

Professional Learning Series

The California Preschool Instructional Network

Region 9: Southern - Orange, San Diego and Imperial

Best Practices: Integrated STEM in Early Childhood

Date: Monday, June 6, 2022

Time: 5:00 p.m. - 7:00 p.m.

Who: Early educators of children 4-6 years of age

Cost: FREE (All participants must have a workforce registry number to enroll)

Location: All sessions will be conducted virtually which requires participants to have online access and a digital device for full participation.

In this interactive session, participants will:

- Identify STEM (Science, Technology, Engineering, and Math) components in an early childhood classroom.
- Discuss dynamic planning for developmentally appropriate STEM environments and interactions/conversations.
- Discover how this approach includes universal design for learning.
- Recognize how this approach supports dual language learners.

To register for this professional learning session, select the following:
