists the items submitted for consideration. Prior to the listed agenda items, the Commission may hold a study session to receive information or meet with another committee. A study session is open to the public; however, no public testimony is taken and no decisions are made. Following a study session, the regular meeting will begin at 5:30 p.m. At this time, the Commission allows oral communication from the public to address the Commission on items not listed on the agenda. See information for Speaker's Card/Request to Speak on the first page.

The items on the agenda are arranged in three categories: <u>Consent Calendar</u>: These are relatively minor in nature, do not have any outstanding issues or concerns, and do not require a public hearing. All consent calendar items are considered by the Commission as one item and a single vote is taken for their approval, unless an item is pulled from the consent calendar for individual discussion. There is no public discussion of consent calendar items unless requested by the Commission. <u>Public Hearings</u>: This category is for case applications that require, by law, a hearing open to public comment because of the discretionary nature of the request. Public hearings are formally conducted and public input/testimony is requested at a specific time. This is your opportunity to speak on the item(s) that concern you. If, in the future, you wish to challenge in court any of the matters on this agenda for which a public hearing is to be conducted, you may be limited to raising only those issues which you (or someone else) raised orally at the public hearing or in written correspondence received by the City at or before the hearing. <u>Commission Business</u>: Items in this category are general in nature and may require Commission action. Public input may be received at the request of the Commission. See information for Speaker's Card/Request to Speak on the first page.

At 10 p.m., the Planning Commission will determine which of the remaining agenda items can be considered and acted upon prior to 11 p.m., and will continue all other items for which additional time is required until a future Commission meeting. All meetings are scheduled to terminate at 11 p.m.

STAFF REPORTS

As a general rule, staff reports or other written documentation have been prepared or organized with respect to each item of business listed on the agenda. Copies of these materials are on file with the Community Development Department and are available for public inspection and copying once the agenda is publicly posted, (at least 12 days prior to a regular Planning Commission meeting). Staff reports can also be downloaded from the City's website at cityofirvine.org/planningcommission at least 12 days prior to the scheduled Planning Commission meeting.

APPEALS

Planning Commission decisions may be appealed to the City Council in accordance with Zoning Ordinance Chapter 2-5. Planning Commission actions on a subdivision map may be appealed to the City Council in accordance with Irvine Municipal Code Section 5-5-110. Planning Commission determinations regarding an interpretation of the City's Subdivision Ordinance may be appealed to the City Council in accordance with Irvine Municipal Code Section 5-5-1004.H.

SUPPLEMENTAL MATERIAL RECEIVED AFTER THE POSTING OF THE AGENDA

Any supplemental writings or documents distributed to a majority of the Planning Commission regarding any item on this agenda <u>after</u> the posting of the agenda will be available for public review in the Community Development Department during normal business hours. In addition, such writings or documents will be made available for public review at the respective public meeting.

SUBMITTAL OF INFORMATION BY MEMBERS OF THE PUBLIC FOR DISSEMINATION OR PRESENTATION AT PUBLIC MEETINGS

MEDIA TYPES AND GUIDELINES

- 1. Written Materials/Handouts: Any member of the public who desires to submit documentation in hard copy form may do so prior to the meeting or at the time he/she addresses the Planning Commission. Please provide 10 copies of the information to be submitted and file with the Recording Secretary at the time of arrival to the meeting. This information will be disseminated to the Planning Commission at the time testimony is given.
- Large Displays/Maps/Renderings: Any member of the public who desires to display freestanding large displays or renderings in conjunction with their public testimony is asked to notify the

Λ

Community Development Department at 949-724-6465 no later than noon on the day of the scheduled meeting.

Electronic Documents/Audio-Visuals: Any member of the public who desires to display information
electronically in conjunction with their public testimony is asked to submit the information to the
Community Development Department at 949-724-6465 no later than noon on the day of the
scheduled meeting.

CITY SERVICES TO FACILITATE ACCESS TO PUBLIC MEETINGS

It is the intention of the City of Irvine to comply with the Americans with Disabilities Act (ADA) in all respects. If, as an attendee or a participant at this meeting, you will need special assistance beyond what is normally provided, the City of Irvine will attempt to accommodate you in every reasonable manner. Please contact the Planning Commission liaison at 949-724-6465.

Assisted listening devices are available at the meeting for individuals with hearing impairments. Notification 48 hours prior to the meeting will enable the City to make reasonable arrangements to ensure accessibility to this meeting. (28 CFR 35. 102-35. 104 ADA Title II).

MEETING SCHEDULE

Regular meetings of the Planning Commission are held on the first and third Thursdays of each month at 5:30 p.m. Agendas are available at the following locations:

- City Clerk's Office
- Police Department
- Front Entrance of City Hall
- University Park Center (Culver/Michelson)
- Walnut Village Center (Culver/Walnut)
- Northwood Town Center (Irvine Blvd./Yale)
- · City's web page at cityofirvine.org/planningcommission

I hereby certify that the agenda for the regular Planning Commission meeting was posted in accordance with law in the posting book located in the Public Safety lobby and at the entrance to the Civic Center, One Civic Center Plaza, Irvine, California on <u>July 22, 2021</u> by <u>5 p.m.</u> as well as on the City's web page.

Commission Liaison

4b. Staff Report for August 5, 2021

MEETING DATE: AUGUST 5, 2021

TITLE: GENERAL PLAN – DRAFT 2021-2029 HOUSING ELEMENT

UPDATE

For Director of Community Development

RECOMMENDED ACTION

 Review and provide further input on the key features of Chapter 8: Housing Plan of the Draft Housing Element Update.

2. Recommend transmittal of the Draft 2021-2029 Housing Element Update to the California Department of Housing and Community Development (HCD).

EXECUTIVE SUMMARY

At the July 15, 2021 meeting, the Planning Commission requested the review of the Draft 2021-2029 Housing Element Update be continued to the August 5, 2021 meeting to allow additional time to review and comment on Chapter 8: Housing Plan, prior to submittal to the California Department of Housing and Community Development (HCD) for its statutory review.

The Planning Commission specifically asked Community Development staff to strengthen policies and programs associated with the development of affordable housing. Where feasible and appropriate, staff has revised the policies and programs to include language that is more definitive, establishes more detailed timeframes for fee programs, and strengthens the support for services to renters and homeowners. The following proposed edits have been made to Chapter 8: Housing Plan:

- Revise second bullet in program PP-B.1 to read:
 - Within 12 months, the City will explore a program including a financial assessment that would eliminate or reduce, permitting fees for housing projects that are 100 percent affordable.
- Revise policy PP-B.5 to read: "Dedicate Staff for Affordable Housing
 Entitlement, Permit, and Fee Processes. To decrease the entitlement and
 construction process, following the adoption of the Housing Element the City will
 designate a dedicated planner, plan checker, and building inspector(s) to provide
 expedited processing for affordable housing projects.

Planning Commission Meeting August 5, 2021 Page 2 of 3

- Revise policy PP-G.2 to include "modular units or other innovative building types" as an option to consider to ensure a diverse and affordable housing stock.
- Add "PP-G.6: Irvine Housing Authority. The City will explore creating an Irvine Housing Authority that has the ability to allocate Federal Housing Choice Vouchers."
- Add "PP-G.7: Terms of Affordability. The City will encourage affordable housing developers to consider extending the terms of affordability in perpetuity."
- Revise policy PP-I.4 to read: "The City will continue to make information about services for people experiencing homelessness available on the City's website and at City facilities. The City will continue to provide resources for non-profits that provide transitional housing, motel vouchers, food pantry, emergency rent and utility payment assistance, life skills counseling and clothing. The City will continue to provide CDBG grant funding to non-profits such a Families Forward, South County Outreach, Human Options, and Stand Up for Kids that provide these services. Information on these resources is included in the City's Affordable Housing Guide and the City's website.
- Add "PP-J.3: Legal Assistance for Renters. The City will continue to provide
 information in the Irvine Affordable Housing Guide available at City Hall and the
 City's website on landlord/tenant rights and mediation services through the Fair
 Housing Foundation, a non-profit the City contracts with to provide these services
 to residents. The City will also add information on the City's website and provide
 resources on non-profits such as Community Legal Aid SoCal and the Legal Aid
 Society of OC."
- Revise PP-K.1 to include: "Information on homeownership will be published in a variety of languages and will be provided to community organizations that work with different populations to ensure greater homeownership diversity."
- Add "PP-M.3: Density Bonus Eligibility. The City will encourage developers of
 projects with affordable density bonus units to coordinate efforts with local nonprofits or community organizations to determine if the units could be set aside,
 where feasible, for special groups including, but not limited to, Veterans and
 special need adults."

Review Process

Following additional review by the Planning Commission, the Housing Element will be forwarded to HCD for a mandatory 60-day review for consistency with state law and provisional certification. The review by HCD must occur at least 90 days prior to the City Council taking final action on the Housing Element. Upon incorporation of state feedback, staff will present the final draft 2021-2029 Housing Element to the Planning Commission in the fall/winter 2021, followed by consideration, final review, and formal adoption by the City Council. The City will be taking advantage of the 120 day grace period following the October 15, 2021 deadline to adopt the final Housing Element. The entire 6th Cycle Housing Element has been delayed at several levels, including the six-month delay at SCAG for the adoption of the final RHNA (March 2021), the delayed release of the

Planning Commission Meeting August 5, 2021 Page 3 of 3

Affirmatively Furthering Fair Housing (AFFH) guidelines by HCD (April 2021), and COVID. Upon submittal of the final Housing Element to HCD for certification, the state will have 90 days to confirm whether the Housing Element is consistent with HCD's provisional certification and thereby complies with state law.

REPORT PREPARED BY: Marika Poynter, Principal Planner

PC ATTACHMENTS:

- 1. Redline of Chapter 8: Housing Plan
- 2. July 15, 2021 Planning Commission Staff Report

8 HOUSING PLAN

- 8.1 Goals, Objectives, Policies, and Programs
- 8.1.1 Goal I: Provide for safe and decent housing for all economic segments of the community.
- 8.1.1.1 Objective A: Update the Land Use Element and Zoning
 Ordinance to achieve compliance with current State laws and
 to facilitate the development of diverse housing options.

Policies

- HE-A.1: Identify residential zones where allowable density can be increased for affordable housing, including for extremely low-income households.
- HE-A.2: Identify commercial and institutional zones where zoning can be changed to allow for mixed-use and/or higher-density residential development.
- HE-A.3: Ensure appropriate land use planning and developer mitigation/improvements are provided for adequate infrastructure, services, and facilities to serve existing and future residents.
- HE-A.4: Monitor residential construction and the use of residential and mixed-use designated lands. Ensure adequate residential sites are available to meet the City's housing needs.

Proposed Programs/Activities/Actions

- PP-A.1: Maintain/Update the Site Inventory. The City will provide adequate residential
 and mixed-use designated sites to accommodate the City's 6th Cycle RHNA of 23,610
 units (6,396 very-low-, 4,235 low-, 4,308 moderate-, and 8,671 above-moderate-income
 units) through the following actions:
 - The City will maintain, a residential sites inventory of the City's RHNA and update this
 inventory, as projects are reviewed/approved/constructed to ensure sufficient
 residential capacity is maintained to accommodate the identified need. The inventory
 will be verified annually through the HCD Annual Progress Report work effort.

PC ATTACHMENT 1

2021-2029 Housing Element

Chapter 8. Housing Plan

- Should a development approval result in a reduction of capacity below the residential capacity needed to accommodate the remaining need for lower-income households, the City will identify sufficient sites to accommodate the shortfall.
- Upon request by interested developers or the general public, the City will make the site inventory map and/or list available subject to reproduction costs.
- The City will continue to pursue alternative options for meeting the RHNA through preservation, legislative changes, and regional cooperation. The City will periodically evaluate its funding availability and opportunities to pursue acquisition/rehabilitation of affordable housing projects and preservation of at-risk housing.
- PP-A.2: Update the City's General Plan (including Land Use Element) and Zoning
 Ordinance. The City will incorporate changes in State law (particularly affordable
 housing, emergency shelters, and transitional/supportive housing) into the Land Use
 Element and Zoning Ordinance. This will involve allowing for increased densities in both
 residential and non-residential areas to adhere to RHNA requirements. Other General
 Plan elements will be updated to ensure consistency with the updated Housing and Land
 Use Elements, as well as the Zoning Ordinance.
- PP-A.3: Residential Overlays in Non-Residential Areas: The City will establish zoning
 overlays to allow for multifamily residential in nonresidential areas (which may include
 properties designated for religious institutions and schools) to provide flexibility in land
 use and development standards, including mixed-use developments. These flexible
 standards shall be directed toward meeting the physical, social, and economic needs of
 the community.
- PP-A.4: Encourage the Subdivision of Sites that Are 10 or More Acres. The City will
 encourage the subdivision of sites that are 10 acres or more to provide more opportunities
 for development of affordable housing, which the HCD has determined is more feasible
 on sites between 0.5 and 10 acres in size.

SCHEDULE OF ACTIONS	
Funding Source:	General Fund
Responsible Party:	City's Community Development Department
Time Frame:	Update Land Use Element and Zoning Ordinance by October 2024. All other
	programs will be completed annually

2021-2029 Housing Element

Chapter 8. Housing Plan

8.1.1.2 Objective B: Streamline the affordable development process.

Policies

- HE-B.1: Expedite the entitlement process for affordable housing developments.
- HE-B.2: Evaluate the costs and benefits of reducing, deferring, or waiving development fees and identifying opportunities to do so for affordable housing projects.

Proposed Programs/Activities/Actions

- PP-B.1: Assist with Development of Lower-Income Housing. To assist the development of housing for households with lower incomes on larger sites, the City will seek to amend the fee collection process for land divisions and lot line adjustments resulting in parcel sizes that facilitate multifamily developments affordable to households with lower incomes (including extremely low income) in light of State, Federal, and local financing programs (i.e., 2–10 acres). The City will also work with property owners and nonprofit developers to target and market the availability of sites with the best potential for development. In addition, the City will offer the following incentives for the development of affordable housing, including but not limited to the following:
 - Streamlining and expediting the approval process for land division for projects that include affordable housing units.
 - Defer and/or reduce fees related to the subdivision for projects affordable to households with lower incomes. Within 12 months, the City will explore a program, including a financial assessment, that would eliminate or reduce permitting fees for housing projects that are 100 percent affordable.
 - Technical assistance to developers on funding applications.
 - Modify development requirements where possible.
- PP-B.2: Expedite Development. The City will expedite development of housing projects for seniors, people with disabilities, and lower-income people and/or households.
- PP-B.3: Review the City's Development Standards. The City will review the current Development Standards and update as appropriate to encourage residential, mixed-use, and transit-oriented developments.
- PP-B.4: Provide a Menu of Incentives/Concessions for Developers. To expedite the
 process of finding resources and incentives, the City will post an overview of available
 incentives/concessions for developers on the City's website.

2021-2029 Housing Element

Chapter 8. Housing Plan

PP-B.5: Dedicate Staff for Affordable Housing Entitlement, Permit, and Fee
Processes. To decrease the entitlement and construction process, following the adoption
of the Housing Element the City will designate a dedicated planner, plan checker, and
building inspector(s) to provide expedited processing for affordable housing projects.

SCHEDULE OF ACTIONS	
Funding Source:	General Fund
Responsible Party:	City's Community Development and Public Works/Transportation Departments
Time Frame:	Complete review of City processes and potential for dedicated staff by October 2022. All other programs will be ongoing annually.

8.1.2 Goal 2: Maximize land utilization for residential development.

8.1.2.1 Objective C: Encourage the proper utilization of the undeveloped/underdeveloped residential areas of the City.

Policies

- HE-C.1: Promote infill development in appropriate areas.
- HE-C.2: Promote residential development fully served by public services and utilities.

Proposed Programs/Activities/Actions

- PP-C.1: Update the City's Zoning Ordinance to Allow for Higher Densities in Areas with Underdeveloped/Underutilized Property. The City will update the current Zoning Ordinance to establish higher density in areas with underdeveloped/underutilized property, such as Planning Areas 32 (adjacent to the Irvine Station served by Amtrak/Metrolink passenger rail services and Orange County Transportation Authority bus services), 33, and 36 (a.k.a., Irvine Business Complex or "IBC" near John Wayne Airport). This update will maximize land utilization for residential development to accommodate RHNA requirements, including allowing residential overlays in commercial areas to allow for residential to be added to commercial areas or to allow existing underutilized commercial uses to be converted to residential (i.e., hotels).
- PP-C.2: Establish ADU Policies to Comply with Changes in State Law. Multiple State
 laws have been passed since 2019 establishing Statewide standards for local regulations
 governing ADU development. State law requires that ADUs be allowed in residential and
 mixed-use areas despite local ordinances or homeowner's association rules and
 requirements. Additionally, State law requires jurisdictions to develop a plan to encourage
 and incentivize ADUs in an effort to address the current California housing crisis.
- PP-C.3: Remove Barriers for ADUs. The City will work with the U.S. Postal Service and the Orange County Fire Authority to develop solutions for address, mail delivery, and

8-4

Chapter 8. Housing Plan

public safety service/response issues that have surfaced through the processing of setting City ADU policies.

PP-C.4: Plan to Encourage and Incentivize ADUs. Assembly Bill (AB) 671 requires local agencies' Housing Elements to include a plan that incentivizes and promotes the creation of ADUs that can offer affordable rents for households with very-low-, low-, or moderate-income households. As part of the ADU ordinance update (including public outreach), the City will also explore options to facilitate affordable housing options for ADUs. These options may include pre-approved ADU plans or kits or reduced or waived building permit fees for property owners who provide annual rent information.

SCHEDULE OF ACTIONS Funding Source: General Fund Responsible Party: City's Community Development Department Time Frame: Complete Zoning Ordinance Update by October 2024. All other programs by January 2023.

8.1.3 Goal 3: Preserve existing affordable housing.

8.1.3.1 Objective D: Use available resources to preserve affordable housing units at risk of conversion to market rate.

Policies

- HE-D.1: Monitor affordable rental units at risk of converting to market rents and proactively reach out to property owners to discuss options.
- HE-D.2: Monitor and participate in Federal, State, and local initiatives that address affordable housing preservation in conjunction with the Annual Progress Report to HCD.
- HE-D.3: Provide information to property owners on financial incentives and public funding assistance for improvements.
- HE-D.4: Work with property owners of existing assisted housing developments for lower-income households to determine methods to extend affordability covenants to preserve affordable units, including assistance from the City.
- HE-D.5: Work with nonprofit organizations that may acquire at-risk projects to extend affordability of existing assisted housing developments for lower-income households.
- HE-D.6: Identify new and innovative ways to maintain affordability, rehabilitate, and
 preserve properties that provide naturally affordable housing (i.e., existing housing with
 rents that fall in the moderate-income housing range according to HCD and HUD
 published rents and do not have affordability restrictions).

Chapter 8. Housing Plan

 HE-D.7: If preservation is not possible, ensure that tenants of at-risk units opting out of low-income use restrictions are properly noticed and informed of resources available to them for assistance.

Proposed Programs/Activities/Actions

 PP-D.1: Affordable Housing Preservation Program (including Financial Resources and In-Kind Services). The City will provide financial and other available assistance to affordable housing property owners to preserve units. The committed assistance may consist of both financial and non-financial, in-kind services to incentivize the preservation of affordable units. The total number of units to be preserved are seven extremely low, 517 very low and 299 low-income units (Chapter 4, At-Risk Affordable Housing, of this Housing Element identifies the project name, level of affordability and address of all units).

It is important to note that California Government Code Section 65583.1 (c)(4) "committed assistance" means "that the city or county enters into a legally enforceable agreement during the period from the beginning of the projection period until the end of the third year of the planning period that obligates sufficient *available funds or other in-kind services* to provide the assistance necessary to make the identified units affordable and that requires that the units be made available for occupancy within two years of the execution of the agreement."

 PP-D.2: Continue the Conservation and Monitoring of Existing and Future Affordable Units. The City will continue to monitor and preserve the affordability of all publicly assisted housing units.

SCHEDULE OF ACTIONS Funding Source: State Grants, Federal funding, Inclusionary Housing In-Lieu Fees Responsible Party: City's Community Development Department Time Frame: Ongoing

8.1.4 Goal 4: Encourage more affordable housing units.

8.1.4.1 Objective E: Secure State, Federal, and local affordable housing funds and assist developers in finding funding sources for affordable project funding.

Policies

- HE-E.1: Apply and leverage State and Federal grant and other funding sources.
- HE-E.2: Provide available funding information to the public/affordable housing developers.
- HE-E.3: Update inclusionary housing policies and in-lieu fees.

Chapter 8. Housing Plan

Chapter 8. Housing Plan

Proposed Programs/Activities/Actions

- PP-E.1: Advertise Available Resources. In addition to providing funding opportunities
 related to HUD programs on the City's website, funding opportunities will be disseminated
 via targeted email notifications and may also be posted on all City social media accounts
 and include information on vacant land currently owned by the City (i.e., location, size,
 and zoning).
- PP-E.2: Monitor Grant Opportunities and Maximize Grant Applications. The City will
 access information from HCD and other State agencies to identify grant application
 opportunities for affordable housing. When grant opportunities are known, the City will
 reach out to affordable developer stakeholders to identify projects and/or opportunities to
 include on grant applications.
- PP-E.3: Inclusionary Housing Ordinance Update. The City will retain a consultant to conduct a feasibility study to evaluate increasing the inclusionary housing requirement from 15% (5% very low, 5% low, and 5% moderate) to 20% (9% very low, 6% low, and 5% moderate). Updates to the Inclusionary Housing Ordinance will reflect the 20% requirement with corresponding updated in-lieu fee (paid if affordable units are not provided on-site) to reflect current land and construction costs, and other related updates.
- PP-E.4: Explore Local Funding Options. The City will analyze local funding options for
 affordable housing and monitor new funding and financing resources each year. This
 program will also include using State and Federal funding received by the City to partner
 with nonprofit organizations (such as the ICLT), as the commitment of City funding can
 enhance the scoring of 100% affordable projects to secure important funding sources,
 such as low income housing tax credits (LIHTCs) that have become highly competitive.
- PP-E.5: Explore Establishing Programs and/or Public/Private Partnerships to Create Workforce Housing. The City will analyze and explore State programs and/or potential public/private partnerships with major employers to acquire existing market rate housing units or develop new housing units to create moderate or workforce housing (available to households with incomes at 80% to 120% of AMI). Potential programs could include the California Statewide Communities Development Authority, concessions or incentives to large existing or future Irvine employers, and/or collaborations between employers and developers.

SCHEDULE OF ACTIONS	
Funding Source:	City's General Fund, State and Federal funds
Responsible Party:	City's Community Development Department
Time Frame:	Inclusionary Housing Ordinance update by October 2024 and remaining programs on an ongoing basis

Chapter 8. Housing Plan

8.1.4.2 Objective F: Leverage publicly owned resources, such as vacant land and underutilized properties.

Policies

 HE-F.1: Leverage available resources, such as vacant land and underutilized properties, to incentivize new affordable housing development.

Proposed Programs/Activities/Actions

- PP-F.1: Leverage City-Owned Land for the Development of 100% Affordable Housing Projects. Explore options and work with the ICLT or other non-profit developers (including providing a land donation and/or long-term land lease) to facilitate the development of 100% affordable housing projects on vacant or underutilized City-owned sites. Activities could include requests for development proposals, contractual agreements with ICLT or other affordable housing developers, and other feasible activities.
- PP-F.2: Irvine Community Land Trust. The City seeks to continue to strengthen its
 relationship with the ICLT to collaborate and partner on efficiently and effectively
 maximizing affordable housing opportunities. To this end, the City will pursue the following:
 - Coordinate with the ICLT to actively pursue land acquisition opportunities for a range
 of affordable housing options, including rental apartments, ownership housing,
 transitional housing, supportive housing, and single-room occupancy housing.
 - Collaborate to determine feasibility of developing permanently affordable housing in partnership with the ICLT on publicly owned sites that may be designated as surplus property.
 - Assist the ICLT and developers to access public funding and financing and through new construction to increase supply of permanently affordable rental units with supportive services that target seniors and persons with disabilities and extremely lowincome households
 - Partner with the ICLT to seek legislative support for:
 - Public funding resources and prioritization of those sources to advance the development of permanently affordable rental and ownership housing at all affordable income levels.
 - Legislative changes that remove sunset provisions for affordable housing developments.

Chapter 8. Housing Plan

 PP-F.3: Collaborate with Public Agencies to Leverage Other Publicly Owned Land for the Development of Affordable Housing Projects through Master Planning and Disposition Efforts. The City will coordinate with public agencies to facilitate the development of affordable housing projects on vacant and underutilized sites, including sites owned by the County of Orange, the State, and the Irvine Ranch Water District. Activities could include collaboration with public agencies on master-planning and disposition efforts for large vacant and underutilized sites. For instance, the County of Orange currently owns significant property near the Irvine Station. Under this program, the City would work with the County to develop affordable housing strategies for these properties.

SCHEDULE OF ACTIONS	
Funding Source:	State Grants, CDBG, HOME, public and private grants
Responsible Party:	City's Community Development Department
Time Frame:	Coordination with ICLT regarding City owned land beginning in fiscal years 2021- 22 and 2022-23 with efforts to select a developer (or developers) for available lands (among other factors, this will be dependent on the availability of State funding to subsidize projects through the entire planning period). Coordination with County of Orange, the State, and the Irvine Ranch Water District in connection with the Land Use Element Update and Zoning Ordinance amendment during 2022-2024.

8.1.4.3 Objective G: Promote various types of affordable housing.

Policies

- HE-G.1: Continue to provide density and regulatory incentives to facilitate permanent affordable housing development.
- HE-G.2: Encourage mixed-income developments accessible to lower-income residents Citywide, especially in resource-rich areas.
- HE-G.3: Seek and explore opportunities (including partnering with non-profit organizations) to encourage the development of the following types of affordable housing:
 - Acquisition/rehabilitation projects.
 - Affordable housing for seniors, large families and other special needs groups.
 - Affordable housing with reasonable accommodations and supportive services for people with disabilities.
 - Affordable owner-occupied housing types.
 - Mixed-use projects that have community-serving uses.

Chapter 8. Housing Plan

- HE-G.4: Promote and facilitate new partnerships with various organizations with different housing needs and between various entities with complementary housing objectives that include but are not limited to the following:
 - University of California, Irvine (including the UCI land trust).
 - Religious institutions.
 - School districts.
 - Community college districts.
 - Large employers.
 - Market-rate developer with affordable housing developer partnership.
- HE-G.5: Assist very low and low-income renters with securing affordable housing in the
 City by providing information regarding Housing Choice Vouchers through the Orange
 County Housing Authority (OCHA). Maintain on the City's website a link to the Housing
 Choice Vouchers information page on the OCHA website and notify Irvine residents if and
 when the waitlist is open. Should the Housing Choice Voucher waitlist open during the
 planning period, provide a link on the City's website to the application and make paper
 copies available at City Hall.

Proposed Programs/Activities/Actions

- PP-G.1: Continue to Apply "Additive" Intensity (under the Land Use Element) for Affordable Housing. The City's Land Use Element allows for the entitlement of affordable housing units beyond the maximum unit counts established in the Zoning Ordinance, thus considered additive to the General Plan intensity thresholds, which allows additional units to be developed under the City's established land use designations. The City will continue implementing this policy. Approximately 1,300 affordable units in the City have been determined to be additive over the past eight years.
- PP-G.2: Adopt Ordinances and Policies that Encourage a Diverse Housing Stock.
 The City will amend the Inclusionary Housing Ordinance; encourage and incentivize
 ADUs; encourage innovative design prototypes and/or construction, such as smaller units
 with increased energy efficiency (i.e., sustainable designs and operations), modular units
 or other innovative building types; and streamline permitting to encourage a diverse
 housing stock. See other objectives for proposed activities regarding such topics.
- PP-G.3: Zoning Changes. TheCity will make appropriate zoning changes as part of the General Plan - Land Use Element Update and Zoning Ordinance Amendment. These changes will encourage the development of new affordable housing in resource-rich areas and provide more affordable housing options for Irvine residents. Furthermore, this

8-11

Chapter 8. Housing Plan

update will allow these land uses in the City's residential zones and modify portions of the Municipal Code dealing with the location of and distance between these housing types and potentially other requirements and will ensure that the City uses only objective development standards to maintain compliance with current State requirements.

- PP-G.4: UCI Housing Units. City staff will increase and enhance coordination with UCI
 and the UCI land trust to capture and monitor residential units with tiered priorities that
 include the general public on campus. The City will meet with UCI staff on a quarterly
 basis to review information on existing units and new units planned.
- PP-G.5: Housing Choice Vouchers. The Federal Housing Choice Voucher Program extends rental subsidies to extremely low and very low-income households, including families, seniors and the disabled. The program offers a voucher that pays the difference between the current fair market rent as established by HUD and what a tenant can afford to pay (i.e., 30% to 40% of household income). The voucher allows a tenant to choose housing that costs above the payment standard, providing the tenant pays the extra cost. In Irvine, the program is administered by the OCHA. Given the continued need for rental assistance, the City supports and encourages the provision of additional subsidies through the Housing Choice Voucher Program. The City will continue to provide information to households and homeowners interested in participating in this program.
- PP-G.6: Irvine Housing Authority. The City will explore creating an Irvine Housing Authority with the ability to allocate Federal Housing Choice Vouchers.
- PP-G.7: Terms of Affordability. The City will encourage affordable housing developers
 to consider extending the terms of affordability in perpetuity.
- 8.1.4.4 Objective H: Address, remove, and/or mitigate existing or potential governmental constraints to housing production and affordability (to the extent legally and financially feasible).

Policies

 HE-H.1: Evaluate City policies, procedures, and regulations annually with the passage of new laws affecting housing.

Proposed Programs/Activities/Actions

 PP-H.1: The City will monitor legislative changes to ensure that City policies and regulations comply with State and Federal laws.

8-12

Chapter 8. Housing Plan

 PP-H.2: The City will monitor and adjust City fees, development standards, incentives, and development review processes, where legally and financially feasible, to ensure such requirements do not unduly constrain housing development.

SCHEDULE OF ACTIONS

Funding Source: City's General Fund and OCHA (via HUD)
Responsible Party: City's Community Development Department

Time Frame: Update/amend Inclusionary Housing Ordinance and complete Zoning Ordinance
Update by October 2024. Monitoring laws and potential constraints will be ongoing.

8.1.5 Goal 5: Maximize solutions for those experiencing or at risk of homelessness.

8.1.5.1 Objective I: Increase access to support services for people experiencing homelessness.

Policies

- HE-I.1: Amend the City's Zoning Ordinance to comply with current State laws regarding emergency shelters, transitional and supportive housing, group care facilities, and other housing types.
- HE-I.2: Leverage available State and Federal grant funding (e.g., PLHA grant funds) and local sources to fund housing solutions.
- HE-I.3: Coordinate with Orange County and surrounding cities to identify and fund longterm services and housing for those experiencing homelessness.
- HE-I.4: Continue to cooperate with nonprofit organizations to provide emergency shelter, transitional, and permanent supportive housing and associated services for residents experiencing homelessness.
- HE-I.5: Reduce barriers to the development of emergency, transitional, and permanent supportive housing.

Proposed Programs/Activities/Actions

 PP-I.1: Update the City's Zoning Ordinance and Policies Related to Emergency Shelters, Low-Barrier Navigation Centers, Supportive Housing, and Group Care Facilities to Comply with Current Laws. The City will update the Zoning Ordinance and related policies pertaining to emergency shelters, Low-Barrier Navigation Centers (LBNCs), supportive housing, and group care facilities to conform to State requirements, as established by AB 139, AB 2162, and Senate Bill 48. Generally, this update will allow these land uses in the City's residential zones and with fewer conditions, as well as

Chapter 8. Housing Plan

updates to minimum parking requirements as necessary. <u>Schedule of Actions: Completed by October 2024.</u>

- PP-I.2: Housing Options. Many funding sources have specific eligibility criteria or other
 requirements that may not always align with potential projects in Irvine. The City will
 pursue relevant State and Federal funding sources to provide additional options for
 developers of lower-income housing that serve veterans, individual, and families at-risk
 of and currently experiencing homelessness in the City. The City will ensure that such
 housing options will include reasonable accommodations and supportive services for
 people with disabilities. Schedule of Action: Ongoing as funding is released and available.
- PP-I.3: Leverage All Funding Options. The City will explore the feasibility of joining the
 Orange County Housing Finance Trust (OCHFT), a joint power authority composed of
 many Orange County cities. The OCHFT can provide additional funding options for
 affordable housing developers. The City will ensure that housing options will include
 reasonable accommodations and supportive services for people with disabilities.
 Schedule of Actions: Explore by October 2023.
- PP-I.4: Services for People Experiencing Homelessness. The City will continue to
 make information about services for people experiencing homelessness available on the
 City's website and at City facilities. The City will continue to provide resources for nonprofits that provide transitional housing, motel vouchers, food pantry, emergency rent and
 utility payment assistance, life-skills counseling and clothing. The City will continue to
 provide CDBG grant funding to non-profits such as Families Forward, South County
 Outreach, Human Options, and Stand Up for Kids that provide these services. Information
 on these resources is included in the City's Affordable Housing Guide and the City's
 website. Schedule of Actions: Ongoing.
- PP-I.5: Crisis Response Protocol. The City will explore establishing a crisis response
 protocol for local service providers to render rapid crisis support, including after-hour
 services for people experiencing or at risk of homelessness. <u>Schedule of Actions: By</u>
 October 2022.
- PP-I.6: Shared Housing. The City will reach out to other California cities currently
 implementing shared housing programs that help match individuals experiencing or at
 risk of homelessness and seniors for a mutually beneficial living situation. Individuals in
 need of housing can provide needed physical assistance around the home for seniors.
 Through these conversations and information sharing, The City will determine the efficacy
 of these programs and consider establishing a pilot program in the City. Schedule of
 Actions: Explore by October 2024.

SCHEDULE OF ACTIONS

Funding Source:

City's General Fund, State and Federal funding opportunities

8-14

Chapter 8. Housing Plan

Responsible Party: Time Frame: City's Community Development Department See above under each program.

Chapter 8. Housing Plan

8.1.5.2 Objective J: Increase tenant protections.

Policies

- HE-J.1: Work with local nonprofit organizations to identify people experiencing or at risk of homelessness in vulnerable subpopulations in the City to navigate specialized services.
- HE-J.2: Evaluate opportunities to leverage local, State, and Federal funding, as available, to maintain and continue rental assistance and financial assistance programs that were created to keep individuals housed and prevent homelessness during and following the COVID-19 pandemic.

Proposed Programs/Activities/Actions

- PP-J.1: Cooperation with Community-Based Organizations. Cooperate with community-based organizations that provide services or information about services to any special needs or linguistically isolated groups.
- PP-J.2: Displacement Prevention. Minimize the displacement of households with lower incomes and special needs whenever possible and where necessary to ensure that displacement is carried out in an equitable manner.
- PP-J.3: Legal Assistance for Renters. The City will continue to provide readily available
 information in the Irvine Affordable Housing Guide available at City Hall and the City's
 website on landlord/tenant rights and mediation services through the Fair Housing
 Foundation, a non-profit the City contracts with to provide these services to residents.
 The City will also add information on the City's website and provide resources on nonprofits such as Community Legal Aid SoCal and the Legal Aid Society of OC.

SCHEDULE OF ACTIONS Funding Source: City's General Fund, State and Federal funding opportunities Responsible Party: City's Community Development Department Time Frame: Ongoing

8.1.6 Goal 6. Encourage and preserve homeownership.

8.1.6.1 Objective K: Increase the share of City residents who own the home where they live.

Policies

 HE-K.1: Promote existing nonprofit, County, State, and Federal educational programs and resources to increase homeownership education and opportunities.

Chapter 8. Housing Plan

• **HE-K.2:** Provide financial assistance to lower income homeowners for residential rehabilitation projects.

Chapter 8. Housing Plan

Proposed Programs/Activities/Actions

- PP-K.1: Homeownership Education. The City will encourage homeownership through
 education, sharing information, and links to existing nonprofit, County, State, and Federal
 resources on the City's website. Many residents lack the knowledge about mortgages in
 addition to having limited financial resources. Information on homeownership will be
 published in a variety of languages and will be provided to community organizations that
 work with different populations to ensure greater homeownership diversity.
- PP-K.2: Residential Rehabilitation Program. This existing program provides financial
 assistance to lower-income Irvine homeowners for critical home improvement projects.
 Financial assistance through the program includes low interest, deferred loans and
 emergency grants. This program assists homeowners in need of health and safety,
 building code and accessibility-related repairs. Only owner-occupied single-family family
 dwellings or manufactured homes located in the City of Irvine are eligible for this funding.
 Program information will be provided on the City website and at public counters, as well
 as through the city's Code Enforcement program on an ongoing basis.

SCHEDULE OF ACTIONS	
Funding Source:	City's General Fund (Homeowner Education) and CDBG funding (Residential Rehabilitation Program)
Responsible Party:	City's Community Development Department
Time Frame:	Ongoing

8.1.7 Goal 7: Improve quality of life and promote placemaking.

8.1.7.1 Objective L: Encourage developments that provide community benefits.

Policies

- HE-L.1: Encourage placemaking and public spaces to serve residents of all incomes, interests, ages, physical abilities, and cultures.
- HE-L.2: Encourage infill development that includes capital improvements, such as sidewalk repair and lighting improvements.
- HE-L.3: Encourage development that includes active transportation infrastructure, such as new and wider sidewalks, trails, and protected bike lanes.
- HE-L.4: Continue to preserve existing open space in the City.
- HE-L.5: Encourage development that brings new community amenities and services like community meeting spaces, community health clinics, after school programs, and childcare.

8-18

Chapter 8. Housing Plan

- HE-L.6: Develop partnerships with existing community organizations to expand accessibility to community amenities, such as community centers, parks, trails and other recreational uses.
 - Such community organizations can include non-profits, local churches, and local businesses.
 - Partnerships can include providing assistance with outreach and securing space to host events

Proposed Programs/Activities/Actions

- PP-L.1: Update and Implement the City's General Plan Land Use Element/Amend
 Zoning Ordinance. The City will update its Land Use Element and amend the Zoning
 Ordinance to encourage housing development to serve all income levels throughout the City,
 particularly in resource-advantaged areas, and encourage placemaking, public spaces,
 capital improvements, active transportation infrastructure, and community amenities.
- PP-L.2: Implement the One Irvine program to support placemaking through its neighborhood revitalization efforts. The City will continue implementation of its One Irvine program to revitalize individual neighborhoods through a work program uniquely developed with community input for each neighborhood. The program brings together multiple funding and educational resources to enhance public spaces and assist homeowners with residential and aesthetic improvements.

8.1.8 Goal 8: Affirmatively furthering fair housing.

8.1.8.1 Objective M: Ensure equal housing opportunities for all residents, regardless of their special characteristics as protected under State and Federal fair housing laws.

Policies

- HE-M.1: Continue to support ongoing efforts of the State and Orange County to enforce fair housing laws.
- HE-M.2: Promote housing opportunities for all people regardless of race, color, sex, national origin, religion, sexual orientation, disability, family status, marital status, income, ancestry, or other barriers that can prevent access to housing.
- HE-M.3: Encourage the provision of housing to meet the needs of families of all sizes and ages.

Chapter 8. Housing Plan

- HE-M.4: Facilitate increased participation among traditionally underrepresented and linguistically isolated groups in the public decision-making process.
- HE-M.5: Provide outreach and education for the broader community of residents, residential property owners, and operators regarding fair housing practices and requirements.

Proposed Programs/Activities/Actions

- PP- M.1: Provide Information and Education to Residents on the City's Website. The
 City will provide links to Fair Housing Foundation (a nonprofit the City currently contracts
 with) to provide Irvine residents with information regarding fair housing law, tenant and
 landlord rights (including information on mediation services); Appendix B, Affirmatively
 Furthering Fair Housing Analysis, of this Housing Element; and information and resources
 for the reporting suspected violations and obtaining remedies on the City's website.
- PP-M.2: Cooperation with Community Based Organizations. The City will cooperate
 with community-based organizations that provide services or information about services
 to any special needs and linguistically isolated groups.
- PP-M.3: Density Bonus Eligibility. The City will encourage developers of projects with affordable density bonus units to coordinate efforts with local non-profits or community organizations to determine if the units could be set aside, where feasible, for special groups including but not limited to Veterans and special need adults.

SCHEDULE OF ACTIONS
Funding Source: City's General Fund
Responsible Party: City's Community Development Department
Time Frame: City website modifications by May 2022. Coordination with Community
Organizations will be ongoing.

8.2 Quantified Objectives

California Government Code, Section 65583(b)(2), requires jurisdictions to identify the maximum number of housing units by income category (including extremely low income) that can be constructed, rehabilitated, and preserved over a five-year time period. The City has two sets of numerical housing goals:

- RHNA (as addressed and described in Chapter 7, Adequate Sites Inventory Analysis and Methodology, of this Housing Element).
- Quantified objectives for affordable housing production.

Irvine's RHNA requires adequate land resources to accommodate 23,610 new housing units, which includes 10,631 units affordable to very low and low-income. It is important to note that

Chapter 8. Housing Plan

the total housing need identified greatly exceeds available resources and the City's ability to satisfy this need.

State law recognizes that housing needs may (and do) exceed available resources and, therefore, does not require that the City's quantified objectives be identical to the identified housing needs (or RHNA). More specifically, the California Government Code, Section 65583(b)(2) states the following:

It is recognized that the total housing needs . . . may exceed available resources and the community's ability to satisfy this need within the content of the general plan requirements. . . . Under these circumstances, the quantified objectives need not be identical to the total housing needs. The quantified objectives shall establish the maximum number of housing units by income category, including extremely low income that can be constructed, rehabilitated, and conserved.

The acknowledgment of the funding limitations is extremely important—cities and counties are required to prepare Housing Elements every eight years to identify needs and actions to provide for housing at all income levels and for all populations despite a severe shortage in local, State, and Federal funding that makes many of the actions needed and planned financially infeasible. It is important to recognize that State law requires cities to plan for housing, but almost all housing is developed by the private sector.

Although cities must establish quantified objectives for the actual creation of affordable housing opportunities and provision of other housing assistance (based on realistic assumptions), these objectives need not be identical to the total housing needs (i.e., RHNA). The quantified objectives, or number of affordable units that will realistically be created, as shown in Table 8-1, Quantified Objectives, provide a projection for the entire eight-year 6th Cycle Housing Element period.

Table 8-1. Quantified Objectives

	Extremely Low	Very-Low	Low	Moderate	Above Moderate	TOTAL
RHNA Allocation	6,3	196	4,235	4,308	8,671	23,610
New Construction	25	879	515	382	13,119	14,041
Rehabilitation						0
Housing Conservation (At-Risk Housing)	7	517	299	0	0	306
TOTAL	32	1,396	814	382	13,119	14,347
TOTAL AFFORDABLE UNITS	32	1,396	814	382		2,624

This chapter of the Housing Element outlines policies and programs that range from streamlining development; leveraging State and Federal funding sources; collaborating with the ICLT; amending the City's Inclusionary Housing Ordinance, land use, and zoning changes to

Chapter 8. Housing Plan

accommodate the RHNA and adhere to State legal requirements; and maximizing solutions for those experiencing homeless. Some programs and policies in the Housing Plan are more qualitative (such as amending the City's Inclusionary Housing Ordinance), while other programs are quantitative (i.e., leveraging State and Federal funding sources as they become available). Regardless, given that affordable housing resources are scarce, while land and construction costs are high and expected to continue to rise, the number of affordable housing units can only be estimated.

Based the City's Housing Plan, a total of 2,624 affordable units will be created between 2021 and 2029, as summarized in Table 8-1. This number includes two Irvine Community Land Trust projects to be completed during the 6th Cycle projection period, existing entitlements, affordable units on City-owned vacant land, and units created through the City's Inclusionary Housing requirement.

It is important to note that this number has been conservatively estimated due to extremely limited State and Federal funding sources, such as LIHTCs (which provide the greatest amount of funding for affordable housing projects in California – the lack of this funding renders many potential projects as financially infeasible) that have become increasingly competitive in recent years with a significant portion of awards going to projects that provide permanent supportive housing. This lack of funding is the primary reason for the conservative estimate of affordable units during the 6th Cycle.

4c. Presentation for August 5, 2021

Housing Element Update

Presented by
Kerwin Lau, Manager of Planning Services

Planning Commission August 5, 2021

CITY OF IRVINE

Background and Schedule

- The City is preparing the 6th Cycle Housing Element Update (HEU) for period 2021 – 2029
- Per statute, the final version of the HEU should be adopted by October 15, 2021 with a 120 day grace period permitted for HEU certification.
- No approval at this time
- Final HEU to Planning Commission and City Council in December/January
- Final certification to HCD in early 2022

CITY OF IRVINE

Planning Commission Recommendations

At the July 15 meeting, Planning Commission requested
 Community Development staff to strengthen policies and programs associated with the development of affordable housing.

CITY OF IRVINE

Proposed Revisions to Housing Plan

- Where feasible and appropriate, staff revised the policies and programs to:
 - Establish more detailed timeframes for the proposed fee assessment program (Policy PP-B.1)
 - Include more definitive language expediting the affordable housing entitlement processes (Policy PP-B.5)
 - Strengthen the support for services to renters and homeowners (Policies PP-I.4, PP-J.3)
 - Add new policies to encourage more affordable housing (Policies PP-G.2, PP-G.6, PP-G.7, PP-M.3)

Recommended Action

Finalize review of the 6th Cycle Draft Housing Element Update for staff transmittal to the California Department of Housing and Community Development for the required 60 day review.

CITY OF IRVINE

4d. Comment Summary and Analysis for August 5, 2021 PC

Comments and Questions Received at August 5 PC Meeting	Who	Responses and/or How Comment was Addressed in HE (if applicable)
Provided additional revisions to language in Chapter 8, Housing Plan, to make more active per handout.	Commissioner Gaido	All edits have been incorporated into Chapter 8, Housing Plan, of the draft HE.
Ensure all proposed changes have been appropriately reviewed by staff	Chair Pierson	All proposed changes have been reviewed and approved by the City Attorney's Office and City staff.
Consider offering a sliding scale of incentives or benefits commensurate with the % of affordable housing within a development if not 100% affordable.	Commissioner Knowland	This strategy can be analyzed in a future fee schedule assessment study.
One of the programs related to UCI housing units indicates conducting coordination meetings between UCI and COI staff.	Commisioner Knowland	Proposed Program PP-G.4 in Chapter 8, Housing Plan, of the Draft HE is a new procedure indicating that City management staff will meet quarterly with UCI

	T	
		representatives to coordinate
		development efforts.
		Historically, project
		coordination meetings between
		_

suggestions if the City Attorney		
is OK with the changes.		

How is "workforce" housing defined?		
Have we reached critical mass to establish own housing authority? Is there certain size? Are we getting more or less federal funding? Seems like ICLT is somewhat like a proxy for a houisng authority or could be converted to a housing authority.	Chair Pierson; Commissioner	Bill Ihrke with the City Attorney's Office responsed: Critical mass is not addressed in State law. However, certain factors are considered when the City Council would declare the need to establish and operate a housing authority including: Degree of overcrowding in housing Percentage of land coverage Light, air, space, and access available to inhabitats of such dwelling accomodations Size and arrangement of rooms, sanitary facilties, and the extent to which conditions exist in such buildings which endanger life or property by fire or other causes. Housing authorities may administer Section 8 housing vouchers or other vouchers, can own and administer its own properties, obtain financing through participating in tax credit programs. No, the City is not getting any less funding that may be otherwise be available to any other city in the county whether or not the City has a housing authority.
authority is that it's a good goal (outside the Planning	Knowland; Commissioner Gaido; Vice Chair Huang	Chapter 8, Housing Plan, explores creating an Irvine

Commission's purview) and actual policy will need to be set by the City Council. City staff and consultants will analyze the housing authority question (duplication, cost and benefit, and role of ICLT)		Housing Authority with the abililty to allocate Federal Housing Choice Vouchers.
Residents appreciate that the site inventory doesn't include Rancho San Joaquin Golf Course and Raquet Club Irvine. Boomers contributing 48 units to category 3 and 434 units to category 4.	Ford Fuji, Irvine resident	Comment noted. See Chapter 7, Adequate Sites Inventory Analysis and Methodology, and Appendix D, Site Inventory Form, of the draft HE.
Encourage preserving Commercial Recreation in the Recreational Core.		
South Irvine has a limited amount of recreational open space and once it is gone, it is gone forever. There are many other places to locate housing in other parts of Irvine.		
We like to think that our Planning Areas (19, 23, and 24) are part of the "core" and we ask that Staff and Planning Commission take this into consideration.		
Please keep the zoning for recreation in our "core" to preserve leisure activiteis in South and Central Irvine.		
Several requests for consideration:	Susan Sayre, Irvine resident	Bill Ihrke with the City Attorney's Office responded:
 All income levels distributed throughout a planning area Make all density bonus units in perpetuity 		Generally, when assessments are levied to pay for a services, all units, whether affordable unit or not, are subject to the fees because the units benefit from assessments.

 Affordable housing units constructed before market rate units All affordable housing units should be exempt from community facilties districts (CFDs), mello roos, special taxes If housing authority is established, then priority should be granted to seniors, vets, and disabled 		Per State law, costs are factored into affordable unit's rent or cost. When a CFD is set up, the rate and method of apportionment is uniform, so that all units enjoy the benefit of the services provided by the CFD are paying for them equally. If a low income unit pays less than it needs to be made up by the market rate units. State density bonus law specifies affordable rental units must remain affordable for 55 years minimum and 45 years minimum for affordable ownership units. State law encourages longer affordabilty terms, but is not mandated.
Low wages of construction workers and incomplete access to healthcare benefits.	Boris Russley, Carpenters Contractors Cooperation Committee, a non-profit organization committed to the creation of good paying jobs, fair competiton, and high quality construction standards	Comment noted.
Watching very closely the site inventory list in the HEU Interested in maintaining our prescence on this list and look forward to working with the Planning Commission and City as needed.	Wesley Hueler (with father John Hueler), managing officer/member of Irvine Recreation Park dba Irvine Lanes	Site remains in draft site invntory. See Chapter 7, Adequate Sites Inventory Analysis and Methodology, and Appendix D, Site Inventory Form, of the draft HE.
Review workforce aspect of HEU. Recommend projects should be reqiured to utilitize a local and skilled/trained workforce.	John Hanna, resident of Orange and former Irvine resident, Southwest Regional Council of Carpenters (six states)	Comment noted.

Prioritize local workers resulting in better air quality –can have economic and environmental benefits.		
Draft HE will come back to Planning Commission after HCD review. Needs to move forward with Commissioner Gaido's recommended edits.	Chair Pierson	Motion passed 5-0 to submit the draft HE to HCD for its 60-day review.

5. Draft Housing Element Correspondence

Anonymous Comment In-Box (July 1, 2021 through August 9, 2021):

#	Submitted	User	IP address	Message
9	07/07/2021 - 10:04pm	Anonymous (not verified)	198.143.33.18	I sent a snarky message earlier tonight for which I apologize. Please disregard. Having now read the existing July 2015 Housing Element Supplement 9 it is clear the City has put quality time, energy and well-informed thought into developing a Housing Element that serves the gamut of the City's population.
				Late to the HEU party. But I've been to similar parties over the years in a number of Pacific Coast cities and counties in various land use/transportation consulting and advisory staff roles. They ALL started with the existing HE. Where the heck is it?
8	07/07/2021 -	Anonymous	198.143.33.18	OK, some time has passed and I found GP Supplement No. 9, which includes all approved GP amendments from 2012 through April 2015. The existing HE in the form of ONE MASSIVE PDF FILE is only available as a single download as far as I can tell. No hotlinks. No activated ToC. Suppose I should be grateful I only had to scroll to p. 11 to find the ToC. And hey, at least there IS a table of contents.
	8:55pm	(not verified)		But it's 2021, and many municipalities have been actively using the internet for the better part of four decades. The City's HEU setup makes it appear as if Irvine is brand spankin' new to this whole World Wide Web thingamabob.
				I do wonder if this is a deliberately amateurish HEU process. But why the secrecy? What's behind the curtain?
	07/04/2021 -	Anonymous		Late to the HEU party, generally familiar with the issue from spending 20+ years in transportation/land use consulting, spouse of 20+ years who is a mortgage underwriter but has been a RE and mort loan agent in the past, have been looking for place to buy in OC but it's ridiculous this year.
7	12:19am	(not verified)	198.143.33.19	My question: WHY OH WHY is there no mention of MIXED USE anywhere in the HEU? If cost of parking is such a major hurdle

Subject: RE: RHNA "Opportunity Sites"

Hi Greg:

We anticipate releasing the draft HE document with site inventory this Friday at the project webpage: www.cityofirvine.org/HEUpdate

For past meetings (i.e., presentations, staff reports, video recordings), go to https://www.cityofirvine.org/housing-element-update-community-development/housing-element-update-previous-meetings-workshops

The primary focus is near the Irvine Station (Planning Areas 32, 33), Irvine Business Complex (Planning Area 36), Great Park (Planning Area 51), and potentially a retail/church/sites overlay.

What property address does your client have in mind?

Thanks,

MELISSA CHAO | SENIOR PLANNER

Subject: RHNA "Opportunity Sites"

CAUTION: This email originated from outside of the organization. Do not click links or open attachments unless you recognize the sender and know the content is safe.

Hi, just a quick inquiry on where the City is in identifying sites to meet RHNA numbers? I can't find anything online showing the City's vision on where these could go?

Also, if a stakeholder wants to be considered do we have any time to identify their property as potential rezone?

Thanks, Greg

Subject: RE: Housing Element Draft Public Comment Deadline

Date: Monday, July 12, 2021 7:43:16 PM

Hi Alexis:

The Planning Commission will be discussing the draft Housing Element (HE) document at its July 15, 2021 meeting and determine if it is ready to submit to HCD. The meeting agenda is available at https://www.cityofirvine.org/community-development/planning-commission-agendas-minutes-0. The City Council will not be reviewing the draft HE document prior to submittal to HCD for the 60-day presubmittal review. The public comment period is open and we will be accepting comments through the adoption hearings. The HE adoption hearings at Planning Commission and City Council are anticipated in Winter 2021/2022.

Thanks,

MELISSA CHAO | SENIOR PLANNER

CAUTION: This email originated from outside of the organization. Do not click links or open attachments unless you recognize the sender and know the content is safe.

Good Morning,

On the City's housing element update website, I see that the full draft has been posted for public comment. However, there is also a Planning Commission meeting on July 15 to review some parts of the draft. From there, the draft would presumably go to City Council to review, then be submitted to HCD.

Is there a deadline for public comment before the City submits a draft to HCD?

Thank you, Alexis

Hi Emily:

Yes, that's correct. Your potential options as of today, are to develop per the current zoning (bearing in mind the IBC Development Intensity Value or "DIV" allocation for your property) or submit an development applications to "rezone" the parcel primarily for the purposes to increase the maximum number of units allowed in the Irvine Business Complex.

Please feel free to call me with any further questions.

Thanks,

Hi Melissa,
Thank you for your prompt feedbacks.
Just one more thing I would like to clarify. So either we wait for the final result (if residential development is permitted) or apply for rezone now (if approve), we still have option to decide either to keep the current zoning or proceed to do residential development through rezoning, correct?
Thank you,
Emily Yau
On Tuesday, July 13, 2021, 10:57:58 AM PDT, Melissa Chao <mchao@cityofirvine.org> wrote:</mchao@cityofirvine.org>
Hi Emily:
For Question 1: 2152 Dupont is included in the draft Site Inventory List (i.e., Appendix D of the draft Housing Element document) with assumed units by income levels consistent with State requirements. The assigned units are not a requirement, but represent a best effort to estimate units to demonstrate to the State that Irvin

S ne can meet its RHNA allocation by income level and spread affordable units throughout the City.

Technically, you could apply for a General Plan Amendment and Zoning Ordinance Amendment at this time, but would be proceeding at your own risk. As mentioned at the Future Housing Sites workshop, when the City Council eventually adopts the Housing Element, City staff (with consultant) will embark on a General Plan Update and Zoning Ordinance Amendment with anticipated residential overlays (i.e., rezoning). This is anticipated to be a 2.5-3 year process. If and when that GPU/ZOA is approved, then your property will have the option to develop residential uses via submittal of applicable development applications and associated environmental documentation.

For Question 2:

Unfortunately, it's a very technical document focused on how to meet the State's (HCD) complex set of Housing Element requirements. If you are interested in the details, I'd recommend focusing on:

- Chapter 7: Sites Inventory and Methodology (P. 171). This chapter covers the sites, densities, assumptions and methodology used to meet the RHNA
- Figure 7.1 Sites Inventory Map (P. 192). This shows a series of maps displaying all of the sites where residential is proposed to meet the RHNA
- Chapter 8: Housing Plan (P. 207). This chapter walks through the proposed objectives, goals, and policies to facilitate housing production.
- Appendix D: Sites Inventory Form (P. 1051). This is a full list of every site where residential is proposed to meet the RHNA

For Question 3:

The Planning Commission (PC) will be discussing the draft Housing Element document at its July 15, 2021 meeting and determine if it is ready to submit to HCD for the mandatory 60-day review of the draft document. If the PC determines they need more time to review, the item will be placed on the agenda again for a subsequent PC meeting.

The July 15 PC meeting agenda is available at https://www.cityofirvine.org/community-development/planning-commission-agendas-minutes-0. You may attend in-person or via Zoom (follow the instructions on the webpage).

Once received back from the State, the document will be finalized and brought back through the PC and City Council for final review and adoption, likely in the December 2021/January 2022 timeframe.

Please let me know if you have any further questions/concerns.

Thanks,

Hi Melissa,

We received the 6th cycle draft of HEUpdate and would like to know how to understand the report correctly. Please assist to advise the following questions:

- 1. It shows our site is in inventory site. What does it mean? Does it mean we can apply for rezone to residential zoning?
- 2. Since the draft contains over a thousand pages, are there certain chapters that we should focus on based on our desirability to participate the possible rezone?
- 3. There is upcoming meeting on 7/15/2021 shown on the website. Is it open to public and how can we participate?

Thank you,

Emily Yau

The City of Irvine has released its 6th Cycle draft Housing Element for the 2021-2029 planning period. The Housing Element is a mandatory part of the City's General Plan that requires periodic review and updating by the State of California.

Per statute, the 6th Cycle Housing Element should be adopted by October 15, 2021; however, a 120-day grace period is permitted.

The draft update accommodates the City's total 23,610-unit Regional Housing Needs Assessment (RHNA) allocation, a State mandate, and includes a comprehensive plan of housing goals, policies, and programs consistent with State Housing Element laws.

The Draft Housing Element is available on the City's Housing Element Update website at <u>cityofirvine.org/HEUpdate</u>. The City welcomes all residents, community stakeholders, and interested parties to review and comment on the document.

Please submit any comments and/or questions on the Draft Housing Element to the City of Irvine's Community Development Department at 1 Civic Center Irvine, CA 92606. Comments and questions may also be sent via email at GPUpdate@cityofirvine.org or phone at 949-724-6395.

For more information about Housing Element Update in the City of Irvine, please visit <u>cityofirvine.org/HEUpdate</u>.

 Monday, July 19, 2021 5:26:21 PM

Hi Brandon:

The Planning Commission (PC) discussed the draft Housing Element (HE) at its July 15, 2021 meeting and provided input. Staff will be presenting the requested revisions to the Housing Plan chapter at the August 5 PC meeting where the PC will determine if the draft HE is ready to submit to HCD. The City Council will not be reviewing the draft HE document prior to submittal to HCD for its mandatory 60-day pre-submittal review. PC meeting agendas and instructions on how to participate are available at https://www.cityofirvine.org/community-development/planning-commission-agendas-minutes-0.

The public comment period is open and we will be accepting comments through the adoption hearings. The HE adoption hearings at Planning Commission and City Council are anticipated in Winter 2021/2022.

Thanks,

Dear Community Development Department,

Our office is an interested party in the City's 6th Cycle Housing Element Update and received this notice of draft availability from the City of Irvine on Monday, July 12, 2021. Upon researching the City's agenda, we see that the Housing Element is scheduled to go before the Planning Commission today, July 15, 2021.

We would like to know when the next scheduled hearing or comment period will be for the 6th Cycle Housing Element Update, or when the HEU might see the City Council.

Thank you for your help regarding this matter,

Brandon Young

Subject: Major Concerns with Draft Housing Element

Date: Friday, July 23, 2021 5:19:07 PM

Attachments: <u>Irvine Letter.pdf</u>

CAUTION: This email originated from outside of the organization. Do not click links or open attachments unless you recognize the sender and know the content is safe.

Hi Irvine and HCD,

Thank you so much for allowing the public to comment on Irvine's draft housing element. YIMBY Law has major concerns regarding Irvine's draft housing element.

A letter is attached outlining several parts of the housing element are not in compliance with state law.

We respectfully request that Irvine's housing element not be certified until they remedy the concerns mentioned in the letter.

All the best, Ross Johnson YIMBY Law July 23, 2021

Irvine City Council Irvine Civic Center 1 Civic Center Plaza Irvine, CA 92606

Dear Irvine Councilmembers:

Thank you for the opportunity to comment on the process of updating the housing element of Irvine's general plan. I am writing on behalf of YIMBY Law regarding Irvine's 6th Cycle housing element update. YIMBY Law's mission is to make housing in California more accessible and affordable through enforcement of state housing law. We support more housing at all levels of affordability and reforms to land use and zoning codes, which are needed in order to make housing more affordable, improve access to jobs and transit, promote greater environmental sustainability, and advance racial and economic equity.

We have reviewed the City's draft Housing Element, and have major concerns about the City of Irvine's ability to affirmatively further fair housing and meet its state-mandated RHNA targets.

1. IRVINE PERPETUATES HOUSING SEGREGATION BY FAILING TO PLAN FOR MIXED INCOME HOUSING. THE CURRENT POLICY FAILS TO AFFIRMATIVELY FURTHER FAIR HOUSING

Irvine does not plan for moderate income or above moderate income units to be on the same sites as lower income units (See Appendix D, Table A). By segregating lower income housing and keeping it separate from moderate income housing, Irvine is failing to affirmatively further fair housing.

The California Fair Employment and Housing Act states "Affirmatively furthering fair housing' means . . . replacing segregated living patterns with truly integrated and balanced living patterns The duty to affirmatively further fair housing extends to all of a [city's] activities and programs relating to housing and community development." Gov. Code, § 8899.50(a)(1).

When Irvine plans for all new lower income housing to be exclusively lower income, they are perpetuating segregation practices that concentrate poverty in certain areas and shut lower income residents off from accessing high opportunity areas.

We ask that Irvine comply with the letter and the spirit of The California Fair Employment and Housing Act and plan for mixed income developments.

2. SEVERAL LOWER INCOME SITES IDENTIFIED IN THE SITE CAPACITY ARE LOCATED ON MARSHLAND AND APPEARS UNLIKELY TO BE DEVELOPED.

Irvine claims that almost 1,000 units of lower income housing will be developed at the Southeast corner of Carlson Avenue. This is highly unlikely to be developed since the site is marshland, meaning development is prohibitively expensive.

Assembly Bill 1397 (2017) requires cities to provide an accurate assessment of realistic site capacity, including "the city's or county's past experience with converting existing uses to higher density residential development, the current demand for the existing use, and an analysis of existing leases or other contracts that would perpetuate the existing use or prevent redevelopment."

While California Housing Element Law does not expressly use the term "likelihood of development," AB 1397 (2017), when read in conjunction with other recent statutes, requires cities to discount sites' capacity by the sites' probability of development during the planning period. (Christopher S. Elmendorf et al., Making It Work: Legal Foundations for Administrative Reform of California's Housing Framework, SSRN Electronic Journal (2019)).

The legislature has also vested HCD with the authority to resolve ambiguities about the definition or calculation of site capacity. Specifically SB 6 (2019) authorizes HCD to promulgate, "standards, forms, and definitions," for the site inventory and associated assessment of site capacity and constraints. Providing an accurate assessment of the site inventory's realistic housing development rate and realistic housing capacity is necessary to ensure that this housing element is effective.

The housing element does not make any findings showing that it is economically feasible to develop any housing, much less lower income housing, on this site. The very fact that the site has not yet been developed only serves as evidence that the site is prohibitively expensive to develop.

We ask that Irvine make at least minimal findings that the Southeast corner of Carlson Avenue is likely to be developed. If the site is not developed, then Irvine's lower income site capacity will be lower than the state mandated Regional Housing Needs Allocation.

Irvine has a legal obligation to sufficiently plan to meet current and future residents' housing needs, in a way that guarantees access to opportunity for Californians of all racial and ethnic backgrounds. The issues that we've highlighted above suggest that Irvine is not on a path to fulfilling this legal obligation. We urge you to change course and actively embrace this opportunity to provide a variety of attainable housing options for the residents and workers of Irvine.

Finally, state law imposes penalties on jurisdictions that fail to adopt a compliant 6th Cycle housing element update by October 15, 2021. On that date, noncompliant jurisdictions will forfeit the right to deny residential projects on the basis of local zoning, so long as projects include at least a 20% set-aside for below market-rate units or are 100% moderate-rate projects. Noncompliant jurisdictions may also lose the ability to issue building permits, including permits for kitchen and bath renovations. Jurisdictions that want to maintain local control over new development and maintain the ability to permit kitchen and bath renovations should therefore plan to adopt a compliant housing element update on time.

Kind regards,

Ross Johnson YIMBY Law

Mr. Kovac,

This letter is a bit late but I am writing to you regarding your letter of March 1, 2021 about potential future housing sites.

My husband and I own a commercial property at 16692 Hale Ave in the IBC. Currently we operate our business out of one half of the building and lease the other half. However, we are looking down the road at future options for selling or leasing and would be interested in the City of Irvine's plans for the area. As I'm sure you are aware, many of the adjacent properties have already been turned into apartments.

Thank you for your time and I would like to be kept in the loop regarding future updates for this area.

RE: <u>City of Irvine 2021-2029 Draft Housing Element</u>

Dear Mr. Petersen, Ms. Chao, and Community Development Department,

On behalf of the Southwest Regional Council of Carpenters ("Commenter" or "Southwest Carpenters"), my Office is submitting these comments on the City of Irvine's ("City" or "Lead Agency") 2021-2029 update to the City's General Plan Housing Element ("Project").

The Southwest Carpenters is a labor union representing more than 50,000 union carpenters in six states and has a strong interest in well ordered land use planning and addressing the environmental impacts of development projects.

Individual members of the Southwest Carpenters live, work and recreate in the City and surrounding communities and would be directly affected by the Project's environmental impacts.

Commenters expressly reserves the right to supplement these comments at or prior to hearings on the Project, and at any later hearings and proceedings related to this

Project. Cal. Gov. Code § 65009(b); Cal. Pub. Res. Code § 21177(a); Bakersfield Citizens for Local Control v. Bakersfield (2004) 124 Cal. App. 4th 1184, 1199-1203; see Galante Vineyards v. Monterey Water Dist. (1997) 60 Cal. App. 4th 1109, 1121.

Commenters incorporates by reference all comments raising issues regarding the EIR submitted prior to certification of the EIR for the Project. *Citizens for Clean Energy v City of Woodland* (2014) 225 Cal. App. 4th 173, 191 (finding that any party who has objected to the Project's environmental documentation may assert any issue timely raised by other parties).

Moreover, Commenter requests that the Lead Agency provide notice for any and all notices referring or related to the Project issued under the California Environmental Quality Act ("CEQA"), Cal Public Resources Code ("PRC") § 21000 et seq, and the California Planning and Zoning Law ("Planning and Zoning Law"), Cal. Gov't Code §§ 65000–65010. California Public Resources Code Sections 21092.2, and 21167(f) and Government Code Section 65092 require agencies to mail such notices to any person who has filed a written request for them with the clerk of the agency's governing body.

The City should require the use of a local skilled and trained workforce to benefit the community's economic development and environment. The City should require the use of workers who have graduated from a Joint Labor Management apprenticeship training program approved by the State of California, or have at least as many hours of on-the-job experience in the applicable craft which would be required to graduate from such a state approved apprenticeship training program or who are registered apprentices in an apprenticeship training program approved by the State of California.

Community benefits such as local hire and skilled and trained workforce requirements can also be helpful to reduce environmental impacts and improve the positive economic impact of the Project. Local hire provisions requiring that a certain percentage of workers reside within 10 miles or less of the Project Site can reduce the length of vendor trips, reduce greenhouse gas emissions and providing localized economic benefits. Local hire provisions requiring that a certain percentage of workers reside within 10 miles or less of the Project Site can reduce the length of vendor trips, reduce greenhouse gas emissions and providing localized economic benefits. As environmental consultants Matt Hagemann and Paul E. Rosenfeld note:

[A]ny local hire requirement that results in a decreased worker trip length from the default value has the potential to result in a reduction of construction-related GHG emissions, though the significance of the reduction would vary based on the location and urbanization level of the project site.

March 8, 2021 SWAPE Letter to Mitchell M. Tsai re Local Hire Requirements and Considerations for Greenhouse Gas Modeling.

Skilled and trained workforce requirements promote the development of skilled trades that yield sustainable economic development. As the California Workforce Development Board and the UC Berkeley Center for Labor Research and Education concluded:

. . . labor should be considered an investment rather than a cost – and investments in growing, diversifying, and upskilling California's workforce can positively affect returns on climate mitigation efforts. In other words, well trained workers are key to delivering emissions reductions and moving California closer to its climate targets.¹

Local skilled and trained workforce requirements and policies have significant environmental benefits since they improve an area's jobs-housing balance, decreasing the amount of and length of job commutes and their associated greenhouse gas emissions. Recently, on May 7, 2021, the South Coast Air Quality Management District found that that the "[u]se of a local state-certified apprenticeship program or a skilled and trained workforce with a local hire component" can result in air pollutant reductions.²

Cities are increasingly adopting local skilled and trained workforce policies and requirements into general plans and municipal codes. For example, the City of Hayward 2040 General Plan requires the City to "promote local hiring . . . to help

achieve a more positive jobs-housing balance, and reduce regional commuting, gas consumption, and greenhouse gas emissions."³

In fact, the City of Hayward has gone as far as to adopt a Skilled Labor Force policy into its Downtown Specific Plan and municipal code, requiring developments in its Downtown area to requiring that the City "[c]ontribute to the stabilization of regional construction markets by spurring applicants of housing and nonresidential developments to require contractors to utilize apprentices from state-approved, joint labor-management training programs, . . ."⁴ In addition, the City of Hayward requires all projects 30,000 square feet or larger to "utilize apprentices from state-approved, joint labor-management training programs."⁵

Locating jobs closer to residential areas can have significant environmental benefits. As the California Planning Roundtable noted in 2008:

People who live and work in the same jurisdiction would be more likely to take transit, walk, or bicycle to work than residents of less balanced communities and their vehicle trips would be shorter. Benefits would include potential reductions in both vehicle miles traveled and vehicle hours traveled.⁶

In addition, local hire mandates as well as skill training are critical facets of a strategy to reduce vehicle miles traveled. As planning experts Robert Cervero and Michael Duncan noted, simply placing jobs near housing stock is insufficient to achieve VMT reductions since the skill requirements of available local jobs must be matched to those held by local residents. Some municipalities have tied local hire and skilled and

⁷ Cervero, Robert and Duncan, Michael (2006) Which Reduces Vehicle Travel More: Jobs-Housing Balance or Retail-Housing Mixing? Journal of the American Planning Association 72 (4), 475-490, 482, *available at* http://reconnectingamerica.org/assets/Uploads/UTCT-825.pdf.

trained workforce policies to local development permits to address transportation issues. As Cervero and Duncan note:

In nearly built-out Berkeley, CA, the approach to balancing jobs and housing is to create local jobs rather than to develop new housing." The city's First Source program encourages businesses to hire local residents, especially for entry- and intermediate-level jobs, and sponsors vocational training to ensure residents are employment-ready. While the program is voluntary, some 300 businesses have used it to date, placing more than 3,000 city residents in local jobs since it was launched in 1986. When needed, these carrots are matched by sticks, since the city is not shy about negotiating corporate participation in First Source as a condition of approval for development permits.

The City should consider utilizing skilled and trained workforce policies and requirements to benefit the local area economically and mitigate greenhouse gas, air quality and transportation impacts.

Sincerely,

Mitchell M. Tsai

Subject: Local Hire Requirements and Considerations for Greenhouse Gas Modeling

Dear Mr. Tsai.

Soil Water Air Protection Enterprise ("SWAPE") is pleased to provide the following draft technical report explaining the significance of worker trips required for construction of land use development projects with respect to the estimation of greenhouse gas ("GHG") emissions. The report will also discuss the potential for local hire requirements to reduce the length of worker trips, and consequently, reduced or mitigate the potential GHG impacts.

Worker Trips and Greenhouse Gas Calculations

The California Emissions Estimator Model ("CalEEMod") is a "statewide land use emissions computer model designed to provide a uniform platform for government agencies, land use planners, and environmental professionals to quantify potential criteria pollutant and greenhouse gas (GHG) emissions associated with both construction and operations from a variety of land use projects." CalEEMod quantifies construction-related emissions associated with land use projects resulting from off-road construction equipment; on-road mobile equipment associated with workers, vendors, and hauling; fugitive dust associated with grading, demolition, truck loading, and on-road vehicles traveling along paved and unpaved roads; and architectural coating activities; and paving.²

The number, length, and vehicle class of worker trips are utilized by CalEEMod to calculate emissions associated with the on-road vehicle trips required to transport workers to and from the Project site during construction.³

¹ "California Emissions Estimator Model." CAPCOA, 2017, available at: http://www.aqmd.gov/caleemod/home.

² "California Emissions Estimator Model." CAPCOA, 2017, available at: http://www.aqmd.gov/caleemod/home.

³ "CalEEMod User's Guide." CAPCOA, November 2017, available at: http://www.aqmd.gov/docs/default-source/caleemod/01_user-39-s-guide2016-3-2_15november2017.pdf?sfvrsn=4, p. 34.

Specifically, the number and length of vehicle trips is utilized to estimate the vehicle miles travelled ("VMT") associated with construction. Then, utilizing vehicle-class specific EMFAC 2014 emission factors, CalEEMod calculates the vehicle exhaust, evaporative, and dust emissions resulting from construction-related VMT, including personal vehicles for worker commuting.⁴

Specifically, in order to calculate VMT, CalEEMod multiplies the average daily trip rate by the average overall trip length (see excerpt below):

```
"VMT<sub>d</sub> = \Sigma(Average Daily Trip Rate _i * Average Overall Trip Length _i) _n Where:

n = Number of land uses being modeled."<sup>5</sup>
```

Furthermore, to calculate the on-road emissions associated with worker trips, CalEEMod utilizes the following equation (see excerpt below):

```
"Emissions<sub>pollutant</sub> = VMT * EF<sub>running,pollutant</sub>

Where:

Emissions<sub>pollutant</sub> = emissions from vehicle running for each pollutant

VMT = vehicle miles traveled

EF_{running,pollutant} = emission factor for running emissions."
```

Thus, there is a direct relationship between trip length and VMT, as well as a direct relationship between VMT and vehicle running emissions. In other words, when the trip length is increased, the VMT and vehicle running emissions increase as a result. Thus, vehicle running emissions can be reduced by decreasing the average overall trip length, by way of a local hire requirement or otherwise.

Default Worker Trip Parameters and Potential Local Hire Requirements

As previously discussed, the number, length, and vehicle class of worker trips are utilized by CalEEMod to calculate emissions associated with the on-road vehicle trips required to transport workers to and from the Project site during construction.⁷ In order to understand how local hire requirements and associated worker trip length reductions impact GHG emissions calculations, it is important to consider the CalEEMod default worker trip parameters. CalEEMod provides recommended default values based on site-specific information, such as land use type, meteorological data, total lot acreage, project type and typical equipment associated with project type. If more specific project information is known, the user can change the default values and input project-specific values, but the California Environmental Quality Act ("CEQA") requires that such changes be justified by substantial evidence.⁸ The default number of construction-related worker trips is calculated by multiplying the

⁵ "Appendix A Calculation Details for CalEEMod." CAPCOA, October 2017, available at: http://www.aqmd.gov/docs/default-source/caleemod/02 appendix-a2016-3-2.pdf?sfvrsn=6, p. 23.

⁶ "Appendix A Calculation Details for CalEEMod." CAPCOA, October 2017, available at: http://www.aqmd.gov/docs/default-source/caleemod/02 appendix-a2016-3-2.pdf?sfvrsn=6, p. 15.

⁷ "CalEEMod User's Guide." CAPCOA, November 2017, *available at*: http://www.aqmd.gov/docs/default-source/caleemod/01 user-39-s-guide2016-3-2 15november2017.pdf?sfvrsn=4, p. 34.

⁸ CalEEMod User Guide, available at: http://www.caleemod.com/, p. 1, 9.

number of pieces of equipment for all phases by 1.25, with the exception of worker trips required for the building construction and architectural coating phases.⁹ Furthermore, the worker trip vehicle class is a 50/25/25 percent mix of light duty autos, light duty truck class 1 and light duty truck class 2, respectively."¹⁰ Finally, the default worker trip length is consistent with the length of the operational home-to-work vehicle trips.¹¹ The operational home-to-work vehicle trip lengths are:

"[B]ased on the <u>location</u> and <u>urbanization</u> selected on the project characteristic screen. These values were <u>supplied by the air districts or use a default average for the state</u>. Each district (or county) also assigns trip lengths for urban and rural settings" (emphasis added). ¹²

Thus, the default worker trip length is based on the location and urbanization level selected by the User when modeling emissions. The below table shows the CalEEMod default rural and urban worker trip lengths by air basin (see excerpt below and Attachment A).¹³

Worker Trip Length by Air Basin				
Air Basin	Rural (miles)	Urban (miles)		
Great Basin Valleys	16.8	10.8		
Lake County	16.8	10.8		
Lake Tahoe	16.8	10.8		
Mojave Desert	16.8	10.8		
Mountain Counties	16.8	10.8		
North Central Coast	17.1	12.3		
North Coast	16.8	10.8		
Northeast Plateau	16.8	10.8		
Sacramento Valley	16.8	10.8		
Salton Sea	14.6	11		
San Diego	16.8	10.8		
San Francisco Bay Area	10.8	10.8		
San Joaquin Valley	16.8	10.8		
South Central Coast	16.8	10.8		
South Coast	19.8	14.7		
Average	16.47	11.17		
Minimum	10.80	10.80		
Maximum	19.80	14.70		
Range	9.00	3.90

http://www.aqmd.gov/docs/default-source/caleemod/02 appendix-a2016-3-2.pdf?sfvrsn=6, p. 14.

¹² "Appendix A Calculation Details for CalEEMod." CAPCOA, October 2017, available at: http://www.agmd.gov/docs/default-source/caleemod/02 appendix-a2016-3-2.pdf?sfvrsn=6, p. 21.

¹³ "Appendix D Default Data Tables." CAPCOA, October 2017, available at: http://www.aqmd.gov/docs/default-source/caleemod/05 appendix-d2016-3-2.pdf?sfvrsn=4, p. D-84 – D-86.

As demonstrated above, default rural worker trip lengths for air basins in California vary from 10.8- to 19.8-miles, with an average of 16.47 miles. Furthermore, default urban worker trip lengths vary from 10.8- to 14.7-miles, with an average of 11.17 miles. Thus, while default worker trip lengths vary by location, default urban worker trip lengths tend to be shorter in length. Based on these trends evident in the CalEEMod default worker trip lengths, we can reasonably assume that the efficacy of a local hire requirement is especially dependent upon the urbanization of the project site, as well as the project location.

Practical Application of a Local Hire Requirement and Associated Impact

To provide an example of the potential impact of a local hire provision on construction-related GHG emissions, we estimated the significance of a local hire provision for the Village South Specific Plan ("Project") located in the City of Claremont ("City"). The Project proposed to construct 1,000 residential units, 100,000-SF of retail space, 45,000-SF of office space, as well as a 50-room hotel, on the 24-acre site. The Project location is classified as Urban and lies within the Los Angeles-South Coast County. As a result, the Project has a default worker trip length of 14.7 miles. ¹⁴ In an effort to evaluate the potential for a local hire provision to reduce the Project's construction-related GHG emissions, we prepared an updated model, reducing all worker trip lengths to 10 miles (see Attachment B). Our analysis estimates that if a local hire provision with a 10-mile radius were to be implemented, the GHG emissions associated with Project construction would decrease by approximately 17% (see table below and Attachment C).

Local Hire Provision Net Change				
Without Local Hire Provision				
Total Construction GHG Emissions (MT CO₂e)	3,623			
Amortized Construction GHG Emissions (MT CO₂e/year)	120.77			
With Local Hire Provision				
Total Construction GHG Emissions (MT CO2e)	3,024			
Amortized Construction GHG Emissions (MT CO₂e/year)	100.80			
% Decrease in Construction-related GHG Emissions	<i>17%</i>			

As demonstrated above, by implementing a local hire provision requiring 10 mile worker trip lengths, the Project could reduce potential GHG emissions associated with construction worker trips. More broadly, any local hire requirement that results in a decreased worker trip length from the default value has the potential to result in a reduction of construction-related GHG emissions, though the significance of the reduction would vary based on the location and urbanization level of the project site.

This serves as an example of the potential impacts of local hire requirements on estimated project-level GHG emissions, though it does not indicate that local hire requirements would result in reduced construction-related GHG emission for all projects. As previously described, the significance of a local hire requirement depends on the worker trip length enforced and the default worker trip length for the project's urbanization level and location.

¹⁴ "Appendix D Default Data Tables." CAPCOA, October 2017, available at: http://www.aqmd.gov/docs/default-source/caleemod/05_appendix-d2016-3-2.pdf?sfvrsn=4, p. D-85.

Disclaimer

SWAPE has received limited discovery. Additional information may become available in the future; thus, we retain the right to revise or amend this report when additional information becomes available. Chemical Fate and Transport & Air Dispersion Modeling

Principal Environmental Chemist

Risk Assessment & Remediation Specialist

Education

Ph.D. Soil Chemistry, University of Washington, 1999. Dissertation on volatile organic compound filtration.

M.S. Environmental Science, U.C. Berkeley, 1995. Thesis on organic waste economics.

B.A. Environmental Studies, U.C. Santa Barbara, 1991. Thesis on wastewater treatment.

Professional Experience

Dr. Rosenfeld has over 25 years' experience conducting environmental investigations and risk assessments for evaluating impacts to human health, property, and ecological receptors. His expertise focuses on the fate and transport of environmental contaminants, human health risk, exposure assessment, and ecological restoration. Dr. Rosenfeld has evaluated and modeled emissions from unconventional oil drilling operations, oil spills, landfills, boilers and incinerators, process stacks, storage tanks, confined animal feeding operations, and many other industrial and agricultural sources. His project experience ranges from monitoring and modeling of pollution sources to evaluating impacts of pollution on workers at industrial facilities and residents in surrounding communities.

Dr. Rosenfeld has investigated and designed remediation programs and risk assessments for contaminated sites containing lead, heavy metals, mold, bacteria, particulate matter, petroleum hydrocarbons, chlorinated solvents, pesticides, radioactive waste, dioxins and furans, semi- and volatile organic compounds, PCBs, PAHs, perchlorate, asbestos, per- and poly-fluoroalkyl substances (PFOA/PFOS), unusual polymers, fuel oxygenates (MTBE), among other pollutants. Dr. Rosenfeld also has experience evaluating greenhouse gas emissions from various projects and is an expert on the assessment of odors from industrial and agricultural sites, as well as the evaluation of odor nuisance impacts and technologies for abatement of odorous emissions. As a principal scientist at SWAPE, Dr. Rosenfeld directs air dispersion modeling and exposure assessments. He has served as an expert witness and testified about pollution sources causing nuisance and/or personal injury at dozens of sites and has testified as an expert witness on more than ten cases involving exposure to air contaminants from industrial sources.

The Repeated Trespass of Tritium-Contaminated Water Into A Surrounding Community Form Repeated Waste Spills From A Nuclear Power Plant. *The 23rd Annual International Conferences on Soils Sediment and Water*. Platform lecture conducted from University of Massachusetts, Amherst MA.

Rosenfeld, P. E. (October 15-18, 2007). Somerville Community Exposure To Contaminants From Wood Treatment Facility Emissions. The 23rd Annual International Conferences on Soils Sediment and Water. Lecture conducted from University of Massachusetts, Amherst MA.

Rosenfeld P. E. (March 2007). Production, Chemical Properties, Toxicology, & Treatment Case Studies of 1,2,3-Trichloropropane (TCP). *The Association for Environmental Health and Sciences (AEHS) Annual Meeting*. Lecture conducted from San Diego, CA.

Rosenfeld P. E. (March 2007). Blood and Attic Sampling for Dioxin/Furan, PAH, and Metal Exposure in Florala, Alabama. *The AEHS Annual Meeting*. Lecture conducted from San Diego, CA.

Hensley A.R., Scott, A., **Rosenfeld P.E.**, Clark, J.J.J. (August 21 – 25, 2006). Dioxin Containing Attic Dust And Human Blood Samples Collected Near A Former Wood Treatment Facility. *The 26th International Symposium on Halogenated Persistent Organic Pollutants – DIOXIN2006*. Lecture conducted from Radisson SAS Scandinavia Hotel in Oslo Norway.

Hensley A.R., Scott, A., Rosenfeld P.E., Clark, J.J.J. (November 4-8, 2006). Dioxin Containing Attic Dust And Human Blood Samples Collected Near A Former Wood Treatment Facility. *APHA 134 Annual Meeting & Exposition*. Lecture conducted from Boston Massachusetts.

Paul Rosenfeld Ph.D. (October 24-25, 2005). Fate, Transport and Persistence of PFOA and Related Chemicals. Mealey's C8/PFOA. *Science, Risk & Litigation Conference*. Lecture conducted from The Rittenhouse Hotel, Philadelphia, PA.

Paul Rosenfeld Ph.D. (September 19, 2005). Brominated Flame Retardants in Groundwater: Pathways to Human Ingestion, *Toxicology and Remediation PEMA Emerging Contaminant Conference*. Lecture conducted from Hilton Hotel, Irvine California.

Paul Rosenfeld Ph.D. (September 19, 2005). Fate, Transport, Toxicity, And Persistence of 1,2,3-TCP. *PEMA Emerging Contaminant Conference*. Lecture conducted from Hilton Hotel in Irvine, California.

Paul Rosenfeld Ph.D. (September 26-27, 2005). Fate, Transport and Persistence of PDBEs. *Mealey's Groundwater Conference*. Lecture conducted from Ritz Carlton Hotel, Marina Del Ray, California.

Paul Rosenfeld Ph.D. (June 7-8, 2005). Fate, Transport and Persistence of PFOA and Related Chemicals. *International Society of Environmental Forensics: Focus On Emerging Contaminants*. Lecture conducted from Sheraton Oceanfront Hotel, Virginia Beach, Virginia.

Paul Rosenfeld Ph.D. (July 21-22, 2005). Fate Transport, Persistence and Toxicology of PFOA and Related Perfluorochemicals. 2005 National Groundwater Association Ground Water And Environmental Law Conference. Lecture conducted from Wyndham Baltimore Inner Harbor, Baltimore Maryland.

Paul Rosenfeld Ph.D. (July 21-22, 2005). Brominated Flame Retardants in Groundwater: Pathways to Human Ingestion, Toxicology and Remediation. 2005 National Groundwater Association Ground Water and Environmental Law Conference. Lecture conducted from Wyndham Baltimore Inner Harbor, Baltimore Maryland.

Paul Rosenfeld, Ph.D. and James Clark Ph.D. and Rob Hesse R.G. (May 5-6, 2004). Tert-butyl Alcohol Liability and Toxicology, A National Problem and Unquantified Liability. *National Groundwater Association. Environmental Law Conference*. Lecture conducted from Congress Plaza Hotel, Chicago Illinois.

Paul Rosenfeld, Ph.D. (March 2004). Perchlorate Toxicology. *Meeting of the American Groundwater Trust*. Lecture conducted from Phoenix Arizona.

Hagemann, M.F., **Paul Rosenfeld, Ph.D.** and Rob Hesse (2004). Perchlorate Contamination of the Colorado River. *Meeting of tribal representatives*. Lecture conducted from Parker, AZ.

- **Paul Rosenfeld, Ph.D.** (April 7, 2004). A National Damage Assessment Model For PCE and Dry Cleaners. *Drycleaner Symposium. California Ground Water Association*. Lecture conducted from Radison Hotel, Sacramento, California.
- Rosenfeld, P. E., Grey, M., (June 2003) Two stage biofilter for biosolids composting odor control. Seventh International In Situ And On Site Bioremediation Symposium Battelle Conference Orlando, FL.
- **Paul Rosenfeld, Ph.D.** and James Clark Ph.D. (February 20-21, 2003) Understanding Historical Use, Chemical Properties, Toxicity and Regulatory Guidance of 1,4 Dioxane. *National Groundwater Association. Southwest Focus Conference. Water Supply and Emerging Contaminants.*. Lecture conducted from Hyatt Regency Phoenix Arizona.
- **Paul Rosenfeld, Ph.D.** (February 6-7, 2003). Underground Storage Tank Litigation and Remediation. *California CUPA Forum*. Lecture conducted from Marriott Hotel, Anaheim California.
- **Paul Rosenfeld, Ph.D.** (October 23, 2002) Underground Storage Tank Litigation and Remediation. *EPA Underground Storage Tank Roundtable*. Lecture conducted from Sacramento California.
- **Rosenfeld, P.E.** and Suffet, M. (October 7- 10, 2002). Understanding Odor from Compost, *Wastewater and Industrial Processes. Sixth Annual Symposium On Off Flavors in the Aquatic Environment. International Water Association*. Lecture conducted from Barcelona Spain.
- **Rosenfeld, P.E.** and Suffet, M. (October 7- 10, 2002). Using High Carbon Wood Ash to Control Compost Odor. *Sixth Annual Symposium On Off Flavors in the Aquatic Environment. International Water Association*. Lecture conducted from Barcelona Spain.

Rosenfeld, P.E, C.L. Henry, R. Harrison. (1998). Oat and Grass Seed Germination and Nitrogen and Sulfur Emissions Following Biosolids Incorporation With High-Carbon Wood-Ash. Water Environment Federation 12th Annual Residuals and Biosolids Management Conference Proceedings. Lecture conducted from Bellevue Washington.

Rosenfeld, P.E., C.L. Henry, R. B. Harrison, and R. Dills. (1997). Comparison of Odor Emissions From Three Different Biosolids Applied to Forest Soil. *Soil Science Society of America*. Lecture conducted from Anaheim California.

Teaching Experience:

UCLA Department of Environmental Health (Summer 2003 through 20010) Taught Environmental Health Science 100 to students, including undergrad, medical doctors, public health professionals and nurses. Course focused on the health effects of environmental contaminants.

National Ground Water Association, Successful Remediation Technologies. Custom Course in Sante Fe, New Mexico. May 21, 2002. Focused on fate and transport of fuel contaminants associated with underground storage tanks.

National Ground Water Association; Successful Remediation Technologies Course in Chicago Illinois. April 1, 2002. Focused on fate and transport of contaminants associated with Superfund and RCRA sites.

California Integrated Waste Management Board, April and May, 2001. Alternative Landfill Caps Seminar in San Diego, Ventura, and San Francisco. Focused on both prescriptive and innovative landfill cover design.

UCLA Department of Environmental Engineering, February 5, 2002. Seminar on Successful Remediation Technologies focusing on Groundwater Remediation.

University Of Washington, Soil Science Program, Teaching Assistant for several courses including: Soil Chemistry, Organic Soil Amendments, and Soil Stability.

U.C. Berkeley, Environmental Science Program Teaching Assistant for Environmental Science 10.

Academic Grants Awarded:

California Integrated Waste Management Board. \$41,000 grant awarded to UCLA Institute of the Environment. Goal: To investigate effect of high carbon wood ash on volatile organic emissions from compost. 2001.

Synagro Technologies, Corona California: \$10,000 grant awarded to San Diego State University. Goal: investigate effect of biosolids for restoration and remediation of degraded coastal sage soils. 2000.

King County, Department of Research and Technology, Washington State. \$100,000 grant awarded to University of Washington: Goal: To investigate odor emissions from biosolids application and the effect of polymers and ash on VOC emissions. 1998.

Northwest Biosolids Management Association, Washington State. \$20,000 grant awarded to investigate effect of polymers and ash on VOC emissions from biosolids. 1997.

James River Corporation, Oregon: \$10,000 grant was awarded to investigate the success of genetically engineered Poplar trees with resistance to round-up. 1996.

United State Forest Service, Tahoe National Forest: \$15,000 grant was awarded to investigating fire ecology of the Tahoe National Forest. 1995.

Kellogg Foundation, Washington D.C. \$500 grant was awarded to construct a large anaerobic digester on St. Kitts in West Indies. 1993

Deposition and/or Trial Testimony:

In the United States District Court For The District of New Jersey

Duarte et al, Plaintiffs, vs. United States Metals Refining Company et. al. Defendant.

Case No.: 2:17-cv-01624-ES-SCM Rosenfeld Deposition. 6-7-2019

In the United States District Court of Southern District of Texas Galveston Division

M/T Carla Maersk, *Plaintiffs*, vs. Conti 168., Schiffahrts-GMBH & Co. Bulker KG MS "Conti Perdido" *Defendant*.

Case No.: 3:15-CV-00106 consolidated with 3:15-CV-00237

Rosenfeld Deposition. 5-9-2019

In The Superior Court of the State of California In And For The County Of Los Angeles - Santa Monica

Carole-Taddeo-Bates et al., vs. Ifran Khan et al., Defendants

Case No.: No. BC615636

Rosenfeld Deposition, 1-26-2019

In The Superior Court of the State of California In And For The County Of Los Angeles - Santa Monica

The San Gabriel Valley Council of Governments et al. vs El Adobe Apts. Inc. et al., Defendants

Case No.: No. BC646857

Rosenfeld Deposition, 10-6-2018; Trial 3-7-19

In United States District Court For The District of Colorado

Bells et al. Plaintiff vs. The 3M Company et al., Defendants

Case: No 1:16-cv-02531-RBJ

Rosenfeld Deposition, 3-15-2018 and 4-3-2018

In The District Court Of Regan County, Texas, 112th Judicial District

Phillip Bales et al., Plaintiff vs. Dow Agrosciences, LLC, et al., Defendants

Cause No 1923

Rosenfeld Deposition, 11-17-2017

In The Superior Court of the State of California In And For The County Of Contra Costa

Simons et al., Plaintiffs vs. Chevron Corporation, et al., Defendants

Cause No C12-01481

Rosenfeld Deposition, 11-20-2017

In The Circuit Court Of The Twentieth Judicial Circuit, St Clair County, Illinois

Martha Custer et al., Plaintiff vs. Cerro Flow Products, Inc., Defendants

Case No.: No. 0i9-L-2295

Rosenfeld Deposition, 8-23-2017

In The Superior Court of the State of California, For The County of Los Angeles

Warrn Gilbert and Penny Gilber, Plaintiff vs. BMW of North America LLC

Case No.: LC102019 (c/w BC582154)

Rosenfeld Deposition, 8-16-2017, Trail 8-28-2018

In the Northern District Court of Mississippi, Greenville Division

Brenda J. Cooper, et al., Plaintiffs, vs. Meritor Inc., et al., Defendants

Case Number: 4:16-cv-52-DMB-JVM

Rosenfeld Deposition: July 2017

In The Superior Court of the State of Washington, County of Snohomish

Michael Davis and Julie Davis et al., Plaintiff vs. Cedar Grove Composting Inc., Defendants

Case No.: No. 13-2-03987-5

Rosenfeld Deposition, February 2017

Trial, March 2017

In The Superior Court of the State of California, County of Alameda

Charles Spain., Plaintiff vs. Thermo Fisher Scientific, et al., Defendants

Case No.: RG14711115

Rosenfeld Deposition, September 2015

In The Iowa District Court In And For Poweshiek County

Russell D. Winburn, et al., Plaintiffs vs. Doug Hoksbergen, et al., Defendants

Case No.: LALA002187

Rosenfeld Deposition, August 2015

In The Iowa District Court For Wapello County

Jerry Dovico, et al., Plaintiffs vs. Valley View Sine LLC, et al., Defendants

Law No,: LALA105144 - Division A Rosenfeld Deposition, August 2015

In The Iowa District Court For Wapello County

Doug Pauls, et al., et al., Plaintiffs vs. Richard Warren, et al., Defendants

Law No,: LALA105144 - Division A Rosenfeld Deposition, August 2015

In The Circuit Court of Ohio County, West Virginia

Robert Andrews, et al. v. Antero, et al.

Civil Action No. 14-C-30000

Rosenfeld Deposition, June 2015

In The Third Judicial District County of Dona Ana, New Mexico

Betty Gonzalez, et al. Plaintiffs vs. Del Oro Dairy, Del Oro Real Estate LLC, Jerry Settles and Deward

DeRuyter, Defendants

Rosenfeld Deposition: July 2015

In The Iowa District Court For Muscatine County

Laurie Freeman et. al. Plaintiffs vs. Grain Processing Corporation, Defendant

Case No 4980

Rosenfeld Deposition: May 2015

In the Circuit Court of the 17th Judicial Circuit, in and For Broward County, Florida

Walter Hinton, et. al. Plaintiff, vs. City of Fort Lauderdale, Florida, a Municipality, Defendant.

Case Number CACE07030358 (26) Rosenfeld Deposition: December 2014

In the United States District Court Western District of Oklahoma

Tommy McCarty, et al., Plaintiffs, v. Oklahoma City Landfill, LLC d/b/a Southeast Oklahoma City

Landfill, et al. Defendants. Case No. 5:12-cv-01152-C

Rosenfeld Deposition: July 2014

In the County Court of Dallas County Texas

Lisa Parr et al, Plaintiff, vs. Aruba et al, Defendant.

Case Number cc-11-01650-E

Rosenfeld Deposition: March and September 2013

Rosenfeld Trial: April 2014

In the Court of Common Pleas of Tuscarawas County Ohio

John Michael Abicht, et al., *Plaintiffs*, vs. Republic Services, Inc., et al., *Defendants*

Case Number: 2008 CT 10 0741 (Cons. w/ 2009 CV 10 0987)

Rosenfeld Deposition: October 2012

In the United States District Court of Southern District of Texas Galveston Division

Kyle Cannon, Eugene Donovan, Genaro Ramirez, Carol Sassler, and Harvey Walton, each Individually and on behalf of those similarly situated, *Plaintiffs*, vs. BP Products North America, Inc., *Defendant*.

Case 3:10-cv-00622

Rosenfeld Deposition: February 2012

Rosenfeld Trial: April 2013

In the Circuit Court of Baltimore County Maryland

Philip E. Cvach, II et al., Plaintiffs vs. Two Farms, Inc. d/b/a Royal Farms, Defendants

Case Number: 03-C-12-012487 OT Rosenfeld Deposition: September 2013

Matthew F. Hagemann, P.G., C.Hg., QSD, QSP

Geologic and Hydrogeologic Characterization
Industrial Stormwater Compliance
Investigation and Remediation Strategies
Litigation Support and Testifying Expert
CEOA Review

Education:

M.S. Degree, Geology, California State University Los Angeles, Los Angeles, CA, 1984. B.A. Degree, Geology, Humboldt State University, Arcata, CA, 1982.

Professional Certifications:

California Professional Geologist
California Certified Hydrogeologist
Qualified SWPPP Developer and Practitioner

Professional Experience:

Matt has 25 years of experience in environmental policy, assessment and remediation. He spent nine years with the U.S. EPA in the RCRA and Superfund programs and served as EPA's Senior Science Policy Advisor in the Western Regional Office where he identified emerging threats to groundwater from perchlorate and MTBE. While with EPA, Matt also served as a Senior Hydrogeologist in the oversight of the assessment of seven major military facilities undergoing base closure. He led numerous enforcement actions under provisions of the Resource Conservation and Recovery Act (RCRA) while also working with permit holders to improve hydrogeologic characterization and water quality monitoring.

Matt has worked closely with U.S. EPA legal counsel and the technical staff of several states in the application and enforcement of RCRA, Safe Drinking Water Act and Clean Water Act regulations. Matt has trained the technical staff in the States of California, Hawaii, Nevada, Arizona and the Territory of Guam in the conduct of investigations, groundwater fundamentals, and sampling techniques.

Positions Matt has held include:

- Founding Partner, Soil/Water/Air Protection Enterprise (SWAPE) (2003 present);
- Geology Instructor, Golden West College, 2010 2014;
- Senior Environmental Analyst, Komex H2O Science, Inc. (2000 -- 2003);

- Executive Director, Orange Coast Watch (2001 2004);
- Senior Science Policy Advisor and Hydrogeologist, U.S. Environmental Protection Agency (1989– 1998);
- Hydrogeologist, National Park Service, Water Resources Division (1998 2000);
- Adjunct Faculty Member, San Francisco State University, Department of Geosciences (1993 1998);
- Instructor, College of Marin, Department of Science (1990 1995);
- Geologist, U.S. Forest Service (1986 1998); and
- Geologist, Dames & Moore (1984 1986).

Senior Regulatory and Litigation Support Analyst:

With SWAPE, Matt's responsibilities have included:

- Lead analyst and testifying expert in the review of over 100 environmental impact reports since 2003 under CEQA that identify significant issues with regard to hazardous waste, water resources, water quality, air quality, Valley Fever, greenhouse gas emissions, and geologic hazards. Make recommendations for additional mitigation measures to lead agencies at the local and county level to include additional characterization of health risks and implementation of protective measures to reduce worker exposure to hazards from toxins and Valley Fever.
- Stormwater analysis, sampling and best management practice evaluation at industrial facilities.
- Manager of a project to provide technical assistance to a community adjacent to a former Naval shippard under a grant from the U.S. EPA.
- Technical assistance and litigation support for vapor intrusion concerns.
- Lead analyst and testifying expert in the review of environmental issues in license applications for large solar power plants before the California Energy Commission.
- Manager of a project to evaluate numerous formerly used military sites in the western U.S.
- Manager of a comprehensive evaluation of potential sources of perchlorate contamination in Southern California drinking water wells.
- Manager and designated expert for litigation support under provisions of Proposition 65 in the review of releases of gasoline to sources drinking water at major refineries and hundreds of gas stations throughout California.
- Expert witness on two cases involving MTBE litigation.
- Expert witness and litigation support on the impact of air toxins and hazards at a school.
- Expert witness in litigation at a former plywood plant.

With Komex H2O Science Inc., Matt's duties included the following:

- Senior author of a report on the extent of perchlorate contamination that was used in testimony by the former U.S. EPA Administrator and General Counsel.
- Senior researcher in the development of a comprehensive, electronically interactive chronology of MTBE use, research, and regulation.
- Senior researcher in the development of a comprehensive, electronically interactive chronology of perchlorate use, research, and regulation.
- Senior researcher in a study that estimates nationwide costs for MTBE remediation and drinking water treatment, results of which were published in newspapers nationwide and in testimony against provisions of an energy bill that would limit liability for oil companies.
- Research to support litigation to restore drinking water supplies that have been contaminated by MTBE in California and New York.

Expert witness testimony in a case of oil production-related contamination in Mississippi Lead author for a multi-volume remedial investigation report for an operating school in langeles that met strict regulatory requirements and rigorous deadlines.							

• Development of strategic approaches for cleanup of contaminated sites in consultation with clients and regulators.

Executive Director:

As Executive Director with Orange Coast Watch, Matt led efforts to restore water quality at Orange County beaches from multiple sources of contamination including urban runoff and the discharge of wastewater. In reporting to a Board of Directors that included representatives from leading Orange County universities and businesses, Matt prepared issue papers in the areas of treatment and disinfection of wastewater and control of the discharge of grease to sewer systems. Matt actively participated in the development of countywide water quality permits for the control of urban runoff and permits for the discharge of wastewater. Matt worked with other nonprofits to protect and restore water quality, including Surfrider, Natural Resources Defense Council and Orange County CoastKeeper as well as with business institutions including the Orange County Business Council.

Hydrogeology:

As a Senior Hydrogeologist with the U.S. Environmental Protection Agency, Matt led investigations to characterize and cleanup closing military bases, including Mare Island Naval Shipyard, Hunters Point Naval Shipyard, Treasure Island Naval Station, Alameda Naval Station, Moffett Field, Mather Army Airfield, and Sacramento Army Depot. Specific activities were as follows:

- Led efforts to model groundwater flow and contaminant transport, ensured adequacy of monitoring networks, and assessed cleanup alternatives for contaminated sediment, soil, and groundwater.
- Initiated a regional program for evaluation of groundwater sampling practices and laboratory analysis at military bases.
- Identified emerging issues, wrote technical guidance, and assisted in policy and regulation development through work on four national U.S. EPA workgroups, including the Superfund Groundwater Technical Forum and the Federal Facilities Forum.

At the request of the State of Hawaii, Matt developed a methodology to determine the vulnerability of groundwater to contamination on the islands of Maui and Oahu. He used analytical models and a GIS to show zones of vulnerability, and the results were adopted and published by the State of Hawaii and County of Maui.

As a hydrogeologist with the EPA Groundwater Protection Section, Matt worked with provisions of the Safe Drinking Water Act and NEPA to prevent drinking water contamination. Specific activities included the following:

- Received an EPA Bronze Medal for his contribution to the development of national guidance for the protection of drinking water.
- Managed the Sole Source Aquifer Program and protected the drinking water of two communities
 through designation under the Safe Drinking Water Act. He prepared geologic reports,
 conducted public hearings, and responded to public comments from residents who were very
 concerned about the impact of designation.

 Reviewed a number of Environmental Impact Statements for planned major developments, including large hazardous and solid waste disposal facilities, mine reclamation, and water transfer.

Matt served as a hydrogeologist with the RCRA Hazardous Waste program. Duties were as follows:

- Supervised the hydrogeologic investigation of hazardous waste sites to determine compliance with Subtitle C requirements.
- Reviewed and wrote "part B" permits for the disposal of hazardous waste.
- Conducted RCRA Corrective Action investigations of waste sites and led inspections that formed
 the basis for significant enforcement actions that were developed in close coordination with U.S.
 EPA legal counsel.
- Wrote contract specifications and supervised contractor's investigations of waste sites.

With the National Park Service, Matt directed service-wide investigations of contaminant sources to prevent degradation of water quality, including the following tasks:

- Applied pertinent laws and regulations including CERCLA, RCRA, NEPA, NRDA, and the Clean Water Act to control military, mining, and landfill contaminants.
- Conducted watershed-scale investigations of contaminants at parks, including Yellowstone and Olympic National Park.
- Identified high-levels of perchlorate in soil adjacent to a national park in New Mexico and advised park superintendent on appropriate response actions under CERCLA.
- Served as a Park Service representative on the Interagency Perchlorate Steering Committee, a national workgroup.
- Developed a program to conduct environmental compliance audits of all National Parks while serving on a national workgroup.
- Co-authored two papers on the potential for water contamination from the operation of personal
 watercraft and snowmobiles, these papers serving as the basis for the development of nationwide policy on the use of these vehicles in National Parks.
- Contributed to the Federal Multi-Agency Source Water Agreement under the Clean Water Action Plan.

Policy:

Served senior management as the Senior Science Policy Advisor with the U.S. Environmental Protection Agency, Region 9. Activities included the following:

- Advised the Regional Administrator and senior management on emerging issues such as the
 potential for the gasoline additive MTBE and ammonium perchlorate to contaminate drinking
 water supplies.
- Shaped EPA's national response to these threats by serving on workgroups and by contributing to guidance, including the Office of Research and Development publication, Oxygenates in Water: Critical Information and Research Needs.
- Improved the technical training of EPA's scientific and engineering staff.
- Earned an EPA Bronze Medal for representing the region's 300 scientists and engineers in negotiations with the Administrator and senior management to better integrate scientific principles into the policy-making process.
- Established national protocol for the peer review of scientific documents.

Geology:

With the U.S. Forest Service, Matt led investigations to determine hillslope stability of areas proposed for timber harvest in the central Oregon Coast Range. Specific activities were as follows:

- Mapped geology in the field, and used aerial photographic interpretation and mathematical models to determine slope stability.
- Coordinated his research with community members who were concerned with natural resource protection.
- Characterized the geology of an aquifer that serves as the sole source of drinking water for the city of Medford, Oregon.

As a consultant with Dames and Moore, Matt led geologic investigations of two contaminated sites (later listed on the Superfund NPL) in the Portland, Oregon, area and a large hazardous waste site in eastern Oregon. Duties included the following:

- Supervised year-long effort for soil and groundwater sampling.
- Conducted aguifer tests.
- Investigated active faults beneath sites proposed for hazardous waste disposal.

Teaching:

From 1990 to 1998, Matt taught at least one course per semester at the community college and university levels:

- At San Francisco State University, held an adjunct faculty position and taught courses in environmental geology, oceanography (lab and lecture), hydrogeology, and groundwater contamination.
- Served as a committee member for graduate and undergraduate students.
- Taught courses in environmental geology and oceanography at the College of Marin.

Matt taught physical geology (lecture and lab and introductory geology at Golden West College in Huntington Beach, California from 2010 to 2014.

Invited Testimony, Reports, Papers and Presentations:

Hagemann, M.F., 2008. Disclosure of Hazardous Waste Issues under CEQA. Presentation to the Public Environmental Law Conference, Eugene, Oregon.

Hagemann, M.F., 2008. Disclosure of Hazardous Waste Issues under CEQA. Invited presentation to U.S. EPA Region 9, San Francisco, California.

Hagemann, M.F., 2005. Use of Electronic Databases in Environmental Regulation, Policy Making and Public Participation. Brownfields 2005, Denver, Coloradao.

Hagemann, M.F., 2004. Perchlorate Contamination of the Colorado River and Impacts to Drinking Water in Nevada and the Southwestern U.S. Presentation to a meeting of the American Groundwater Trust, Las Vegas, NV (served on conference organizing committee).

Hagemann, M.F., 2004. Invited testimony to a California Senate committee hearing on air toxins at schools in Southern California, Los Angeles.

Brown, A., Farrow, J., Gray, A. and **Hagemann, M.**, 2004. An Estimate of Costs to Address MTBE Releases from Underground Storage Tanks and the Resulting Impact to Drinking Water Wells. Presentation to the Ground Water and Environmental Law Conference, National Groundwater Association.

Hagemann, M.F., 2004. Perchlorate Contamination of the Colorado River and Impacts to Drinking Water in Arizona and the Southwestern U.S. Presentation to a meeting of the American Groundwater Trust, Phoenix, AZ (served on conference organizing committee).

Hagemann, M.F., 2003. Perchlorate Contamination of the Colorado River and Impacts to Drinking Water in the Southwestern U.S. Invited presentation to a special committee meeting of the National Academy of Sciences, Irvine, CA.

Hagemann, M.F., 2003. Perchlorate Contamination of the Colorado River. Invited presentation to a tribal EPA meeting, Pechanga, CA.

Hagemann, M.F., 2003. Perchlorate Contamination of the Colorado River. Invited presentation to a meeting of tribal repesentatives, Parker, AZ.

Hagemann, M.F., 2003. Impact of Perchlorate on the Colorado River and Associated Drinking Water Supplies. Invited presentation to the Inter-Tribal Meeting, Torres Martinez Tribe.

Hagemann, M.F., 2003. The Emergence of Perchlorate as a Widespread Drinking Water Contaminant. Invited presentation to the U.S. EPA Region 9.

Hagemann, M.F., 2003. A Deductive Approach to the Assessment of Perchlorate Contamination. Invited presentation to the California Assembly Natural Resources Committee.

Hagemann, M.F., 2003. Perchlorate: A Cold War Legacy in Drinking Water. Presentation to a meeting of the National Groundwater Association.

Hagemann, M.F., 2002. From Tank to Tap: A Chronology of MTBE in Groundwater. Presentation to a meeting of the National Groundwater Association.

Hagemann, M.F., 2002. A Chronology of MTBE in Groundwater and an Estimate of Costs to Address Impacts to Groundwater. Presentation to the annual meeting of the Society of Environmental Journalists.

Hagemann, M.F., 2002. An Estimate of the Cost to Address MTBE Contamination in Groundwater (and Who Will Pay). Presentation to a meeting of the National Groundwater Association.

Hagemann, M.F., 2002. An Estimate of Costs to Address MTBE Releases from Underground Storage Tanks and the Resulting Impact to Drinking Water Wells. Presentation to a meeting of the U.S. EPA and State Underground Storage Tank Program managers.

Hagemann, M.F., 2001. From Tank to Tap: A Chronology of MTBE in Groundwater. Unpublished report.

Hagemann, M.F., 2001. Estimated Cleanup Cost for MTBE in Groundwater Used as Drinking Water. Unpublished report.

Hagemann, M.F., 2001. Estimated Costs to Address MTBE Releases from Leaking Underground Storage Tanks. Unpublished report.

Hagemann, M.F., and VanMouwerik, M., 1999. Potential Water Quality Concerns Related to Snowmobile Usage. Water Resources Division, National Park Service, Technical Report.

Melissa,

It was a pleasure speaking with you as well.

As you stated, we are very interested in staying on the draft site inventory list.

Thank you for the supplemental information.

Subject: Site Inventory for Irvine Housing Element Update

Hi Wesley,

It was nice speaking with you. Based on our conversation, my understanding is that as the owner you would like your Boomers/Irvine Lanes property to remain on the draft site inventory list for the 6^{th} Cycle Housing Element Update (HEU). Please confirm.

Additional information on the HEU effort is available at www.cityofirvine.org/heupdate. Of particular interest for the draft HE may be:

- Chapter 7: Sites Inventory and Methodology This chapter covers the sites, densities, assumptions, and methodology used to meet the RHNA and includes site inventory maps.
- Chapter 8: Housing Plan This chapter walks through the proposed objectives, goals, and policies to facilitate housing production.
- Appendix D: Sites Inventory Form This is a full list of every site where residential is proposed to meet the RHNA. See Table B.

Thank you,

Re: Updated Housing Elements and Zoning Codes Must Meet Regional Housing Needs Allocation (RHNA) Targets **and Comply with Federal and State Housing Laws Including** Attainable Homeownership, Authorizing Housing That is Affordable by Design Without Reliance on Lottery Outcomes and Taxpayer Subsidies, Affirmatively Further Fair Housing, and Ending Residential Racial Segregation

Dear Mayor Khan and Mr. Carmichael,

The Two Hundred is a civil rights homeownership advocacy group that was founded and remains comprised of veteran civil rights leaders, former legislators and cabinet secretaries, retired judges, and other diverse housing advocacy leaders. Many of us worked for our entire careers to enact federal and state fair housing laws to end agency "redlining" practices such as denying communities of color access to insured home mortgages and veterans' loans, and promoting residential racial segregation through razing historic minority neighborhoods through "redevelopment" and siting freeways to protect "public harmony" by dividing our communities.

California's severe housing shortage, and astronomical (and still-rising) housing prices, have undone decades of civil rights progress. As confirmed by scholars at UC Berkeley, residential racial segregation is worse in the Bay Area than it was before the enactment of civil rights reforms in the 1960s – a pattern repeated in wealthier counties statewide. https://belonging.berkeley.edu/segregationinthebay As we explain in our *Redlining* video, minority homeownership rates, which in the early part of this century had finally started to attain parity with white families who had access to government programs like federally-insured low cost mortgages, plummeted during the Great Recession of 2009. With the full support of regulatory agencies, as of 2010 lenders engaged in more than a decade of predatory loans and foreclosures that wiped out trillions of dollars of the multi-generational wealth that our communities had finally accumulated through homeownership. Our communities now stagger from housing costs that are so high the US Census Bureau has confirmed that our state has the highest poverty rate in the country! When added to the other high costs of living in California, including the highest electricity and gasoline prices of any state other than California, almost

40% of our residents cannot reliably pay routine monthly expenses even after receiving public assistance to help buy food and medical care. <u>United Ways of California - The Real Cost Measure in California 2019 (unitedwaysca.org)</u> California leaders should not brag about creating Silicon Valley billionaires without also recognizing the crushing burdens of decades of hostility to starter homes and other housing needed by our communities, nor can California's leaders lawfully hide behind unfunded rhetorical commitments to fund 100% "affordable" rental housing and again force our communities into segregated rental housing "projects."

We write because you have been entrusted with the decade's most important housing task, which is assuring that your agency complies with civil rights housing laws <u>and</u> updates your General Plan and Zoning Code to accommodate your community's share of new homes in compliance with your Regional Housing Needs Assessment (RHNA).

Both federal and state civil rights laws, as well as United States Supreme Court decisions, have long prohibited agencies from directing new "affordable" housing for lower income residents to a limited geographic subarea, and instead require the dispersal of new housing at all affordability levels throughout the community. In 2018, the California Legislature strengthened this longstanding civil rights requirement in AB 686 (effective January 1, 2019) which requires all public agencies to "affirmatively further fair housing" (AFFH) in California. As explained by the Housing and Community Development (HCD) agency, quoting from the new law, "[p]ublic agencies must now examine existing and future policies, plans, programs, rules, practices, and related activities and make proactive changes to promote more inclusive communities." AFFH / Fair Housing (ca.gov)

Before the AFFH was enacted in 2018, and based on a complex set of planning, zoning, and environmental laws, policies and principles, most California cities and counties did in fact adopt "policies, plans, programs, rules, practices and related activities" that constrain housing supplies, and raise housing prices so high that our hard working families – the majority of which now include members in our communities of color – can no longer afford to buy, and in many neighborhoods cannot even afford to rent, a home. These status quo housing policies result in unlawful racial segregation, and violate the affirmatively furthering fair housing laws. Our families, many of which are led by the essential workers each community relies on such as teachers, first responders, workers in construction, health care, hospitality, small business employees, and laborers – cannot and should not be asked to wait to have their name drawn in an "affordable" housing lottery, or wait for "magic money" to appear from the repeal of Proposition 13 (or capitalism). State and local agency actions violate civil rights laws, including California's new AFFH, must stop – and housing production, of market-rate housing that can be purchased by median income families, must increase more than tenfold under the current RHNA cycle.

We hereby formally and respectfully request that these civil rights housing legal violations be corrected in your General Plan Housing Element and Zoning Code updates which feasibly, based on your median income families and your available funding resources today, plan for housing typologies and locations that meet your assigned RHNA targets. We identify below the worst offenders, and practical solutions, to assure that you do not adopt General Plan and Zoning Code updates that violate civil rights housing laws.

1. Charging Country Club Initiation Fees for New Housing is Racist and Exclusionary. Country clubs often charge initiation fees of \$50,000 or more, with the express intent to select wealthier members and exclude "those people" who cannot afford steep fees. Many local agencies have imposed fees on new housing that wildly exceed even \$50,000, such as San Francisco which has charged fees of \$165,000 per apartment! While we appreciate that new homes need to pay for their "hard" infrastructure needs like water and sewage services, too many jurisdictions have allowed well-meaning special interests seeking additional funds for important local priorities like art, affordable housing, and recreational programs to pile these fees onto new housing rather than obtain funding (as or if needed by special assessments or taxes approved by existing residents) equitably, which means paid for equitably by the city's existing (not just future) residents. As documented by UCB, excessive and wildly different housing development fees increase housing costs and decrease housing production and affordability – and these fees are passed along to new residents. Development Fees Report Final 2.pdf (berkeley.edu) Most cities and counties defend high fees on new housing with "nexus" studies, based on made-as-instructed reports prepared by consultants paid by cities. "Nexus" may pass constitutional muster, but violates civil rights housing laws by excluding housing – and "those people" (us) from your community.

Civil Rights Compliant Solution to Exclusionary Fees: Residents of new housing should pay no more in fees than existing taxpayers. For example, if a city has 50,000 existing homes and a RHNA obligation to produce 5,000 more homes, housing fees should be capped at the levels paid by taxpayers. If existing city residential households subsidize arts program with \$500,000, residents of new housing should pay no more than the same share (\$100 per new home). If existing city residents contribute nothing to build affordable housing, then neither should residents of new housing: existing policies created the affordable housing shortage and crisis, and solving this problem on the backs of those shut out of the housing market creates an unfair, unlawful and racially discriminatory burden on new residents. Stop imposing discriminatory fees on new residents.

2. <u>Housing Delayed is Housing Denied</u>. While some jurisdictions have streamlined the housing project review and approval process, most have not. The two most commonly-identified delay factors in the housing project approval process are multi-step, multi-department review processes with no intra-agency deadlines or housing accountability production metrics, and the California Environmental Quality Act (CEQA) review process. As shown in Figure 1, in one recent study of the San Francisco entitlement process, all but the smallest (less than 10 units) took about three years to complete this combined bureaucratic and CEQA process.

Figure 1: Housing Project Entitlement/CEQA Process Time in San Francisco (by Project Size/Unit Count)

Measuring the Housing Permitting Process in San Francisco - Terner Center (berkeley.edu)

A. <u>End Bureaucratic Delays to Housing Approvals</u>. Also as explained by UCB, "[t]he most significant and pointless factor driving up production costs was the length of time it takes to for a project to get through the city permitting and development process" which in turn caused even higher costs as projects stuck in bureaucratic review proceedings were required to repeatedly modify their projects to deal with the "additional hoops and requirements" that "pop up" at various stages of the permitting and development process.

San Francisco Construction Cost Brief - Terner Center January 2018.pdf (berkeley.edu), p. 2.

<u>Civil Rights Compliant Solution to Housing Delays Caused by Bureaucrats</u>. This too has a simple solution: prescribe, disclose, enforce, and publish outcomes of housing review and approval deadlines on every city department (and responsible unit within each department), and hold responsible managers in each department accountable in performance evaluations and promotion decisions to meeting (or beating) deadlines. This is a housing production accountability metric that should be expressly added to General Plan Housing Element implementation mandates.

B. <u>End Anti-Housing CEQA Abuse.</u> Before a misguided appellate court decision, issued without Legislative direction in 1984, CEQA did not apply to city and county approvals of housing that complied with General Plan and zoning ordinances. For several decades, however, increasingly fussy academics and planners insisted that zoning codes require a "conditional use

permit" (CUPs) even for code-compliant housing, to allow local agencies to apply a "we know it when we see it" open-ended level of discretion to allow, deny, or condition housing approvals – the same standard the Supreme Court applies to obscenity. In 1984, this CUP process – brought to us all by the same generation of planners that (obscenely) insisted on single-family only residential zoning and outlawed even duplexes that had previously been allowed and common throughout California – unleashed the full force of CEQA delays and lawsuits even on fully compliant housing in "infill" neighborhoods. Friends of Westwood, Inc. v. City of Los Angeles (1987) :: :: California Court of Appeal Decisions :: California Case Law :: California Law :: US <u>Law :: Justia</u> By 2008, housing had become the most frequent target of CEQA lawsuits – and the tool of choice for both those seeking to block housing and those seeking financial and other payoffs for threatening CEQA lawsuits. In one study of all anti-housing CEQA lawsuits in the Los Angeles region, for example, 14,000 housing units were targeted in CEQA lawsuits – 99% of which were located in existing urbanized areas (not "greenfields), 70% of which were located within ½ mile of transit, and 78% of which were located in the region's whiter, wealthier, and environmentally healthier communities. In the Name of the Environment Update: CEQA Litigation Update for SCAG Region (2013-2015) | Insights | Holland & Knight (hklaw.com) Instead of facilitating housing near jobs and transit, CEQA had been distorted into this generation's anti-housing, anti-"those people" (us) redlining tool of choice.

Civil Rights Compliant Solution to Anti-Housing CEQA Abuse. Under the Housing Accountability Act, cities and counties no longer have the discretion to disallow housing, require fewer units, or impose fees and exactions that make housing projects infeasible. Local control determines the allowable location and density of housing, but these cannot be "paper housing" that is never actually approved (or approved with feasible conditions). Only housing that causes a demonstrable and specific significant adverse consequence to human health or safety can be downsized, delayed, or conditioned with costly obligations. Housing Accountability Act Technical Assistance Advisory Housing Element implementation procedures should expressly acknowledge this state law as a prohibition on the local agency's exercise of its discretion on any issue other than a demonstrable and specific adverse health or safety risk caused by the proposed housing project, and eliminate or limit subsequent CEQA review under conforming zoning requirements to prescribed objective health and safety standards specifically caused by the proposed housing project. As determined recently by the California Supreme Court, local government may still preserve exterior architecture and design review processes that do not create discretionary authority to add new conditions addressing CEQA topics. McCorkle Eastside Neighborhood Group v. City of St. Helena :: 2019 :: California Courts of Appeal Decisions :: California Case Law :: California Law :: US Law :: Justia. Local General Plan and zoning codes following this recommendation avoid mandatory CEQA processing and litigation risks, and are a mandate – especially in the whiter, wealthier and healthier communities such as most of Marin County that have elevated their "no growth" environmentalism into open and flagrant racist conduct such as intentionally segregating its public schools by race. First desegregation order in 50 years hits Marin schools - Los Angeles Times (latimes.com)

Avoid Exacerbating Racial Segregation with Special Interest Demands that Retard Housing Production and Increase Housing Costs. Increased production of housing that is affordable that working families can purchase has been repeatedly blocked by many California's environmental organizations and their state agency allies. We and our families experience, and agree we should reduce, pollution – and we too enjoy and want to protect California's spectacular natural resources. We also support California's climate leadership, but do not agree that our working families and poor should be collateral damage in the state's war on climate. Much as California led the nation in past decades in the involuntarily sterilization aimed primarily at women of color in the name of discredited "science," and unleashed civic "redevelopment" schemes that wiped out once-thriving (and now forgotten) Black and Latino communities in the name of discredited economic theories, we now face demands that new housing consist of small rental apartments located near non-operating bus stops with rental rates of more than \$4000 per month to reduce "Vehicle Miles Travelled" (VMT). California leads the nation in buying, supporting, and ultimately mandating electric vehicles – but VMT housing policy is redlining, pure and simple.

The Southern California Association of Governments (SCAG), which includes 197 cities an 6 counties where collectively the majority of Californians live, was on the verge in 2020 of adopting a VMT-centric regional housing plan that prioritized agency-decreed VMT reductions above all other laws, including federal and state anti-discrimination and housing laws. Under this plan, which conflicted with and undermined almost all city and county General Plans by assuming the massive demolition of existing residential and commercial neighborhoods and replacement with high density apartment housing near planned bus routes, historical and existing residential racial discrimination was intentionally worsened. Figure 2, for example, shows where new housing in Long Beach should be located – noted with green dots in polygons called "Traffic Analysis Zones" (TAZ), which includes many of the most densely-populated, poorest neighborhoods in Long Beach – communities of color highly vulnerable to displacement and gentrification. The TAZ maps showing "red" dots or squares are dominated by single family residences, where even "infill" housing such as townhomes on former strip malls is excluded from SCAG's VMT-reduction housing plan. The "no new housing" neighborhoods are far whiter, and far wealthier, than the neighborhoods slated to receive many thousands of new housing units in a haunting repeat of the "slum clearance" schemes that wiped out minority neighborhoods in years past.

The median household The median household income in this area income in this area is \$103,988. is \$45,517. Population by Race: Population by Race: Caucasian: 42% Caucasian: 9% Hispanic or Hispanic or Latino: 29% Latino: 65% Black or African Black or African American: 7% American: 19% Asian: 19% Asian: 6% Other: 3% Other: 1% The median household income in this area The median household is \$63,591. income in this area Population by Race: is \$103,264. Caucasian: 6% Population by Race: Hispanic or Caucasian: 73% Latino: 39% Hispanic or Black or African Latino: 14% American: 6% Black or African Asian: 43% American: 1% Other: 6% Asian: 9% Other: 3%

Figure 2: Long Beach VMT Reduction Housing Plan (SCAG 2020)

When applied to smaller communities, such as the small town of La Habra in Orange County, SCAG's VMT-reducing housing scheme was even more blatantly racist. As shown in Figure 3, SCAG decreed that housing belonged in the city's two poorest TAZ zone neighborhoods – majority Latino – and excluded from the adjacent "nice" homes in nearby hills occupied primarily by Whites and Asians.

Figure 3: La Habra VMT Reduction Housing Plan (SCAG 2020)

SCAG's VMT-based housing plan would also have created new obstacles under CEQA even to the buildout of approved housing. Figure 4 shows Ontario, with new housing planned along a heavily-commercial freeway corridor (Interstate-10) that also has an express bus route, and along another bus route through existing poorer parts of the city that are also near a bus route. (The bus was not operating in 2020, during COVID, and had consistently low ridership even pre-COVID.) The SCAG VMT-based housing plan wanted no more housing built in southern Ontario, which is actually the best selling new community in all of California – with an affordable price for new homes, and a majority Latino and other minority new home purchasers.

Figure 4: Ontario VMT Reduction Housing Plan (SCAG 2020)

To its credit, when SCAG realized the redlining consequences of its VMT-reduction housing plan, it disavowed the plan and forbade its use in any context (including RHNA and CEQA) in a Regional Council approval Resolution that recognized the "conflict" between California's housing and climate goals. We can achieve climate goals without worsening racial segregation, demolishing disadvantaged communities (again), and ending attainable homeownership even within existing cities for the majority-minority families that have been shut out of the California homeownership market by catastrophic planning and policy decisions (many brought to us by the same advocates and bureaucrats who invented reducing VMT for electric cars as a "necessary" climate mandate) over the past two decades. In fact, the California Legislature has repeatedly declined to mandate reductions in VMT – and has repeatedly found that the housing crisis harms both existing California residents and exacerbates climate change by driving Californians to worse climate states like Texas to find a house they can afford to buy.

Although the VMT data is most accessible in the SCAG region of Southern California, it is critical that your agency recognize that this same discriminatory outcome occurs everywhere. In Figure 5, for example, we compare Oakland's historic "redlining" maps where federal bureaucrats refused to approve low cost loans in Black neighborhoods and other communities of color (colored red) with the majority white communities where low cost mortgages were available (colored green and yellow). Oakland's "low VMT" map (where housing is demanded by today's special interests based on claimed climate "science") is the redlined area of Oakland that has already lost much of its historic Black residents, businesses, and civic institutions – the remainder of which would be

wiped out by high density, transit-oriented housing near BART and bus lines. Oakland's "high VMT" map, where housing should not be built, is those lush, wealthy, white, and historically segregated hills.

Figure 5: Oakland Redlining and VMT Map Comparison

Both the future of work, and the future of transportation, are in flux. Even before COVID, however, more people were working from home in the SCAG region than riding fixed-route public transit – with bus ridership suffering the most substantial declines. Fixed-route transit ridership plunged during COVID, and has not recovered. VMT has increased over the past month with the re-opening of the state, although peak hour volumes (and trip durations) have diminished. From remote work, to the explosion of new electric technologies for short-distance localized trips, to the massive expansion of app-based rides and carpools, it's important to know what we don't know – which is the future – and what we do know, which as UCLA's transportation experts repeatedly confirmed, is that low income workers rely on low cost used personal vehicles instead of the bus: people can perform multiple trips (drop kids of at school before, carpool kids to soccer after school), and can reliably access more than twice as many jobs in less than half as much time. https://www.its.ucla.edu/publication/transit-blues-in-the-golden-state-analyzing-recent-california-ridership-trends/

There are two other inconvenient truth about this VMT-based housing policy civil rights violation.

First, there are no proven, or effective, ways of "mitigating" VMT to "below the level of significance" demanded by the state's CEQA lead agency, the Office of Planning & Research (OPR), for unsubsidized housing bigger than about 10 units that is located in a suburban scale existing community not served by high frequency transit. Using the methodology demanded by OPR, San Diego County calculated that the majority of the housing they have approved over the past decade – which helped meet their RHNA housing goals, and had been approved by state climate agencies – would have had significant unmitigated VMT impacts. Again using OPR-endorsed "mitigation" methodologies, for which there is insufficient evidence of effectiveness, San Diego County determined that VMT mitigation fees alone would add \$50,000 - \$690,000 per housing unit. San Diego County further acknowledged that it could not meet its RHNA

obligation if this VMT scheme was enforced as proposed by OPR. https://bosagenda.sandiegocounty.gov/cob/cosd/cob/doc?id=0901127e80d032bb

Second, although the purported purpose of this VMT policy is to reduce greenhouse gases, there are many – many – alternatives to imposing a massive car tax on new housing that are more effective at reducing GHG without engaging in racially discriminatory housing policies. When smog was first identified as a problem in Los Angeles during World War II, initially scientists speculated it was a poison gas attack by the Japanese – only to later learn that smog was domestically produced by our own activities. When the Clean Air Act was passed in 1972, the same no growth special interests initially demanded that that cars and other smog sources be banned, but as shown in Figure 6 we instead banned lead in gas, and used catalytic converters and now clean engine/fuel mandates to cut vehicular emissions by more than 98% while VMT – cars driven by actual people to actual jobs etc. – rose steadily alongside population and employment, as reported by President Obama in 2016:

Figure 6: Reduction in Tailpipe Emissions from Vehicles (line) v. Increase in Vehicle Miles Travelled from Population/Job Growth (bar columns)

5.0 14.0 4.5 12.0 Annual Vehicle Miles Traveled 4.0 **VOC Emissions** 10.0 Trillions of Vehicle Miles Traveled 3.5 3.0 2.5 1.5 4.0 1.0 2.0 0.5 2015 2030 1970 1975 1980 1985 1990 1995 2000 2005 2010 2020 2025

Vehicle Emissions vs. Miles Traveled

Civil Rights Solution to Special Interest Exclusionary Housing VMT Scheme: Comply with Civil Rights Housing Laws including Affirmatively Furthering Fair Housing.

The current housing emergency, which disproportionately harms our communities, is not the appropriate forum to "experiment" with a housing density scheme dependent on fixed-route bus ridership and high density, high cost rental housing. Housing locations,

Calendar Year

densities, and typologies need to match the needs of our communities, including respecting – not just paying lip service – to racial equity and housing civil rights laws we helped enact to create equitable access to the American Dream of homeownership. We have sued the state agencies responsible for this VMT scheme, and the state has been unsuccessful in dismissing our civil rights claims – while engaging in years-long stall tactics like forcing us to file a Public Records Act lawsuit for VMT documents they attempted to hide (a lawsuit we won). VMT is simply a measure of the transportation options – even of 100% clean vehicles – available in a community. It must now be studied under CEQA (at least until our lawsuit is resolved), but it should not distort your Housing Update to worsen residential racial segregation, shield majority-white wealthy neighborhoods from housing in violation of the AFFH laws, and again wipe out our communities in unfunded displacement schemes.

4. Paper Zoning for Economically Infeasible Housing is Illegal and Racist. Partly in response to no growth anti-homeownership schemes like VMT, and partly because existing laws requiring that housing meet the actual needs of actual Californians alive today have become as routinely ignored by academics and bureaucrats as civil rights laws, some cities may be tempted to "solve" for RHNA allocations by assuming that mid-rise and high rise apartments costing in excess of \$4000 in monthly rent for even for one-bedroom units are lawful housing compliance pathways under RHNA. In fact, because that rental rate – and other real life obstacles to lower cost condo development – are entirely unaffordable to median income households, a Housing Element update that assume high cost higher density product types that cost more than 2.5 times more to build than single family homes, duplexes and townhomes as even admitted by an overlyoptimistic UCB study that demanded an "all-infill" higher density housing future for California is a violation of housing civil rights law. (https://www.next10.org/publications/right-housing) The same study also acknowledged that to accommodate what has only grown to ever more severe housing unit shortfalls, "tens or even hundreds of thousands of single family homes" would need to be demolished to make way for the new high density units. We have seen these academic conclusions before, and we have seen the horrendous outcome of targeting the least expensive – aka neighborhoods housing people of color – and thus least costly/most profitable housing demolition/expensive new housing scheme. What is astounding is how often, whether in the name of openly racist segregation goals, or veiled "public harmony" goals, or "urban revitalization" double-speak, and now special interest NIMBY environmentalism, overwhelmingly white academics, bureaucrats, and hired gun consultant "experts," keep finding new ways to destroy our communities and deprive our people of the right to achieve the American Dream of homeownership.

These same "experts" have now inserted yet another poison pill into state housing law, which is that when property designated in a General Plan for housing includes economically infeasible higher densities — which in most communities includes even mid-rise six story structures over podium parking — is approved for lower density economically feasible housing types like townhomes, local governments must transfer the unbuilt infeasible units to a different property that must accept even higher densities than included in the General Plan Housing Element update. Because the impacts of that receiving site's additional spillover housing itself triggers CEQA, an applicant for an economically feasible housing project must also assume the cost, schedule, and litigation burdens of CEQA compliance for whatever unrelated receiving housing site is designated by the city — at an unknown point in the process — to add more density than

allowed in the General Plan Housing Element. Housing Elements that assume non-existent conditions (e.g., repeal of Proposition 13, end of capitalism, vast new tax revenues dedicated to missing middle housing to fund the millions of additional housing units, etc.) are illegal, as are Housing Elements that prescribe economically infeasible higher density housing and fail to plan for the vast majority of "missing middle" and "affordable" housing required by RHNA, are illegal. The San Francisco Bay Area has led the state in assuming that \$4000 per month high rise apartments will be financially feasible in suburbs where median incomes can pay \$1500 for housing – or \$2000 per month for a mortgage. This "paper zoning" of high rise transit-oriented neighborhoods at every bus stop has resulted in a massive out-migration of higher paid Bay Area workers to Stockton and the Central Valley, Salinas and the South Bay, and Sacramento and beyond – which in turn results in unattainable housing prices for those with local jobs in those areas. This paper zoning academic fiction, pursued for more than two decades by some "woke" Bay Area "experts" alongside "urban limit lines" and "ecosystem service taxes" paid by urban residents to non-profit "stewards" of natural lands, is the modern day form of Jim Crow strategies to deprive the hard working families in our communities access to attainable homeownership.

Civil Rights Solution to Paper Zoning for Infeasible Housing. Just don't do it. Townhomes, stacked flats, quadplexes, garden clusters, and small lot homes are just some of the many examples of lower cost housing that once dominated the "starter" housing market before academics, planners, and special interest no-growthers decided they could intentionally create a housing crisis and nobody would notice because the people most harmed don't earn enough to donate to political campaigns. Housing densities, and locations, need to be designed for the people who need housing. "Moveup" housing for higher income families forced to rent or spend four times more for a home than they would spend in a neighboring state is also needed. General Plan Housing Element updates should include in the disadvantaged community/environmental justice analysis housing affordability criteria to designate housing typologies, densities, and locations, as well as expedited approval processes, to make new housing needed to meet RHNA targets "affordable by design" so that median income families without taxpayer subsidies or winning lottery tickets can buy a home. As recognized by the Legislature itself, solving the housing crisis will help achieve California's climate targets by keeping our families here, in new housing that is hugely more energy efficient, and climate friendly, than existing housing or housing built in our competitor states like Texas, Arizona and Nevada. The more new housing (and people) your agency plans for, the lower your per capita greenhouse gas emissions – a feasible, just, and civil rights compliant outcome that will actually help achieve California (and global) climate goals.

When longtime civil rights champion Amos Brown was recently asked whether "the Bay Area is a safe haven for Black people and other people of color" he was unambiguous: "No. . . Since 1970, we have lost Black people who were pushed out of this city. The 70's Black population was between 15-16%. Well now it's down to about 4%. That didn't happen by accident and it wasn't just economics. This happened because of public policy." https://www.sfchronicle.com/lift-every-voice/article/Amos-Brown-16219697.php

Beyond the COVID pandemic, 2020 brought us yet another year of race riots and yet another round of rhetoric about the need to "address" the new race avoidance buzzwords of

diversity and inclusion. The time for rhetoric around housing justice should have ended before it started, and we thought for sure was made illegal with the 1960s civil rights laws. We were wrong: as Mr. Brown reports, "public policy" keeps shoving our communities out of neighborhoods that become desirable to white families. Stop it. Just stop it. Comply with civil rights laws, comply with RHNA, and plan for housing that can be purchased by median income households – not just for low income and homeless families, and not just for the wealthy. Housing experts like to call us the "missing middle" – we aren't missing at all. We just aren't being seen by housing "experts" and bureaucrats and special interests who get paid by the wealthy to advocate full-time while members of our communities hold down the essential jobs that make communities work. In fact, some sneeringly dismiss us entirely by concluding the "ship has sailed" on homeownership – and yep, communities of color weren't allowed on the ship, and then got tossed off it with predatory foreclosures, but that's just too bad we should wait for our lottery ticket to come in and move back into the projects if or when they are ever built.

Systemic discrimination doesn't happen by accident – it happens because of bad policy

Come to your senses. Plan housing for people. Welcome us to your communities, not just to work but to live. Let's restore our common love for California and build those diverse and inclusive communities your agency, and its advisors and consultants, have been talking about since our country's racial reckoning last year. Do the right thing, and adopt the right Housing Element and Zoning Code updates.

Please contact me at <u>robert@thetwohundred.org</u> if you'd like to discuss any of this further. We can sue – and we have and will continue to sue to enforce civil rights housing laws – but doing right is by far the cheaper, faster, easier, and just pathway to doing your share to solve the housing crisis.

We look forward to hearing back from you at your earliest convenience.

Respectfully,

Robert Apodaca

Hi Lex,

Charles is no longer with the City Of Irvine.

21 Auto Center Drive is zoned 4.3 Vehicle Related Commercial. To see a list of permitted and conditionally permitted land uses (i.e., use requires a conditional use permit), please refer to https://library.municode.com/ca/irvine/codes/zoning?nodeld=ZOOR_DIV3GEDESTLAUSRE_CH3-37ZODILAUSREDEST_S3-37-214.3VELACO.

The City is not making any assumptions at this time regarding future residential at that location.

Please feel free to contact me with any further questions.

Thanks,

MELISSA CHAO | SENIOR PLANNER

Charles,

This is Lex Yoo from Marcus & Millichap.

My client wants to purchase the property on 21 Auto Center Dr., Irvine, and we would like to check the land for future development opportunity.

Hope you find my email and give me your opinion.

Thank you.

Lex Yoo

AIRPORT LAND USE COMMISSION ORANGE COUNTY

3160 Airway Avenue • Costa Mesa, California 92626 • 949.252.5170 fax: 949.252.6012

April 30, 2021

Pete Carmichael, Community Development Director City of Irvine 1 Civic Center Plaza Irvine, CA 92623-9575

Dear Mr. Carmichael:

We are aware that cities in Orange County are in the process of updating their respective Housing Elements in accordance with state law. Please be aware that portions of your city are within the Planning Area for John Wayne Airport, as shown on the attached exhibit. Pursuant to California Public Utilities Code Section 21676(b):

"Prior to the amendment of a general plan or specific plan, or the adoption or approval of a zoning ordinance or building regulation within the planning boundary established by the airport land use commission pursuant to Section 21675, the local agency shall arst refer the proposed action to the commission."

As such, please incorporate ALUC review into your schedule for the Housing Element Update process. We request that items be referred to ALUC after consideration/approval by your city's Planning Commission. The ALUC meets the third Thursday of each month at 4:00 p.m. in the Airport Commission meeting room at 3160 Airway Avenue, Costa Mesa. For additional submittal information please see Section 4.7 of the AELUP which can be found here:

https://www.ocair.com/about/administration/airport-governance/commissions/airport-land-use-commission/.

If you have any questions, feel free to contact me at Ichoum@ocair.com, or Julie Fitch at jfitch@ocair.com. You may also contact us by phone at (949) 252-5170.

Thank you.
